GREENBELT, MD.

Thursday, March 16, 1961

## Police News

A number of minor incidents involving cars were reported last week. A resident of Parkway complained that his car had been side-swiped and wires had been pulled from the motor. Another complaint was received from a resident who stated that the car's front seat had been torn up by children who had climbed into the car without permission. Two radio antennas were reported broken off cars at 6 Crescent, apparently on the same evening. One owner stated that this had been the third time this has happened. A right rear tail light assembly was stolen from a car belonging to a resident of Westway. Hub caps were stolen again from 23 Ridge.

There have been a few complaints in the past few weeks referring to ropes and cord being strung between cars across the road. The last complaint stated that a clothes-line was used in the vicinity of the Lutheran Church. Parents are urged to warn children of the danger involved with such a prank.

Chief Jim Williams has been invited by Chief Gilbert L. Doyle of the Baltimore County Police to serve on the Advisory Committee on Police Matters of the Maryland Crime Investigations Committee.

## When The SIREN BLOWS

By RITA FISHER

A brush fire in the area behind 44 Ridge had the men working for at least an hour and a half on Sunday. The fire, which ran on the top surface of leaves and debris on the ground, covered an area estimated at 5 acres. Chief Reynolds stated that this is the season for an increase in brush fires. He wants to remind residents that the fire-alarm boxes in Greenbelt are not working, and that the number to call is UN.4-1122.

The men and equipment were asked to stand by at the Goddard Space Slight Center (NASA) on Thursday, March 16. President John F. Kennedy was expected to arrive by helicopter for the formal dedication ceremonies some time between 10 a.m. and 2 p.m.

A baby-sitting class has been scheduled to begin in the middle of April. The course will be open to all interested persons 14 years of age or over. There will be six two-hour sessions including first aid, fire prevention for baby sitters, care and feeding of baby (to be taught by a registered nurse), and a safety talk by a police officer. A talk from the point of view of parents of small children will be given at the conclusion of the course. Cards will be issued to those who have attended all sessions.

A new first-aid class will be started on Monday, March 27. This class will begin at 8 p.m. and is open to anyone 15 years of age or older. Registration will take place on the 27th.

The Ladies Auxiliary will be holding a bake sale at the Center on Friday evening starting at 5:30 p.m. This sale will consist of delicious baked goods which have been made without

I repeat - without the aid of  
(Continued on Page 3)

## GHI Advisors Chosen On Housing for Aged

A committee of 11 persons was selected by the board of directors of Greenbelt Homes, Inc. at its regular meeting, Thursday, March 9, to advise the corporation on its projected housing for the elderly. The names of the appointees will be announced as soon as they have signified their willingness to serve.

The board visualizes the task of the advisory committee as comprising four main categories: physical and architectural design; housing and social needs; financing and financial operations; and admissions and occupancy standards.

In another building program, the board authorized management to continue negotiations with architect Victor Smolen regarding the preparation of designs and specifications for the remodeling of the frame homes. The intent of GHI is to offer members interested in participating in the remodeling program a choice of a half-dozen designs or so. It is expected that the face-lifting which may consist of additional storage room, a break in the exterior wall (overlay) treatment, roof or door overhangs, and special treatment of doors and doorsteps will cost between \$500-\$1,000 per unit.

Smolen has proposed an original architect's fee of \$100 per design plus \$25 for each time the design is used by a member (plus reimbursement for cost of blueprints).

### EXTERIOR PAINTING

The board put into writing a policy that had been applied in practice of permitting members to paint the exterior of their doors a color that varies from the color of the trim. Under the cycle painting program, the door, either on the service side or the garden side, will either be painted the same color as the trim, or else left unpainted at the member's request. The different color is to be applied by the member at his expense and not through the cycle painting program.

## High Point PTA

High Point High School P.T.A., will meet on Tuesday, March 21, at 8 p.m. Student Social Activities will be discussed in panel form by selected students and adults. The panelists will include - Margie Feldman, Charles Reavis, Sharon Wilhelm, Mrs. Stanley Jackson, Mrs. Richard Highman and Mr. Harold Boyer.

