MNCPPC OK's Subdivision Plans Paves Way For Sewage Request

Ignoring many of the city council's reservations with respect to the Golden Triangle, the Prince Georges County Planning Board of the Maryland National Capital Park and Planning Commission on Thursday, August 22 voted basically to adopt its staff recommendations. These recommendations called for approval, subject to certain conditions, of the preliminary plan for subdivision for the 57-acre tract bounded by Greenbelt Road, Kenilworth Ave., and the Capital Beltway.

These conditions included:

(1) Provision for highway access, including necessary right-of-way for proposed Greenbelt-Kenilworth Ave. interchange and desirable acceleration and deceleration lanes along Greenbelt Road.

(2) Approval of final site development plans for each parcel prior to building permit approval. Such approval would depend on a general concept plan for the entire tract, to be approved prior to submission of any record plat. The concept plan shall include (a) a site analysis in regard to natural development constraints, (b) general location of proposed land uses on the site plan and intensity of development and (c) the relationship of the proposed uses to access, internal circulation, parking and open space to provide for the proper configuration of proposed individual lots, landscaping proposals as to visibility from the Beltway, and provision of storm water management plan.

(3) Limitation of office building development to 450,000 square feet until it can be demonstrated that increased capability of access roads would permit a higher ceiling.

(4) Provision for staff consultation with the city of Greenbelt in reviewing the site plan.

(5) Provision for sufficient access to city of Greenbelt property (Indian Springs).

(6) Provision by the developer for sequence of development to permit coordination with public agencies with respect to facilities.

City Turned Down

The city of Greenbelt had asked that a planning concept consistent with the designation of the Golden Triangle as a Special Treatment Area in the November 1970 College Park-Greenbelt Master Plan be provided prior to any approval of the subdivision plan. This request was turned down by MNCPPC, as was also the suggestion of the city that a bikeway be provided along Greenbelt Road. MNCPPC Chairman Philip R. Hogue suggested that a less costly means of providing a link between Springhill Lake and the rest of the city would be pedestrian-bicycle bridges across the Beltway and Kenilworth Ave. near the interchange.

Some concern was expressed about the need to assure screening and landscaping for an automobile dealership which is reportedly slated for the eastern half of the Golden Triangle. The Board urged the developer to provide for the unification of architectural elements such as signs, lighting, and landscaping that effect the aesthetic and visual image of the site.

The owner of the tract was represented by Russell Shipley, who expressed opposition to the recommendation of the staff for development of a site plan for the entire tract. He indicated that this would result in too many uncertainties as to approval, which would prevent the developer from obtaining commitments from pur-

Springhill Lake North

The MNCPPC also approved the preliminary plan of subdivision for part of the commercially-zoned property in Springhill Lake north of the Beltway and west of Kenilworth Ave. The owners, Greenbelt Associates, had asked approval for all the commercial property (about 30 acres), but the Commission acted separately on portions of the tract. They approved the motel site (7 acres), the gas station site (0.85 acres) and one office building site (100,000 sq. ft), subject to widening and improvement of Kenilworth Ave. and relocation of the proposed 80-foot road serving the tracts. Required also was adequate landscaping for the property fronting on the Beltway.

The remaining portion of the tract containing three office building sites was also approved subject to "receipt of acceptance by the Planning Board of a proposed staging development program agreement prior to acceptance of the final plat." According to MNCPPC, development could not take place until the roads could handle the traffic.

In other action, MNCPPC approved the preliminary subdivision plan for the Springhill Lake industrial tract (43.9 acres), though MNCPPC staff had indicated some concern with the running of truck traffic on Cherrywood Lane.

Mobil Gas Station

Also the Mobil gas station preliminary plan was approved subject to the sidewalk dedication along the entire rear line as required by the city.

Despite restrictions placed on the preliminary plans, the net effect of the MNCPPC decisions is to place the owners of the Golden Triangle, Springhill Lake Industrial tract and Springhill Lake North tract in a position to seek a portion of the 2,000,000 gallon sewer authorization expected to be made available by the construction of the Beaver Dam package treatment plant.

COFFEE FOR REEDER

A coffee for Ronald Reeder will be held at the home of Irene Hensel, 6 Orange Court, on Thursday, September 5 at 8 p.m. The public is invited to meet and chat with the Prince Georges County Councilman, who is running for reelection.

