

## G. H. A. Reconvenes Regular Meeting; New Doctor—Report

Members of the Greenbelt Health Association will continue their regular quarterly meeting, recessed since August 11, on Wednesday September 8 in the Elementary School Auditorium at 8:30 p. m. it was reported by the board of directors at their meeting Thursday night.

At least two board members must be elected as well as taking up the rest of the items remaining on the agenda. Whether or not there will be more vacancies to fill had not been learned at the time the COOPERATOR went to press.

President Hyman Black and Borah Deutschman both resigned as a climax to the meeting held two weeks ago. Black has reconsidered and will retain his position but Deutschman declined to comment upon his status.

It was reported on good authority that there is a strong possibility that the services of a part time doctor have been secured. Details were lacking but definite word can be expected in the next issue of the paper. In the event that this service is secured during the coming week, information can be had by calling the Health Association or the administration office.

## Local Cooperatives Plan for Post-War Years

The cooperatives of Maryland and the District of Columbia, including Farmer and Consumer cooperatives will meet for the first time in a large conference September 11th and 12th at American University in Washington, D. C.

The whole conference will concentrate its interest on the problem of what steps cooperatives should take now towards insuring a more cooperative post-war world. Murray D. Lincoln, President of the Cooperative League of the U. S. A., who was one of the six American delegates at the United Nations Food Conference at Hot Springs, is expected to keynote this conference at a banquet on Saturday, September 11th. He will outline the plans for a large scale cooperative development while at the first session on Sunday morning a farmer-consumer panel will discuss in practical terms what can be done in the direction of closer cooperation between farmers and consumers.

Dr. James P. Warbasse, not only one of the founders of the cooperative movement in America, but also one of the pioneers in cooperative health services, will speak during the second morning session and evaluate the possibilities for cooperatives to enter the field of cooperative group medicine on a large scale, and what opportunities the post-war period opens for cooperatives in the medical field.

Roy F. Bergengren, the Managing Director of the Credit Union National Association, will speak about the aspects of cooperative banking and financing and will formulate the methods by which cooperatives could play an important part on the post-war money market.

The last part of the conference will bring discussions and decisions about forming a federation of cooperatives for the Maryland-District of Columbia area. A representative of the Cooperative League of the U.S.A. will tell of the overwhelming strides into production during the past year and report about the plans for the 1944 full-year celebration of the centennial of the founding of the first store standard cooperative principles in Rochdale, England, 1844.

The conference will be more than an annual meeting, it will demonstrate the courage and the vision with which the people's business is meeting the challenging aspects of a post-war world. The sessions of the conference are open to the public and are free of charge. Write or phone for information to the DISTRICT OF COLUMBIA COOPERATIVE LEAGUE, 2621 Virginia Avenue, N. W., Washington, D. C. Phone Re. 1078.

## Voters May Register At Night, Aug. 23, 30

Mrs. Bertha Bonham, town clerk, will be on duty in her office Monday nights—August 23 and August 30, to take registrations for the 1943 town council elections, she told the Cooperator yesterday. Registering may still be done during her regular office hours any day, she added.

Elections this year will be held in late September for the five council positions. Candidates must file by September 6, paying a \$3 filing fee and submitting a petition of nomination signed by from 26 to 44 electors who registered before the last elections two years ago.

Participation in Greenbelt elections has no connection with party politics in this or any other state, Mrs. Bonham advised. This permits residents of the community to vote here for town councilmen and to also vote in some other state if they so wish, for state and national elections.

## Mobile Blood Bank Seeks 150 Donors

Mrs. Joseph L. Rogers, war service chairman of the Womans Club of Greenbelt has arranged with the Red Cross to have the mobile blood donors unit appear at the Greenbelt Elementary school Monday, August 23, from 9 until 2 o'clock. It is very necessary that anyone who feels able to donate a pint of blood sign up with Mrs. Rogers or Mrs. Daniel J. Neff as 150 donors are needed before the unit can make the trip out here.

It is felt that by having the mobile unit come to Greenbelt many people who cannot take the time to go to Washington to give blood are thus enabled to make this very real contribution towards the winning of the war by giving their blood here. The Red Cross reports that because of the widespread use of plasma on the fighting fronts, casualty lists are much shorter.

