What to Cut-Projects? Money? Council Ponders Bond Issue

by Andrea Edie

The amount of the proposed municipal bond issue and which capital improvement projects to include in the bond referendum have the city council going in several different directions, although they have agreed to move ahead with the proposal.

"The serious problems with Braden Field, resources to adequately develop the Northway field and the perimeter trail are being given short shrift," Councilmember Thomas White said, when the issue was discussed at the regular city council meeting on January 28.

White said he did not think the budget presented by the staff at the meeting was "reflective of the agreement the council had reached at the work session. I thought we had been talking about a balance between bricks and mortar and land acquisition and park development."

The proposed budget as developed by city staff included \$2 million for a new police station, the remodeling of the old police quarters for city office use, and additions to the public works municipal service building. Almost \$3 million was listed for rehabilitating North End School, adding a women's shower, locker and exercise facilities to the Youth Center, improving the outdoor pool, building an indoor pool and acquiring a Greenbelt museum building. One million dollars was slated for park developments and land acquisition.

City Manager James Giese said he encountered problems with the council-proposed budgeting of \$2 million for buildings, \$2 million for swimming pool building, and \$2 million for park improvements—land acquisition, because the buildings cost more than initially estimated.

"That leaves us with the choice of staying with the \$6 million or, if we wanted to keep the park improvements—land acquisition to \$2 million, reducing some of other construction or increasing the bond issue amount for park improvements—land acquisition," Mayor Gil Weidenfeld said.

Councilmember Toni Bram said, "I was under the impression all along that we were going to hold the line at \$5 million. Six million was a surprise to me." Bram believes that the outdoor swimming

Flea Market Items

Greenbelt Arts Center friends interested in donating to the Center's table at the February 9 flea market may bring donations to the Utopia Theater on Friday night, February 8, between 6 and 8 p.m.

Gail Voight, Arts Center Board member and fundraiser, will accept items in good condition. Although space is limited at the market, donations are often needed in the theater itself or as stage props. Donations are tax-deductible, and a receipt will be given. For further information, call 441-8770.

pool could be combined with something else and the rehabilitation of North End School might provide the women's facilities lacking at the Youth Center.

"I would prefer rather than extending it, decreasing the amount," Bram said.

Mayor pro-tem Richard Pilski expressed concern about the amount of property tax increase that would result from the bond issue.

Before selling any bonds, the city must obtain approval from the voters of the City of Greenbelt. The council plans to hold a referendum this Spring on the question.

Because council has decided to proceed with the bond issue proposal, they voted to employ the law firm of Piper & Marbury as bond counselors. This firm has received favorable recommendations from the city staff and two other governments.

Council will meet at a work session on February 6 to further discuss the bond issue.

BWI Limo Service

Commuter use of the BWI Airport Limo Service between Greenbelt and Washington has been extended at least through February 28, by order of the Washington Metropolitan Area Transit Commission. Free Tax Assistance

With nearly three months to go before the April 15 tax filing deadline, taxpayers can get free help with their basic income tax returns through VITA, the Volunteer Income Tax Assistance Program, sponsored by the Internal Revenue Service. Greenbelters can get this assistance at the Recreation Center by appointment only on Tuesdays from 10 a.m. to 2 p.m. Call 699-2688, 699-2687, or 699-2679 for an appointment.

VITA is especially designed to provide free assistance to taxpayers who cannot afford professional tax help, particularly those who file simple forms and qualify for the Earned Income Credit. VITA volunteers also alert these taxpayers and low income elderly, handicapped, and non-English speaking individuals, to special credits and deductions for which they may be eligible such as the child care credit, the tax credit for the elderly, deductions available for certain medical/dental expenses, and whether or not their Social Security benefits will be taxable.

When visiting a VITA center, be sure to bring this year's tax package, wage and earnings statement (Forms W-2) from employer(s), interest/dividend/Social Security/State refund statements (Forms 1099), a copy of last year's tax return if available, and other relevant information about income and expenses.

Green Line Moves Ahead

The Washington Metropolitan Area Transit Authority has awarded a \$1.3 million contract for the design of a section of the Metrorail Green Line in northern Prince Georges County.

