

Cormack Asks Transfer Of Rent Case To Federal Court: Claims Immunity

In response to a "show cause" rule served by the Prince Georges County sheriff's office, Charles M. Cormack presented a limited amount of evidence as to why a rent increase in Greenbelt is justified, claiming that the five-day limit on response was insufficient to prepare a more detailed answer. He also filed a petition with the United States District Court for the District of Maryland for removal of the case to that court's jurisdiction instead of the Prince Georges County Circuit Court.

Claims PHA Immunity

The Public Housing Administration's community manager claimed in his petition that the rule, served him on June 18 in behalf of Mayor Thomas J. Canning and Frank J. Lastner as individual residents, was unjustified because the plaintiffs had not exhausted all administrative approaches; PHA is not subject to federal rent control; and PHA did everything in accordance with federal rent control anyway.

Canning and Lastner claim, however, that while they as individuals had not "exhausted" administrative approaches prior to filing their petition in the county, it had been done for them when the Greenbelt Rent Protest Committee filed a petition for reconsideration with the Office of the Housing Expediter. So far as the question of federal rent control application to PHA is concerned, the plaintiffs pointed out that there has been no decision to this effect, and posed the question of why PHA attempted to comply with federal rent control provisions, including approval by the Housing Expediter, if the federal government is not subject to its own laws.

The "show cause" rule was served primarily on the basis that PHA had violated the federal rent control law, which does not provide for comparability as justification for rental increases. Further violation of the law was claimed in that the landlord failed to certify that present maintenance is the same as on the maximum rent date (for Greenbelt, 1941), and that he will continue maintenance at the same level. Another illegality claimed was failure to comply with the law's provision for a public hearing before a local advisory board.

Hearing Will Be Held

A motion to remand their case to Prince Georges' jurisdiction was entered by the plaintiffs. In any event, whether local or federal jurisdiction is decided upon, a hearing will be held in which the plaintiffs will have an opportunity to present their case.

Considering this case a test for the entire community, the Rent Protest Committee engaged the services of local attorney Abe Chasnow to file the necessary papers. In a meeting Tuesday night, the committee, of which Canning is chairman, decided that if the hearing—whether local or federal—fails to result in an injunction, they will continue to assist the plaintiffs in an appeal.

Canning pointed out that if an injunction is granted, Cormack will be restrained after that time from continuing to collect any rents in excess of those in effect April 1, but that the action will not be retroactive. Residents wishing to recover amounts they have already paid over April 1 rents will have to file individually in a court of claims.

More Funds Needed

The committee has started a fund drive, and for those who contribute will file the necessary papers when the time comes, Canning said. He added that the committee's funds have been virtually exhausted in the legal work that has been done in connection with the Canning-Lastner case, and in connection with previous "administrative approaches."

GVHC Gets Buying Job GMHOC to Stay Active

All members and assets of Greenbelt Mutual Home Ownership have transferred to the Greenbelt Veterans Housing Corporation, with the GMHOC board of directors holding membership in both groups.

Mike Salzman, president of both boards of directors, explained that GMHOC was kept in existence because two distinctly different types of housing organizations may be advisable: one to buy land in Greenbelt, for development purposes, prior to sale of the entire project; and the other to buy the residences when PHA sells Greenbelt all together.

In order to take advantage of the maximum FHA mortgage benefit mutual developers must have at least 75 per cent veteran membership, Salzman said. The new corporation—GVHC—will have no means of controlling the veteran percentage of its membership, he added, since it must admit, on equal terms, all residents of Greenbelt, whether veteran or not. (Purchase of existing homes requires no such veteran percentage.) That organization, then, will be devoted to the purchase of the existing houses when the city is put on the block, while GMHOC will keep its nine members as a board in the event it is possible later to secure land for development. At that time, it will limit its non-veteran membership to 25 percent to be eligible for FHA aid.

In accepting the transfer of members and assets, the GVHC board of directors announced that it is prepared to accept all residents as members. Newcomers, it was stipulated, must pay \$11 in application and membership fees, as did members of GMHOC when they joined that corporation.