Krasnick, Devlin Coffee

Meet Marcia Krasnick and Gerard Devlin, candidates for the Maryland House of Delegates, tonight (Thursday) at a coffee given by the Kastners, 123 Northway. Everyone is invited from 9 to 11 p.m.

The North End PTA needs books for its festival book sale.

Please bring books to the book boxes at Twin Pines, the Co-op Grocery and the Springhill Lake Pharmacy or call 345-8958 for pick-up.

Here's Your Chance To Meet Candidates

Meet Legislative Districts 21 to 24 candidates for the Prince Georges County Council and the Maryland State Legislature at a "Candidates Fair" on Wednesday, September 4, at 7 p.m. in the Greenbelt Library.

The program is co-sponsored by the League of Women Voters of Prince Georges County and the Prince Georges County Memorial Library System.

Harold Siegel To Head Local Hogan Campaign

Gubernatorial candidate Larry Hogan has appointed Harold Siegel, a Greenbelt resident, as the county chairman of the Prince Georges County Hogan for Governor Committee.

Siegel, a member of the Maryland Bar Association, has long been a leader in county and community affairs. Currently the Director of Disaster Analysis for the Prince Georges County Civil Defense Agency, he is formerly the Chief of Radiological Defense for that organization.

Siegel's association with Congressman Hogan dates back to 1968 when Siegel became Vice President of the Hogan for Congress Committee.

Siegel has invited those wishing to help in the Hogan Campaign to contact him at 474-9339.

Sept 4 Hearing on County Trails Plan

The Prince Georges County Planning Board of The Maryland-National Capital Park and Planning Commission has set a local public hearing to receive public comment on the Preliminary Countywide Trails Plan for Prince Georges County.

The hearing will take place at 8 p.m., September 4 in the Commission's Regional Office Building at 6600 Kenilworth Avenue in Riverdale.

Copies of the preliminary trails plan map are available at the Commission's Regional Office Building. Persons desiring to speak should call 277-2200 extension 347 or 348 or they may sign up at the hearing sites.

Twentieth Birthday Sees Bigger And Better Labor Day Festival

by Mary Clarke

The Greenbelt Labor Day Festival, which celebrates its twentieth birthday this year, promises to be bigger and better than ever. The celebration will include the Parade, the dedication of the new Center Mall, a Labor Day Salute to Americans at Work, the Miss Greenbelt Pageant, and the carnival midway area, as well as a host of special events. A detailed schedule of festival events is included inside the News Review this week.

Parade

The Parade begins at 10 a.m. on Labor Day. This year it will follow a new route, assembling at Laurel Hill and Hillside, marching down Hillside to Crescent and following Crescent to the reviewing stand beside the Municipal Building. Parade Marshal will be Greenbelt Outstanding Citizen of 1974, Grand Marshal of the Parade will be Lt. General C. E. Hutchins, Jr., of the Maryland Bicentennial Commission, who will present a flag commemorating Greenbelt's designation as a bicentennial city. Greenbelt and Prince Georges County dignitaries and elected officials will ride in the parade. Marching units will be the 1st Army Band, the 324th Army Band, and the 1st Maryland Regiment Colonial Color Guard in period dress. The Parade will feature more floats this year, including the first place winner in the Takoma Park Fourth of July Parade. Four clown groups, as well as Pappy Parker and Ronald McDonald, will enliven the route. Antique cars will motor in the parade and be on display afterwards.

Salute to Working Americans

New to the Festival this year is the Labor Day Salute to Americans at Work to be held on the Center Mall on Monday from 2 to 4 p.m. This event pays tribute to the working people of America by demonstrating what people do to provide us with food, clothing and shelter.

How the Festival Started

by Emory Harman

Way back on Monday, June 13, 1955 according to the minutes of the Greenbelt city council, Vincent Caruso, chairman of a local committee to promote a four-day festival during the Labor Day weekend, outlined tentative plans for that occasion, to include a parade, a water pageant, booths around the plaza, and some wheels of chance.

Council authorized the city manager to advance \$400 as requested for advertising and other expenses. This amount would be repaid from the anticipated profits of the festival. Thus, the Labor Day Festival was on its way. The theme of the program was the Greenbelt Youth Recreational Building Fund.