## Too Much Too Early

Almost everyone has had his experience with rats at some time or other if he has been exposed to housekeeping for any length of time. Recently on Parkway, the presence of a rat was reported to the town authorities. Now this was grand-daddy of all rats which caused no little consternation on Parkway; in fact such a rat was he as to be yclept "Mr. Big."

The authorities acted, and presently upon the scene stalked three of Greenbelt's finest members of the fire fighting force, one of which was armed with a fore-and-aft hat, one with an axe, and one with a shot gun.

"Mr. Big" was peacefully trapped several days later.

## Soldiers Seek Radios

The Greenbelt Canteen of the Red Cross is asking for donations of old radios suitable to be used by soldiers at anti-aircraft stations as a work project in their spare time. These soldiers are stationed at their post on twenty-four hour duty being relieved at intervals. They must be constantly on the alert when relieved and have no place to go and little to do in this "free" period. Many have expressed a desire to have an old radio to tinker with as a hobby. If anybody has one to donate they may call Mrs. D. J. Neff, 2386 or Mrs. O. M. Slye, 4816.

The barn dance and festival sponsored by the United Nations War Relief which was to have been held on August 14 has been postponed.

Thomas Gordon Harris, residing at 8-G Plateau Place, former student at Greenbelt High School, and about to enter The University of Maryland, was called for the induction center Tuesday, August 10.

## Opening of Center Delayed One Week

The opening of Greenbelt's Child Care Center has been delayed one week, according to information received from Mrs. Elizabeth Hamilton, county coordinator. The nursery will definitely open on Monday, August 30th and will be operated six days a week from 7 a. m. to 6 p. m.

Mrs. Florence Strier of Laurel, Maryland will supervise the nursery school. Her assistants have not yet been announced. Mrs. Strier received her training at Ann Reno Teachers' Training School and New York University where she received her B.S. degree. She has had experience as kindergarten, nursery school and first grade teacher.

The fee for entrance in the Child Care Center is \$5 per week and is payable in advance. If two children from the same family are entered in the school the fee is \$4.50 per child.

Parents are reminded by the county supervisor to read their information sheets which accompanied the application forms. They are responsible for supplying linens, plainly marked with their name for the child's use. Toys may also be supplied by the families as they are increasingly difficult to purchase.

Persons in the community who are interested in volunteering their services in aiding the Child Care Center are invited to report to the school at their convenience.

## Water Sprites in Pageant Practice

Miss Helen De Loach and Mrs. Lois Bowman have been working very hard for the last couple of weeks preparing the initial phases of this year's water pageant and as time is drawing very close to "lights, camera, action" August 25, the directors want everyone in the pageant to report to the pool Monday morning at 10:30.

Take notice Mr. Neptune, Mermaids, Heralds, Trumpeter, Health, Safety, Sport, Fun, and all kiddies in the routines.

Miss De Loach wants anyone willing to help make costumes to be on hand at the above hour.

A special practise will be held at the pool at 7 o'clock Saturday evening for Mary Jean McCarl, June Donoghue, Jane Lindhardt and Patty Bell.

## Greenbelt News Reaches North African Theatre

Pfc. Dena L. Dworsky, a former resident of Greenbelt, now serving with the WACS in the North African theatre of war, has sent a copy of the Army Newspaper "The Stars and Stripes" to Miss Cyrilla O'Connor, 12-B Parkway Road. The following article appeared:

### ARE BABIES ALLOWED?

Greenbelt, Md.—The U. S. Government never said it objected to babies, but about 100 expectant families living in a Federally operated housing project here are beginning to wonder.

A clause in the new leases states that "the tenant must notify the government of any change in composition of the household. Additional members shall not be permitted occupancy of premises except with written permission of the government," the leases read.

Seventeen thousand residents of the project feel that the government, aiming at mothers-in-law, forgot all about the stork."

Pfc. Dworsky has been serving for a period of a year, having received her training at Fort Des Moines, Iowa and Daytona Beach.

## Health Officer Vacations

It was announced this week that the immunization clinic of Public Health department will be closed on August 24 and 31. Public Health Officer William Eisner will be out of town on his vacation.

## 2500 Tons of Coal Stored at Southway

"Enough coal and oil on hand to last through Christmas!" That was the encouraging news from Engineer John A. Johnson of the local maintenance force this week.

