

High School Varsity Cagers Trim Alumni; Girls 33-21, Boys 35-15

Before a very interested and excited crowd of some 336 fans the Greenbelt High School Varsity girl and boy teams defeated their vulnerable Alumni brothers and sisters with surprising ease. The girls' game was much the closer battle as it wasn't until the final period that they really drew away. The boys hustled and scrapped their way to more than double the score on their elders to the everlasting wonderment of their coach, Ben Goldfaden.

Goldy's boys could not win a single game the entire season last year, and now the new edition is batting a thousand.

The battle of the lassies developed into a duel between Helen Zoellner, '41 and Ora Donoghue. Miss Zoellner has lost none of her ability and showed the fans 15 points of why she was able to clinch a berth on a strong Navy sextet in Washington. She caged 6 baskets in 10 throws from the floor and sank all 3 of her freebies. Ora Donoghue got off to a fine start as she rammed home 9 double-deckers and a pair of fouls for 20 points. Betty Ann Dickson sparkled with 5 goals and a free shot for 11 points.

Doris Asher, '43 and Mary Jean McCarl, '42 and Patty Bell, Varsity, did excellent work at Guard positions. Lack of reserves among the grads and fine conditioning by coach Helena Knauer of the Varsity spelled the big difference in the game.

It was a deep-rooted thrill to see the Varsity boys quell a beligerent Alumni quint. Mahlon Eshbaugh and Donnie Brewer were the spearheads of the winning attack, though they were well supported by Ted Fox and Don Wolfe.

The boys have a severe schedule ahead of them but should give a good account of themselves if they retain the spark they showed in their opener. Already they are 100 per cent better than they were last season!

Dick Palmer did very well in his role of bring-em-up guard. Paul Strickler did some good work in his brief stays in the game, especially in holding down a still flashy Bob Egli, '41.

Navy Wives Meet Mon.

The Navy Wives club will hold its next meeting at the home of Mrs. Genevieve Bradley of 15-P Laurel Hill road at 8 p. m. Monday. The meeting will be followed by a social at which time refreshments will be served. All navy wives who are interested in joining this club will be welcome.

One of Greenbelt's popular residents recently received acclaim on Arthur Godfrey's radio program. He wrote a jingle which brought a chuckle from the announcer and we think you might enjoy it too—"A fat girl, like a thin girl, Has a torso, only more so."

Senior Play Scores Hit; Capacity House

The high school senior class play "Nothing but the Truth", played to a packed house Wednesday night and last night at the elementary school auditorium with the cast of 11 carrying out their parts in an admirable manner.

Bob Simmons played the lead with Miss Gay Lou Ingraham playing opposite him. Others in the cast were Thomas Freeman, Norman Daniel, Donald Brewer, Dick Palmer, Leah Sauer, Miss Fay Friedman, Miss June Hammersla, Miss Dorothy Wood and Miss Dolores Davidsen.

Miss Violet Younger, the English teacher, received many compliments for her fine directing of the show and Miss Anne Childress, who was in charge of ticket sales, reported that a substantial profit was realized.

Other members of the staff were Mrs. Glennis Kabat, Ora Donoghue, Marion Wasserman, Jean Anzulovic, Joanne Cusick, Virginia Hazell, Betty Simcoe, Jane Jones, Marion Ball, Richard Day, Joe Lewis, Dicky Somers, Larry Leyh, Roland Miller, Homer Jordan, Donald Freeman, Carl Pearson, Sarah Snyderman, Theo Trewhella, Lois Preston, Kathleen Scott, Rachel Lewis, Ruby Bosma, Thelma Roby, Rosie Billie and Mary Lou Jarboe.

A special performance was given for the elementary school students Tuesday evening.

Budget Hearing Monday

The town council will hold a public hearing Monday evening for discussion of the 1944 budget. The councilmen discussed the budget at a special meeting last Monday.

The transportation committee of the Citizens' association presented an informal outline of their plans and stated that formal request for financial backing from the council will be presented at a later date.

Monthly reports from various departments of the town government will also be included on the calendar for next week's meeting.

Brownies To Hike

The brownies of Girl Scout troop 35, their leader, Mrs. Shirley R. Levine, and Miss Catherine Timmerman of Hyattsville, plan to take a trip to the zoo a Rock Creek park Sunday, weather permitting. The girls will also picnic at the park.

The brownies have just completed one of their important projects of the season—the making of scrap books for their relative servicemen for Christmas. This week the girls began to create their own Christmas cards to be packed in gifts to servicemen.