Invitation

You and your guests are cordially invited to attend a brief dedication ceremony commemorating the completion of the renovation of the mall at the Greenbelt Commercial Center on Centerway. This dedication will be held at the mall and will immediately follow the Greenbelt Labor Day Festival Parade at approximately noon on Monday, September 2, 1974. Refreshments will be served following the ceremony at the Greenbelt Youth Center located behind the swimming pool.

THE CITY OF GREENBELT, MARYLAND

Richard R. Pilski, Mayor

Gil Weidenfeld, Mayor Pro Tem Thomas X. White, Councilman

Richard Castaldi, Councilman Charles F. Schwan, Councilman

The building trades will be represented by a carpentry and a brick-laying demonstration. Paul Smith, a Greenbelt resident, will show the skills required for furniture building. There will also be a woodturning exhibit.

The textile industry will be represented by craftsmen (whose work is duplicated by machine in industry) demonstrating the skills needed to produce clothing. This exhibit includes spinning, weaving, sewing, quilting, and shoemaking.

Breadmaking and a cow-milking demonstration will represent the foods industry. Joe Gigante will give a sprout talk, explaining how indoor farming can provide a nutritious addition to the diet.

Carnival Midway

The carnival midway will host the ferris wheel, merry-go-round, and three kiddie rides, as well as the Satellite, the Moonwalk, the Octopus, the Paratrooper, and the Hustler. The Festival Information Booth next to the stage will provide festival schedules and directions to the 35 game, food and informational booths. Included are the children's painting booth, a silk-screening booth, Bingo, and the North End School Book Sale. Also located in booths on the midway on Saturday and Sunday evening will be the Chess Marathon by Greenbelt Chess Expert Joe Sucher, who will play ten games simultaneously, and the Breathalyzer, where test demonstrations will be performed on volunteers.

Special Events

Free-admission dances will be held on Friday, Saturday, and Sunday evenings. Friday's music will be Bluegrass by KINFOLK. On Saturday evening the Willie Reed Soul Quintet will play. Sunday night, the Kenyatta Dance Band will intersperse band sets and stage shows. This group consists of a five-piece band and four vocalists.

The Miss Greenbelt Pageant will present the contestants on stage on Friday at 9:15 p.m. and Saturday evening at 7:30. The swimsuit competition will take place Sunday at 1 p.m., and Miss Greenbelt of 1974 will be crowned on Sunday evening at 8. At this time the nineteen former Miss Greenbelt winners will be introduced.

The Men's Physique Show will be held on the stage Saturday at 8:15 p.m. This will feature power lift, weight lifting and body building demonstrations, with a special exhibit of physique posing by a gold-painted person.

The Festival Stage will present a full range of ethnic dance groups: Irish, polkas and square dancing. A horticulturalist from the National Park Service's Green Scene will give advice on plants, and the 4-H Club's Macramed Hanging Pots will provide a place to put them. There will be foot races for the athletic and scuba-diving and karate demonstrations and a horse show for those who enjoy non-participatory sports. Also on the schedule are an art show, a chamber music concert and an outer-space puppet show. Every one is invited to sing-along at the Holiday Song Fest. Full details of these and all of the other events can be found in the festival schedule.

Special Contests

Again this year, trophies will be awarded to first, second, and third place finishers in the Diaper Derby, Foot Balloon Burst, Sack Balloon Race, Pie Eating, and Watermelon Eating Contests. Prizes for the adult couple Three Legged Race include dinner for two at Emerson's and Fireside restaurants, and movie passes.

GHI Investments

To the Editor:

We think the matter of investment of GHI funds requires more discussion, especially since a controversy developed at the August 15th Board meeting as to management's handling of these funds.

GHI has received \$186,719.96 from the Government National Mortgage Association (GNMA). This represents seven months' principal payments previously made (12-73 thru 6-74). GHI is to withhold an additional five monthly principal payments (July thru Nov.) to complete the one year deferral. Thus, the July principal payment of \$27,031.12 was held back, creating a total of \$213,751.08 of GNMA deferral funds in GHI hands.

GHI has agreed to repay GNMA in full by the end of 1977 with a balloon payment and is accumulating funds for that purpose. \$15,313.20 has been collected since June 1974 by an increase in members' monthly charges.

