

Trattler Chatter

By Pauline Trattler
Gr. - 3762

Hi! Hope you are still keeping to the resolution you made. I know it's hard at times, but let's all keep trying.

The Joe Long family, 3-B Gardenway, just returned from a trip from Key West, Fla. where they went for the holidays. Mrs. Long accidentally met Mr. and Mrs. Niblett, who used to live at 1-C Southway. Later on the Long family met Frank Harper, son of Gail and Connie Harper, in Silver Springs, Fla.; also Mr. and Mrs. Chas. Powell, who once lived on Plateau Place but are now living in Hollywood, Fla. All these ex-Greenbelters sent all their friends their love. (Now, doesn't all this prove that it's a small world?)

Maj. Revere Neilson son of Mrs. Gladys Neilson, 6-M Ridge, will be returning from Japan in February. He is a graduate of the Professional College of Dentistry in Baltimore and has been away for over three years. (Welcome home, Major!)

Father Dowgiallo gave a party for the Bingo Workers of St. Hugh's Church on December 30. Mrs. Chas. Wright, 35-H Ridge, chairman of the affair. Bobby Brady and Jim McGee entertained, with Andy O'Connor acting as M.C. About eighty persons attended, including the workers' husbands.

I know one young lady who just had the thrill of her life. She's Margaret Plackett, 10-T Southway, who represented her school (Immaculate Conception Academy) on the TV program, "The American Forum of the Air," on Saturday.

Guest speaker at the Forum was none other than Vice President Alben Barkley. Margaret was very fortunate to be chosen to appear with him. She certainly looked lovely and she even had the opportunity to ask him a few questions. (Take a bow, Margaret, we are proud of you.)

Did you know that we have some traveling teen-agers in our midst? Well, here's the story: Seems like a senior from the U. of Md. was looking for some passengers to drive to the Sugar Bowl football game on New Year's day, so Michael Cockill, 60-C Crescent, John Bonnar, 35-G Ridge Rd. and Donald Grable, 5-C Eastway, answered the ad, and they found themselves on Friday morning, December 28 on their way to New Orleans. They stayed at a boarding house, and had a few days to take in some of the sights. They had wonderful seats at the game, and all in all had a swell time. They even came home with some money left.

Mr. and Mrs. Herbert Bowie, 40-A Crescent, are the happy parents of their first child, a boy, Frederick William, January 4, at Doctors' Hospital.

Eng. and Mrs. J. R. Cirricione announce the birth of a son, Joseph Robert, December 15, in Oak Knoll Naval Hospital, Oakland, California. Mrs. Cirricione is the former Virginia Ann Harris, daughter of Lieutenant and Mrs. Richard W. Harris, formerly of Greenbelt, and granddaughter of Mrs. Selma Blew of 9-L Parkway Road.

Mr. and Mrs. Wm. S. Goodman, 21-H Ridge, wish to announce the engagement of Miss Rita Ann Fisher, 1-G Northway, to their son William Howard Goodman.

Mr. and Mrs. Edward A. Maguire, 4-F Ridge, are the proud parents of twin girls born December 31, Rita weighing 6 pounds 10 ounces and Anita weighing 5 pounds 6 ounces. This makes 7 girls and 1 boy. Mrs. Thomas A. Maguire of Lexington, Kentucky, was on hand to meet the new grand-babies.

Negotiations Continue On Sale of Greenbelt

The Greenbelt Veterans Housing Corporation has ninety days from January 2 to insure its continued qualification as the preferred purchaser of Greenbelt. President Mike Salzman was informed of this fact in the letter from PHA which reopened negotiations for the sale of Greenbelt on the basis of the revised appraisal.

The original price, quoted June 8, 1950, was \$8,522,350. The new price is \$8,971,200. The difference of \$448,850 is attributable to the vacant land and commercial properties only and not to the housing. It was learned unofficially that the new appraisal on housing had increased the price by almost a million dollars, but PHA had rejected this appraisal in favor of the original one.

