Group Considers City-wide Approach To Resolve 'Crime Watch' Problems

by Kelly Harmon

The Crime Prevention Committee has announced plans to initiate a City-wide Crime Watch Program following a recommendation by Mayor Gil Weidenfeld. All but one of Greenbelt's neighborhood Crime Watch groups are currently inactive.

The proposed Crime Watch would consist of teams of two Greenbelt citizens patrolling Greenbelt neighborhoods in a car reporting any suspicious activity to a third team member at a base station via portable radios. The operator at the base station, which would be located at the Greenbelt Police Station, 550 Crescent Road, would relay the information to police.

In no way would citizens approach or apprehend suspicious persons. Teams would operate from midnight to around 6:30 a.m. Each team would serve a two-hour shift. Citizens would not be expected to volunteer more than two hours a month.

"Crime Watch only works when you have three people," according to Greenbelt Police Pfc. David Buerger. "You need a base operator, a driver in the car and an observer. Any less than that and the driver runs into a telephone pole trying to observe."

The only active crime watch

remaining in Greenbelt at this time is in Springhill Lake, according to Buerger. Many neighborhoods have fielded successful crime watch groups during the past decade.

Committee Chair Hal Silvers is supportive of the program. "History shows that we work from crisis to crisis. As soon as the problem is over, people stop coming out (to help)."

The burden will no longer be placed entirely on the police, Silvers said. "How often do you hear people say, 'The police are never here when you need them?'"

"If citizens do not embrace the Crime Watch Program, then the onus is on their shoulders."

Buerger, who holds training sessions for neighborhoods who want to start a Crime Watch Program disagrees with a city-wide initiative.

"In a city the size of Greenbelt, there are so many different areas and types of families. I think it would be a better idea to attack each neighborhood separately," he said.

Silvers agreed, "You should be very familiar with the territory you're going to patrol."

Buerger added: "The worst time to try to start a crime watch is now, there will be a lack of interest from citizens—it's true that people react after a crisis.

We haven't had any real bad crime lately. Knock on wood."

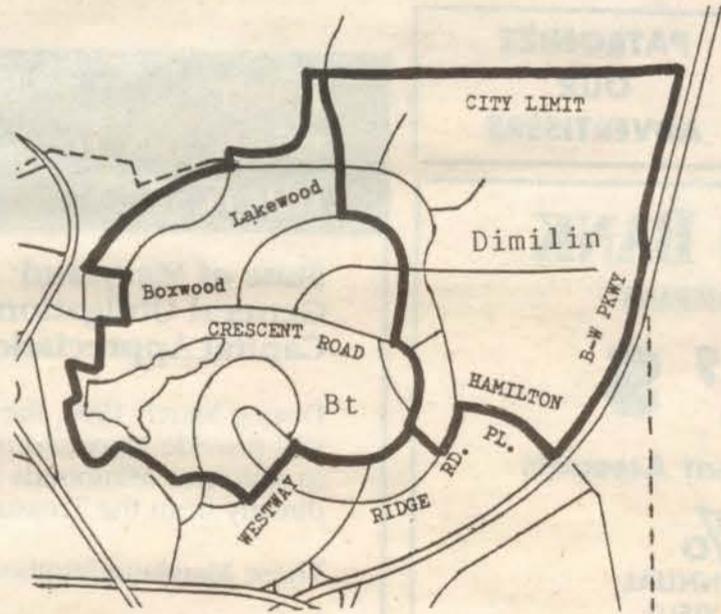

In a letter to Mayor Weidenfeld on behalf of the Crime Prevention Committee, Silvers stated that "the security of Greenbelt depends on all responsible citizens working in conjunction with the police department. It is a known fact that no police department can combat crime and function effectively without the support of citizens.

"Crime watch is not a vigilante effort nor is it intended to usurp the professional police authority. It will teach citizens to be more alert, to know their neighbors and to develop a sense of responsibility towards one another."

The Crime Prevention Committee will meet with Mayor Weidenfeld within the next two weeks to begin outlining the Greenbelt Crime Watch Program.