At their last meeting the brownies were given a surprise Thanksgiving day party. The girls sang, danced and played games. Their guests were Mrs. Hilbert O. Kurth, assistant leader; Mrs. Jasper Dawson, Mrs. Frithjof J. Karlson and Miss Barbara Dawson.

New Shoe Man Hired

George Freaner, manager of the Greenbelt Valet Shop, announced this week the appointment of another shoe repair man to help take care of the extra volume of work brought on by the rationing of shoes and other factors.

The management of Greenbelt Consumer Services has been trying for months to secure the services of another person and great satisfaction was expressed in announcing that the work will be speeded up.

For several months the shop has been able to take shoes for repair on Mondays only and for the time being this policy will have to be maintained. As soon as all the present work has been caught up the shop will take shoes every day of the week.

People who have shoes which have been repaired were urged to pick them up as soon as possible since there is now little space available for the storing of finished shoes. Work is now being completed about a week ahead of schedule.

New Rent Fight Looms; Perelzweig Heads Group Seeking Low Minimum

Citizens Assn. To Also Hear Request For Paid Transportation Manager at Monday's Meeting

Once again Greenbelt residents are to protest the rents charged for the federally owned homes, it was learned this week when a new rent protest committee was formed by members of the Greenbelt Citizens association to make preliminary plans before submitting the matter to members of the citizens' group at the meeting Monday evening at 8:30 o'clock in the elementary school auditorium.

The new rent protest committee claims that the minimum rent charged families of men in military service is much too high and an effort will be made to induce the government officials to set a lower minimum rent.

GCS Members Ratify Employe Bonus Plan

The Greenbelt Consumers Services members at the quarterly meeting held November 24 in the elementary school auditorium, recommended that a bonus be distributed to GCS employes December 24 and that the amount to be distributed be 4.3 per cent of the salaries of eligible employes. This sum would be distributed on the basis of length of service rather than on a salary basis. It was also suggested that this plan be submitted to the War Labor board for approval. If it should not be possible to distribute the bonus according to this plan, the bonus would be distributed on a salary basis as last year. It was unanimously voted to approve the board's recommendation that quarterly and annual membership meetings be held on the fourth Wednesday of February, May, August, and November.

There was some discussion of the proposed new store in the north end of Greenbelt. Thomas Ricker reported that no action has been taken as yet and that he has been advised the the Congressional appropriation for buildings has been used. An additional appropriation is being sought, he said. It is expected that his increase will be approved by Congress and that Greenbelt will be one of the first projects to receive the benefits.

The \$25 war bond door prize was awarded to Henry Bochner. A \$10 share in GCS went to Major J. N. G. Nesbit and a movie pass for a month went to Thomas A. Holland.

Mrs. Dodson reported on the Congressional fight over continuation of the government subsidy program and urged GCS members to send messages to their senators immediately. The members passed a motion recommending the GCS submit a letter to the appropriate persons urging their support of the subsidy program to prevent further inflationary increases in prices.

P-TA Urges Hot Lunches

Parents who are interested in planning hot lunches to be served to the children at school, will meet Thursday at 1:30 p. m. at the elementary school. Those experienced in this work are especially urged to come.

P-TA Plans Xmas Play

The Greenbelt High School Parent-Teacher association will meet December 14 at 8 p. m. and present the Christmas play, "A Perfect Gift". The high school glee club of 100 voices will perform. There will also be special selected musical numbers and readings. The public is invited to attend.

Federal Workers Needed

The Washington branch office of the fourth civil service region has numerous openings for immediate placement of clerks, typists and stenographers.

Qualified persons who are not already employed in war work of equal skill are urged to make application to the associate regional director, Fourth U. S. Civil Service region, 810 18th street, N. W., Washington.

Boy Scouts of troop 202 held their first troop hike Sunday under the leadership of Scoutmaster, John Waldo. Map and compass reading was practiced.

The newest protest follows on the heels of an unsuccessful attempt made last spring to block the rent increase which was ordered by the federal authorities. During that battle a committee was formed by the citizens' group and attempts were made to take the case to the courts. After dragging the fight out through the summer the committee recently disbanded and refunded most of the money which had been donated by local citizens for expenses of the battle.

The new committee, which is in no way connected with the previous committee, is headed temporarily by Benjamin Perelzweig. The latter was named by the Citizens association president, Dayton Hull, to start the ball rolling. This committee will present a resolution Monday night requesting that the rent of families of men inducted into military service be set at no more than 20 percent of the gross current income of the family.