The contract includes almost a mile of twin tube tunnels beginning south of Colesville Road, then under Queens Chapel Road between Adelphi Road and Route 1 and continuing on the south side of Albion Road to Rhode Island Avenue. The contract also covers two fan shafts, one ventilation shaft and a traction power substation.

Awarding the contract at this time will permit the Authority to acquire necessary real estate as early as 1986. Completing the design early will also permit early construction.

The Green Line from Ft. Totten to Greenbelt is scheduled for completion by 1992. Current plans call for trains to shuttle between Greenbelt and Ft. Totten, where passengers may transfer to the rest of the system. Plans call for the Green Line to go through the District of Columbia and into southern Prince Georges County. The entire Green Line is scheduled for operation by late 1997.

Wonderful Service

To the Editor:

I wrote to Mr. Giese earlier to commend the new City of Greenbelt "Dial a Ride" Bus Service—and here I come again! To again commend! I used the bus again today.

It has been a wonderful, helpful service to me—and perhaps others also, who may or may not have expressed their appreciation.

Unfortunately, I feel not enough folks are aware of the new bus service — and perhaps needs more "publicity" to keep them informed and become riders. Many do not receive the Greenbelt News Review (including me) in which the notice was published. It was through a friend who happened to receive the Greenbelt News Review and passed it on to me—that I became aware of the "Dial A Ride" service.

The Greenbelt News Review, unfortunately, does not reach many people. . . . So, if you are depending upon the Greenbelt News Review to get the message across regarding the new "Dial A Ride" Bus—this is something to reconsider!

Also, something to mention: I hear tell, and hope it's just a rumor that some folks are already opposing the "Dial A Ride" bus service because it might be too costly to the City to operate. No doubt, if true, these are folks who have their own means of private transportation (cars) and not understanding the needs of others. Even if the cost per ride were increased, it still would be great to have the convenience. The courtesy of the drivers of the bus I want to commend also.

I just hope this innovation within the City of Greenbelt continues and prospers!

Mia Gavrisheff's detailed stage set (built by Bob Mogel of Green Knolls) provides ample props for the six-member cast. Joe Consoli steps from his real-life role as a City of Greenbelt administrative aide into the shoes of the playwright with a troubled love life. Andrea Gray and Carol Lynch alternate two roles. Other cast members are Marie Tousignant, Larry Salins, and Connie Walker.

Fire & Rescue Review

Until the period ending January 28, the Greenbelt V.F.D. & R.S. responded to 94 fire-related calls and 80 ambulance calls. Six routine transports were completed.

On January 7 at 1:45 p.m. the Fire Department responded to the B&W Parkway near the N.A.S.A. exit for a vehicle fire. Upon arrival, firefighters found that because of a broken fuel line, a small fire had started under the hood. It was already out. At 3:30 p.m. another call was received for the same area. Upon arrival, the same vehicle was found fully involved, as well as brush and grass in the surrounding area. Investigation revealed that the operator of the vehicle repaired the broken fuel line and in an attempt to start the vehicle, poured gasoline into the carburetor. The vehicle was totally destroyed.

On January 16, the Fire Department responded to a house on Ridge Road. Apparently the resident was boiling baby bottle nipples. Boiling turned to burning and the Fire Department was called when the smoke alarm would not re-set because of weak batteries.

Also on January 16 at 11:41 p.m., the Fire Department responded to the 7000 block of Hanover Parkway for an oil spill. Upon arrival it was learned that vandals had opened a valve on an oil tanker carrying used oil, allowing approximately 500 gallons to escape. The spill was controlled by setting up dikes and using absorbent material. Officials from the E.P.A. were notified, as well as the Hazardous Materials Team of Prince Georges County.

On January 17 at 11 a.m. the Fire Department responded to a business on Centerway. An electrical refrigeration panel overheated and power was cut off to the unit. No further service was required.