As of the August 15 Board meeting, GHI had \$229,064.28 of deferral and member repayment funds available, as follows:

Check from GNMA \$186,719.96
July principal pmt. withheld 27,031.12
June, July, Aug. collections for balloon note due 1977 15,313.20

Total 229,064.28
Less pmts. for work done 81,410.00

Remainder 147,654.28
Of the \$147,654.28, approximately \$90,000.00 is committed for energy conservation projects underway. The Board has by resolution directed that the funds for the balloon note be accumulated in a separate escrow account. The remainder, about \$42,000.00, awaits commitment to energy conservation projects not yet developed which will require membership approval. The principal payments to be withheld also fall in this category.

The \$147,654.28 was included in the purchase from Suburban Trust Co. of an Investment Certificate at an annual rate of 11 3/4% to mature September 30, 1974 with a maximum insured amount of \$20,000, not \$30,000, as reported in the News Review of August 22, 1974.

The objections raised to this investment concerned the GHI bylaws. The bylaws provide that "All funds that are not currently needed to pay obligations as they become due or to make disbursements authorized under these bylaws shall be invested in direct obligations of the United States or deposited in accounts that are fully insured by an agency and/or instrumentality of the State of Maryland." It seems clear to us that the \$15,313.20 of balloon note funds and the \$42,000.00 being held for projects not yet developed must be invested in "fully insured" accounts as described above.

The bylaws further state that "All funds that are currently needed to make disbursements authorized under these bylaws shall be deposited in savings and checking accounts in banks insured by the Federal Deposit Insurance Corp." It is questionable if Certificates of Deposit fall within the category of "savings and checking accounts" as provided in the bylaws. We were not among those who proposed that we obtain our attorney's opinion as to what type of investments are permitted under the bylaws. We felt and still believe that if the bylaws are not clear as to what is intended they should be clarified in accordance with members' wishes at this time. Un-

til then, we should not make uninsured investments, in our opinion.

It is a matter of concern to us that there is no board policy relating to this type of investment. It further concerns us as GHI members and as Board members that management proceeds without Board direction to place GHI funds in uninsured investments.

Smith - Redel

Former Greenbelters, Mr. and Mrs. Charles Granofsky of New Carrollton, announce the engagement of their daughter Kathy Smith to James Redel of Greenbelt. A March wedding is planned.

Earl M. Garren

Former Greenbelt Earl Maris Garren, 31 an industrial arts teacher at Gaithersburg Junior High School, died Thursday in the University of Maryland Shock Trauma Center in Baltimore of injuries received Tuesday in the crash of a single-engine two-seater plane at a Laytonsville farm.

In addition to teaching industrial arts, he was the cross-country coach at the school. Last year he also taught a course at Columbia Community College.

A native of the Baltimore area, Garren was graduated from the University of Maryland. He taught at Julius West Junior High School in Rockville before returning to Maryland for his master's degree. While studying for his master's degree he was a bus driver for Prince Georges County schools.

Survivors include his wife, Jerry, two daughters Charmaine and Janis, and one son Roger, of Rt. 1, Box 194-B New Windsor, Md. 21776, parents, Mr. and Mrs. Earl M. Garren Jr. and brother Mr. Bill R. Garren of Greenbelt and sister Mrs. Linda G. Hanscom.

Parents may still register children for the Sunday-Hebrew School. For information call 474-4223.

Welcomes Noise

To The Editor:

I've been a resident of Greenbelt for over twenty-five years, and during this period have read many times in the Greenbelt News Review complaints of the noise made by the Police, Fire Department, and Rescue Squad.

Believe me when I say that when you, as a pedestrian, have been struck from behind by a car driving on the wrong side of the road, and you lie bleeding and shaking from shock and fear; the sound of the Police and Rescue Squad speeding to your aid will be the most welcome and comforting sound you could hear.

I find it difficult to adequately express my deep appreciation to the Greenbelt Rescue Squad for their knowledge and skill in my behalf, but may God bless them all in their work of mercy.

Normal collection service will resume with paper collection on Thursday and regularly scheduled trash collections on Friday and Saturday.