Pointing out that many of the family heads will soon be drafted, with a subsequent financial hardship, the present rent minimums will not leave the families of these men with sufficient funds, Perelzweig said.

The committee claims to have conferred with Community Manager James T. Gobel. Besides Perelzweig, the other members of the committee are Wayne A. Roberts, Nathan H. Schein, Joseph P. Velda, John Biczgalupi, Thomas E. Melley, Ira Soljet and Sherrod East.

The citizens' group will also be asked to adopt an organized plan which will provide for ride sharing within the town as well as between the town and other communities. The proposed plan calls for the employment of a full time transportation manager.

The proposed system was developed by William Hunt, Warren Jones and Roger Lathrop. It provides that if public transportation cannot be secured for a route between the center of the town and north end that shopping pools be arranged and emergency service provided.

While the transportation manager could not issue gasoline coupons and tire purchase certificates he would certify the applications submitted to the ration board.

A questionnaire will be distributed to all local citizens to obtain complete information about their transportation needs and facilities. This information will be used for the operation of the transportation plan and also to furnish factual information to agencies such as the ODT.

Plane Spotters Needed

The advanced class in airplane recognition which is held by the airplane spotters will meet in room 125 at the elementary school Tuesday evenings at 8 o'clock in the future, instead of Monday.

C. S. Turner, chief observer, received work this week that the army is sending a set of cardboard airplane models to facilitate the teaching of airplane recognition.

Attendance at the meetings has been below the expectations and more volunteers are being sought. The beginners class meets Friday evenings at 8:30 o'clock at the same place. Edwin Miles teaches this group.

Volume 8, No. 16 Friday, December 3, 1943

The action taken this week by a group of 70 residents of Prince Georges County, including representatives of Greenbelt, in endorsing a plan to provide a complete recreational program in a fight on juvenile delinquency is a commendable one. In an editorial carried in these columns a few weeks ago concerning juvenile courts it was pointed out that a recreational program must eventually develop. It was not expected, however, that such action would be taken so quickly.

A this point the whole program is a tentative one and must be presented to the commissioners for approval and allotment of funds. The proposed budget of \$61,218 seems to be rather high but, if this would mean only a 4 of 5 cent increase in the county tax rate as it was reported, it would not be excessive.

The increasing rate of juvenile delinquency will force expenditures in either preventative or punitive programs. As was pointed out by Nicholas Orem, former county superintendent of schools, "to prevent crime is always cheaper in the long run than to cope with it after it happens".

An exact program has not yet been developed. In planning such an enterprise, the county may well utilize the best of Greenbelt's methods. The local program is well established and has proven successful and might be gained by using it as a pattern.

It is hoped that the county commissioners will see their way clear to putting the proposed recreational program into effect as soon as possible.

To the Editor---

Now that pre-Pearl Harbor fathers are going into the armed forces, Greenbelt families have found that the rent problem, in view of their drastically reduced incomes, will be practically impossible to solve.

Mr. Gobel, town manager, has indicated that families who are unable to pay their rent will be asked to leave Greenbelt.

A special committee of the Greenbelt Citizens association will recommend to the association that rents be set at no more than 20 per cent of the income of the serviceman's family.

We strongly urge that all interested Greenbelters—husbands and wives—get in touch with Ben Perelzweig, phone 2596, and also attend the meeting of the Citizen's association Monday night, December 6. Sincerely, Ben Perelzweig, chairman pro tem, special committee on servicemen's rents.

Greenbelters In Uniform

Lt. (j. g.) Arthur Rysticken of 7 Woodland Way is now building and grounds officer at the Patuxent River Naval air base. His duties are similar to those he performed here as assistant town manager.

Lt. (j. g.) Norman Moore of 5 Forestway returned Thursday on furlough from Davisville, R. I.

"Do Your Christmas Mailing Now,"—Bryant

"Mail in November" does not mean "Mail on November 30". Postmaster George Bryant reports that little Christmas mail has been started on its way by the public, although the press is cooperating splendidly in spreading the word that November mailings are necessary this year if deliveries are to be made on time.

While postal officials anticipated that their advice to the public to "Mail in November" would bring no very heavy mailings until about November 15, it was hoped that a fair volume would be received during the first 2 weeks of the month.

