"Pirates of Penzance" To Feature Family Night With 7:30 Curtain

By Carolyn Miller

Color, melody and laughter will highlight the performance of "The Pirates of Penzance" by the Montgomery Light Opera Association at the Greenbelt center school auditorium on February 4 and 5.

The well-known players and singers of the opera association who have presented Gilbert and Sullivan works for the past five years in the metropolitan Washington area send word that "Pirates" should appeal to old and young alike.

For this reason the Saturday, February 5th, performance is scheduled at 7:30 for a family night in order that the children in the audience will not be kept up too late. Curtain time for Friday, February 4, is 8:30 p.m.

Prices are set on a family scale also, with 50c the admission for elementary school children, 75c including tax for junior and senior high students and \$1.25 including tax for adults.

Tickets went on sale this week at the Center School and will be available there at 9:15 and 1:15 this Friday and next Wednesday and Friday at the same times. Tickets may be purchased at the North End School next Thursday.

The co-op tobacco store is handling the sale of tickets at the center for the Center PTA, sponsoring organization.

"The Pirates of Penzance" is the fourth in the series of popular works in which Gilbert and Sullivan collaborated. It was performed initially for the sole purpose of registering the British copyright on December 30, 1879 in Peignton, Devon. The first "official" performance took place in the Fifth Avenue Theatre in New York City on December 31, 1879, under the baton of Sir Arthur Sullivan.

Well-known songs from "Pirates" include "Poor Wandering One," "Model of a Modern Major-General" and "A Policeman's Lot Is Not a Happy One."

The opera association will be accompanied by two grand pianos to be brought here specially from Washington for the occasion. The performers in this non-profit group include people in all walks of life. At the present time, the company includes housewives, professional men, merchants, clergymen, secretaries, and students. Director of the group is Harry L. Crow, Jr., a resident of Silver Spring, Md.

Woman Found Dead Of Natural Causes

Mrs. Marie Rogers, 1-H Laurel Hill, was found dead in her home last Tuesday afternoon. Her daughter, Judith Charee, 10, found her mother in bed, and alarmed by her condition, ran to her aunt, Mrs. Donald Gaston, 12-A Laurel Hill. Mrs. Gaston called the police who made the discovery.

A coroner's report disclosed that Mrs. Rogers died of natural causes. Officer Jim Williams made the investigation.

"March of Dimes" Campaign Begins Monday, 7-8 p.m.

The local "March of Dimes" campaign will begin on Monday with a door-to-door collection from 7 to 8 p.m. Residents are urged to keep their porch lights on to guide the volunteer "collectors" in the rounds of each court.

Mrs. George Moore, 2-D Westway, chairman of the March of Dimes campaign in Greenbelt, disclosed that residents are being asked to contribute as much as they can to meet the financial needs in the fight against polio. "Every dollar contributed has a direct share in the saving of lives and the rehabilitation of polio victims," Mrs. Moore declared. "Polio strikes adults and children—it is a disease that can be conquered with the contributions received during the March of Dimes campaign," she added.

Flu Virus Hurts Attendance Here

Absenteeism has hit both elementary schools hard this month, it was disclosed by city officials this week. The Center and North End schools have reported record absences due to a flu virus which has been prevalent in Prince Georges and Montgomery counties.

The Center school has had more teacher absences during January, it is reported, than for the entire year in 1954. Substitute teachers in the area are reporting they are swamped with requests to teach because of the virus.

Navy Wives Install New Officers For '55

Candlelight installation ceremonies of the Truman Riddle Navy Wives Club No. 59 of Greenbelt were held at the home of the Club's sponsor, Mrs. E. S. Earnhardt, Woodberry Street, University Park, Maryland, on Thursday, January 27, 8:30 p.m.

The new officers installed were: Mrs. Dean W. Jensen, President; Mrs. James K. O'Neill, Vice President-Secretary; Mrs. Christopher M. Mullady, Treasurer and Mrs. Edna Baker, Chaplain.

The distinguished Navy guest list included: Speaker for the evening, Captain H. A. Yeager, Assistant Chief of the Bureau of Personnel for Special Projects; Lieutenant Commander David J. Martz, Assistant to the Director of Personal Affairs Division; Mrs. Ralph F. Skystead, Head of Dependent Aid Section.

Mrs. Zola Sportelli, National Secretary of the Navy Wives Club of America, was the installing officer.

A Navy Department representative showed the film "The Annapolis Story," shown for the first time in this area.

Other guests were members of the Washington and Annapolis Navy Wives Club. The next meeting of the Navy Wives will be held at the home of Mrs. Christopher Mullady, 19-U Ridge.

Wives of the enlisted Navy, Naval Reserve, Coast Guardsmen and Marines are invited to attend. Contact Mrs. Dean Jensen, GR. 3-7687 for information.

Shoplifter Stopped With 'Hot' Salamis

A 55-year old man was arrested for shoplifting at the Greenbelt supermarket late last week. Spotted by an employee as he was concealing \$2.50 worth of salami rolls under his coat, he was arrested by the Greenbelt police when he left the store with the merchandise.