Unofficial estimates on the cost of various housing units vary since PHA has till now not released this information. However, Salzman estimated that the cost of defense units would range from \$2500 to \$4000 and the cost of old Greenbelt units from \$4500 to \$9500. The average 2-bedroom, middle of the row, flat roof house would be about \$7200, he said.

The GVHC is planning a mass informational meeting on January 24 to acquaint everyone with the conditions of purchase and other details. A formal meeting will be held on February 13, at which time an election for a Board of Directors will be held.

Meanwhile, the incumbent Board is continuing to negotiate with PHA. See **NEGOTIATIONS** page 2

Ruth Bowman Heads County Scout Fund

Mrs. Bruce Bowman, Girl Scout chairman of District 1 Prince Georges County, has been made Juliette Low chairman for the Prince Georges County Council.

The Juliette Low World Friendship Fund, which the organization sponsors, consists of contributions from individual scouts on the basis of a penny for each year of the girl's age. The Fund was established to promote of international understanding among young people, and to provide an opportunity through the support of the International Chalet in Switzerland and other international camps, for girls of different nations to know and value each other.

Celebration of Juliette Low month locally will coincide with local recognition of Brotherhood Week, Mrs. Bowman announced.

Deanna Bau For Woman's Club

Due to the illness of Mrs. Irving Gerring the musical portion of the Woman's Club meeting will be changed. Miss Deanna Bau, formerly of Greenbelt, will play three piano solos: a waltz by Brahms; Hungarian Rhapsody by Liszt, and Etude by Chopin.

A pupil of Mrs. William Mirabella of Greenbelt, this young artist has played at the United Nations and also for the King and Queen of Siam. Only 13 years old, Miss Bau played a concerto with the Alexandria Civic Orchestra last year. She also won distinction and an award on the "Your Junior Revue" TV program last year.

ADULT EDUCATION

Bookkeeping classes will be held on Tuesday and Thursday evenings at the Center School. Please inquire for room numbers.

Night classes at Greenbelt Junior High School will not begin until the first week in February.

Credit Union Plans Meeting Jan. 16

The fifteenth annual meeting of the Greenbelt Federal Credit Union will be held in the business office of the Credit Union, room 202 over the drug store, at 9 p.m. on Wednesday, January 16.

President Thomas Hieber will report on activities during the past year; important policies will be reviewed; and four directors, a credit committee, and a supervisory committee elected.

Shareholdings in the Credit Union, which represent savings of its 641 members, amount to \$19,477. The 256 loans made during the past year, ranging in amount from \$30 to \$2,400, amounted to \$97,989, of which \$58,192 is still outstanding. Earnings were sufficient to permit a 4% dividend, which, it is expected, the Board will recommend to the membership.

Membership in the Credit Union is open to all residents of Greenbelt, or anyone employed here.

Following the business session of the meeting, refreshments will be served.

4 Local Scouts Take Nurses Aide Course

Four Girl Scouts from Greenbelt will take part in a nurses' aide training program for Scouts from this area. The course, given by staff members at Leland Memorial Hospital, will run for ten two-hour sessions which began last Monday night.

At the conclusion of the course, the girls will be qualified as nurses' aides, and will be expected to contribute six hours a month to the hospital during the school year.

The girls participating from Greenbelt, members of Senior Girl Scout Troop 85, are Pat Parker, Linda Maffy, Joyce Elder and Jerrian Weber.

Editor Takes Leave, Solet Takes Over

Editor Harry Zubkoff has been granted a leave of absence from the Cooperator for a period not to exceed four months. This action took place at a special Staff meeting Monday night, convened for the purpose of considering Zubkoff's resignation.

Zubkoff's resignation did not come as a surprise to the Cooperator Staff, since he had been thinking about it for some time. Nevertheless, news of his proposed resignation aroused some consternation among Staff members. It was the consensus among them that, as a counter-proposal, Zubkoff be offered a leave of absence so that he could take a much deserved rest from the strenuous routine of the Cooperator. They refused to accept his resignation on a permanent basis, and reiterated their confidence in his editorial supervision over the destiny of the Cooperator.