Mr. Johnson stated that approximately 2500 tons of coal have been secured and are being stored in a new coal yard off Southway, behind 7 Court. The coal is expected to be more satisfactory than in former years as it is smokeless and will eliminate the soot which bothered Greenbelters last year.

With the construction of the new coal yard it will not be necessary to have coal stored at the individual boiler rooms.

Johnson also said the fuel oil tanks in the Greenbelt homes are all full. The entire heating system has been checked and it is hoped that there will be no inconveniences due to lack of hot water and heat this winter.

## Athletic Club Talks Bowling

The Greenbelt Athletic Club Men's Bowling League is about to sound off some bowling noise and it wants the many new men who might be interested in some darn good fraternal rivalry this fall and winter to get in on the early plans. Contact any of the Club's officers or members.

Lloyd MacEwen, top pin speller last season, is the president, Al Schaffer is secretary-treasurer and John J. Dean is official scorer.

Rolling night is Tuesday throughout the year and the place is Charlie Gentile's University Aileys at College Park, Maryland.

The Bowling league is one of the Athletic Club's most successful enterprises, the league was a 12 team affair last season and could expand as much as will be necessary for new fellows to get in.

## Two Injured Here

While driving on the Lake Road, Monday, August 16, Mr. Lewis Butcher and Miss Helen Buck, both of Washington, had a blow-out and their car overturned three times. Miss Buck suffered a fractured collar bone and severe lacerations about the head and face; Mr. Buck suffered only slight cuts and bruises. The accident happened about 3:45 in the afternoon, and was reported by Lt. Ryan and Lt. Duncan of Fort Meade. The victims were sent to Emergency Hospital for further checkup and treatment.

According to witnesses, the car was not traveling at an excessive rate of speed, nor was the accident in any way the fault of the driver.

## Boy Scouts' Campfire Tuesday Night at Lake

Boys over 12 years of age who want to be charter members of Greenbelt's revived Boy Scout troop should see John Waldo, 8-A Southway, before Tuesday night's campfire program at Greenbelt Lake.

The new group will be known as Troop 202, sponsored by the local American Legion Post. Mr. Waldo will serve as Scoutmaster.

Tuesday's meeting, beginning at 7:30 p. m., will include games, songs, plans for patrol and troop organization, and probably a campfire story before closing 9 o'clock.

## Deadline

Because of the increased difficulty of getting the paper set up within the time previously allowed, it is now necessary to set our deadline for Tuesday night. It will be impossible for news items to get into the paper unless they are brought or mailed to the office by Tuesday. Your cooperation will be appreciated.

## Mrs. Reed Takes County School Post; Mrs. Fugitt Succeeds

Mrs. Catherine Reed, who has served as principal of the Greenbelt Elementary School for the past six years, has submitted her resignation and will assume the post of Prince Georges County Board of Education Division Superintendent of elementary schools in the metropolitan area.

In her new position Mrs. Reed will direct the activities of 14 schools and she will supervise 98 teachers.

News of Mrs. Reed's departure from her principal's post here was received with much regret by officials and others who are associated with the local school system.

Mrs. Reed became principal of the school at its inception six years ago and she has made a host of friends. Her pupils and their parents are high in their praises of Mrs. Reed's administration. The local school has grown tremendously during her regime.

Mrs. Elizabeth Fugitt, who served as a teacher in the local school for two years, will succeed Mrs. Reed as the school principal.

In her letter of resignation Mrs. Reed stated:

"It is with deep regret that I announce my resignation as principal of your school.

"I felt very privileged to be called to service in a pioneer community and the years I have served there have left me convinced that my greatest professional growth took place in your midst.

"This, I attribute to a number of factors; the character of the community, the youth and flexibility of parents and the high general intelligence of the children.

"The children of Greenbelt were a delight to my soul at all times. They will live in my affection forever.

"Mrs. Elizabeth Fugitt is to succeed me. I was associated with Mrs. Fugitt for several years at Greenbelt. I know of no one to whom I would rather trust your children and mine. They will always be assured of a square deal.

"My one request to all concerned with school policies, is that everyone unite in an effort to perpetuate its present working philosophy.

"With best wishes and happy memories.

I am,  
Your friend,  
Catherine T. Reed"

## Police Inspecting All Bicycles; 379 Registered

All bicycles in Greenbelt must be inspected during the next few days in accordance with the town ordinances.

The police department has sent out notices to all of the 379 registered bicycle owners here and many have had the vehicles inspected.