Greenbelters Meet In "Paris In Spring"

Paris in the spring was the setting for a conversation about Greenbelt, when Paul Hawk, 45-Ridge, met Dayton and Anne Hull, former Greenbelters, at the ECA Headquarters there. Mr. Hawk is on a trip overseas for the Commerce Department, trying to arrange for the export of American goods under the ECA plan.

After discussing Greenbelt with the Hulls, Mr. Hawk left for Rome by plane, only to discover Anne Hull sitting a few seats ahead. Dayton and Anne asked Mr. Hawk to convey their regards to all their friends in Greenbelt. They are stationed at the United States embassy in Athens, Greece.

In his travels, which have brought him as far as Casablanca and Tangier, he has been entertained by many government officials. One dinner that he attended was held in the former palace of a Sultan. The guests ate in near-eastern style, seated on cushions, and partaking of native dishes. The only concession made was the use of knives and forks, a quaint custom westerners refuse to discard.

used in the fund drive, he added, and invited anyone interested in assisting with the campaign to call him at 8391.

The Police Blotter

Week of June 13-20

Boys playing in the old house behind the maintenance building were investigated by the police, who found a Washington resident and his children removing wood bought by him from the Government.

A woman reported her screen broken while she was away.

Police were called to investigate disorderly boys in the drug store, but the boys were gone upon arrival.

In the twenty court of Crescent, a prowler was reported.

Earl L. Smith of 16-Z-2 Ridge was hurt in church. He was taken to the Medical Center by John H. Elder and treated by a doctor.

A Linett, Alabama and Washington ear were involved in an accident on Crescent and Southway. The passengers escaped injury although the cars weren't so fortunate.

Mike Denny of Tract 83 injured his head at home and was taken by the police to a local physician, who placed a clamp behind his left ear.

A Washington resident reported her purse stolen during her stay in Greenbelt.

Police were called to remove some children from the Community Church construction site to protect them from injury. Police advised mothers to keep their children away from the site during construction.

Several bicycles were reported during the past week; a few were recovered by the police.

Mrs. Selma Blew of 9-L Parkway fell at the Center. She was revived at the scene and taken by the police to a doctor who treated her for an injured forehead, skinned knees, and slight abrasions on her elbow.

Week of June 20-27

Since the pool has opened, the police department has been deluged with complaints about stolen bicycles. Chief Panagoulis attributes the thefts to out-of-town residents, who find themselves in need of transportation after swimming at the pool, since almost all of the bicycles are found abandoned away from Greenbelt. Panagoulis cautions those owning bicycles to be sure to lock their bikes or protect them in some manner before parking them for any length of time.

Attention is also called to the town ordinance that prohibits the use of fireworks within the city of Greenbelt, unless authorized by the City Manager. Fines from \$2.00 to \$25.00 can be levied on violators of this ordinance.

A boy shooting a rifle at the lake area was the cause of a complaint last week. The shooting was responsible for injuries to Steve Ingraham, of Four Corners, Md., Miss Zell, 41-A Ridge; Miss Roehling, 39-F Ridge. Police confiscated the rifle from the owner, the son of a Greenbelt resident.

While riding his bicycle, Leo Rosenthal, 5-D Ridge, was injured when he struck a traffic sign. He was taken to a doctor by a local resident, escorted by the police. A clamp behind his left ear was required to close a wound.

Two complaints about snakes were received. One involved a snake eating a bird in a tree in the 34 Court of Ridge. The snake was killed by the police. The other snake was gone when the police arrived.

A case of vandalism was discovered at the high school over the week-end. A lock was broken off the door to the coal chute, the handle on the door to the furnace room was damaged, the rear door glass was shattered by a high-powered air rifle and six glass blocks were broken in the rear of the high school.

Summer heat was responsible for two complaints about loud radips. See BLOTTER, page 3

City's 4th of July Program Promises Three Days of Fun

A program of fun for adults and children is promised for the Fourth of July weekend celebration by the Committee. Events will include contests and races of all kinds in which both young and old can compete, with prizes for the winners. The first activity will start at 10 a.m. on Saturday with a swimming and diving meet for boys and girls, and the program will close with square dancing which will last until midnight on Monday. Most of the activities will be centered on or around the stand which is being put up between the swimming pool and the school.