Crime Solvers Funds

In other business, the committee voted unanimously to donate \$144 from the now defunct Greenbelt Crime Solvers fund to the Fraternal Order of Police to do with as they see fit. The money was raised initially by a bake sale to benefit Greenbelters who offered information leading to arrests in unsolved crimes. The committee later decided that it could not compete with the National Crime Solvers program.

sticky barrier bands for trees, which it will be selling at cost to residents. These bands which are placed around the trunks of trees, are designed to prevent caterpillars on the ground from reaching the leaves above. The City will announce the availability of the bands once they arrive. Any questions about the City's gypsy moth program can be directed to Eric Berlin in the city office.

SHL Toastmasters to Meet

The Spring Speakers Toastmasters Club meets on the 2nd and 4th Tuesdays at 7:15 p.m. in the Community Room above the pharmacy at 9240 Springhill Lane. Individuals interested in improving their public speaking skills are encouraged to visit. For further details call Mark at 350-2217 or Joyce at 474-0567.

GHI Members Approve Loan To Improve GDC Apartments

by Sandy Smith

Greenbelt Homes, Inc. (GHI) members overwhelmingly approved a loan not to exceed \$281,000 to Greenbelt Development Corporation (GDC), a wholly owned subsidiary of GHI, which owns and operates 60 apartments located on Parkway.

Susan Walker, Nominations and Elections Committee member, reported the results of the mail referendum at the GHI Board of Directors meeting on February 8. She deemed the referendum a success with 671 total votes cast, 41 percent of the eligible voters. Also at the meeting, the Board approved a contract for masonry repairs to units on Hillside Road and reviewed three proposals for dealing with building cracking in other masonry units on Ridge and Hillside Roads.

GDC Loan

GHI members voted 571 for and 47 against a loan to GDC to finance a comprehensive rehabilitation program for the apartments. An additional 90 ballots were invalid, primarily for not having a signature or address.

The GDC rehabilitation program consists of a new heating and air conditioning system, new building entry doors, additional parking and other repairs and improvements. While the GDC rehabilitation program did not require GHI approval, the lending of GHI funds for this project did. The Board recommended approval of the 15-year loan at 11.5 percent interest, with one primary purpose to improve GHI's interest earnings. The work on the buildings is expected to be completed by June 1990.

Masonry Repairs

GHI Board of Directors approved for second reading a contract for masonry repairs to 6 F-J Hillside at a cost not to exceed \$6,500. Members in those units have been informed that building movements have ceased and that repair work can now begin. Cracked mortar joints will be chipped out and cracked bricks removed and replaced by toothing into existing brick veneer. GHI maintenance staff will repaint the affected areas.

Masonry Stress Crack Study

Movement and moisture have caused cracking in masonry units at 3 A-D Ridge, 16-K Ridge, 18 S-V Ridge, 17 A-F Ridge, 8 A-D Hillside and 35 A-G Ridge. In order to correct and prevent these problems, GHI contacted three consultants who provided three different approaches: the use of expansion joints to accommodate movement, a procedure to stabilize moisture of the soil beneath the building perimeter footings, and replicating under-drains.

The Board spent considerable time discussing the technologies used in each of these approaches with GHI manager Ron Colton and Jay Freedman, director of technical services. They indicated that none of these procedures will necessarily be the solution in all cases and therefore GHI was approaching the problem from a number of perspectives. Individual situations, such as degree of movement in the units, level of moisture and ability to move equipment into the area, must be considered.

Accepting a management recommendation, the Board approved a contract for \$3000 contract with LEA Associates for preparation of plans and specifications for installing expansion joints in 17 A-F Ridge Road. This is the first step in correcting the problems in this unit where the total cost is estimated at about \$25,

000. This unit is considered particularly suited for a test building, since extensive repairs have already been done to swales and storm sewers in this area and because this unit, compared to others, has had more limited movement.

The expansion joint technology is designed to accommodate a limited range of movement and is not suited for the worst case situations. Retrofitting expansion joints is an experimental technology with no expressed or implied warranty. In this application, expert analysis is that there is a 75 percent probability of success. Once the plans are ready they would be submitted to the Board for review. Bids would then be solicited, reviewed and brought back to the Board for action.

