GHI Board Alerts Membership To Problems of Aging Homes

by Dave Lange

The Board of Directors of Greenbelt Homes, Inc. issued a statement at its meeting last Thursday indicating a new awareness of accumulating structural problems and a corresponding acceleration of its planning efforts. The entire statement is published in this issue. The Board noted the need for a master plan, partly to determine how GHI's limited reserves and borrowing power could best be used. Such a plan might include programs for capital improvements, new construction, and acquisition.

Methods of financing will be carefully considered as a major program may require substantial borrowing, in addition to the construction loan being negotiated for the approved 25 townhouses. The result should be an attractive permanent community with far less maintenance needs. The Board plans to actively seek members' comments and ideas. It intends to hold two budget hearings, at least one orientation meeting, and a special membership meeting.

Bruce Bowman, Manager of Twin Pines Savings and Loan Association, described another financial problem to the board. In order to maintain sufficient reserves for withdrawals, Twin Pines has had to temporarily stop making new home loans. The usual seasonal withdrawals for real estate taxes, school clothes, and tuition payments and short-term teacher loans normally are met by Twin Pines line of credit at Suburban Trust. This year the limit of \$100,000 was reached for the first time. The situation will be substantially relieved when the Maryland Share Insurance Corporation finally grants insurance to Twin Pines savings accounts as deposits are expected to increase considerably. The Board discussed the problem and referred the entire area to its Finance Committee. It is hoped that even a temporary solution can be found soon.

Director John O'Reilly presented a report from the Select Committee which proposes a study of members based on existing GHI office records. The study is expected to provide basic information concerning the length of residency, the age and income levels, and the areas with the highest turnover rate. The manager was requested to investigate the possibility of a similar study by an organization to avoid the estimated cost of \$700. New members of the Committee are Jack Downs, Richard Cole, and Board Member Katherine Keene.

In other areas, the Board approved 12 new members, re-established 13 Board committees, examined the June Operating Statements, and discussed complaints from four members. The clothesline problem of 30 Court of Ridge Road will be discussed at the next meeting, on September 26.

WARNING

With the lowering of the level of the lake a number of persons have been observed digging and removing fresh water clams from the lake bottom. Health Department officials advise that clams may be more easily contaminated than fish and that while there is no indication that clams from Greenbelt Lake are contaminated there is also no assurance that they are not. It is therefore recommended that these clams not be eaten or removed from the lake.

Cooperative Apartment For Senior Citizens

A cooperative apartment house with dining facilities for senior citizens will be started in Greenbelt in 1969. According to plans, the facilities will be located near the Greenbelt Shopping Center and will serve low and moderate income people. It will be built with a loan from the Federal Department of Housing and Urban Development. (HUD).

The cooperative will have complete studio and one-bedroom apartments, plus a central dining room and recreation rooms. The building will be air-conditioned. It will be designed for people 62 years of age or older. Maximum income for individual residents is currently \$4,700, and \$5,300 for resident couples.

It is expected that monthly charges will be about \$80 for a studio apartment and \$100 for a one-bedroom apartment. Luncheon and dinner will be served at cost. The government will pay part of the monthly charges for individuals or couples unable to pay the full charge.

Representatives of HUD have visited Greenbelt and looked at three possible locations for the cooperative. They say that a need must be demonstrated for such a cooperative — that enough people want to join. The sponsors are beginning the membership drive now, even though it will be a year before it can be completed.

The Senior Citizens Housing Cooperative has been organized to own and operate the facility. Membership in the cooperative will cost \$100 per family. A \$25 deposit will place a person or a couple on the waiting list and enable him to participate in planning what is to be built.

Sponsoring members of the cooperative are Bruce Bowman, George Reeves, Kenneth Buker, Charles Schwan, Charles McDonald, Leo Walder, Edward Thornhill, and James Cassels.

Greenbelt Picture Displayed by City

A Greenbelt Labor Day Festival Art Show prize winning picture is now hanging in the waiting room to the City Manager's office at the municipal building. The picture, which is a collage entitled "One Family's Greenbelt," was made by Mrs. Sandra Bracken, 10-U Southway, and is on loan to the city. The collage, through the skillful use of colors and cutouts, depicts the various facets of daily life in Greenbelt, emphasizing the social and recreational aspects of community living. The picture won an honorable mention in the professional judging at the Art Exhibit and received a special award from the City Council for its representation of a Greenbelt theme. The picture may be viewed during normal office hours at the City Offices.

Registration Reopens for The Fall General Election

The registration books for the fall general election will be reopened on Saturday, September 21, at which time those citizens who meet the registration requirements will have an opportunity to register before the books are again closed on October 7.

Registration will be held in the Election Office at the Court House in Upper Marlboro, September 21 through October 7, Monday through Friday, from 8:30 a.m. until 9 p.m.