An official schedule of events is being distributed to all the homes in Greenbelt along with the Cooperator tonight.

In addition to the schedule for the parade, Councilman Allan D. Morrison, chairman of the celebration, hints there will be some additional novelties such as the clowns Ike and Mike, a marching dog, and pigs. Also, a colossal firecracker will ride in solitary splendor on a cart as part of the parade.

As an added attraction, the first 700 children who line up for the march at the corner of Southway and Ridge Road at 10 a.m. on Monday will receive an inexpensive but colorful gift.

Chief of Police George Panagoulis, who is in charge of the parade, stated that all marching units, floats and decorated cars should assemble at Southway and Ridge Road at 9:30 a.m. Boys and girls planning to parade on wheels should meet at Parkway and Crescent at 9:45 a.m.

Mr. Morrison announced that there will be seven judges who will judge not only the parade but various other events. The judges are Frank H. Riley, Rev. Eric T. Braund, Mrs. Harry Fleisher, Wayne A. Roberts, David R. Steinle, James N. Wolfe and Mrs. Samuel J. Ringel.

Councilmen from neighboring towns as well as the Prince Georges County Commissioners have been invited to attend the celebration.

In addition to Chairman Morrison, other members of the fourth of July Committee are Mayor Thomas Canning and Councilmembers Mrs. Betty Harrington, David Granahan and Frank Lastner, City Manager Charles T. McDonald, Director of Public Safety Panagoulis and Recreation Director Sam Fox.

Southway Courts Get Play Areas

Town crews are at work with bulldozers on the new baseball and play areas behind the 7 and 9 courts on Southway, according to City Manager Charles T. McDonald.

McDonald commented that he had received only three actual complaints on the new system of trash collections, and that the new plan seems to be a great improvement over the old system, whereby some residents had their garbage and trash collections spaced unevenly over the week.

McDonald stated that he would like to correct the impression given by a recent "Cooperator" story on the appointment of Thomas Freeman as Postmaster in Greenbelt. McDonald pointed out that the President of the United States made the appointment, and not the City Manager, as some residents seemed to have believed.

ATTENTION!

A lengthy unsigned letter was received by the Cooperator last week. If the writer will identify himself, it will have a better chance of appearing in the Cooperator.

Midgets Hold Eastern Boys Club To 4-4 Tie

The Boys' Club Midget baseball team ran into its stiffest competition of the season last Friday when it journeyed to Washington to meet the strong Eastern Branch Boys' Club nine.

Greenbelt jumped into a one-run lead in the first inning when Tony Baker beat out a bunt, to score later after two walks and a sacrifice fly. Johnny Lewis, who pitched the first four innings, held the home club hitless and scoreless. Bing Miller took over the pitching duties in the fifth and experienced some difficulty in getting the ball over the plate. Miller gave up three bases on balls which all resulted in runs.

The Midgets came to bat in their half of the last inning on the short end of a 4-1 count. Mike Cockill beat out a bunt to start the inning, and scored on Miller's single. Miller later scored when Bobby Gross was safe on an error, to make the score 4-3. Bobby Gross then stole home to tie up the ball game. Miller retired the side in order in the bottom of the seventh. Darkness put a halt to hostilities, which will be resumed at a later date.

The outstanding play of the game was Stewart Knott's throw to the plate to nip a man attempting to score after a fly to center-field.

PHA Plans Paint For Both Projects

The interiors of fifty homes in the original Greenbelt project and fifty in the war housing area will be painted as the beginning of a long-range painting project in the community, PHA Manager Chas. M. Cormack announced Tuesday.

Bids for the work are out and will be received in the administration office next Monday. The first group in the war housing to be painted will include homes which have been unpainted since their original occupancy.