On January 29, at 12 p.m. the Fire Department received a report of fire on the 7th floor of the Greenbelt Holiday Inn. A trash bag carried on a servant's tray caught fire, possibly from a smoldering cigarette. At 2:18 p.m. a report was received of a fire on the 3rd floor of the same hotel. Investigation revealed another trash bag. Unfortunately, a woman who was staying at the hotel because of fire damage to her house a week earlier became hysterical when she heard the fire alarms. Hotel employees stayed with her until an ambulance crew arrived. They in turn waited with her until her husband arrived.

Fire Tip

Please take the time to test your smoke alarms. You do have more than one, don't you?)

Police Blotter

A suspected shoplifter was caught by store security at Marshalls on January 18. The person was then arrested by the Greenbelt police. Police responded on January 20 to a report of a robbery at a Springhill Lake business. Lookouts were broadcast. A breaking and entering took place on January 22 in the 6300 block of Ivy Lane. In a fourth incident, a theft from the Greenway Liquor by two black males occurred on January 24.

Vandalism to autos occurred January 19, at 33 Ridge Road (a suspect was arrested) and on January 24 on both Hanover Parkway and Edmonston Road. Attempted theft of an auto from the 5800 block of Cherrywood Lane was reported on January 22. On January 23 a resident reported early in the morning that his auto tags had been stolen during the night. By noon, he reported to police that he had found the tags on another vehicle. Investigation by police determined that the second car had been stolen. The owner was notified.

Between 8 and 9 p.m. on January 22, police responded twice to reports of a prowler looking into windows in the rear of a building in the 6100 block of Breezewood Dr.

Routine Transports

We are sorry if anyone has been unable to obtain our services for routine transports. Daytime crews are sometimes hard to establish, even when 24 hour notice is given. This is the time that our volunteers must go to work or to school. Late afternoon, early evening and especially weekends would probably work out better. We do want to help.

RESOLUTION OF THE CITY OF GREENBELT ADOPTED PURSUANT TO THE AUTHORITY OF ARTICLE 11E OF THE ANNOTATED CODE OF MARYLAND (1957 EDITION AS AMENDED), TITLE "CORPORATION-MUNICIPAL", SUB-TITLE "HOME RULE", TO AMEND THE CHARTER OF THE CITY OF GREENBELT FOUND, IN WHOLE OR IN PART, IN THE COMPILATION OF MUNICIPAL CHARTERS OF MARYLAND (1983 EDITION AS AMENDED) AS PREPARED BY THE DEPARTMENT OF LEGISLATIVE REFERENCE PURSUANT TO CHAPTER 77 OF THE ACTS OF THE GENERAL ASSEMBLY OF MARYLAND OF 1983, BY REPEALING AND RE-ENACTING WITH AMENDMENT SECTION 40, TITLE "PURCHASES", TO PROVIDE THAT THE COUNCIL SHALL PRESCRIBE BY ORDINANCE A COMPETITIVE BID PROCEDURE AND SHALL ESTABLISH A DOLLAR AMOUNT OF PURCHASE NOT TO EXCEED TEN THOUSAND DOLLARS (\$10,000) ABOVE WHICH THE TAKING OF COMPETITIVE BIDS SHALL BE REQUIRED SUBJECT TO EXCEPTIONS AS MAY BE PERMITTED AND SET FORTH IN THE ORDINANCE, SUCH EXCEPTIONS TO INCLUDE AWARDS OF PURCHASE BASED UPON BIDS RECEIVED FROM OTHER AGENCIES, THE PURCHASE OF SPECIAL CATEGORIES OF SUPPLIES, MATERIALS, EQUIPMENT OF CONTRACTURAL SERVICES FOR WHICH THE COUNCIL DETERMINES A COMPETITIVE BID IS NOT FEASIBLE. AND THE AUTHORIZATION FOR NEGOTIATED PURCHASE WHENEVER IT IS DETERMINED TO BE IN THE BEST INTERESTS OF THE CITY OR AN EMERGENCY EXISTS

The above titled Charter amendment shall become and be considered a part of the Charter of the City of Greenbelt, Maryland, according to the terms of the amendment, in all respects to be effective and observed as such, upon the 26th day of February, 1985, unless on or before the fortieth day after passage, which shall be the 16th day of February, 1985, there shall be presented to the Council of the City of Greenbelt, Maryland, or mailed to it by registered mail, a petition for referendum signed by twenty percent or more of the persons qualified to vote in the regular election of the City of Greenbelt, requesting that the above Charter amendment be submitted on referendum to the voters of the City of Greenbelt.