Four County shopping centers are also cooperating in this last minute registration of new voters by making space available at the following locations: Capital Plaza - Montgomery Wards; Prince Georges Plaza - Murphy's and Hecht's; Laurel Shopping Center - Shirley's Dress Shop; Iverson Mall - Upper Level. The times of registration at the four locations will be, beginning Saturday Sept. 21, on Thursdays and Fridays from 4 p.m. until 9 p.m. and Saturdays from 10 a.m. until 6 p.m. On the final day of registration, Monday, Oct. 7, all four locations will be open from 10 a.m. until 9 p.m.

Persons not having the required six months in the County and one year in the State by November 5, 1968, for regular registration, may vote for the President and Vice-President only, as follows:

Residence Requirement - 45 days in Prince Georges County.

Place - Election Office, Court House, Upper Marlboro, Maryland. IN PERSON.

Date - October 11 through November 5, 1968.

Time - Monday through Friday, 8:30 a.m. to 9 p.m., Saturday, 9 a.m. to 4 p.m., on Election day, November 5, the hours will be from 7 a.m. until 8 p.m.

This privilege does not constitute a regular registration.

Current voting and registration information may be obtained by dialing 627-2811.

PEDESTRIAN FATALITY MARS TRAFFIC RECORD

Greenbelt's first pedestrian traffic fatality in 23 years occurred Sunday, Sept. 15, at 6:14 p.m., when 19-year-old Luisa Acevedo Larcano, 420 Ridge, was struck from behind by a car while walking west on Crescent Rd.

According to police, Miss Larcano was walking about two feet into the roadway, while the two children she was supervising were walking on the gravel sidewalk. All had their backs to the traffic.

Three cars approached her; the first swerved to avoid hitting her, but the second one did strike her, knocking her eight feet onto the shoulder. She was taken to Prince Georges Hospital, where she died at 6:50 p.m. the following evening.

The driver of the striking vehicle, as well as the drivers of the other two cars in the single lane of traffic, all stated that a blinding sun affected their vision and prevented them from seeing the girl. No charges have been filed pending a review of the case by the states attorney's office.

Miss Larcano's family, of Caguas, Puerto Rico, have been notified of her death. She was Greenbelt's second traffic fatality this year.

COSMO CLUB FOR WOMEN

Anyone interested in joining the Cosmo Club, an organization composed of women born overseas, is asked to call Hilda Coleman, 345-1085, or Dorothy Glendening, 474-1347.

MOVE AHEAD ON \$950,000 BOND ISSUE, REFERENDUM BY VOTERS

by Elaine Skolnik

At a special meeting on Monday, September 16, city council passed for first reading an enabling ordinance for the issuance of \$950,000 in general obligation bonds to finance a series of capital improvements. At the same time, the council adopted a resolution calling for a referendum by the voters on the bond issue on Tuesday, November 26, 1968.

Both measures are now ready for second reading and final passage at the next regular council meeting on October 7. A few minor changes were made before passage. The time period for the bonds was reduced from 30 to 25 years, as recommended by the bonding attorney who approved the language of the ordinance. Also added was acknowledgement that the city's full faith and credit were behind the bonds.

The \$950,000 bond issue would be used to finance the following items: Parkland acquisition (\$402,000); parkland development including tennis courts (\$68,000); Youth Center addition (\$150,000); Springhill Lake Recreation building (\$60,000); road construction (\$170,000); right-of-way acquisition for perimeter road (\$45,000); and Fire Department addition (\$55,000) — this amount to be reimbursed by the Fire Department.

Package deal?

Councilman Bill Hoff suggested the possibility that citizens vote on individual items rather than on the total package as now contemplated. He thought that in this way some items would be assured of passage, while a package vote might jeopardize all the items.

The two other councilmen present — Dick Pilski and Francis White — and a majority of the audience were against a vote on individual items. Pilski cited the dangers of bullet voting and disunity as voters turn down items not of direct benefit to their areas. Also cited was the loss of flexibility, as some projects might require more funds and others fewer

funds than that estimated.

Members of the Parks and Recreation Advisory Board, who were to hold a special meeting with council after the open session, also opted in favor of a package vote. John Churchill said that "separation may mean losing one or two projects rather than the whole project, but it may bring with it disunity and conflict. Everybody's disappointed if you lose the whole package, but there may be resentment if parts lose."

All agreed that it was incumbent upon the city to institute a comprehensive public relations program. Hugh Jascourt said that emphasis should be placed on the constructive good that the bond issue will bring.

In other action, the council awarded a \$8,305 tennis court paving contract to Rattie, Robbins, and Schwiezer of Baltimore after deleting the plexi-pave and plexi-chrome coating, which would have raised the bid to \$12,370. The omission of these items, Council said, would not sacrifice the quality of the courts, but merely postpone the final surfacing.

WINTER SWIMMING

Last call for winter swimming. Winter swimming will be held again this year on Sunday evenings from 5 to 6 p.m. Anyone who has passed beginners swimming can participate. If you have not signed up for this activity and would like to do so, or if you would like more information, call Jeanne Jones at 474-6001 before the deadline of September 21.