The police discovered that a large number of the vehicles lacked the required bells and those vehicles are restricted from use until a suitable bell is attached. Many bicycle owners found that bells are hard to obtain and this has slowed the inspection somewhat.

The police are paying particular attention to brakes and tires of the bicycles and they are also checking all serial numbers against their records to guard against stolen vehicles.

Bicycle owners who are unable to report on the day assigned are advised to make another appointment with the police within a few days.

## Nurses To Be Registered

All registered and graduate nurses are urged to contact Public Health Nurse Francis Stouffer, Wednesday August 25 from 3 to 4 in the afternoon and from 8 until 9 in the evening at 2 A Gardenway. This registration of nurses has been requested by the National Red Cross so that an up to date record of all available nurses may be compiled.

## Council's Problems To Increase

The coming town elections will give many newcomers to Greenbelt a stimulus to participate more fully in the community's management, for the town council can be held responsible for whatever is good or bad in the town government. These five councilmen, elected by the residents of Greenbelt every two years, theoretically select and maintain a town manager, establish an annual budget, legislate town ordinances for the safety and comfort of the population, and take an active civic leadership in shaping the affairs of the community.

We say they "theoretically" hire a town manager, because so far the town manager and the community manager appointed by the Federal government to supervise the housing project here have been the same person—Roy S. Braden. This arrangement was not only convenient, but practically a necessity, since the town has not had the funds for hiring a full time manager. Then too, the duties of "landlord" and those of operating the local government overlap so intricately in Greenbelt that two separate appointees for the two jobs would probably get in each other's way unless special precautions are taken.

This fall, with the departure of Mr. Braden from his two jobs of running Greenbelt, it is particularly important to elect a town council that will help a new manager get off to a good start in the dual responsibilities involved.

All Greenbelters who have been here for six months, and who have lived in Maryland for a year, may vote for five councilmen next month, no matter where else they may hold civil service or legal voting residence. A special civil service ruling in 1939 safeguards federal employees rights to vote, campaign, and hold office in local non-partisan elections.

However, registration with the town clerk is required in order to vote. If you have any doubt about your registration standing, see the town clerk right away about it. Now that the town clerk will be on duty for registrations two nights — Monday, August 23, and Monday, August 30, from 7:30 to 10 o'clock — there should be nearly 100 per cent registration by eligible citizens for the 1943 elections.

## Old and New

The rather high feeling which developed between old and new Greenbelt when the newer section was first opened up is on a rapid decline, thank goodness. There are a few who still cling to a feeling of superiority, but they are rapidly coming around to a more sensible point of view.

There was a time when this feeling ran pretty high. Shortly after the new houses were opened up some unfortunate things occurred with the result that the Cooperator received several hot letters, most of them unsigned and therefore not printed.

Such feelings were to be expected to a certain extent. Greenbelt fared rather better than most communities which have been subjected to the same growing pains. Such a rapid influx of people into a town as occurred in Greenbelt usually brings far greater feeling than existed here at any time. Crime, juvenile delinquency and other allied items usually increase to a far greater extent than they did in Greenbelt.

Perhaps the Cooperator has not done its part in helping to alleviate such feelings. In the future the paper will not make any reference to the different sections of Greenbelt as old or new or defense and non-defense. From this point on any home in Greenbelt is in Greenbelt and not in any particular part of town unless it is designated as north or south or center.

As Calvin Coolidge said, "It doesn't matter whether our ancestors came over on the Mayflower or as steerage passengers on one of our modern passenger liners, we are all now in the same boat." If we are not all now in the same boat we are in an awful position.

## To the Editor---

May I remind the membership that in them lies the real power in the Greenbelt Health Association? This power is such that they can elect or reject any move made by the medical staff or the board of directors. The board has made mistakes . . . grave ones, which fact it fully recognizes. We must realize, though, that these men are intelligent human beings. They dare not be uninformed in their capacity! Certainly they are more aware of the purposes and goals . . . as yet unattained . . . of the G.H.A. than the majority of the members.

Why, then, must we adopt an attitude of blind belligerency toward them? An example of which was demonstrated by our defiant refusal at the last membership meeting to maintain order, or even listen to any suggestions made so that we might accomplish something, instead of indulging in near mob-hysteria, as we did.

