

Children Will Get New School After All

FPHA May Erect North End Store, Health Center and Additions

Council Still Seeks To Retain Town Manager Braden; Elections To Be Held In Fire House

By EILEEN SHERIFF

Considerable new construction is being planned for this town, it was revealed by Town Manager Roy W. Braden at the regular meeting of the Town Council which was held at the council chambers Monday evening.

Plans have been made by the Federal Public Housing Authority to erect a new health center and a child care center, the town manager stated, and it is also planned to build a complete store center for the convenience of residents of the northern section of the town.

The FPHA also contemplates the addition of six rooms to the high school building and the erection of an auditorium there. Additional rooms will also be built at the elementary school site.

Other construction which is being planned, according to Manager Braden, is the erection of a new building to house all the maintenance offices and additions to the present management building.

Job Not Frozen

Working on the basis that Town Manager Roy Braden has not actually handed in a resignation to the Greenbelt Town Council or Federal Public Housing Authority, members of the council are still "beating the bushes" for means of retaining Braden in Greenbelt. Thomas Ricker informed the manager at Monday evening's meeting of the council that the War Manpower has advised the council that the manager cannot be frozen in his present federal position but can be frozen as town manager by the council if all town employees were similarly effected. Councilman Ricker stated that all possible means are being taken to retain Mr. Braden in the town.

Elections

The council voted this week to hold the fall council elections, Monday, September 21, in the local fire hall and appointed judges and clerks to officiate. Lou Mullins was named director of counting, Tom Evans, Mrs. Joseph Long, Anthony Madden, John Teel, George R. Edmiston and Mrs. James Beck were appointed judges and clerks. Alternates will be Mrs. Frank Drass, John P. Murry and Mrs. Thelma Graham. The council chose to hold the elections in the fire house as this will provide more space.

Town Manager Braden informed the town governing body this week that there is still a possibility than an understanding can be reached with county officials in order to provide school space for kindergarten and first and second grade pupils in the north end of town.

Pension Plan

A pension plan for town employees was presented to the councilmen by the Aetna Insurance Company. The town manager stated that several other companies will be contacted and more information will be gathered before the management will present a formal plan for the consideration of the Council.

Four Children Attend Child Center Opening

Greenbelt's Child Care Center was officially opened at 14 Parkway this week with only four children attending the first day. Applications for over twenty children have been received and it is expected that even more will be enrolled in the near future, according to Mrs. Elizabeth Hamilton, county coordinator of care centers.

The Child Care center is experiencing a shortage of toys, according to the director, and will appreciate any contributions that people in the town can make.

\$35,000 Goal Set For Greenbelt in Third Loan Drive

Teamwork will keynote the part Greenbelt Consumer Services and the Greenbelt Theatre plays in the Third War Loan Drive, according to Jack Fruchtman, manager of the Greenbelt Theatre, whose appointment as chairman of the local campaign was announced this week.

The appointment was made by L. C. Griffith, general chairman of the Third War Loan for the War Activities Committee of the motion picture industry, and Frank Hornig, state chairman. It is considered a tribute to the effective work that Mr. Fruchtman has done as local chairman of the War Activities Committee. He was a leader in the war bond drive last year and in many other war activities conducted by the motion picture industry.

The local bond drive will aim at \$35,000.00 in sales, according to Mr. Fruchtman. A program is being planned that will make use of the facilities of all of the co-operative stores and personnel.

Mayor Morrison is scheduled to speak at the opening of the local drive on September 9. An effort is being made to get an outstanding personality from one of the armed services and a motion picture star if possible.

"The policy of a free admission to the theatre with each purchase of a war bond is still in effect", said Mr. Fruchtman. He pointed out that the local theatre has sold an estimated \$50,000 in bonds in the last year.

Chest bands bearing the words "Buy War Bonds—Third War Loan" will be secured for each of the persons working in the stores. The possibility of setting up a booth in the shopping center is being discussed. It is probable that stamps will be sold in the stores. Complete details will be available by next week, the Co-operator was told.

Minute Men Change Drill Night to Wed.