GHI MEMBERS

GHI MEMBERS

PLANNING THE GHI FUTURE

Many important changes have taken place since the first homes were built in Greenbelt. Moreover, we must anticipate additional significant changes. To accommodate to them and to the passing of time since our homes were constructed, GHI has already taken certain steps. Several years ago a Long Range Planning Committee was commissioned to make recommendations concerning future operations. The corporation has begun certain major capital improvement programs—replacement of roofs, replacement of heat and hot water return lines and major overhauling of boilers. It has initiated a modest building program. Currently, a select committee is studying all the changes that have occurred, or reasonably may be anticipated, both within and without the community, to measure their impact on GHI.

Original Greenbelt is 30 years old and the frame homes are more than 25 years old. Despite conscientious efforts of GHI management over the years to furnish needed maintenance, the age of our homes now necessitates our providing major additional services. These facts make necessary the acceleration of comprehensive planning, including major maintenance and improvement programs. Important decisions affecting the future of the GHI community and the expenditure of large sums of money must now be made.

There is need to bring together the several GHI plans and programs in a master plan. It should include, among other things, a capital improvement program, a building program, an acquisition program and a method of financing. The GHI Board and management is putting together some of these elements, including a capital budget. It proposes to discuss these matters with members during the budget hearings that will be held in November and December at member orientation meetings and at a special membership meeting.

It will be in the interest of GHI members to make comments and suggestions concerning the matter under consideration.

Volume 31, Number 44

Thursday, September 19, 1968

City Notes

The major project undertaken by the Public Works Dept. last week was the paving of a concrete swale from the new parking lot behind the firehouse to the creek just west of the building. They also improved the playground at the Lake Park by spreading fill dirt in eroded areas and cleaned the storm sewer at 23 Ridge, as well as several catch basins. The gutter near the Community Church was rechanneled to repair and prevent further erosion and the road shoulder graveled along Crescent between Hillside and Greenhill. No Parking signs were placed on Crescent between Gardenway and Southway and the line painting program on streets throughout the city continued.

The total number of people using the municipal swimming pool this summer was 54,723. The comparable figure for last year was 46,101.

City Manager James K. Giese attended a meeting Saturday, Sept. 14, of the Council of the Maryland Municipal League, of which he is a member. Purpose of the meeting was to hear status reports from two committees — one appointed by the governor to recommend legislation dealing with labor unions and public employees, the other a committee of the state legislature which is studying inter-jurisdictional disputes within the state, such as between county and municipality or between two cities. Both committees were seeking opinions from the League Council concerning their work in progress.

The Greenbelt Lake is in the process of being drained. The water level is already down about 4 feet, about as far as the city's plans allow. The shoreline and bay areas which are now exposed will be allowed to dry out for about two weeks and then cleaning and excavation will begin. All of the shoreline will be cleaned and the bay area dredged.

The Public Works Dept. has cleaned several streets of silt and debris from run-off after heavy rains. Streets affected are Ridge near Ivy Lane, the bottom of Westway, and Breezewood Dr. Besides this clean-up work, the city crew has been occupied with grass cutting, pruning, and brush removal.

A private contractor for the developer of Boxwood Village has laid the final coat of pavement on the last section of streets in the development. These include a section of Lastner Lane, Julian Ct., White Birch Ct., and Rosewood Ct. All streets in Boxwood are now finished except for a few corrective items.

Other construction projects in the city are also progressing visibly. The concrete second floor of the library was poured on Sept. 13 and 14. Curbs for the driveway and new parking area at the North End School were also poured recently. Throughout the city GHI has repaired various service courts with a slurry sealing.

Scout Registration At Center School

All Scouts are encouraged to wear their uniforms to school on Thursday, September 26. Registration for boys and their parents wishing to join Scouting will be held at Center School Thursday evening, September 26, at 7:30 p.m. Experienced Scout leaders will be present to explain the Scouting program and to enroll the boys and their parents.

Recreation Review

Teen Club Chatter: A skating and pizza party will be held Saturday night, September 21, in the Youth Center. Every member is expected to make this affair a success.

Adult and Children Tennis Lessons: Instructor Dave Bennett, California Pro, with three years teaching experience, will teach these classes as soon as enough children and adults register. Call the Recreation Department for further information.

Adult and Children Golf Lessons: Instructor is Dick Cullins, assistant golf pro at two Country Clubs and Physical Education major at the U. of Md. Registration at Youth Center, 474-6878.

Archery: Minimum age, 8 years old and over. Held on Saturdays at Braden Field starting when a sufficient number of participants have registered. Free program.

Boy's Body Building: Conducted on Tuesday and Thursday evenings at 7 p.m. Classes last for five weeks, classes limited to ten students. Starts September 24. Open to junior and senior high school age boys only. Instructor, Rick Mest.

Adult Ceramics: Beginners' class given on Thursdays, 8 to 10 p.m. Advanced beginners' classes meet on Tuesdays from 8 to 10 p.m. Ceramics classes cover hand building and throwing on the potters' wheel, 10 hours (five 2-hour classes). Materials and firing fees charged.