Heart Attack Prevented

To the Editor:

How does one go about thanking the Greenbelt Lions and Henry Fisher for perhaps preventing me from having a heart attack? At the last Health Clinic Mr. Fisher conducted I was found to have high cholesterol. Since then I have been a guest of N.I.H. (National Institutes of Health) with various tests and treatment. We (there are other Greenbelters) have been on a low cholesterol diet and in September the N.I.H. has invited us to a party. This is for the excess fat and weight we have taken off, and will consist of low cholesterol food. I am feeling much better, and perhaps a number of years have been added to my life.

Again I wish to thank Mr. Henry Fisher and the Greenbelt Lions for these free Health Clinics they have conducted.

Greenbelt is Special

To the Editor:

What makes Greenbelt special? Its tree lined streets, its parks and playgrounds, its woods and walkways, its friendly feelings, its community commitment to a wholesome and healthy environment?

These are among my family's reasons for living in Greenbelt. If they are among yours, let's make ourselves visible in the Labor Day Parade. Let us let our neighbors and especially our representatives know, in this election year, that we in Greenbelt are concerned that mother earth (OUR COMMUNITY) remains living and life supporting. Ride your bike in the Labor Day Parade with me, my family and your friends. Decorate your bike, make a banner, carry a sign - make your point visible. Thirty-six years ago the just-opened town of Greenbelt was being filmed as part of a documentary motion picture entitled "The City." The following article, taken from the old files of the News Review, describes this filming. Now at the Labor Day Festival present-day residents of Greenbelt will have an opportunity to view the film. There will be two showings - at 1:30 p.m. and 3:30 p.m. on Saturday, August 31 at the Meeting Room of the Greenbelt Branch Library.

GREENBELT BEING FILMED AS "CITY OF FUTURE"

Picture to be Viewed by 50,000,000

by Vernon Hitchcock
Greenbelt, the eyes of the world are upon you!

When the motion picture, "The City", now under production in Greenbelt, is completed and goes on display at the New York World's Fair it will, before the Fair is ended, be subject to the praise and criticism of probably fifty million people who will flock into New York from all over the world to visit the Fair.

When American Documentary Films selected Greenbelt as being "representative of the city of the future" they put the town on a mighty pedestal to withstand the scrutiny of the world, and it will take the wholehearted cooperation of every citizen here to maintain that position without bringing a deluge of criticism down upon us.

Willard Van Dyke, who, with Roger Barlow, is now photographing the Greenbelt sequences says that one reel of the planned three-reel production will be devoted entirely to Greenbelt in showing how the world is reaching the stage where the cities are planned in advance and such important items as play space and safety for children are taken into consideration. The other two reels will be a series of sequences leading up to the "city of the future." In them will be shown how the growth of industrial developments has slowly blotted out the bright attractive homes of the earlier settlers, and how congested cities have risen in their stead with thought only for habitat near the scene of activity and with no provision for the welfare of the inhabitants. From there the sequence leads to the great metropolitan centers with their inevitable slums and unhealthy living conditions where innocent children must grow up in an atmosphere of crime and degradation; then the congested, unplanned highways which are in large part responsible for approximately 35,000 traffic fatalities annually.

Then comes the planned highway, designed for the greatest possible safety to driver and pedestrian and, finally the planned city.

In photographing the Greenbelt sequences, Mr. Van Dyke says he is stressing the child angle, showing how the many playgrounds have been provided and how the main streets are designed with the sidewalks leading underneath them, so the child can go out to play, to school or to visit the neighbor without the mother wondering whether it will ever reach home again. The athletic interest and the facilities available are also given consideration, showing that, while the child is adequately provided for, the rest of the community is by no means

neglected. The community cooperative medical plan also comes in for its share of attention.

In going about his work Mr. Van Dyke says he has been very much impressed by the marvelous cooperation given him by the children of the community. Moving his many pieces of equipment from one setup to another would ordinarily be a problem, but in Greenbelt, he says, there is always a crowd of youngsters on hand eager and willing to help him. In fact his biggest problem here, he says, is keeping peace among the children when several of them insist on carrying or holding this or that piece of equipment, and in getting them to quit work long enough to go home for lunch.

The photographic work for the entire production will require approximately 45,000 feet of film, according to Mr. Van Dyke. When the trimming is completed, and the scenes are omitted which are unsatisfactory because of faulty photography, lack of interest, etc., and the film reaches the final stage, only 3000 feet will remain, of which 1,000 feet will be devoted to life in Greenbelt.