Mailing of a huge volume of gifts and cards in the last two or three days of November will result in serious congestion in post offices and transportation facilities, with consequent delays. The mailings should be spread over a longer period to avoid a last-minute jam and to assure delivery by Christmas.

Postal officials advise that all who can possibly do so should mail their gifts at once and mark them "Do not open until Christmas".

One Year Ago

(From the Cooperator of December 4, 1942)

The first contingent of local militiamen to earn their medals for excellence in rifle marksmanship made the grade on the Greenbelt rifle range under the supervision of Sergt. Freeman Morgan and Capt. Harry A. Bates. The Miss Victory contest being held in connection with the victory rally seemed to be completely in the dark as no tally of the votes was taken—First-hand "inside" information from both ends of the Axis was scheduled to be presented to the victory rally by two outstanding speakers, Frank Williams, former U. S. Commercial attache in Japan and Richard G. Massock, chief of the Associated Press Rome bureau at the outbreak of war.

Five Years Ago

(From the Cooperator of December 1, 1938)

The town council discussed plans for a definite place where children may use their sleds without endangering their lives or injuring the lawns—The Boy Scout mothers, planned to have a cake sale in the food store—A new pamphlet entitled "Cooperative Medicine" by Dr. James P. Warbasse, pioneer in the field, described the principles and methods of cooperative health associations.

Regular Friday evening services of the Hebrew Congregation will be held at 8:30 tonight in the social room of the elementary school. All are invited to attend. The turkeys in the annual Thanksgiving bowling roll-off were won by: First high set, Sawyer; first high game, Andestad; second high set, Muller; second high game, Goldfaden; third high set, Schaffer and third high game, Stewart.

Three shut-outs were received as the boys went gunning for turkey. The fast-stepping Redskins rolled 579-1666 to shut out the Vitamen outfit 3-0, as Andestad and Muller took home turkeys. American Legion took three from the league-leading Eagles with Frank Lastner's 338 set being tops. Snafu applied the white wash brush to the Corner Delicatessen outfit 3-0 with Isaac's 344 set tops for the Navy.

Yankees defeated Tenderfeet 2-1 with Ben Goldfaden and Al Schaffer turning on the heat as they took home turkeys and Commandos defeated the Minute Men 2-1. Co-op took the odd game from the Police and Firemen, aided by a 127 game by Hugh Hawkins and Scorpions, paced by Sawyer's 132-382, tripped Paradise Lane 2-1 as the Triggermen bested the Defenders 2-1.

Bed Spread Ruffled

The crocheted bedspread that was ruffled by the Catholic Sodality at the Catholic Truth committee meeting last week, was won by Mrs. John Fallon, 2-A Research road.

Another of the old gang has "shoved off". HENRY "HARRY" L. GRIFFIN, of 16-B Ridge Road, has packed up his AP camera, donned the olive drab of a war correspondent, and is on his way to "shoot up" the Germans in Italy for a pool of syndicates including: Acme News, International News Photo, Life Magazine and his old Associated Press. He and 20 other photographers will cover the entire global warfare; he is assigned to General EISENHOWER'S command, accredited to Mediterranean Fleet and field troops in Italy.

HARRY leaves a generous collection of his prize winning news shots to adorn the walls of the GREENBELT ATHLETIC CLUB'S Greenbelt ATHLETIC CLUB'S Clubhouse. He is to be remembered for the many hours of untiring work he spent in behalf of the Club.

The man who now wears a (C) on his arm band was one of the first to turn sod on the athletic field out where SHERRY EAST lives. When interest died down on that the gang switched to the site behind the median center some 6 years ago. Then the club moved again—to its present site. The clubhouse was built entirely by its active members, under the direction of BUCK WILLIAMS, HERB HALL and CHARLEY BRADLEY. HARRY GRIFFIN was one of the "beavers".

HARRY was chairman of the clubhouse committee under CHARLEY BRADLEY'S regime and was beaten for presidency by AL BOWMAN, president proxy, by 1 vote.

We'd all like to see you get the picture of that bum, HITLER, on his deathbed and then hurry home bud.

We smell good things cooking in the field-house deal. The aromas are drifting in from the direction of the own council? The shack to change smelly uniforms, take a shower, store equipment in, has been agitated for a long time. Or do we suffer hallucinations?

If it snows anytime soon remember this tip. There is an excellent sled-riding hill in town. Go up Crescent Road hill in the direction of "A" block until you come to court N. 3, turn in. At the rear of the further 3 Crescent Road homes (D and E) starts a slope that continues down a fairly steep grade until it dips sharply to bridge the creek that feeds our lake; the sled path then skirts the tip of the lake and lifts gently to stop sleds some 350 yards from the hilltop.