Women's Gym: Tuesday nights, 8:30 to 10 p.m. Basketball, volleyball, ping pong, trampoline exercises will be offered during this evening program. Classes start Sept. 24.

Square Dancing: Kalico Kickers from 8 to 11 p.m. on the 2nd and 4th Thursdays at Springhill Lake Elementary School, starting in September. On September 22 at 7:30 an Open House and free dance will be held. Lessons are held on Sundays evenings at the Youth Center from 7:30 to 10 p.m. Register at the Recreation Department, 474-6878.

Creative Dramatics

This fall the University of Maryland Department of Speech and Dramatic Art will again offer classes in Creative Dramatics for children between the ages of 6 and 13. This program is designed to encourage freedom of expression and the growth of self-confidence through the use of pantomime and dramatic exercises. Children are grouped according to age and previous experience, and classes are open to all children with or without prior work in dramatics.

Sessions will be held on Saturday mornings from 9:30 a.m. to 10:45 a.m. The dates of the sessions are October 19, 26, and November 2, 9, 16, and 23. There is a fee for registration.

All registration will be handled by mail only. Registration deadline is Friday, Oct. 11. Additional information may be obtained by calling the Box Office at 454-2201 between the hours of 10:30 a.m. and 4:30 p.m. weekdays.

Machen to Address Democratic Club

Congressman Hervey G. Machen, recent Democratic primary winner, will speak to the Greenbelt Democratic Club on Wednesday, Sept. 25, at 8:30 p.m. in the city council room.

The public is invited. It is hoped that representatives from Senator Daniel Brewster's office and an aide for Vice President Hubert H. Humphrey will also be there.

Greenbelt Lions Club Supports Local Goals

by C. M. Cormack, Jr.

Lions International, the parent organization of the Greenbelt Lions Club, has as its primary goal eye-sight conservation. "Lions" also seeks to provide aid to the needy in the area of health and welfare on a local level, aids and encourages the development of youth through the support of local youth activities, and seeks to improve the community in which each club resides.

The Greenbelt Lions Club, through its fund raising projects such as the Telephone Directory, White Cane Sales, Pancake Breakfast, Fruit Cake and Candy Sales, and the annual New Year's Eve Dance, which you, the citizens of Greenbelt, have supported so faithfully and bountifully during this past year, has been able to contribute significantly in each of the above areas.

For example, we were able to donate \$750.00 to the Lions of District 22 Eye Bank and Research Foundation, to spend \$189.00 on eye examinations, eye-glasses, and postoperative eye care for residents of Greenbelt who were unable to provide this care for themselves or for their children.

We were able to provide \$115.00 of aid in terms of food, clothing and medical care to local citizens whom we found to be in temporary distress, and to provide an additional \$75.00 in support of health and welfare activities outside the community.

Your support of our fund-raising projects also enabled us to provide \$750.00 to local youth activities, including \$625.00 in Scholarship grants, and \$160.00 for such youth activities as the Salvation Army Camp, Big Brothers Boys Camp, P. G. County Science Fair and the Lions Band contest for Junior and Senior High Schools.

Our Community Betterment efforts amounted to \$142.00, chiefly in support of the Labor Day Festival, exclusive of the Pancake Breakfast project.

The above is reported to you, the citizens of Greenbelt, in an effort to explain what happens to the nickels, dimes and dollars you spend in support of our fund-raising projects, and to encourage and solicit your support as we embark on this year's program.

October is Co-op Month

Paul H. Douglas, Chairman, National Commission on Urban Problems, and former Senator from Illinois, will keynote the opening of Co-op Month 1968 at the Departmental Auditorium (on Constitution Ave. between 12th and 14th Streets, N.W.) at 11 a.m. on October 1.

Senator Douglas will speak on this year's Co-op Month theme, "Cooperatives, Community Builders."

The October 1 ceremony will be the first of three events in the Washington, D.C. area marking October as Co-op Month.

A second major highlight of the Washington observance will be the Cooperative Crafts Exhibition at the Smithsonian Institution. It will open to the public on October 3rd and run through the 27th.

Hundreds of handcrafted items from co-ops and guilds are coming in from about half the States and from some countries overseas for the Smithsonian showing. Farmer cooperatives and rural electric co-ops are sending crafts people to Washington to display their skills daily at the exhibition.

The third event is a program for members of Washington's international community and the press October 21 from 9:00 a.m. to 2:30 p.m. in the Main Conference Room of the New State Department Building (C Street entrance). It will feature panel discussions on cooperatives and their contributions to economic growth both in the United States and abroad.

Throughout the Nation more than 30 State governors are issuing proclamations on Co-op Month 1968, and a number of other States are holding observances. Eleven national events each covering a specific type of cooperative operation will be scattered across the country during October.

Square Dance Lessons

Beginning Sunday, September 22, Bill Addison, Caller, will conduct a series of lessons in modern square dance for beginners. The lessons will begin at 7:30 p.m. at the Greenbelt Youth Center and are sponsored by the Recreation Department.