Privacy Screens

The policy on privacy screens was the topic of discussion again at a GHI Board meeting. Board members raised questions about the new policy developed by the Architecture and Environment Committee (A&E). Several members expressed the opinion that 8-foot privacy screens should still be allowed without neighbor consent, which is the current policy but would not be allowed in the new policy. Sixteen-foot fences, now possible with neighbor approval, and longer fences, which can currently be approved by the Board, would not be allowed under the new proposal. Jim Maher, speaking for the A&E Committee, said that the Committee's view was that GHI yards are generally too narrow for long privacy fences. The Board directed management to consider the various issues raised and come back to the Board with a revised policy.

Kite Flying

The March winds will soon be blowing, so get ready for the annual kite flying contest on Sunday, March 18, at 1 p.m. on Braden Field. Prizes will be awarded in various categories.

THANKS

To the Editor:

On February 12 I presented a formal petition to city council requesting the installation of sidewalks on Northway. I wish to thank the 223 concerned Greenbelt residents who signed this petition as an expression of their interest in public safety and all those who attended Monday night's council meeting on February 26 in support of a sidewalk on Northway.

Castaldi to Announce Re-election Campaign

County Councilman Richard Castaldi will kick-off his re-election campaign on March 9 from 6 to 9 p.m. at the Bowie Golf Course and Country Club.

Councilman Castaldi is seeking a third term in office to represent Prince Georges County's 4th District (Bowie, Greenbelt, Lanham, Mitchellville and Marlboro Meadows). Castaldi's political career includes being mayor of Greenbelt, Chairman of Washington Metro Area Transit Authority, Chairman of Washington Suburban Transit Commission, Chairman of the Planning and Zoning Committee of the Prince Georges County Council and numerous other committees, services clubs and civic organizations.

The public is invited to attend the campaign announcement. For more information contact Sonja Johnson, 952-8169, or Ann, 345-7185.

BIG BAND MUSIC AT YOUTH CENTER

People who enjoy listening to big band music, reminiscing, and sing-along with tunes from the '30's and '40's then won't want to miss "Explorations Unlimited" on Friday, March 9 beginning at 1 p.m. at the Greenbelt Youth Center.

Greenbelter, Betty Timer, will be playing music from the big bands of Paul Whiteman through Glen Miller and the Dorsey brothers. She'll also be playing songs of the well known singers of that era, including Frank Sinatra, Bing Crosby, Louis Armstrong, and Doris Day.

For more information call 474-6878.

Greenbelt Earth Day In Planning Stages

The Greenbelt Earth Day Committee is looking for individuals and organizations willing to put together small displays on environmental concerns for the Greenbelt Earth Fair, Saturday, April 21. Also sought are organizations which would like to participate as a group in the "parade" at 2 p.m. on that day, leading to "Hands Around Greenbelt Lake." Help show that Greenbelt is an environmentally sensitive city. Call Tom Barlett at 345-0410 to get ideas for displays or more information.

Environmental Group Meets

The Committee to Save the Green Belt will hold its regular semi-monthly meeting in the Greenbelt Library on March 5 at 7 p.m. Current issues such as Parcel One and wetlands updates will be discussed, and the committee's tour and display for the upcoming Earth Day 1990 on Saturday, April 21 will be planned. New members and volunteers are welcome.

The Committee to Save the Green Belt meets the first and third Mondays of each month from 7 to 9 p.m. at the Greenbelt Library. For further information call Chairperson Rodney Roberts at 345-5427 or Marsha Barrett at 982-0365.

CFG Holds Annual Meeting

Citizens for Greenbelt will hold its annual membership meeting on Thursday, March 15, at 8 p.m. in the City Council Chamber's in the Municipal Building. At 8:30 p.m. "The Role of a Community Newspaper," will feature Bill Rowland and Diane Oberg of the News Review and Ray Heibert, Professor of Journalism at the University of Maryland, Barry Schlesinger will moderate the discussion.

Members will elect new officers and vote on several proposed by-law changes. Primary among them is a change that would discontinue the current practice of allowing new members to fully participate at the meeting at which they apply for membership and pay dues. Also proposed is a one-month change in the start of the membership year, from March to April, and a similar change in the start of the new term for elected officers. The changes, according to the membership notice, are designed to relieve administrative burdens.

Police Blotter

Based on Information Released by the Greenbelt Police Department

While investigating a suspicious vehicle in the area of Lastner Lane and Hedgewood Drive on February 16, Officer Richard Sullivan arrested two nonresident juveniles, ages 16 and 19, for possession of alcohol. Both juveniles were released pending action by Juvenile Services.