Golddiggers Crown Queens

The Fourth Annual "Miss Greenbelt Golddigger" Pageant and Awards Night was held Saturday, August 24 at North End School. Crowned Senior Miss Golddigger was Patty Brlansky. The Junior Miss title went to Dara Stewart, and Sherri Hejn was named Juvenile Miss. Each winner was crowned by her predecessor; Senior Miss, Patty Fendlay; Junior Miss, Beth Barber; Juvenile Miss, Virginia Myers; and Little Miss, Kelly Cone. The 1974 Queens will ride in the Labor Day Parade on a float designed by the corps.

Awards were also presented to Greenbelt's Color Guard of the Year, Adam Thompson, and Drummer of the Year, Robert Oudmans. Parents of corps members presented Evelyn Knott, instructor and director, with a gold watch.

The entire corps will participate in the Labor Day Parade. Open registration for new members will be held between 6:30 and 8:30 p.m. on Sept. 3 and 10 at Center School, on Sept. 4 and 11 at the Greenbelt Fire House.

Anyone between the ages of 6 and 18, interested in joining drummers, color guard or majorettes, is invited to join. There is a registration fee. For further information call Evelyn Knott, 577-9047.

LABOR DAY FESTIVAL WHEN SUMMER ENDS

by Nancy Spong

Although technically summer does not end until September 21, everyone in Greenbelt knows that summer really ends on Labor Day. As stated in a News Review editorial of 1958, this is the one holiday that melds all Greenbelters into that "giddy, gaudy whirl."

Well, here we are again ready to participate in contests, cast a vote for our personal choice of Miss Greenbelt, listen to concerts, dance in the streets, experience the thrill of carnival rides and view the largest parade ever. Only this year, the entire four-day affair seems just a bit extra special for it is the Festival's 20th Anniversary.

The Festival originated in 1955 with Henry Brautigan, Vincent Caruso and Eli DonBullian spearheading the committee and running the program. The committee was an outgrowth of a council-appointed recreation advisory committee. Many citizens were disturbed about the lack of recreational facilities in Greenbelt, and the need to have something interesting to keep people at home on the Labor Day weekend.

Long Distance Races

On Sun., Sept. 1 two long distance running races will be held as one of the long standing attractions of the Labor Day Weekend Festival. The featured race will be a 15 kilometer (9.3 mile) event for experienced runners, attracting many out-of-town participants. It will be held on a certified course starting and finishing at Braden Field and proceeding out Research Road through the Agricultural Farm. Trophies and running patches will be given to all Greenbelt finishers.

The two-mile race also starts and finishes on Braden Field, with the main course around Greenbelt Lake. Everyone who finishes receives a running patch memento. Joggers and less experienced runners are encouraged to participate in this race for physical fitness, since time is not important.

These races are co-sponsored by the Labor Day Festival, Youth Center and the D.C. Road Runners. Please sign up at 5 p.m., one hour before the start of both races at 6 p.m.

Race Director is Alexander Barnes, 474-5310.

At the Library

Thursday Movies - "Codes and Corpses" will be shown in the meeting room on Thurs. evenings at 7:30 during the month of Sept. The film for Sept. 5 is *The Third Man*.

School Hours, Bus Schedules Given For Greenbelt Pupils

by Paula Mask

All schools in Prince Georges County will open on Tuesday, Sept. 3. Kindergarten children will get their first taste of public school education on the same day. Some 15,018 pupils (about 3,280 less than last year) are expected to fill corridors and classrooms in the county's 234 educational facilities.

The school day at Parkdale will run from 8:15 a.m. to 3 p.m. The lunch will cost 55 cents and milk will sell for 5 cents.

On the first day students are to be at the bus stop about five minutes earlier than scheduled. The schedule is as follows: Ivy and Lastner Lane 7:50 a.m.; Crescent Road and Hillside - 7:45; Plateau and Ridge, Laurel Hill and Ridge, Ridge and Research - 7:50. Rear of Greenbelt shopping center - 7:45; Crescent at Greenhill Road - 7:45; Ridge and Westway, Westway and Lakeside, Lakeside and Lakecrest - 7:50; Springhill Lane and Springhill Dr. 7:50; Breezewood Dr. and Springhill Lane, Cherrywood Lane and Cerrywood Court - 7:45.