Zubkoff accepted the leave of absence and plans to return to the Cooperator within the stated time limit. Meanwhile, to fill the vacancy created by his absence, See **EDITOR** page 2

Attention Scouts

A gigantic demonstration on preparedness will be staged in the Departmental Auditorium (Constitution Avenue between Twelfth and Fourteenth Streets, N.W.) on Saturday, January 12, from 9 a.m. to 1 p.m. The day has been designated as Youth Day, and all Scouts are urged to attend. Further information may be had from the daily papers.

Council Approves Loan For Budget, Discusses Safety, Littering, Lake

Authorization to borrow \$15,000 to meet January payrolls was granted City Manager Charles T. McDonald at last Monday's council meeting. Greenbelt's city budget contract for 1952, submitted to PHA at the end of December, has not yet been approved. Since PHA's consideration of the yearly budget usually extends into the next calendar year, such loans have become a matter of custom. This loan will cost the city about \$75, and is already listed as an item in the budget.

Group Plans Poll On Co-op Meetings

At a dinner meeting held Friday night in the GCS office, a special committee invited by the board of directors discussed the first rough draft of a survey of Co-op members to determine exactly what type of membership meeting would have the most appeal.

Sampling will be done on a representative basis, based on a potential 200 personal calls. The survey may be reprinted in the Cooperator to give other members an opportunity of expressing their preferences.

According to Henry Walter, chairman of the board's membership committee, results will be tabulated in time to be presented to the board at its regular meeting on January 25, in order to serve as a guide for the actual planning of the forthcoming annual meeting.

Tentatively, there will be 8-10 questions covering such subjects as length and time of meeting, type of reports and entertainment preferred, and sufficient space for personal comments on other ways of planning a meeting that will stimulate maximum interest and attendance.

Those present at the Friday meeting included Henry Walter, chairman; George Eshbaugh, Thomas Freeman, Paul Kasko, Earl Thomas, Tom Ritchie, Carlton Goss, Morris Solomon, Henry Brautigam, Townsend Scudder, Ellen Linson, Walter Bierwagen, Samuel Ashelman, Anthony Madden, Carolyn Miller, Carnie Harper, Ruth Taylor and Deke Bonfanti.

Drop-Inn Data

By Bobbie Baxter
Saturday night, members of the Drop-Inn were entertained by Mike Littleton and his three-piece band. The band was enjoyed by all, and from the sound of their music they are really going to go places.

Members of the Drop-Inn are planning to have a Valentine dance in February at the Center School. Mike Littleton and his orchestra will play for the evening. The dance will be a little different from the other dances because the girls (Leap-year-you-know) will take the boys to this one. The boys shall have the pleasure of being asked to the dance, waiting to be picked up at his home, receiving corsages (bought or made by the girls), escorted with care to and from the dance, and best of all, having all their expenses paid for the night. So, boys - get ready for a big treat, and girls - start saving now. More details will be given later.

There will be a juke box dance this Friday night, January 12, from 8 to 12.

A Parents' Guild meeting will be held at the end of this month. All parents who have any questions or problems concerning the Drop-Inn are urged to attend with the other parents who attend regularly. These meetings are held so that every parent may become better acquainted with the Youth Center.

No Traffic Fatalities
Greenbelt has passed another year without a traffic fatality, and Mayor Frank Lastner declared the city should be proud of its record. Pointing to a plaque awarded Greenbelt by the American Automobile Association last year for its safety record, the mayor said that he hoped in years to come "the walls will be covered with them." He commended the residents and the Department of Public Safety on their accomplishment.

Littering
Mrs. Jack Johnson, local resident, told the council that the playground behind the Center is muddy, littered with broken beer bottles, and unsafe for children to play in. She asked for improvement. McDonald replied that discarded beer bottles have become an acute nuisance in the community, and that a drainage problem in that area accounted for the mud, although paving it would present a greater hazard because of the hard surface, as Councilman Ben Goldfden pointed out. McDonald assured the council that the situation would be investigated and steps taken to improve the condition of the area, as well as to "educate" residents about littering the city. A suggestion that signs be placed in various sections stating penalties for violating anti-littering ordinances was discounted by McDonald with the comment that "the city could easily be littered by signs in a short time, if we followed that plan."