The man, who does not reside in Greenbelt, was also charged with being drunk and disorderly. Another charge of resisting arrest was later dropped. The case was heard by Judge Allan D. Morrison, who ordered a hearing for February 3 and set his bail at \$82 for the two charges of being drunk and disorderly and petty larceny. The man, who was carrying \$180 in cash, immediately deposited the money for his bail, which will be forfeited if he does not appear for the hearing.

Construction has started at the Church building site at 40 Ridge, Greenbelt. The cost of the first unit is estimated at \$60,000. This unit will ultimately serve as the Education Building when the entire project is completed. It will contain five classrooms on the first level.

Those present at the signing were James McAlister, representing the construction firm; Anthony Ferrara, Architect; and Ralph Noble, Chairman, Elmer Faulconer, Frank Swink, William Hoff, Richard Corbin, I. Conlye Donaldson, William Snyder, Herbert Irvin and James Morgan, members of the Board of Trustees of Mowatt Church. Also present was J. Richard Hoffman, Chairman of the Church Property Committee. Unable to attend were Dr. Phillip Edwards, Superintendent of the Washington East District of the Baltimore Conference of the Methodist Church; Rev. Stanley Knock, pastor of Mowatt Church; and Rev. C. R. Strausburg, retired pastor of Mowatt Church.

The drive for funds for the building project was started November 9, 1953, with a "kick-off" dinner at the Branchville, Maryland, Methodist Church. Over \$12,000 in pledges were secured from the congregation in this initial drive. Various units of the Methodist Church have contributed another \$17,000 since that time.

The new building will culminate the efforts of the membership to secure their own church. The Church was organized formally in November, 1944, under the ministry of Rev. Chester Craig. From that time until April, 1952, services were held in a Chapel located on Woodland Way in Greenbelt. In 1952 the congregation had outgrown the limited facilities of the Chapel, and services were transferred to the North End School, Greenbelt.

The name Mowatt Memorial Methodist Church will be continued in honor of Lt. Frank Mowatt, College Park, who was killed in action on his 31st mission as a fighter pilot in 1944. Lt. Mowatt's parents, the late Mr. and Mrs. Alexander Mowatt purchased the Chapel in 1946 in memory of their son.

Mr. Frank Barrick, chairman of the building fund, has indicated that a door-to-door campaign to cover the entire city of Greenbelt will be started soon to secure additional funds for the project. Mr. Barrick also stated that a campaign of business firms in the vicinity of Greenbelt will also be undertaken.

It is estimated that Unit One will be ready for use approximately June 1, 1955, according to Mr. Seibert Meade, construction committee chairman.

On The Public Meeting

The public meeting which convened last Friday to discuss the *News Review's* financial situation was intensely gratifying. Most of the community's organizations, though not all, were represented, and the expression of interest was articulate and well directed.

It has been said, in retrospect, that nothing concrete, nothing you could put your finger on, was accomplished. With this view we are not wholly in agreement. The mere fact that a sizable slice of the town was represented was indicative of the public's concern. But more than a tangible renewal of interest in the paper came out at the meeting. As a result of the meeting, a standing committee of representatives from community organizations is being set up. This committee, which will direct its attention to the immediate problem of helping the paper resolve its financial crisis, will also maintain a continuing interest in the conduct of the paper. This, we believe, is all to the good. We think it will make for more responsiveness on the part of the paper to meet the needs of the community.

Meanwhile, the paper is appealing to all organizations to send us the news in each week, the total copy, together with the material written by the staff, would keep the town well informed on the many aspects of community activities. This is our purpose. We are also appealing to all organizations to advertise their money-raising affairs. This would provide the paper with a valuable supplement to its revenue.

One suggestion made at the meeting may prove to be a fruitful source of income. It was proposed that Greenbelt residents when they shop out of town carry with them a list of the *News Review's* advertising rates to display to the merchants they patronize. To help promote this suggestion we are commencing with this week's issue the practice of printing our advertising rates below the masthead (see below).

We are not out of the woods yet by any means, but we think we have some reason for optimism. With the community's support, we see no reason why the paper should not be with us for the next 99 years.

Your Income Tax

By E. DonBullian

This, the fourth in a series of income tax articles on changes to the Internal Revenue Code, pertains to Sick Leave.

Sick Leave

The new code has taken special notice of payments made to individuals under sickness and accident plans. This feature of the tax changes has been given considerable publicity in the metropolitan dailies to the effect that government employees were getting special benefits. This would be true if the federal government were the only employer who granted sick leave. Some people are going to find it cheaper to get sick than to stay well. What the changes mean is that the pay you draw while sick or injured will be mostly tax-free to you. You will not be required to report the sick leave pay as income on your federal income tax return.