The regular drill for Greenbelt Minute Men will be held Wednesday nights instead of Tuesday, effective next week, Captain Harry Bates announced Tuesday night.

Although Tuesday has served as drill night ever since the Company was organized in the spring of 1942, Captain Bates said he believes a number of additional volunteers will join if the meeting night is changed. Greenbelt men wishing to sign up for service in the state reserve militia may call Captain Bates at his home, 13-F Ridge Road, or report to the company's headquarters room any Wednesday night at 8 o'clock. The room is in the basement of the Elementary school.

Roll will be called at 8:15 o'clock hereafter, an order from the commanding officer states.

In addition to the weekly drill and training period local Minute Men have rifle practice on the Greenbelt Gun Club range back of the town disposal plant Sundays at 10:30 a. m.

Forming Bowling Team

A Minute Men team will participate in this year's bowling tournament, the COOPERATOR learned after Tuesday night's meeting of the local militia company. Team members have not yet been announced.

Rifle teams for competition among squads in the company are also being formed, with the promise of Thursday night indoor range shooting for those who want it.

County Commissioners Reverse Aug. 24 Decision; Authorize Rent For 6 Houses To Be Remodeled

By DONALD COOPER

Additional space for Greenbelt's school children was assured yesterday when C. Gardner Shugart, county superintendent of schools, told the Cooperator that the county commissioner had approved payment of funds for rental on a row of houses which can be remodeled.

Vetoed Plan Last Week

On August 24 the county commissioners had voted unanimously against paying a rental of approximately \$1200 a year for temporary quarters to relieve overcrowding in Greenbelt's elementary school. The commissioners' refusal to pay this was based on their claim that the arrangement between Greenbelt and Prince Georges County provided that the town furnish a school building.

Aroused by the effect this decision would have on Greenbelt's children, Town Manager Roy S. Braden demanded further consideration of local school needs. With the help of Superintendent of Schools, Shugart, Mrs. Catherine Reed and Mrs. Elizabeth Fugitt, former and present principals respectively, Mr. Braden was able to bring W. H. Carson, chairman of the county commissioners into a meeting on the school problem a week ago today.

Funds Explained

At this session ample evidence of the extent to which Federal Government funds have supported the local schools was offered. Since Greenbelt is owned by the Government and cannot be taxed by state or county, funds are paid to the county in lieu of taxes for services rendered here. It was shown that Greenbelt pays somewhat more than its proportionate share for school expenses. In addition to furnishing a building and paying funds to the county, the Federal Government makes available to the town funds to take care of janitor service, heating and upkeep on the schools. Enrollment in the high school, of course, includes boys and girls from neighboring areas as well as Greenbelt.

Superintendent Shugart pointed out that Greenbelt had doubled in population since the war, and that the present school was so crowded that classes have to be staggered. Once more the commissioners were asked to approve the rental of a temporary structure.

Will Save Long Walk

Mr. Braden had told the town council Monday night that if this approval was obtained it would save the long walk that small children in the northern part of town would have to make to the present school as well as relieve overcrowding.

Mr. Braden had already set in motion arrangements for selecting suitable quarters before he left town Tuesday for the town managers' convention in Chicago. A row of six houses in the north area of town will be used, and as soon as occupants have been moved to other dwellings remodeling work will be started. The removal of partitions and installation of fixtures is expected to be completed in time for the space to be used this fall, although not in time for the school opening in September.

North end children in the kindergarten, first and second grades will use the temporary building, while all boys and girls in the higher grades will continue to use the elementary school opposite the 18 and 26 Crescent Road apartments.

Water For Trees; Shrubs

The Washington Suburban Sanitary Commission has announced that residents in this area may use water on trees and shrubs. It is still not permissible to use it on the grass. The commission states that the water shortage is still acute.

Registrations

The last opportunity for most Greenbelters to register for the 1943 town council elections will be given tomorrow night from 7 until 9:30 o'clock. Mrs. Bertha Bonham, town clerk, will have her office in the town administration offices over the Variety Store open tomorrow (Saturday) evening, and Monday, September 6, as well. Monday, however, is a holiday, and registrations are expected to be light on the closing day.