Square dancing is growing rapidly in popularity, with over 200 clubs in the Washington area. There are two clubs in Greenbelt and others in surrounding communities. Why don't you come out Sunday night and find out what it is all about?

The first session will get you acquainted with modern square dance and with the people who will be helping you learn. People of all ages square dance, so bring a friend and join in the fun.

Junior Highlights

by Santa Di Lavore

Greenbelt Junior High School is still growing. For the first time in the history of the school, there are two vice-principals. Mr. Lowell Hinchliffe, former guidance counselor at Surratsville Junior High School, joins Mr. Thomas Ulrich as vice-principal. In addition, there are four new teachers bringing the total number to 59. The school has a current enrollment of 1,062 students compared to 1,010 at the same time last year.

Mr. George Strachan, a former science teacher at Greenbelt Junior High School, returns to us from the University of Iowa to take over as science department chairman and to take charge of the eighteenth annual science fair. Mr. Roger Ayers, who was a special education teacher last year, is an eighth grade guidance counselor.

The first PTA meeting of the year will take place on Tuesday, October 8, 1968. At this traditional "BACK TO SCHOOL NIGHT" parents will follow the students regular schedule with periods of ten minutes.

In the coming school season, the student council which sponsors all the school trips and dances is planning as its first activity, a seventh grade trip to Monticello. The date has been tentatively set for Saturday, Oct. 5.

Last year, Greenbelt Junior High School changed its fall competitive sport from flag football to soccer. This year we will continue to play soccer. Mr. Daniels, the new physical education teacher plans to have a track team. Our sports field is being renovated. Last week over 30 truck loads of top soil were brought to the field.

The school will be closed on October 17 and 18 for the Maryland State Teachers Association Convention.

TRAFFIC TIP

If you come up behind a line of cars stopped on the highway, stop behind them. They're stopped for a reason, perhaps a halted school bus, perhaps an emergency stop. Pulling a fast end run around them is asking for trouble.

Lt. Caldwell Awarded Posthumous Medal

Army 1st Lt. Donald P. Caldwell, Jr., who was killed August 24 in Vietnam, has been awarded the Army Commendation Medal with "V" Device for heroism. According to the Department of the Army, Lieutenant Caldwell, (a platoon leader) "with complete disregard for his own personal safety . . . exposed himself to the intense enemy fire as he directed . . . his men. Although wounded early in the action, he remained with his men until the enemy was defeated." Lieutenant Caldwell is the son of former Greenbelters Mr. and Mrs. Donald P. Caldwell.

Care Rushes Supplies To Iran Victims

CARE has begun distribution of an initial million pounds of food to survivors of the earthquake in Iran, Executive Director Frank L. Goffio reported today.

In addition, the CARE Mission Chief in Iran has been authorized by world headquarters in New York to expend \$10,000 for local purchase of other relief materials, such as blankets, tents and utensils. Food and medical care have also been rushed there.

Goffio appealed for public contributions "to do a job of relief that will need to go on for a long time in view of the vast devastation caused by the disaster." Donations may be sent to CARE Iran Relief, 1028 Connecticut Ave., N.W. 20036.

In Houston, Texas, it is illegal to sell rye bread, goose liver or limburger cheese on Sunday, and it is illegal for customers to remove the items they cannot buy from the store.

Our Neighbors

Elaine Skolnik - 474-6060

When the Klukowski family, 105 Hedgewood, were vacationing at Niagara Falls in Ontario, a young couple spotted their Maryland license plates and asked, "Are you from Greenbelt?" The Klukowskis thought it rather unusual that Greenbelt was pinpointed, until the couple explained that their aunt and uncle were Fred and Mary Hahn of 6 Forestway.

Greenbelt students who received senatorial scholarships from the office of Edward Conroy were Ann Klukowski, Myra Herlich, Phyllis Rosenzweig and Robert Dredger. All are attending the University of Maryland. (If there are others, please notify the News Review.)

Damage Controlman Third Class Murray C. Nelson, Jr., USCG, was graduated from the Port Security School at the United States Coast Guard Reserve Training Center in Yorktown, Virginia. He is the son of Mr. and Mrs. Murry C. Nelson of Greenbelt.

Werner and Lorraine Meudt were named Springhill Lake Citizens of the Month. Meudt is SHL fencing master, instructing both children and adult groups. Mrs. Meudt is active in the SHL PTA, many community activities, and has assisted the SHL swim coach. The Meudts have officiated at all the swim meets. They have two boys, Allan, 6, and Mark, 8.

Mary Patterson and Teddy Murray were the winners in last Friday's 4½ table duplicate bridge session. Their two-point lead withstood the onslaught of challengers Tina and Si Pristoop and Tony Pisano and Sid Barnett. Next game: Friday, September 27.