Waltonian Speaks
The council invited Edgar J. Swisher to make a statement on the Izaak Walton League and its plan for improving the Greenbelt lake. Swisher declared that experts have informed him that the lake has the best fishing potential of any in the area, and a project should be started soon to drain it for cleaning. He will soon consult the proper authorities in Baltimore to plan the "reconditioning" of the lake, and was promised the cooperation of the council and the city manager.

Golf Range Planned
Councilman Steve Comings, local golf enthusiast, asked the council and manager to consider seriously the establishment of a golf driving range in Greenbelt, under the direction of the recreation department. He stated that very little expense would be involved and that the range would be another source of revenue, once under way. "There are many golfers in town; all you need is land, which we have plenty of, some balls and clubs and a small shack to store the equipment," he added.

The cleared area behind the dam at the lake was suggested as an appropriate site for the range by McDonald. It would take drives of almost 300 yards, and would need very little grading work. He was instructed to explore the possibilities of such a project and report back to council.

Library Record
The monthly library report disclosed that a record 41,000 circulation was reached during the past year. McDonald praised the Cooperator for its fine publicity regarding the library and stated that the newspaper was largely responsible for the record. He reminded See **COUNCIL** page 2

GREENBELT COOPERATOR

AN INDEPENDENT NEWSPAPER

OUR PURPOSE:

1. To report Greenbelt news fully, fairly and accurately.
2. To serve the best interests of the cooperative movement.

No. 21

Leave of Absence

By Harry M. Zubkoff

It is with considerable reluctance that I have offered my resignation as Editor of this newspaper, and even though that resignation was changed to a four month leave of absence it is still a severance of a relationship which I have enjoyed immensely.

The Cooperator, to me, represents a way of contributing to community living. It is an instrument which can be used to great advantage, particularly in an isolated location like Greenbelt, not only to keep everyone informed about matters of civic interest, but also to promote the community consciousness, to make friends out of neighbors.

Too many of us, today, are prone to forget or to ignore our obligations to each other. We are no longer savages who have gathered together behind a stone wall for our mutual protection. On the contrary, we are, presumably, civilized people who have recognized that community living offers many advantages which are otherwise inaccessible to us as individuals. And that very recognition imposes upon us all the obligation to contribute part of our talents and energies to our own mutual welfare. We simply cannot exist completely alone or detached from our neighbors; yet, many of us are trying to do just that.

It is a matter of deep concern to me that so few of us display any constructive interest in our community affairs. It is even more disturbing because so many who are shrinking from all contacts with community activities are so richly talented and so capable of making significant contributions. The spectacle of a city council election with only six candidates, or a GCS membership meeting with less than a quorum in attendance, is both saddening and humiliating.

Now, particularly because it is the beginning of a new year, may be a good time to take stock — to measure the benefits which accrue to us by virtue of our community life as against the contributions which we are making in return. Perhaps, as a result of such stock-taking, many will find it possible to devote more time to participating in our community's activities. There are so many varied fields of interest in Greenbelt, so many organizations actively engaged in furthering the common welfare, and all of them eager to welcome and absorb new talent. Surely we can, each of us, pursue an activity to his liking.

I believe that the Cooperator is an ideal medium to satisfy the creative urge in each of us, an ideal vehicle for self expression. The Cooperator has behind it a long history of worthwhile and significant contributions to the community life. Indeed, I believe it to be one of the foremost factors in the transition of Greenbelt from a government housing project to a living, vibrant city. And I believe that it will continue to figure prominently in the growth and development of Greenbelt, as it changes hands from government to private ownership. The Cooperator will, I am sure, continue to make itself heard in Greenbelt, with vigour and dignity, sometimes loudly, or bitterly, or quietly, or gently — but always sincerely, and always honestly.

In this connection, I am particularly pleased with the choice of Bobby Solet as Managing Editor. She brings to the Cooperator a forceful and dynamic personality, the impact of which will soon be apparent on these pages. Withal, she is quiet, thoughtful and level-headed, and, I am sure, will attract many additional recruits to augment the small staff of the paper.