These seven men have not accepted their positions only to "take sides". Nor do they hold office for the mere purpose of asserting their authority. It is too thankless a position unbalanced by compensations of so trite a degree. I feel certain that they are sincere in their wish to act in the interest of the Greenbelt populace.

Surely they have some good ideas. Now that they have at last gained our interest (if not our full approval) let us listen to a few of them. We are the judges. Let us give them a fair trial. If, after they have been tried, the membership feels the present board of directors have not succeeded in their capacity, the membership can then ask for the board's resignation. The board cannot, however, accomplish anything so long as we members continue to create chaos and opposition.

Could it be that plans of actual benefit to the G.H.A. have been and are being carried out? Let us find out before we close our minds to the ability and intentions of the present board of directors.

Jeanne M. McLaughlin

### To the Editor:

The Greenbelt Town Council's hollow gesture with respect to Manager Roy S. Braden's resignation brings to mind the usual practice of locking the barn after the horse has been stolen. If my recollection is correct I believe our Greenbelt Cooperator published the fact that overtures by High Point, N. C., had been made to Mr. Braden previous to the press release in The Star on Monday, August 9. Had our august council been as faithful perusers of our local paper as they seemingly are of the Star they would have "smelled the rat" in ample time to act properly and avoid the "crying over spilt milk" and eliminated the embarrassing situation of their last meeting.

Mr. Braden's choice no doubt was fraught with the usual mental anguish which accompanies the decisions of a conscientious man. His choice perhaps was also tempered by the absence of timely expression of appreciation by our representatives, which was so childishly publicized by a belated salary increase.

My contact with Mr. Braden was singular. His denial of my one request was sufficient to convince me of his sincerity in faithfully fulfilling the duties of his office. Admiration and respect for such a man can never diminish.

Should Mr. Braden persist in his decision to go to High Point it seems only fair that our town council express our gratitude by presenting to Mr. Braden a memorial at least equal to the magnanimous gesture so belatedly offered. Such an expression will convince Greenbelters that our council were sincere in their theatricals and not just replaying the hand after the game was lost. A hard loser is a poor sport.  
C. N. D.

### Dear Editor,

I have read your impartial news report of the recent Health Association meeting and would like to offer several remarks concerning statements made by Dr. Berenberg. Dr. Berenberg is historically inconsistent when he states that "he is not the master of his destiny". He has of his own free will applied for an army commission. And even if he is accepted he still

## OUR NEIGHBORS

Miss Bernice Schur of 4-A Crescent road is enjoying a five week's vacation at Brighton Beach, N. Y. while visiting her grandmother and renewing old acquaintances.

Miss Marilyn Maryn and Miss Lois DeJager have returned from their vacations spent in New York and Chicago, respectively.

Miss DeJager worked as a nurse's aide in the Roseland Community hospital.

Mr. and Mrs. Robert F. Dove have left for a two weeks vacation.

Police Chief and Mrs. George Panagoulis accompanied them as far as Atlantic city. After a few days at the 'world's playground' the Doves continued on to New York City and thence to Ket Bank, N. J. to visit Mr. Dove's brother.

Herbert Hall, Sr., of 7-C Parkway, underwent an operation for gastric ulcers Sunday at the Washington Sanitarium, Takoma Park, Md. His condition, while serious, is showing steady improvement.

Mr. and Mrs. Samuel Houlton and their children, Graham and Beverly, are visiting Mrs. Houlton's parents at Quantico, Md. They expect to be gone for ten days.

Mrs. Horace H. Kramer gave a nice party the other afternoon as a friendly gesture to a new neighbor, Mrs. Dorothy Parker, who with her family, just moved into a house at 6 D Hillside.

Mr. and Mrs. Alfred A. Sansone of 7-B Hillside left Wednesday for Bridgeport, Conn. He will return in two weeks but Mrs. Sansone and the children, Marie and Freddy, will remain until school.

Mr. and Mrs. Leon G. Benefiel and their sons have gone to Sky-line Drive on a camping trip. They will be back August 28.

Mr. and Mrs. Joseph L. Fitzmaurice and children are making a train trip. They left Sunday, intending to stop in South Bend, Ind. for a few days to visit Mrs. Fitzmaurice's parents, and will then go to Manitowoc, Wis. to visit Mr. Fitzmaurice's family.