Any resident who has lived in Greenbelt six months and in the state of Maryland for a year may register and vote. Mrs. Bonham stated in urging townspeople not to let slide their opportunity to vote for five councilmen September 21. Again she called attention to the local privilege of being able to vote in town elections here no matter where a resident's national and state voting rights were maintained.

Mrs. Bonham said that registrations have been light so far, and added her belief that many people did not realize next Monday to be the closing date. Petitions of nomination of candidates must also be turned in to her by Monday.

Playgrounds Display Work in Arts, Crafts

A large number of Greenbelt children received recognition for their handcraft work in the Arts and Crafts Exhibition held in the Elementary School this week. The display was well attended by parents and friends of the children.

The "G" Block playlot won the distinction of having a doll owned by one of its members chosen as Miss Greenbelt. "Runner-up" for the title was the representative of "C" block with "B" block placing third.

"F" Block won the award for having the most attractive display booth at the exhibition. Janice Grimm supervised the group.

The most unique doll on exhibition was also from "F" Block with "G" and "E" Blocks also mentioned.

War ration book holders made by Sally Jennessy, Jean Jarboe and Virginia Conner were judged the best produced at the playlots.

Ribbons also went to Patsy Highsmith, Calvin Bradford and Beverly Werz for the pad and pencil holders they made.

The best stuffed animals at the exhibition were made by Dolores McWilliams, Mary Hall and Freda Glending.

Nancy Hennessy, Irman Stottlemeyer and Freda Glending won recognition for ash trays.

Irman Stottlemeyer is credited with the best large woven basket and Billy Colliver with the best small basket at the showing. Other well constructed baskets were made by Calvin Bradford, Marjorie Schwab and Allen Gers-tel.

A large number of scrap books were made on the playlots this year (Continued on Page 4)

It was announced Thursday night that the Greenbelt Health Association meeting scheduled for Wednesday, September 8 in the Elementary School Auditorium will recess in time to hear President Roosevelt's address. A radio will be provided so that the meeting can be reconvened at the conclusion of the address.

Child Care Center

It is very discouraging to have spent a great deal of time on a project and then have very poor response after having been assured of full cooperation. That is what has apparently happened to the child care center which opened this week.

After rather exhaustive surveys it was found that about sixty families were very much interested in the opening of a center where they could leave their small children while both the parents worked. With this in mind, arrangements were made for a center which would accommodate approximately the number of children which the survey indicated would use the service. At the time the COOPERATOR went to press only four children had been present at the opening, though it was indicated that a few more would be there in a few days.

Very probably there are a good many mothers who have been waiting for the center to open before taking the jobs that they wanted and now that the center is open they will feel free to go about that job.

It is hoped that this is the case and that the facilities will shortly be used to the fullest extent. The child care center will be an asset to the community if it can be used to its greatest advantage.

The Cooperator

Since so many new people have moved into Greenbelt within recent months that it might be in order to repeat for their benefit the reasons for and the methods by which the COOPERATOR is published.

The COOPERATOR was started about six years ago by a group of people who thought that Greenbelt should have a medium through which the residents of the town could be informed and kept up to date on the things which were going on around them. It was felt that any town of the size of Greenbelt should have some means of accomplishing this.

All of the work on the paper was, and is now, done on a voluntary basis. No member of the staff is paid in any way but by the enjoyment and satisfaction that is gained.

At the present time the staff is not entirely satisfied with the paper. There are many things which are not as they should be. These things are recognized and an effort is being made to correct them. Until recently our staff has been too few in numbers but now we are better off on that score. Anyone who is interested, however, will be very welcome to come down and help out.

The problem of delivery of the papers is now being reminded. We have a group of ten boys who deliver the paper each Friday. In event you do not get your copy we ask that you mail us a card giving us your address and the date of the issue missed. With your cooperation this problem should be solved shortly.

Meet the Deadline

The Christmas shopping season is here—even though the weather is still warm.

Mailing of gifts for Army and Navy personnel overseas must begin by September 15, if many of the men and women in our armed services are not to be disappointed; and September 15 is less than a month away.