A bake sale will be held Saturday, March 25 at 1 p.m. at High Point. Proceeds will be used to supplement the P.T.A. Scholarship Fund, which is lagging in contributions at this time.

## Green-Osborne

Mr. and Mrs. Austin R. Green of Berwyn Heights, announce the marriage of their daughter, Betty Marie, to James Alan Osborne, son of Mrs. Cecelia Osborne of College Park and James Osborne of St. Petersburg, Florida. The marriage took place on Saturday, February 11, at the Greenbelt Community Church and was performed by the Reverend Kenneth Wyatt.

The couple will reside at the Chillum Heights Apartments.

## Agenda Regular Meeting

Council of The City of

GREENBELT, MARYLAND

March 20, 1961

5. Written Communications
6. Manager's Progress Report
7. Ordinance - Second Reading - Pay Contractor on Youth Center Building
8. Resolution - Amend City Charter in City Solicitor's Section
9. Resolution - Amend City Charter to Increase Personnel Board Number
10. Ordinance - Amend Ordinance No. 461 to Provide for No Left Turn from Centerway to the East Parking Lot
11. Miscellaneous

## Shamrock Slants

BY BILL MOORE JR.

Name: Gary "Butch" Brown  
Age: 21  
Position: Pitcher  
Occupation: Policeman

"Butch" has been a resident of Greenbelt for a long time, beginning his ballplaying in the Little League. From there he went into the Babe Ruth and American Legion leagues, along with pitching at High Point High School, being an outstanding athlete with all ball clubs he has played with.

A 1956 graduate of High Point, Butch then began working in Washington, D.C., where he played two years of baseball in the downtown league. With the Greenbelt team in their first season last year, Butch posted an amazing 12-1 season record along with 3 shutouts and 2 one-hitters in the Shamrocks' drive toward the Tri-County title.

Brown lives with his wife Martha at 7-A Southway, and they are expecting their first some time in July.

Brown currently has a few more weeks of schooling with the Prince Georges County police force before becoming an officer, and he plans to keep his Sundays as free as possible this year to pitch baseball with our local men's team.

### SIDEBARS

The Shamrocks are hunting sponsorship, both partial and full. Anyone interested may call Terry Collins at Gr 4-6006, or the writer at Gr 4-6404.

This season all games will be played only on Sunday, with no scheduled doubleheaders. Ten games will be at home, and ten away; the schedule is to be printed

## GHI Plans Quality Motel For Mc Donald Field Site

By AL SKOLNIK

Greenbelt Homes, Inc. has opened formal negotiations with the city to acquire the site of McDonald Field (Little League Field) through a land swap. The corporation is considering the erection of a quality motel on its property, which is now bisected by the present location of McDonald Field.

## Street Repair Work Begins This Week

With the way cleared by council approval of the transfer of \$1200 from Miscellaneous to the Roadways account, the city began a massive attack this week on repairing local streets badly damaged by the winter's heavy snows. Council action taken at a special meeting Tuesday night makes it possible to hire additional part-time employees to speed the work.

Albert "Buddy" Attick, public works director, reported to the council that part of the delay in repairing roads has been due to a breakdown in the city's Navy surplus air compressor machine needed to operate air hammers. There has been a two-week wait for replacement parts. A machine will be rented temporarily to begin repair work immediately.

City manager Charles McDonald said he would obtain as much part-time help as he could utilize in order to push this work during the next two to three weeks. It was understood that more money might be needed later for labor to complete the work. McDonald could give no estimate of the total cost until after the work is underway, but he anticipated that several thousand dollars might be needed for materials along to place all streets in top shape.

It was pointed out that the repair work must be completed as quickly as possible not only because of the poor road conditions but because none of the usual spring work can be started until it is finished. The spring work includes repairing and preparing the local baseball fields and parks.

## New Post for Burgoon

Ed Burgoon, president of Greenbelt Homes, Inc., has announced his acceptance of a full-time position as Washington Director of FCH Co., Inc., a subsidiary of Foundation for Cooperative Housing, effective April 1. His office will be at 1001 15th St., N.W. Burgoon will terminate his employment with Greenbelt Consumer Services, Inc. where he has been serving as acting director of member relations.