Mr. and Mrs. D. J. Neff, 3-D Ridge rd. have as guests this week their daughter and family, Mr. and Mrs. Daniel Conroy and daughter Patricia Ann of Baltimore, Md.

Word has been received here of the marriage of Miss Madeline E. Blair and Lt. Frank P. Thurston of the Army Air Forces. The wedding took place at La Junta, Colorado, August 10. It was a simple candlelight ceremony held at the air base chapel with the chaplain officiating. The bride has recently been employed in Washington and has many friends in Greenbelt having lived here for several months with her sister, Mrs. O. M. Slye.

reserves the right to refuse the offer.

Then again no matter which course of action Dr. Berenberg decides upon the actual amount of service he intends to give the community is very vague indeed (notwithstanding a board apology in the offing)! Greenbelt needs more decisive action in medical service.

Furthermore, at the present time many physicians are serving in the armed forces under far more difficult conditions and are busy dodging missiles more harmful than epithets—yet I'm sure they're not threatening lawsuits or making great display over wounded emotions.

Respectfully,  
Benjamin Berkofsky

## Community Church

Reverend Patrick H. Williams of 49 Ridge Road will fill the pulpit in the absence of the Pastor, Reverend Wilmer P. Johnston. Reverend Mr. Williams is living in Greenbelt and his many friends will welcome an opportunity to have him conduct the worship. Mrs. Milton J. Wilksell, 10 B Crescent Road, will preside at the organ in the absence of Mr. William Neblett. At 9:30 a. m. the Church School will meet, with ample provision for all young children, teen age young people and adults.

## Catholic Church

Greenbelt:  
Mass—Sunday 9 a. m. in Greenbelt theatre.  
Confessions—Saturday, 7:30-9:30 at 17-E Ridge Road.  
Berwyn:  
Mass—Daily 7 a. m.  
Mass—Sunday 7, 9, 11:30 a. m.  
Confessions—Saturday 4-6 p. m. 7:30-9:30 p. m.  
Miraculous Medal Novena—8 p. m. Wednesday.

## Greenbelters In Uniform

Frank Drass, chief petty officer of the Seabees, is spending a 30 day leave at his home, at 33-R Ridge road. He will later report to the Bethesda Naval Medical center for treatment for arthritis which he contracted in New Hebrides where he was stationed for a year.

William H. Rogers of 26-C Crescent Road, who has been in Transylvania College in Lexington, Kentucky has been sent to San Antonio, Texas, for pre-flight training as an air cadet to become a pilot.

The following letter was received by Mrs. Marjorie Fuller of 4-B Parkway, from a Yank in London.

I've just come back from London where I spent my 48 hour pass. I would have had a good time if it hadn't rained so much, but that is to be expected here as they have very few pretty days. Most of my time I spent wandering around—got lost half a dozen times. London is an easy place to get lost and the streets are so crooked and all look alike. If you ask an Englishman the way to get anywhere, he will get you so balled you never will find it; I asked one the way to the P. X.—I was only four or five blocks from it then. I followed his directions, caught the subway and when I came out I was four or five miles from it. Finally I saw a G. I. in a jeep who drove me over there. While I was there, I saw "Mission to Moscow". I liked it and so did the English who cheered when Davis made his speech before the picture.

There are two things the English admit that we are better at than they are. One is in making movies and the other is our cig-

### New Babies

Mr. and Mrs. William Moore, Jr., of 14-K Ridge Road ("Poco at the Bat" to you) announce the birth of a son, Dennis Shipley, at the Leland Memorial Hospital, Riverdale, about noon on Tuesday.

A daughter, Donna Maria Sindone, was born August 4 to Mr. and Mrs. Ross M. Sindone of 10-N Southway. Donna Maria was born at Providence Hospital.

Allen Stephen Russakoff was born July 26, 1943 at National Homeopathic Hospital, Washington, D. C. He is the son of Mr. and Mrs. Isidore Russakoff of 3-B Eastwav.

Bruce Paul Watson was born July 25, 1943 at Providence Hospital. He is the son of Raymond A. Watson of 9-B Laurel Hill Rd.

8:30 P. M.**

### Football Squad Called Out

The Greenbelt Packers, Greenbelt's only claim to the world of football, will undergo their first practice of the '43 season Monday, July 23 at Braden Field. All boys from the ages of 14-18 interested in playing for this 135 lb. aggregation will report at 6:30 p. m. on the field. Under the "temporary leadership of last year's team captains, Dan Jones and Joe Cashman, the team will go through a brisk workout including a few calisthenics and practice of fundamentals.