On February 19 Officer Robert Dowling pulled a vehicle over for a traffic violation and saw the passenger reach under his seat. Further investigation revealed a .32 caliber handgun. The passenger and the driver, both male nonresidents, were arrested for transporting a handgun. They appeared before a District Court Commissioner and were held on \$1000 bond pending trial.

On February 19, a 23-year-old nonresident male was stopped for a traffic violation in the 6400 block of Greenbelt Road. He then pushed the police officer and attempted to flee on foot. He was arrested for assaulting a police officer, appeared before a District Court Commissioner, and was released pending trial.

Disorderly Conduct

On February 16, Officer Bowling arrested a 20-year-old resident male in Beltway Plaza, charging him with disorderly intoxication in a public place. The young man was released on a citation pending trial.

On the next day, in Beltway Plaza, Sgt. Greg Lynn arrested a nonresident man also for disorderly intoxication in a public place. The 32-year-old man was also released on citation pending trial.

On February 21, Cpl. James Parker responded to a report of a disturbance at the Springhill Lake Shopping Center and arrested a 39-year-old resident female. The woman, charged with disorderly intoxication, was charged on a citation and released pending trial.

Breaking and Entering, Theft

A resident reported a breaking and entering on February 16 in the 6100 block of Breezewood Drive. Entry was gained by coming through the ceiling. A handgun and an undisclosed amount of property were taken.

On February 17 a resident in the 6100 block of Breezewood

Court reported that someone had attempted to break into her apartment by removing the sliding glass door.

On February 17, about 6:20 p.m., a resident in the 9200 block of Edmonston Road reported that a person was trying to force his way into her townhome. Officer Dowling responded to the incident and noticed the odor of phencyclidine coming from the intruder. A search revealed a small quantity of the drug. The intruder, a 28-year-old nonresident male, was arrested and charged with breaking and entering, possession of phencyclidine, and possession of

drug paraphernalia. He appeared before a District Court Commissioner and was held on \$20,000 bond pending trial.

During the evening of February 17, two men in a black Toyota pickup truck with a black cab followed a Domino's Pizza delivery person to the 400 block of Ridge Road. When the delivery person stopped to make the delivery, the men got out of the truck and went over to the delivery person's car; one of them had a handgun. Upon seeing the handgun, the delivery person drove away and went to the police station to report the inci-

dent. The two men are described as (1) black, 6'0", thin build, wearing red sweats; (2) black, 6'2", thin build, wearing a light blue sweat shirt and light blue pants.

On February 20 a large amount of cash was reported stolen from

a locked cabinet at the China Pearl Restaurant, 7700 block of Greenbelt Road.

On February 20 a wallet was reported stolen from an unattended office in the 7500 block of Greenway Center Drive.

Planning Ahead.

Life today is so fast paced, sometimes it's difficult to find enough time to plan everything out in advance.

That's why we've prepared a special booklet entitled, "Planning Ahead," covering such important subjects as the advantages of planning ahead, the importance of a will, and the purpose of a funeral. There are even sections to organize personal biographical, financial and legal information for your family.

If you would like a complimentary copy of "Planning Ahead," please contact our funeral home or simply return the coupon below.

Please send me your free planning guide entitled, "PLANNING AHEAD."

Attention Prospective Home Buyers

Greenbelt Homes, Inc. (GHI), one of the largest and most established housing cooperatives in the country, is offering brief and informative presentations designed to introduce GHI to you. The presentation will explain what a cooperative is, how GHI operates, what services are provided to GHI members under the monthly charges, and the financing sources which are available. This information will be useful to you whether or not you purchase a GHI home. This is an ideal opportunity for persons who are considering homeownership to learn about GHI and to ask questions in a relaxed atmosphere. Let us introduce you to the cooperative lifestyle BEFORE you look for a home. The next presentations will be held on:

Saturday, March 10, 1990 11:00 a.m.

Saturday, March 20, 1990 7:15 p.m.

Please call receptionist at 474-4161 for reservations and information. The sessions are free, and there is no obligation.