## Preschool Play Group

High Point senior home economics students will hold a play school, which will meet four days a week from 9:15 to 11:45, beginning March 27 and ending June 2.

Children aged 2-5 are eligible; acceptance is based on sex, age, and the order in which applications are received. These forms are available in the school office and must be returned by March 20 to the home economics department. Notification of acceptance will be sent to parents by March 24.

Parents are responsible for the transportation of their children, and a fee of \$.25 per child will be charged for mid-morning refreshments.

soon.

League gab has it that Bethesda may turn the Tri-County league into 12 teams instead of the current eleven. Also, Wheaton is tentatively arranging to have its home games broadcast over WGAY at Montgomery Blair this season.

According to the proposal, GHI would exchange for McDonald Field, on an identical square foot basis, an area along Northway beyond 44, 46 and 48 courts of Ridge rd. A new ball field would be constructed on this site at the expense of GHI. These costs would be incorporated in the development costs of the motel.

The land exchange would go into effect only if GHI secured the necessary zoning and financing for erecting a motel and if the membership gave its approval to such a project.

It is expected that the new city tract will provide sufficient land for both the ball field and adjacent parking. The city will determine the actual location and lay-out of the ball field, subject to the concurrence of GHI. A buffer zone of trees -- perhaps 150 feet -- between the ball field and the nearest GHI homes is planned.

GHI has also suggested that in constructing a new field the foul ball area and dugouts be further removed from the field and that space be planned for future spectator stands.

GHI officials saw several advantages to the city in relocating McDonald Field. Number one would be ample parking facilities, which are lacking at the present site. Also the city would get a brand-new field for the present field which is in need of considerable maintenance.

The suggestion for erecting a motel on the site near the entrance to the Washington-Baltimore Parkway was made by GHI's land use committee, headed by director Henry Brautigam. The committee visualized a high-class motel and restaurant, similar to the Motel Washingtonian located on new Route 40 above Rockville, Md. Other members of the land committee are Hans Jorgensen, Davis Kane, Roy K. Davis, and Elliott Bukzin.

## Traffic Changeover

The reversal of traffic in Centerway has been accomplished with a minimum of incidents and disruption of movement, city manager Charles McDonald announced. Only two specific problems have arisen during the changeover. One of these was an oversight in the writing of the ordinance which authorized the change. Although no left turns are allowed from Centerway into the east parking lot, there is no specific authorization of this prohibition in the ordinance. City council is expected to act quickly to cover this oversight.

Because of a traffic tie-up in the circle at the library entrance of the Center school, caused by people not realizing that there was no longer any access into the west parking lot from the school driveway, city employees have for the time being removed the signs prohibiting vehicles from entering the lot. It was feared that heavy traffic so close to the school was a safety hazard. After the public is better informed of the entrance and exit to the parking lot, the signs will be re-established.

## Holly Selected

Martin Holly, 45-S Ridge has been appointed a member of the President's Committee on the Employment of the Physically Handicapped. Holly is Assistant Director of Employment Relations of the Disabled American Veterans.

## Poetry Club Wins Nation Acclaim

"Greenbelt Lights a Candle," an article in the April issue of "Woman's Day" magazine, features and gives national acclaim to the young and budding poets of our local poetry club. The club, now in its third year, was founded by Mrs. Marjorie Muir in response to a growing interest and need for poetic appreciation and expression, which she sensed among elementary school students who patronized the library. Ruth Amberg, first club officer and fifth grader at Center school, aptly exclaims with her contribution titled, "The Library":  
We are so fortunate to have,  
In our community  
Something we often take for granted,  
A County Library!  
Information, fun and games;  
"All about a boy named James."