New players will be more than welcome and are urged to report. Returning from last years squad will be Dicky Day, Mahlon Eshbaugh, Joe Lewis, Denny Freeman and Dicky Palmer along with Jones and Cashman. Missing this year will be backs, Jimmie Scorellis and Donny Brewer and linemen, Tommy Caton, Dick Nelson, George Neilson, and Howard Fitzhugh whose work will keep them from playing this year. Also missing will be Bob "Mook" Sommers, center, who is now in the army. He proved indispensable in the snapper back position, as well as a deadly tackler.

The boys are seeking a sponsor and a coach. Anyone having an interest and time to devote to lending a hand to the younger generation, is asked to get in touch

### Shamrocks Play Pair With Photogs Sunday

A lot of old faces will be seen at Braden Field Sunday when the Naimen Photo nine comes to play a double-header with our Shamrocks. Roughly two-thirds of the Naimen nine played on the Maryland Aces in last year's county baseball league.

Maurice Purdy, one of the better first-sackers in the area, will be in the opposing line up for his first visit to Greenbelt this season. Purdy bats clean up and will be the man to hold down. Scalise, Hoyt, Newman, Walsh are the other men who were last year's league opponents of the Big Green.

When Ray Glasgow first came to Washington a couple of years ago he pitched for Naimen Photo, then managed by Bill Price. Although he won 6 games against a single loss the "Razor" was relegated to relief rolls by that skipper and the big Carolinian relishes the opportunity of chucking against the Photogs.

The Photographers are now managed by Jimmy Catloth, a fire, sure-handed second-base man. Catloth gained his early experience as batboy to the Washington Nationals for several years.

with D. Jones. Previous experience will be desired in the coaching line. No experience will be required for sponsor, just a willingness to "cooperate".

### Joe Todd's Courage Steals Show As Irish Win 2 from Northeast

A spunky young Northeastern Athletic Club returned to Braden Field last Sunday for another couple of shots at the Shamrocks. On July 25 they split a double header with the Irish winning the first by 5 to 3 and losing the finale by 5 to 1; this time they dropped two to the locals by 5 to 2 and 12 to 3.

#### Settled Late

The decisive scores were not tallied until late in both games. It was 2-1 until the Shamrocks batted in the fifth inning of the first game. The second was a contest, nip and tuck, and 4-3 until a 6 run uprising in the seventh inning.

Greenbelt's stars were Bill Zerwick, Ted Holt and Joe Todd. Zerwick collected 5 hits in 8 tries and stole 4 bases. Newcomer Holt continued his amazing performance by batting in a pair of tallies in each game. He hit a long homer down the rightfield foul line to clinch things in the first game's fifth frame and got 2 for 2 in the last pair of Green batting turns in the nightcap.

#### Love Of The Game

Joe Todd's work deserves much more praise than can be given here. All summer long the little man has caught double-headers, one after another, and has thrived to the extent that he is having his best season as a Shamrock. He

gave everything he had in these battles Sunday. In two successive innings in the second game he actually knocked himself out to keep the Big Green in the game. He chased a pop fly up the bank by the tennis courts and was KO'd as the ball struck him on the head. Coming back into the game he raced for a popup and tripped over the home team's bench and was struck a nasty blow in the mouth by the ball. After icing down his sore mouth he resumed catching.

Todd got 3 hits in 4 tries in that torrid second game and stole a base, his second of the season.

Jim Breed and Ray Glasgow won their 7th games of the year. For the Texan it equals his winnings of each of his two previous years.

## AS Maryland AS DEVILLED CRABS\*

Speaking of Baltimore, some western people said: "Oh, yes, Baltimore...that's where you get devilled crabs and National Bohemian Beer!" In the minds of people everywhere, Baltimore means grand sea-food and grand NATIONAL BOHEMIAN BEER Both are Maryland institutions which the whole country recognizes as part of its charming life and tradition.

\*If you are a newcomer here and want some DEVILLED CRAB AND SEA FOOD RECIPES, drop us a postal... and we will gladly send them to you.