JOE'S TIPS OF THE WEEK

Hello Again!!
Two of the most common complaints about vehicles are that they do not have as much power as they once had or the gas mileage has gone down and the engine was just tuned-up a couple of months ago. Well, it could be a number of things, but the first device that should be checked is the fuel vapor recovery cannister system. This is part of the emission control system that recovers the excess gasoline vapors that purge from the gasoline tank, and, on carbureted vehicles, vapors that purge from the float bowl. The system allows re-entry of these vapors in metered amounts to be burned thru normal combustion and not vented into the atmosphere.

Two of the most replaced components are the cannister purging valve and the vapor containment cannister (commonly known as the charcoal cannister). These components become contaminated with gasoline as a liquid and are not designed to purge a liquid, thus annihilating these components.

One very common way to precipitate cannister contamination is to overfill your fuel tank. This occurs when you keep trying to feed your tank after the burp and the pump nozzle shuts off. The excess fuel goes into the vapor recovery hoses as a liquid fuel. This is a no-no because after a period of time the cannister can't purge any more and becomes fuel-soaked, thus not operating in its design state. This is when poor driving conditions occur—poor spark plug life an intermittent engine service lamp or poor fuel economy. These are the first areas that should be checked.

'Til next time
Think Preventive Maintenance

PUBLIC NOTICE

Intelligent Prince George's County Homeowners may avoid the embarrassment of an unkempt lawn by ordering lawn-mowing service prior to the start of the growing season.

Instead of hacking away at knee-deep grass or begging surly teenagers to come to your house, enjoy your weekend with golf, tennis or another pleasant activity.

Yes, the really smart homeowner can return home on Friday evening to a recently clipped, trimmed and bagged lawn and have an entire weekend free to unwind. But this will only be possible by calling for a free estimate no later than our

**DEADLINE
MARCH 17, 1990**

By April our phone will be ringing non-stop with desperate housekeepers who need mowing "immediately." But, you, the intelligent homeowner, by planning for lawn mowing service can have a pre-assigned day for mowing and design a service package that meets your needs and budget. All of this at a price that is competitive with the neighborhood teenager — And at unprecedented levels of reliability.

Tea and Symphony: Reception and Recital

The Al Herling piano recital at Center School this Saturday will be followed by a reception in honor of the artist. Everyone attending the concert is invited to attend the reception as well, which will begin immediately after the concert. Both will be held in Center School and are sponsored by Greenbelt Arts Center. Organizer of the event is Deanne Lange of Pinecrest Court. Lange was involved in a similar reception for Herling's 70th birthday recital in 1985.

The Arts Center reports that over 250 tickets had been sold as of Tuesday. Herling's recital is a benefit concert for the Greenbelt Arts Center and the Prince Georges Arts Council. The Arts Center has announced that its share of the proceeds will initiate a Facilities Development Fund. This fund will help pay for the interior theater facilities in the Community Center to be developed in Center School.

Our Neighbors

by Dorrie Bates

Cover up the tulips, Gertrude, the cold is back! I guess old man winter isn't quite finished with us yet. While the warm air was still with us, we did have some new arrivals.

Justyn Patrick Mileski arrived on February 23 at St. Agnes Hospital in Baltimore. Justyn weighed 8 lbs. 9½ ozs. He was welcomed home to the 4 Court of Crescent Road by his big brother, Kyle, 2, and proud parents, Chery and Kenn Mileski. Kenn is on the Board of Directors of GHI.

Jim and Melissa Sterling have a new little boy at home. James Hunter Sterling arrived recently weighing 7 lbs. 4 ozs. Daddy Jim works for the Public Works Department. Welcome all!

We hear that Elizabeth B. Scriggins has the honor of playing viola with the Berkshire Symphony. Currently a sophomore at Williams College, Eliza-

Noted Young Performers In Concert at U. of Md.

On Friday, March 9 at 8 p.m. the University of Maryland orchestra under the direction of William Hudson, will present a concert in the Tawes Recital Hall on the College Park campus. The performance will feature the winners of the Concerto Competition: violinist Leonid Sushansky, who received his undergraduate degree from Juilliard; violinist Xia Xiao-Cao, who was the 1981 first violin winner of the China National String Quartet Competition; pianist Manabu Takasawa, who received his master's degree at the Manhattan School of Music; and pianist Amy Wang, first place winner of the Young Artist Competition in Venice, Italy. The program includes works by Mozart, Beethoven and Paganini. This concert is free and open to the public. For additional information call 454-6669.