Those of our readers who have an inclination to work on their community newspaper should know that the opportunity is here and that they will be welcomed. It is a satisfying and rewarding experience, an experience for which I shall always be grateful.

Brotherhood Week

Twelve organizations sent representatives to the first planning meeting for Brotherhood Week, which will take place February 17-24. Suggestions for the annual local community meeting were discussed. According to temporary chairman Ruth Bowman this meeting in the past has been sponsored by most of the more than 30 religious, educational and social organizations in Greenbelt. Mrs. Bowman, who has been active in Brotherhood Week activities since their inception, expressed the hope that organization which were unrepresented last Monday night will send delegates to the next planning meeting Tuesday, January 15, at 8:30 p.m. in the Home Economics Room of the Center School.

NEGOTIATIONS from page 1
PHA regarding the amount of down payment required and the amount of "good faith money" which must be on deposit during this ninety day period.

EDITOR from page 1

News Editor Bobby Solet has agreed to take on the added responsibility of the managing editorship. Doris Mednick will assume the duties of News Editor.

The entire Staff has concurred in the selections thus made, and looks forward to serving Greenbelt in the Cooperator tradition.

COUNCIL from page 1
the council that many persons considered television a mortal threat to libraries, and he was pleased to see that Greenbelt had not been affected by this influence.

Ringworm

Discussion of ringworm cases in the public health report disclosed that the city had no authority to quarantine such cases. However, the school can bar children with ringworm from classes, if the child is not being treated by a physician.

McDonald, Comings, and Mike Salzman, president of the Greenbelt Veterans Housing Administration, were asked to answer an editorial in the Baltimore Sun. The editorial discussed the sale of Greenbelt, the cost-of-operation figures which were disclosed, and the "plushy" services enjoyed by the residents. According to the council, the editorial contained many inaccuracies.

Picture of the Week

Mrs. Burl Smith and her daughter Sharon Kay, 8-E Plateau Place, were one of the first Greenbelt visitors to the new Takoma Park Co-op Drug Store. Coming to Greenbelt from Buckhannon, West Virginia last April, Mrs. Smith does practically all of her shopping in Greenbelt. She has been saving her sales slips, and has them all about counted up and only the refund form remains to be filled out. In her visit to Takoma, Mrs. Smith noticed in particular that Co-op prices were the same there as in Greenbelt. Little Sharon, however, was more interested in all the bright colored objects and of course candy wrappers. But dolls are her favorite, both real and otherwise.

Tip to Shoppers

BREAKWATER — Is 4% cheaper than other nationally advertised brands. It also has a very excellent recommendation by one of the Nation's leading research organizations. It's extremely quick acting and a very efficient cleaner. Before its qualities were well known, it was outsold 10-1, but now that ration has dropped to 3-1.

PUERTO RICAN PINEAPPLE — This Co-op products tastes just like the fresh fruit and runs 5% cheaper than the Hawaiian type. Light in color, firm in body.

CO-OP FLOUR — Is enriched and has same ingredients as other national brands. You save 11% on it at regular counter prices.

CO-OP COFFEE — Packed under the Green, Blue and Red Label, Co-op coffee will suit any taste and is a true money saver. 11c to 15c less than comparable brands yet still matching any coffee sold.

13,500 lbs. of Turkey

This was roughly the amount of turkey consumed in Greenbelt alone during the holiday season. Over 1500 Rockingham birds were sold. For several months my patrons have been asking for the Rockingham Fryers. These have now been added, replacing the brands previously carried, and they will be available every week. The birds average around 2½ lbs. each and come ready for the pan. They have the reputation of being the best bird on the market. Another addition is the Rockingham Frankfurter, this week on sale at only 59c lb.

There is a
BIG
DIFFERENCE

There is a big difference also in the quality of our gasoline. Our OCTANE (Research RATING on Regular is 87.7 and on High Test 91.1. For both grades, this is on the average five points higher than competitive brands.