### Meeting of Bowlers Scheduled for Monday

Any man who knows about or is interested in bowling and wishes to limber up his good strong arm is invited to attend a meeting at the Greenbelt Athletic Club Monday, August 23, 1943 at 8:30 P. M. The invitation further states "Come and bring another bowler."

## POPULAR COOPERATORS

MICHAEL JULIANO

By THELMA FINLAY

Michael Juliano, our popular head barber, was one of the pioneers of Greenbelt.

Originally from New York, Juliano has a wide and interesting background in his profession. Of his thirty years of barbering, fifteen were spent in Washington at the Shoreham Hotel and the Army and Navy Club, where he wielded his scissors and razor on such famous customers as Franklin D. Roosevelt, General Pershing, Admiral Sims, William Jennings Bryan, Edward Filene and many more.

Later he spent several successful and prosperous years in Atlantic City where he acquired his own shop and home. Then the depression. Juliano returned to the nation's capital and finally it was Greenbelt's good fortune to welcome Mr. and Mrs. Juliano and their two children.

## The Cooperative Story Retold

BY MARJORIE FULLER

Last week we told of the development of the cooperative movement in Switzerland. This week we travel halfway across the world to tell you of the new Progressive China—which under the stress of war is developing Over-Seas Chinese Co-operative Society. This is composed of a group of Chinese nationals who fled back to Fokien, China where their South Sea Colonies were occupied by Axis forces. This Co-op Society with headquarters in Yung An, is the largest co-operative activity yet to develop in China and has these four major activities: co-operative credit, co-operative marketing, consumer cooperatives, and a production department which is both industrial and agricultural.

Among the accomplishments of this organization, has been the setting up factories for the production of textiles, stationeries, small machine works and alcohol. In order to drive their factories with electric power they have co-operatively owned and operated electric power plants.

Agriculturally they have cooperated in land reclamation and animal husbandry, and they have produced a neat integration of consumer and producer co-operative activities.

The "Three R's" are being included in this plan also in the form of the Hsueh Memorial Co-operative Reference Library which will go up on the campus of the National Co-operative Training Institute near Chungking which will be built for 150,000 Chinese dollars (about \$5,000 U. S. currency.)

Mrs. Norma Blackett is convalescing at her home at 20-F Crescent rd. from an acute appendectomy performed at Leland Memorial Hospital in Riverdale, Md. She returned August 5th and is now doing very nicely.

Friends and neighbors of Mrs. John Bozek, a former and popular resident of Ridge Road, will be glad to hear of her complete recovery from the serious illness which afflicted her while a resident of this town. Mrs. Bozek now makes her home in Hill, New Hampshire while her "menfolk" are in the Service.

## Police Report Following Articles Await Owners

The articles listed below have been found and are now being held in the Police Station.

- 1 Light blue corduroy jacket
- 2 Ball bats
- 1 Red kerchief

- George J. Panagoulis  
Director Public Safety

Billy Smith, son of Mr. and Mrs. Leroy E. Smith of 6-A Ridge Road, was feted at a party last week on the occasion of his second birthday.

Those who attended were Catherine Barrus, Vicki Christensen, Denny Smith, David Goldfaden, Emmitt Hughes, Maxine Fern, Naomi Mousley, Irving Juhl, Bobby Morgan, Toni Harper, and Eugene Juhl.

Mr. and Mrs. W. Max Armstrong of 39-G Ridge Road are the parents of a son, Richard Dale, born at Columbia Hospital Saturday morning.

## Greenbelters In Uniform

(Continued from Page 2)

arettes. They try to swap English cigarettes for American ones and admit that theirs are no good. They have to pay 45 cents for a pack of 20. Found some cold coca colas while here and had three—the first I had since landing. Tried to find some ice cream but no dice.

I see where you can get all the coffee you want over there. I sure would like to have a good cup of it now. You should drink some of this stuff the English call coffee and what we get in the mess hall isn't much better. We have a NAAFI (which is what the British call a P.X.) on the post and they serve tea and coffee. Well I don't know which is the worst. I get a cup of both sometimes and try to decide which tastes the worst. It is about a hung jury—one is as bad as the other. Well what they call pie! I'll take a dry piece of bread instead. They don't use sugar or any shortening and the results are unedible. Hard to

find anything to drink except warm beer and I can't go it at all.

Well I have to either go to bed or build a fire as it is cold. If I build a fire I will have to clean out the ashes so I think I will go to bed.