Hat In The Ring

Now that the dog days have arrived, somewhat ahead of schedule, the combination of ninety-degree heat and ninety-percent humidity has most Greenbelters too busy cooling off to think of anything else for the time being. There are a few hardy souls, however, who have their eyes on the far horizon of autumn, when both temperatures and humidity will be subjected to the effects of hot air of the political variety. This, in case Greenbelt has overlooked it, is a municipal election year, and already there is one foretaste of the flurry of electioneering which will be blowing around the city's ankles along with autumn leaves. A nomination petition is out, and even now residents are having to decide, between cooling sips and dips, where they will bestow their one endorsement of a would-be candidate.

Always an absorbing interval, the election period this year should be more interesting than usual because of the framework in which it will occur. The town is struggling toward its independence of the Federal government and its rightful place among the cities of its county. Since the last election two years ago citizens have had the opportunity to work together instead of in warring groups, and have seen the good results of united effort. It will be rewarding to watch the influence of this experience on the conduct of this year's contest for the council.—E.H.R.

Co-op Camp Starts In Fall

The Potomac Camp Cooperative is making plans for its annual co-op vacation camp to be held again this summer at Camp Letts, on Rhode River near the Chesapeake Bay, for a 9-day period from Friday, September 2 to Sunday, September 11.

Besides swimming, boating, canoeing, sailing, fishing, softball, tennis, badminton, and hiking, there are outdoor art classes, campfire gatherings, folk dancing, group singing, movies and supervised child play periods.

Persons may be accommodated for any part of the 9-day period. Miss Florence Bayreuther, assistant executive secretary of the Potomac Cooperative Federation, will manage the camp. Further information may be had from the pre-camp secretary, Miss Dorothy Petri, at Woodley 0826.

City League to Study Greenbelt Zoning Plan

Area municipalities represented in the Maryland League of Municipalities are planning a meeting to discuss the proposed Prince Georges County zoning ordinance, according to City Manager Chas. T. McDonald. The subject was discussed at the recent meeting of the League in Ocean City, Md., attended by McDonald. The ordinance is at present under study by a group of attorneys appointed by the county commissioners.

The ordinance would replace the proposed plans for Greenbelt suggested by the Hale Walker plan.

Community Chorus Holds Annual Dinner

The Greenbelt Community Chorus' second annual dinner, served by the Beltsville chapter of the Eastern Star on June 6 in the Center school cafeteria, was attended by 70 members and guests.

The program included vocal selections by Doctor and Mrs. Randall, Fay Friedman, and the chorus. Mrs. Edna Jones designed the mural decorations, programs and place cards. Suggestions for increasing the membership of the chorus were offered in remarks by Messrs. Cormack, Randall and McDermid.

The new officers elected at the May meeting, were installed and a committee, headed by Mrs. June Lane, was appointed to prepare a float for the Greenbelt Fourth of July celebration parade.

Boys' Club Junior Nine Take Green Meadows 7-6

The Junior baseball team of the Greenbelt Boys' Club squeezed out a 8-6 victory over a strong Green Meadows aggregation at Braden Field last Wednesday afternoon. The game was closely contested all the way, with Greenbelt's power deciding the issue.

Don Hannahs went the route for the home club allowing nine scattered hits while striking out 8 opponents. Bobby Kosisky led at bat with three for four, while Frady, Jamison and Hannahs each collected hits. Roger Frady's long double in the bottom of the eighth inning pushed across the winning run.

The Juniors will entertain Glenn Dale at Braden Field next Wednesday.

Final Guild Meeting

Mrs. Glen Kitchin and Mrs. Arthur Krause entertained the Community Church Guild on June 9 with a luncheon at the Kitchin home on Ridge Road. Mrs. Eric T. Braund read a booklet on Christianity in modern Japan. Mrs. Willard Ehrhardt gave a report on the Congregational Church conference she attended as delegate from the Guild in May, at Dover, New Jersey. During the business session it was voted to send clothing to a sharecropper's project in Missouri. A donation of ten dollars was made to the summer camp scholarship fund.

At the close of the meeting Mrs. Erhardt was presented with a farewell gift. This was the last meeting of the Guild until September.