David Weisman, 6005 Springhill, who had never ridden a racing bicycle before, borrowed one last month and won the Maryland State Intermediate Road Race Championship at Columbia, Maryland, and the Maryland State Intermediate Speed Racing Championship at Beltsville. Dave, age 14, is the son of Mr. and Mrs. Dave Perrin.

Tom Penny, age 15, of 6207 Springhill, was awarded SHL's Outstanding Swimmer trophy. This award is presented each year to the swimmer who proves himself outstanding in sportsmanship, team spirit, and cooperation.

Captain Eliot P. Williams, administrative officer for the First Army Surgeon's Office, was promoted to his present rank during a recent ceremony in Fort Meade. Williams, 6108 Breezewood, entered the Army in September, 1966, and received a direct commission following completion of Medical Service Corps schooling at Fort Sam Houston, Tex., in November. The captain was employed as a financial analyst for the Philco Corporation in Philadelphia prior to entering the service.

Wayne R. Loveday is serving aboard the aircraft carrier USS Intrepid with the U. S. Seventh Fleet in the Gulf of Tonkin. Crewmembers of this Seventh Fleet carrier help to provide air support to U. S. and Allied Forces ashore in South Vietnam and to assist air squadrons on board the Intrepid fly combat missions.

Radioman Third Class Philip J. Galipo, USN, 20, 6219 Springhill Court, has returned to San Diego aboard the guided missile destroyer USS Henry B. Wilson following a six month deployment to the Western Pacific.

Navy Ensign Thomas G. Lammons, 24, son of Mr. and Mrs. Thomas M. Lammons, 2-P Laurel Hill, has flown his first solo flight. The flight was made in a T34 "Mentor" trainer aircraft after approximately one month of Primary Training with Training Squadron One at Saufley Field, Naval Auxiliary Air Station, Pensacola, Fla. He will continue on to more advanced phases of his flight training for approximately 13 more months, before receiving his pilot's "Wings of Gold."

Marine Private Terrence L. Justin, 19, son of Mr. and Mrs. Russell W. Justin, 10-H Plateau Place, was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot in Parris Island, South Carolina. He will now undergo from two to four weeks of individual combat training and then, after leave at home, will report

to his first Marine Corps assignment.

John Valentich of 61-D Ridge was presented a safe driver's award by the U. S. Post Office Department last week. Valentich, a graduate of High Point High School, has been employed at the local post office approximately 1½ years.

Welcome home to Corporal William A. Orleans, U.S.M.C., of 3 Woodland Way. Corp. Orleans has just completed 13 months duty in Phu Bai, Viet Nam. After 20 days R & R, Corp Orleans will be stationed at Camp LeJuene, North Carolina.

Richard E. Livingston, Jr., 6100 Breezewood, has been selected to attend the nation's Industrial College of the Armed Forces at Ft. Lesley J. McNair, Washington, D.C. Livingston is an air traffic rules specialist with the Airspace and Air Traffic Rules Division, Washington, D. C.

Stephen J. Carney, 7982 Lakecrest Drive, received the Master of Science degree in Organizational Sciences from Case Western Reserve University in Cleveland, Ohio.

Postmaster Commended In School Savings Program

Postmaster Emory A. Harmas has been commended by Glen R. Johnson, National Director of the U.S. Savings Bonds Division, for his leadership and service to the Treasury's School Savings Program.

In a letter to Harmon, Mr. Johnson said "We are—once again—counting on your leadership and cooperation for the successful operation of the School Savings Program in local communities. A large measure of the success of this program is due to the fine service you and your personnel provide. . . ."

Many Greenbelt schools offer School Savings—part of the nationwide Savings Bonds Program. Savings Stamps in five denomination, from 10 cents to \$5 are on sale at all times in the post office and on Stamp Day in schools. As pupils fill their albums—which are provided free—they exchange them for U.S. Savings Bonds at their bank.

Postmaster Harman said "We are happy and proud to offer this service to the youth of America. I know of no better way to teach both thrift and civic responsibility than by encouraging our young folks to buy Savings Stamps and Bonds. In this way, they really share in America."

Past American Legion Commander to Visit City

Past American Legion National Commander James F. O'Neil, will be visiting Post 136 in Greenbelt Sept. 21. He will be feted with a dinner, followed by a free dance which will be open to all members. O'Neil is presently the publisher of the American Legion magazine.

O'Neil first visited Greenbelt on Sept. 3, 1948, when he was National Commander. At that time he devoted the day to visiting the schools and inspecting the National Guard. In 1948, the Post membership was approximately 350 and the population of Greenbelt was 7800. Now, more than 20 years later, Post 136 has grown to over 800 members and the City to a population of 18,000.

Children of Veterans Entitled to Benefits

Eligible people of legal age may file their own applications for this program with a Veterans Administration Office, HUBBELL said. For minor children the parent or guardian must file, he added.

Special restorative training may be provided to young men or women unable to pursue an education because of some physical or mental disability. It consists of training in such as speech and voice correction, lipreading, Braille reading and writing and the like.