Mary Bethune Jr. High

Schedules have been sent to all students. Lunch will cost 55 cents and milk, 5 cents. School will start at 8:30 a.m. and run to 3 p.m. The following bus schedules are not complete: Greenhill Rd., 7:45 a.m.; Co-op, Plateau Pl., Hillside Road, Lakeside Dr., and Ridge Rd., 7:45; Ivy Lane, girls only 7:40; Lastner Lane, boys only, 7:40.

Greenbelt Jr. High

School will start at 8:25 a.m. and will end at 3 p.m. Lunch will be 55 cents and milk 5 cents.

John Carroll Elementary School

The school day will run from 9:30 a.m. to 4 p.m. Lunch will be 50 cents and milk 5 cents. Buses will pick up students at 8:55 a.m. at the following stops: No. 9047, Lakeside North Apts., rental office; #0269, Lakecrest Dr.; No. 0029, Westway Dr., bottom of the hill; No. 0034, Westway Dr., bottom of the hill, rt. on Lakecrest Dr., for pick up; No. 0033, Hedgewood and Lastner Lane; No. 1058, Julian Ct., and Lastner Lane, pick up also at Ivy Lane and Lastner Lane.

Oakcrest Elementary

Starting at 9:30 a.m. the school day will run to 4 p.m. One bus will pick up at Breezewood Drive and Breezewood Terrace; and another at Edmonston Terrace and Breezewood Court.

North End School
North End School will open the 1974-75 school year Tuesday, Sept. 3. Children will report to the room number listed on the final report card. Opening time will be 9 a.m., with walkers being dismissed at 3:15 p.m. Kindergarten letters have been sent to all parents giving their children the information as to hours they will attend. Lunches will cost 50c, milk will be 5c.

There will be 15 classroom teachers in grades 1 through 6, with 1 full time and 1 half time kindergarten teacher. Special teachers will be the same as in previous years. Three new members will be welcomed to the faculty, Mrs. Dora Jean Lacombe, first grade, Mrs. Katherine Curl, second grade, and Mrs. Jeanne Geibel, librarian.

The Operation: Moving Ahead
Program will be continued with 8 aides to assist the classroom teachers in grades k through 3. Many changes have been made to reduce the class sizes in grades 1-3. The school staff hopes that the parents will be understanding as these changes are implemented.

Center School
Center school will open at 9 a.m. Walkers will be dismissed at 3:15 p.m. Students riding buses will leave at 3:30 p.m. Lunches will be 50c, milk will cost 5c. This year there are two afternoon kindergarten sessions and one in the morning. The afternoon sessions will run from 12:45 p.m. to 3:15 p.m., the morning session will begin at 9 a.m. and end at 11:45.

Center has two new teachers this year, Miss Gloria Zimeck, hearing teacher and Mr. Lee Meiners, primary Special Education. Along with the 13 classroom teachers there will be 2 Special Education teachers, 5 hearing teachers, 1 full time and 1 part time kindergarten teacher, a full time physical education teacher, media specialist, reading resource teacher, speech therapist, music teacher, part time counselor and a health nurse. The O.M.A. program will have 5 aides to assist teachers.

New Buses Feature Rear-Facing Seats

Prince Georges will experience a "first" in school bus transportation this year with six new school buses that feature rear-facing seats. According to school bus transportation authorities, these seats reduce the risk of a child incurring a neck injury when a bus comes to a sudden stop or is hit in the rear by another vehicle. Since last year, all new buses purchased feature seats that are padded in the back, another deterrent to injury. Prince Georges is the first school system on the East Coast and possibly the first in the nation to try out the buses with rear-facing seats.

Springhill Lake Elementary
School starts at 9:30 a.m. and runs to 4 p.m. Lunch will be 50 cents and milk 5 cents.

St. Hugh's Elementary
School will start at 8:30 a.m. on Sept. 3 for all grades and will be half day sessions for the first week.

Orchestra Openings

Orchestral musicians interested in playing in the Prince Georges Symphony Orchestra are asked to call the personnel manager at 924-5081. The orchestra is entering its tenth season and is conducted by Emerson Head. Weekly rehearsals are held at Parkdale Senior High School, Riverdale on Wednesday evenings.