James K. Giese, City Manager

Council Tidbits

The following matters came before Greenbelt's city council during its regular meeting on January 7:

— Council will soon be considering final enactment of the new City Code, and several amendments are already proposed. One would revise a section of the Code to provide that "found" property turned over to the city by a person who is not an employee of the city would not become the property of the city. Instead, the finder would be able to take possession of the property if it had not been claimed by its owner within 90 days.

— Another section of the new Code relating to design and construction standards may also be amended. For the most part, the city relies on Prince Georges County standards, but in a few instances the city has adopted its own standards. The proposed amendment would allow council to continue to order design and construction standards and would specify that county standards apply where the city has not adopted such standards.

— Council received a request from Joseph Whalen, Maintenance Supervisor for Greenbelt Homes, Inc. (GHI), asking for permission to hook up to Storer cable TV channel A-10 to broadcast GHI board meetings and other functions. City Manager James Giese, in written comments to council, noted that channel A-10 is designated for city government program control and use. Channel A-6, not currently hooked up for Greenbelt use, is to be the public local access channel. It will eventually come

Advertising Writing Class

To Be Held at Library

Prince Georges Community College is now accepting registrations for an advertising writing course. Registrations end three days prior to the class starting date.

"Writing Business Advertising Copy," a four-session course, will be held from 7 until 9 p.m., Tuesdays, beginning February 5 and ending February 26 at the Greenbelt Library.

This course covers writing effective copy, key copy decisions, creating and maintaining interest in copy and techniques for describing a product or service.

For additional information, call 322-0797. There is a fee.

under program control by the city's yet-to-be-established "local origination public access corporation." Giese offered the opinion of city staff "that council should weigh carefully any proposal to access to the city government channel before granting approval. Council may wish to consider as well permitting the temporary use of A-10 by others until the public access corporation and channel A-6 are in operation." Giese recommended, and council agreed, that the matter be referred to the city's Public Access Advisory Committee, with a request that the committee find out which other organizations in Greenbelt are interested in broadcasting.

— Council reappointed Sandi Willoughby, Sharon Weidenfeld and George Stover for additional three-year terms on the city's Crime Prevention Committee.

GDCC Elects Officers

On January 27 the Greenbelt Democratic Coordinating Committee met to elect officers for a two year term.

The newly elected officers for 1985-87 are: chairperson: Richard J. Castaldi; 1st vice chairperson, Muriel Weidenfeld; 2nd vice chairperson, Gary Kohn, at-large executive committee members J Davis and Joe Isaacs.

The Greenbelt Democratic Coordinating Committee was formed in 1981 in order to enhance and safeguard the political strength of the community of Greenbelt. Membership on the committee is open to any Democrat who resides in the city of Greenbelt and holds elected office in the city, county, state or national government; is a president or vice-president of the Eleanor and Franklin Roosevelt Democratic Club; is a member of the Prince Georges Democratic Central Committee; is an officially designated Democratic precinct chairperson or co-chairperson; or is an appointed chief election judge for a Greenbelt precinct.

RLDP PROGRAM FOR GHI MEMBERS

As a service to GHI members, GHI offers a Rehab Loan Deferral Program (RLDP). Under this program eligible members can defer part of their rehab charges. Thus these members have extra money available each month for other necessities. Many GHI members currently participating in the program find it useful for handling changing financial situations such as retirement, a change from full-time to part-time work, and money troubles. The income eligibility limits are as follows:

Number In Household	Income Eligibility Limit
1	18,200
2	20,800
3	23,400
4	26,000
5	27,600
6	29,250
7	30,850
8+	32,500

RLDP participants may defer as much as \$70 of their rehab payment each month. This deferral does not need to be repaid until the home is sold. The loan is assessed a mere 3% accrued interest.

For information, call Member Services Coordinator Maureen Osborne (474-6644).