Christmas gifts may be mailed by parcel post to Army men and women overseas only between September 15 and October 15. After the latter date, such parcels may not be mailed unless a written request from the soldier for the article is presented with each parcel. No soldier should have to ask for a Christmas gift; so gifts must be mailed on time. The Navy also urges that gifts be mailed between September 15 and October 15.

Reasons for the early mailing dates are: The vast distances that the parcels must travel to reach our men at war fronts and stations the world over; frequent transfers of thousands of men from one location to another, which means forwarding of the mail and consumes additional time; the necessity for giving preference to reinforcements, arms munitions, medicine and food in allotment of shipping space, which often means that the shipments of gifts must wait. And it is most urgent that gifts be delivered to the men in time for Christmas, to keep their spirit high.

The only way to insure against disappointment for the fighting men is to buy at once and mail early—mail your gifts as soon as possible after the September 15 starting date.

Those who have relatives in the service should remember that we have fighting men in Alaska, Greenland, Iceland, England, Sicily, far-separated regions of Africa, the Near Eastern countries, Australia, many of the South Pacific islands, India, China, South America, and other areas.

Weeks are required for a ship to reach many of these stations. There can be no assurance, of course, that the first ship sailing for any of these locations will have space available to carry Christmas parcels. Gifts may have to wait until vitally needed supplies and equipment have been shipped, to assure victory and to save the lives of our men. If the parcels are not mailed early, that delay may prove to be just enough to prevent their arrival by Christmas day, with consequent disappointment to the men who are offering their lives for their country and ours.

Mail of all kinds is vital to the spirit of fighting men. Every officer who has inspected our Army and Navy postal facilities overseas has reported that thousands of fighting men disregard mess call when it conflicts with mail call, and get their letters first. Officers at our large military and naval stations report that the spirit and efficiency of their men receive a distinct lift when mail is distributed, and that

(From the Cooperator of August 28, 1942)

Inaugurating a drive to sell more war bonds, the Greenbelt Theater was expected to hold a short program before the 9 o'clock feature Sept. 1—New students of the Elementary and High Schools were asked to register a few days before the commencement of classes—The American Legion was making a house-to-house canvass for the collection of more phonograph records—George Paganelli was appointed chief air raid warden and controller of the Control Center at Greenbelt; Albert "Buddy" Attick was appointed as chief of the Auxiliary Police of the Civilian Defense Corps.

Five Years Ago

(From the Cooperator of August 31, 1943)

Greenbelt Consumer Services announced that a temporary shoe store will open to supply the children with shoes for the opening of the new school term—Greenbelt's greatest parade was expected to take place on the morning of Labor Day—Miss Phyllis Warner dramatized a scene from "Ten Nights in a Barroom" for the radio audience of WRC—The Welfare Committee on Employment announced that a second Greenbelt resident was placed—Professor Maurice Parmelee, traveler and author of several important works on social and economic problems, spoke at the meeting of the Committee of Forty.

A delay in mail service caused a decided decline in spirit with a consequent letdown in efficiency.

A disconsolate soldier and sailor who thinks he has been forgotten at Christmas obviously is not at his best. So the gifts must be mailed on time so that they can arrive on time.

Rules for Christmas mailings to the fighting forces overseas were made public in June for the guidance of early shoppers. They include:

The parcel must not exceed five pounds, and must not be more than 15 inches in length or 36 inches in length and girth combined. It should be marked "Christmas parcel" so that it may be given special attention to assure its arrival before December 25.

Not more than one parcel may be mailed in any one week to the same member of the armed forces by or in behalf of the same mailer.

The parcel must be well and strongly packed, in a container of metal, wood, strong fiber board, or similar material, then wrapped in strong paper and tied with twine. The cover should be such that it can be opened readily for censorship. The contents should be packed tightly.

Perishable goods, such as fruits that may spoil, are prohibited. Intoxicants, inflammable materials such as matches or lighter fluids, poisons, and anything that may damage other mail also are prohibited. Gifts enclosed in glass should be substantially packed to avoid breakage. Sharp instruments such as razors and knives, must have their edges and points protected so that they cannot cut through the coverings and injure postal personnel or damage other packages.

Since the armed forces are being plentifully supplied with food and clothing, the Army and Navy recommended against these as gifts.