Old-timers, young and old, have used the run before. It wasn't used last year because of the bad condition of the bridge crossing at the bottom. HARRY RHODES and his men have it all fixed up now.

BILL HOLLOWAY, one of the mainstays of the SHAMROCK nine in last summer's campaign presented a third daughter, BRENDA LEE, at Leland Memorial Hospital by his wife, FRANCES. BRENDA was a tiny mite of 4 pounds and 1 ounce at birth, November 12. BILL'S and FRANCES' daughters are 3-B's BERNADINE, BONNIE and BRENDA. Incidentally, Mrs. HOLLOWAY was one of the best on the ladies' town basketball team last winter.

Jones, Cashman and Leiper Great In 15-6 Packer 'Homecoming' Win; Berwyn Passes and Fumbles Help

The Greenbelt Packers closed their season in a "Homecoming" victory at Braden Field last Sunday by capitalizing on Berwyn misplays in the first period of the game. They ran up 15 points to Berwyn's lone touchdown in the third period. It was the second time the locals have beaten their neighbors and the fifth win in nine for the young Greenbelt 11. One game was a 6-6 tie.

Packers Trounced 18 to 0 By Sligo

The Greenbelt Packers were shamefully mismatched with a win hungry Sligo Athletic Club at Braden Field in what should have been a keen Turkey Day battle. Sligo had played the Packers earlier on their own field and won by 6 to 0. They made no pretence of giving the host Greenbelters a chance when they showed up with virtually a whole new team of larger older men. The lightest of them outweighed the heaviest Packer.

Downed by three touchdowns to none the Packers nevertheless scrapped to the man and gave their fans a good show of courage. Blake Palmer, Danny Jones and Joe Cashman did excellent work as did Mahlon Eshbaugh and Dickie Day.

Quarterback Cocorus scored the first tally for Sligo on a 2 yard center smash. Newmeyer passed 35 yards to Leach for the second and the final was tallied on a wide sweep around left end by Armand Newmeyer after the Packer line held for 3 downs on the one foot line. All attempts at conversion were missed.

Iced Early

Joe Cashman and Danny Jones supplied most of the offensive fireworks, with a spectacular assist credited to

DANNY JONES came on a 3 yard line buck by Ginn Johnson, best back on the visitors.

Greenbelt got possession of the ball deep in enemy territory with less than a minute of the game gone on a recovered fumble. They worked it to the 11 yard where their offensive bogged down. Jones calmly booted Greenbelt's first field goal of the season from a bad angle. Jones kicked-off to Johnson on the 7. The Berwyn lad romped to the 27 where he was tackled so hard he fumbled the ball to Greenbelt again.

Air Invasion

Cashman got off a 26 aerial to Herb Sully, who was tackled on the 1 yard line. Two plays lost a yard before Cashman crashed through tackle for the marker. Jones' attempt was wide.

A poor kick-off was gathered in by Berwyn on their own 45. Wolfe and Jones knocked down a long pass by Bramblett and Jones intercepted his next pass on the Greenbelt 28. The Packers began another march. Wolfe picked up 3, Jones added 6 and Cashman made it a first down on his own 47. Jones went off-tackle for 5, Cashman sped around right-end for 4 and Wolfe went on through center for nine yards and another first down on the Berwyn 35. Harry Leiper covered a large chunk of geography as he sped out of a reverse for 26 yds. to the 9 and a third straight first down. Joe Cashman set up the scoring play by cracking the line for 4. Jones did it on the next play. He bulled through left guard and tackle. His try for the point was again wide.

Franklyn Sipes got in the game as Jones again kicked-off to Berwyn. It was Sipes who made the game's most spectacular tackle, a smashing shoulder to shin affair, that jarred both boys out of the game.

Greenbelt outrushed Berwyn 156 yards to 59. Dan Jones got 69 yards on 13 tries for a little better than 5 yards per carry and Joey Cashman made 42 in the same number of carries for 3 plus. Harry Leiper stunned the fans with 3 great forays from reverses and a double reverse totaling 39 yards. Cashman completed 3 passes in 10 tries for 35 yards.

Dutch Bramblett tried 11 passes and pitched 4 of them right to Greenbelt, none to Berwyn's maroon and gray shirted receivers!