Fire Prevention Tip For September

J. G. Wenrich - Fire Marshal

THIS WAY OUT

What would you do if the smell of smoke awoke you in the middle of the night, while the family was sound asleep?

If you don't have a quick and complete answer to that question, it's cause for worry. People who have failed to prepare well-thought-out and well-rehearsed plans to meet such emergency situations are risking the lives of their loved ones and themselves. The first rule of safety from fire is escape. It's important to get everyone out of the house at the very first sign of fire. This means some advance thinking and planning are necessary, because two routes to the outside from every room are essential, in case one is blocked.

NFPA studies indicate the majority of lives lost in home fires each year are lost needlessly, primarily because of failure to pre-plan and rehearse escape procedures.

Take time - right now - to prepare a home life safety plan for your family. Who knows - you might need it tonight.

TRAFFIC TIP

Too many drivers insist on their rights in traffic to the extent that they will risk a crash. Remember, insisting on your rights in traffic can bring another kind. Your last rites.

Stop Reading as they did 100 years ago

One hundred years ago, people read the way you're reading right now — word by word — about 300 or so words a minute. And 100 years ago, that kind of reading didn't cause any problems. You could keep up with what was happening pretty well.

But today our knowledge is expanding so fast that people who want to keep ahead are actually falling behind. There's simply too much to read. What's the solution? Learn how to read faster and better. You can do it, too. So far over 400,000 other people have done it. Our graduates are people from all walks of life. These people have all taken a course developed by Evelyn Wood, a prominent educator. Practically all of them have at least tripled their reading speed with equal or better comprehension. Most have increased it even more. Some have increased it 10, and even 20 times.

You can do the same thing — even if you're a slow reader now. We guarantee it. In fact, if you don't at least triple your reading speed with equal or better comprehension, the course won't cost you a thing.

Classes meet once a week, 2½ hours per week.
Come to the following free 45 minute orientation.

The Police Blotter

Cases of vandalism to more than forty cars in the University Square-Charlestowne Village area were closed last week with the arrest of three juveniles. Most of the cars had paint sprayed on them, and several unlocked cars were moved and drifted into other parked cars, damaging same. Through the team work of several officers involved in the investigation, the vandals were identified and apprehended, and are now awaiting Juvenile Court action.

This is the second recent incident of mass vandalism to parked cars. In the other incident over twenty cars on Ridge Road had the side view mirror or the radio antenna broken off. Two juveniles were found to be involved in this incident and are awaiting Juvenile Court action. In both instances the culprits were found to be young juveniles who were sleeping out in tents overnight.

On August 25 the Manager of the A&P store was held up at gun point while making a late night deposit at the Equitable Trust Bank in the Beltway Plaza Shopping Center. The male suspect obtained \$2,500.00 in currency and \$111.00 in Government food stamps, making his getaway in a vehicle that had been stolen in Prince George's County and which was later recovered near the scene by Greenbelt Officers. A lookout and composite picture of the male suspect has been sent out to all metro departments. The male suspect was described as a white-male-40yrs-5/10-6/0-175 to 180, dark curly hair dark glasses, clean shaven. A white female with dark hair drove the getaway car.

Radar was used on Crescent Road for a short period this month. Thirty-seven warnings and ten summonses were issued. Residents are reminded that the speed on all streets is 25 M.P.H. unless otherwise posted. School zones are 15 M.P.H.

Officer Ernest Brumley of the Greenbelt police force received a achievement medal from the Prince Georges County Volunteer Firemen's Association at their convention in Laurel, Friday, Sept. 13.

The medal was presented for Officer Brumley's actions in saving the life of a heart attack victim on May 18. He administered oxygen and heart massage until the arrival of the rescue squad. He also received letters of commendation from the hospital and from the victim's two doctors for his prompt actions.

Members of the Greenbelt Volunteer Rescue Squad were also honored for the same event.

CHILDREN LEFT ALONE

Don't rely on Lady Luck as your babysitter.

Every year hundreds of children die in fires because they were left at home without a babysitter, or in charge of an incompetent one.

Whenever you are tempted to leave children for a quick errand or a neighbor's cup of coffee, resist the temptation.

Lady Luck may favor you once, but the odds are against you.

TRAFFIC TIP

Statistics show that an automobile pulling a trailer is more likely to be involved in a crash than one which is not. If you're towing one on your vacation or weekend trip, be just a little more careful.

County Report Now Available

The seventh annual "Report to the People" from Prince George's County was distributed recently, highlighting activities of the past year in the various departments and agencies and listing details of the current County budget.

The 52-page pamphlet will be available in County libraries, police stations and the Upper Marlboro Courthouse and County Service Building in Hyattsville, as well as in the public schools.

In her letter of transmittal to the citizens, Chairman Gladys Spellman pointed out that the Report has much "information which we believe should be available to our citizens. If this Report helps you to know Prince George's better it will have served its purpose."