Addresses must be written clearly and completely. In addition to the return address of the sender, a parcel for an Army man should show the name, rank, Army serial number, branch of service, organization, Army post office number and name of post office through which the parcel is routed. A typical address for an army man:

Private John R. Doe (Army serial number)
Company F, 167th Infantry
A.P.O. 819, c/o Postmaster
New York, N. Y.

The address on a parcel for a Navy man should include the name and rank or rating of the addressee, the Naval unit to which he is assigned and the Navy number assigned thereto, or the name of his ship, and the fleet post office through which the parcel is routed. A typical Navy address:

John M. Jones, Seaman 1st class,
U. S. Navy
Naval Air Station
Navy 199 (one nine nine)
c/o Fleet Post Office
San Francisco, Calif.

Army Pilot Promoted

A former Greenbelter, Lient. George Terrence Shansey of the Army Air Forces, was recently promoted to the rank of first lieutenant. Lieutenant Shansey, a pilot in the Ferry Command and a graduate of Western High School, was a member of the first class in civil aeronautics at Greenbelt.

He was in his junior year at Maryland University when he joined the army and the 22 year old pilot is now stationed at the Newcastle Army Air Base at Wilmington, Del.

Lieutenant Shansey now lives at 4424 Greenwich Parkway N. W., in Washington.

Packers Develop Experienced Men

Two weeks of extensive training has brought forth quite a few potential aces among the local eleven. Stiff joints and tight muscles have been ironed out, and the team has been reviewing the fundamentals of the gridiron sport.

Several of last years performers have begun to show the form that paced the Packers to a season of only one defeat in seven games. This years team will boast of a hard running backfield and a hard charging line that it will take to meet the tough schedule planned.

LATE BULLETIN

The Reps will play two instead of one when they meet the Navy Department team before the Standard Linen game. First game is scheduled for 7:30 Saturday night.

Shamrocks Play Two Sun.

The Greenbelt Shamrocks will play a double header at Braden Field Sunday, with Silgo Athletic Club. The first game starts at 1:30 p. m.

Danny Jones is again showing the style that enabled him to lead the squad as top scorer last season. Donny Freeman is also prominent as a Packer back with an educated toe. His punts at the last few practice sessions having an average of 35-40 yards, have the elegance of a professional. Another promising back is Dick "Lil" Rickey" Palmer, whose passes and size makes him look like another Davy O'Brien. An adept blocker, he should see plenty of action this year in the quarterback position.

On the line there will be Joe Lewis, who last year proved himself to be a capable man to lead interference or open a hole in the line. His youthful replacement will probably be H. M. Goode, a kid who a lot can depend on. Lacking only in experience, Goode will, in the next couple of years, be one of the outstanding linemen in the Packer line-up.

Breed Wins 8th; Boggs Loses 5th As Irish Share with Merrick Club

Jim Breed threw a five hit shut out over Bill Herbert's Merrick Club nine and Dave Lenarduzzi bested Ernie Boggs in the second portion of a double-bill last Sunday as the Shamrocks again split in their customary manner.

Reps To Play Last Year's Champs

The Greenbelt softball team will be host to the Washington Champs of 1942, The Standard Linen team, tomorrow night at 9 o'clock. Standard Linen represented the Washington area last year at the national championships in Detroit. They will present Ben Rubin, one of the best pitchers in the country.

Men's Bowling League To Have Meeting Sept. 7

An important meeting of the team captains in the Men's Bowling League, will be held at the Athletic Club, Tuesday evening, September 7 at 8:30 p. m. All captains of teams already entered and those desiring to enter teams, should attend as the opening date will be set, the schedule difficulties ironed out, and the list of prizes will be discussed at this meeting.

Breed struck out a dozen Merrick Clubbers and walked but one in one of his better performances this season. The victory allowed the big Texan to better his identical record of the past two seasons when he won 7 and lost 4 each year. His mark for the present is 8 games won against 3 losses.

The Irish responded gaily with their bats in defense of Breed's record with 14 bingles off Merrick Bill Herbert. It was Bill Zerwick who again led the locals' hitting parade. The colorful middle pasture man ran out a safe bunt and tow other hits in the first game and added another in the night-cap.