Here is how it will work. The first hundred dollars of your weekly pay will be tax free while you are on sick leave. You will not get this freedom from tax during the first week of an illness unless you spend at least one day in the hospital during the illness. For sick leave due to an injury, however, even the first week will be tax free, whether you are hospitalized or not. That is if you were hospitalized at any time during your illness or your sick leave was due to an accident your tax free status begins with the first day of your sick leave.

Also not taxable under the new code are reimbursements for medical expenses, payments received for loss of arms, legs, eyes, etc. and payments received under accident benefit plans, to you or your family. Lump sum death payments, at your place of employment, are tax free up to \$5,000, from one firm only.

The above changes to the code will develop some rather unusual situations which will require clarification by Internal Revenue. It is very easily possible for a minor scratch that keeps you home from work, will make at least a part of your pay tax exempt, if you satisfy your employer that you were injured. The three day headache that lays you up will provide some tax-free pay, if you spend one day in the hospital. To get non-taxable income during the first week of an illness may not be too difficult. If you have hospitalization insurance the day or so in the hospital will cost nothing. Amounts paid to you by your employer this year to reimburse you for your medical bills last year are also tax free, unless you claimed those expenses as medical deductions in your return. This feature also applies to 1954.

All of these payments that you receive will be handled just like any other tax-free income. You just don't report it on your return as income.

Trash Tour Postponed Because of Snow!!

The "trash tour" of Greenbelt was postponed again last Saturday for the same reason—snow. The tour, to be guided by councilman James Smith—leader in a drive to clean up Greenbelt—was postponed earlier because of snow. Representatives from the city council, city administration, Greenbelt Consumer Services, and Greenbelt Veteran Housing Corporation and other organizations had been invited to take the tour in a city bus.

Although it snowed for a brief period last Tuesday, city officials assured the News Review that a "Trash tour" had not been planned for that time.

Sitters Pool Seeks Some More Citizens

One of the community's unique institutions, the Greenbelt Sitters' Pool, is now seeking new members. The Sitters' Pool is a means whereby local parents can obtain a responsible adult sitter for a night out at no charge to themselves.

The organization, which has been in operation for many years, works on a cooperative basis. Every time a member family engages a sitter, then either the husband or wife must make themselves available to sit at a later date at their convenience for someone else. Each parent (in this case, the wife) also takes turns keeping the books and records for each month, which includes arranging the sitting dates. No fees of any kind are charged.

A special system for week-end sitting is used by the group, whereby a member who engages a sitter on Friday or Saturday evening must himself sit on a week-end night to pay for this. There are also limitations on how much time a member can owe without sitting in return. Those interested in joining the Sitters' Pool or wishing more information should call Jeanette Zubkoff at GR. 3-5801.

Boys Club Seniors Nip Mt. Rainier, 41-40

In a real thriller the Boys Club Seniors, coached by Pete Cookson, took a very close basketball game from Mt. Rainier. The game was not decided until the very last second of play. With 2 seconds remaining and the score board showing Greenbelt only 2 points ahead, the leading scorer for Mt. Rainier was fouled, he made one, which gave Greenbelt another win, 41-40. The low scores were due to the tight zone defense used by both teams. Bill Moore was high man again with 14 points, closely followed by Bill Wright with 10 and Bob Gross with 8.

Crusade For Freedom

President Eisenhower has said that every American who joins The Crusade for Freedom can be sure in his heart that he is supporting the cause of peace; that he is strengthening the spirit of captive people; that he is helping to keep Central and Eastern Europeans strong-hearted, nationally proud, and determined to win back their freedom.

Lions Clubs throughout the United States and forty-six countries in the world heartily agree and are pledged to support and further The Crusade for Freedom in every way possible to them. One of these ways is to aid in getting twenty-five million Americans to sign The Freedom Scroll.

The Greenbelt Lions Club, believing that Freedom is the most precious of human rights, asks the citizens of Greenbelt to sign the Freedom Scroll. During the evening hours of this Friday, January 28, and the following Saturday, members of the Club will be in the Center Area to obtain the signature of everyone who believes in the cause of Freedom.

Governor's Recreation Conference Due Feb 26

The fourth annual Governor's Conference on Recreation sponsored by Governor McKeldin of Maryland in cooperation with the Maryland Recreation Society will be held February 26 at the University of Maryland.

The session will open at 10 a.m. in the new Student Union Building in College Park. Dr. Wilson H. Ekins, university president, will welcome the delegates.

Theme of the conference will be "The Challenge of Leisure." Governor McKeldin said this is in line with his thought that "in America, we are free to choose our jobs, our religions, our friends and our way of life in general so long as we do not transgress on the rights of others. We also should be able to enjoy the recreation of our choice."

He added that the conference program will afford "an opportunity, through panels and small groups, for all those attending to discuss various phases of this subject."

Co-chairmen of the meeting are Ellen E. Linson, director of the Prince Georges County Recreation Department, and Hope Godwin, district supervisor of the Baltimore Department of Recreation and Parks.

A detailed program for the conference is being prepared and will be made public soon. Last year's meeting was attended by approximately 250 persons from all over the State and officials expect an even larger attendance this year.