She noted that Prince George's has the largest population of any County in Maryland—over 625,000 as of July 1st — and said the Commissioners hoped "this publication will assist in familiarizing you with local government and its services, and draw you into active partnership with us, your elected and appointed representatives."

Among the highlights and "major accomplishments" listed by the County are:

School costs allocated 71.2 per cent of the total County budget to meet enrollment of 149,250, up nine per cent over last year, over 600 classrooms built during past year. Approval of record \$172 million budget, with expansion of services in all major departments.

Establishment of Department of Fire Protection, with creation of a County Fire Administrator, and adoption of plan for Fire and Rescue Stations, following a year's study of locational needs in County. Initiation of County supervised trash and garbage collection service in small geographical areas, and new 590 acre sanitary refuse-disposal landfill for use as future County parkland, now in operation.

Fair Housing Ordinance passed, prohibiting discrimination in housing. Three member Commission appointed to administer ordinance and five member Housing Authority appointed.

Police and fire salary scale raised to one of highest in area, completion of \$900,000 Police Communication Center and first Municipal Police graduation from Prince George's Police Academy.

Creation of summer instant swim program" with installation of seven swimming pools at key locations and Youth Job Placement Center developed in cooperation with Maryland State Employment Service.

Contracts let on new 16-acre modern design Baden Community Center complex, providing schools, health, recreational and other community services in one center.

\$23 million bond issue sold to finance public schools, general hospital, public roads, library and public building construction.

Nationally recognized architectural firm selected to plan County's new \$30 million, 214 acre Governmental Center in Upper Marlboro.

Department heads, with the phone numbers and addresses are listed in the Report, along with all agencies, boards and commissions.

In Corvallis, Oregon, it is illegal for young women to drink coffee after 6 p.m.

X-Ray and Diabetes Tests

The Prince Georges County Tuberculosis & Health Association offers X-rays and diabetes tests at the following locations:

Monday, Sept. 23, 12:30-8:30 p.m. S. Klein Department Store, Beltway Plaza. Tuesday, Sept. 24, 11 am - 3 pm. Holy Redeemer School, 49th and Berwyn Rd., Berwyn. Tuesday, Sept. 24, 3:30 - 7 pm. Hollywood Carry-Out, 9901 Rhode Island Ave., College Park. Wednesday, Sept. 25, 10 am - 6 pm. Greenbelt Center, Centerway.

Pregnant women or persons under 15 years of age will not be X-rayed. Diabetes tests are offered to all persons 25 years of age or older; exceptions may be made for younger persons with a family history of diabetes.

In Hammond, Indiana, it is illegal for watermelon-eaters to throw seeds on the sidewalk.

Now — U. S. Savings Bonds Pay More Interest

4.15% when held to maturity

*Higher interest on the
Bonds you already own, too!*

U.S. Savings Bonds are a better way to save than ever

Because now all Series E and Series H Bonds bought after December 1, 1965, will earn the new, higher interest rate of 4.15% when held to maturity. That's only 7 years for Series E — 9 months quicker than before. All H Bond interest checks will be larger beginning in June 1966.

And your outstanding bonds will earn more, too, from now on. So, you don't have to cash in your present Bonds to get the attractive new rate. Ask about buying Bonds where you work or bank. For America's future. And yours.

"Today, none of us can remain aloof on the sidelines."

"Today, above all, is a time for all Americans to rededicate themselves to the spirit that animated the Minutemen of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front lines of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."

They will be held at Mowatt Memorial Methodist Church.
Prerequisites for the course in fitting are the Bishop Basic and the Intermediate courses.

See The New Subway Car

The prototype of the Metro transit car is now making the rounds. This 75-foot vehicle represents the latest word on subway car designs. For those used to the dirty and noisy New York subways, these carpeted cars with tinted windows will offer an interesting contrast.

The first suburban appearances were at the Prince Georges Plaza from Friday, Sept. 13 through Tuesday, Sept. 17. It will then move to the Marlow Heights Shopping Center on Branch Avenue and be shown from Thursday, Sept. 19 through Sunday, Sept. 22. Thereafter it will be at the Eastover Shopping Center on Indian Head Highway from Wednesday, Sept. 25 through Sunday, Sept. 29.

Back-to-school daze?

Time for an electric dryer.

Off they go, and you've weathered another what-to-wear panic. But what about tomorrow? Will it be this way until June? Or must you run out and buy more clothing than your family really needs?

No need for either.

Save both yourself and clothing bills by getting one of the new electric dryers with permanent press settings. You can practically resign from the ironing board—and maybe have time to serve on the P.T.A. board instead.

School or play clothes will be in use, or ready—and not held up in hampers, washer or laundry baskets, waiting for the sun. Result? Stretched wardrobes . . . and less clothing costs.

Many appliance dealers are featuring back-to-school specials on flameless electric dryers—the kind that cost less to buy, less to maintain.

See many makes and models at the Electric Institute Showroom, 1st floor of the Pepco Building, 10th & E Streets, N.W. Then visit your electric appliance dealer or department store.

WALTZ THROUGH WASHDAY