INJURY SPREE

Bill Holloway hurt his chest and had to leave the game early. Curt Barker came in to second base and later rehurt his bum leg. Curt stuck it out by swapping positions with Ernie Boggs, who had taken his place in rightfield on Holloway's exit.

Skipper Boggs pitched a fine game but was out-steadied by Lenarduzzi, who pitched Eastern High School to Public High Championship last spring. Ernie had a one hit 2-1 game going into the eighth inning, when he opened by walking Harry Herbert for the second time. Successive singles by Sullivan, Al Schrider, McKinney and Middledorf got two runs home and licked Boggs 3 to 2, his fifth loss of the season.

Reps Win Thriller Then Bow to Navy Res'rch; 11-10, 3-5

The Reps divided a wild and wooly double-header with Ensign Jerry Conley's Naval Research Scuttlebutt ten last Saturday night at Braden Field before a large crowd. The newly made ensign was ill and not present at the games.

The locals were almost hopelessly behind after the Scuttlebutts made 2 runs in their half of the fifth inning in the first game, at that point it was 10 to 3 in favor of the visitors.

Walks to Al Bowman and Paul Barnhart followed by Bill Blanchard and Murray Krasnor bingling successively got in 4 runs. 4 decisive tallies crossed the pan in the last frame as Barnhart, Blanchard and Goldfaden hit safely with Krasnor's walk sandwiched between. Blanchard's hit was a homer.

George Bauer made a three base boot of Schiller's single with two on in the fifth inning of the second game so cost the Reps a split of the twin-bill.

Couples Club Picnic Held At Lake, A Success

The Couple's Class of the Greenbelt Community Church were on a picnic last Saturday afternoon at the lake. They roasted wieners for a hot and tasty dish. Mr. Chesley, one of the participants on tasting the Epicurean Delight was heard to remark "Hot Dog!"

Those present included Rev. Wilmer Johnston, Mr. Gishweller, Mr. and Mrs. Werner, Lt. Comdr. and Mrs. Daniels and son, Mr. and Mrs. Birchard and son, Mr. and Mrs. Chesley and family.

After the picnic supper every one joined in singing hymns and old time melodies by the light of the moon and a bright campfire. In the woods the tree toads and crickets carried on a contrapuntal.

M. U. Chemists Give Show

A Chemical Magic Show will be given at the Berwyn School Auditorium on Sept. 4 to 6 at 8:00 p. m. The show is being sponsored by several chemists from Maryland University. Funds are to be used to send young people to summer camp. A few interesting highlights of the show will be the production of synthetic rubber, the growth of flowering plants from seed, liquid light, invisible and glowing inks, cottage cheese from sweet milk and many other interesting displays. Refreshments will be sold.

PLAYGROUNDS

(Continued from Page 1)

Bobby Sauer of "H" Block was credited with the best one made. Representatives of "D" and "C" blocks were also recognized for their good work along this line.

In the eight to ten year old group, Rita Lozupome's woven pot holder was judged best with Patsy Highsmith and Jeanne Catier also having well regarded work. Barbara Harmon made the most attractive pot holder in the 11 to 16 year old group, with Julian Tavenner and Pat Martinelli also contributing well-made holders.

Recognition was also given Lois Slaymaker, Nancy Long and Ellen Gussio for odds and ends; Barbara Harmon, Margaret Bradford and Jerry Rothbard for stuffed dogs and miscellaneous; Viana Neblett and Eugene Kelleher for original pictures; and Pat Griggs, Betty Jean Wood and Barbara Glending for pictures.

B'nai B'rith Awards War Bond; To Meet Thurs.

Mrs. Ethel Foggatt of 2-N Plateau Place won a \$25 defense bond at the B'nai B'rith drawing Tuesday evening. Proceeds from the event are to be used for a day room for soldiers at Ft. Belvoir, Va. The association is working with the American Red Cross in providing funds for this purpose.

The next general meeting of the B'nai B'rith will be held Thursday, September 9 in the Elementary School. The winter program will be drawn up and discussed at that time.