Poetry and Politics,-  
Just righthere, I have six.  
Without the library I could live,  
But Oh! IT has so much to give!  
Mrs. Muir, who has been in charge of the Greenbelt branch of Prince George's County Memorial Library for the past 10 years, suggested that the children think about writing some poems related to books as their contribution to National Library Week, April 16-22. Here is what Patricia Brown, third grader at St. Hugh's had to say in her poem titled, "A Good Friend."

Books are like people  
They can grow old.  
And they can tell of  
Adventures bold.  
Karen McFarland, member of the group for two years and a fifth grader at St. Hugh's, "just overflows with poetry," according to Mrs. Muir.

Have you ever looked at the books on your wall?  
Some are thick, some are tall;  
Some are short; some are fat;  
They differ in size I can tell you that!

Benise Ungar, a fifth grader at Center school and 2nd officer of the club, wrote:

Books can take you miles away  
In only one small day

One might tell you about a dog,  
Or, strange enough, about a hog!  
But I like books just to read.

The April issue of "Woman's Day" magazine is due next week, and Don Freaner, Greenbelt Co-Op manager, has thoughtfully ordered 400 copies of the magazine to fulfill the expected demand.

## Youth Center Coats

Three hundred hats and coats piled high on top of two table-tennis tables in the coat room of the new Youth Center provided many problems and much confusion during the first weeks of operation. This situation has now been eliminated by the Greenbelt Woman's Club, who have contributed new, steel, coat and hat racks, recently installed. Now all coats can be hung on hangers around three sides of the room, and on a removable rack in the center, and are readily obtainable at the close of activities.

### CORRECTION

Last week's garden column contained a printer's error. Once flats have been filled with vermiculite, WATER THOROUGHLY before planting seeds.

## Clinedinst-Dinehart

Mr. and Mrs. George M. Clinedinst, 54 C Ridge, announce the engagement of their daughter, Barbara Rush Clinedinst to P.F.C. Gary W. Dinehart, USMC, stationed at Camp Lejeune, N. C. on February 18. PFC Dinehart is the son of Mrs. Thomas Snoddy of Riverdale, Md.

## Green - Osborne

Mr. and Mrs. Austin R. Green of Berwyn Heights, announce the marriage of their daughter, Betty Marie, to James Alan Osborne, son of Mrs. Cecilia Osborne of College Park and James Osborne of St. Petersburg, Florida. By ELAINE SKOLNIK Granite 4-6060

It's a boy for Mr. and Mrs. Chester Clark, 38-L Ridge. Chester, Jr., was born March 1, weighing 8 lbs. He has a sister, Danna.

The Harry Wilsons, 16-F Crescent named her Karen Ann. She made her debut on March 2, weighing 6 lbs. 6 oz.

Mr. and Mrs. Bernard Fritz, 2-C Woodland, announce the birth of a daughter. February 23 was the important date.

It's a girl for Mr. and Mrs. Earl Bowen, 38-K Ridge. Susan Marie arrived March 2, weighing 8 lbs. 5 oz. She joins Patricia, Karen, and Bruce.

Former Greenbelters, the Harold Kings, announce the birth of a daughter Sandra. She has two sisters, Debby and Judy. Mr. King is the Scout Master of Explorer Troop 746.

A speedy recovery to Marty Hoffman, 114 Northway, who underwent an appendectomy last week.

Best wishes for a quick recovery to Mrs. F. Cannon, 1-G Northway, who is in Prince Georges Hospital.

On the mend after recent hospitalization, is Mayor Alan Kistler, 7-B Crescent. Glad to hear he's doing so well.

Congratulations to Rebecca Fisher, 5-D Eastway, who spelled her way to victory at Greenbelt Junior High's seventh and eighth grade Spelling Bee on March 7. It was a tense moment when

Rebecca's last opponent went down on incendiary. After spelling the word correctly, Rebecca clinched the title with metamor-

phosis. She will represent the Junior High at the Washington Area Spelling Bee in May. Good luck, Rebecca!

For his ten year's service in county and State PTAs, Bruce Bowman, 14-z-3 Laurel, was awarded a life's membership in the organization. Recognized also at the Prince Georges PTA Council meeting was Ruth Bowman who received a pin inscribed "The Perfect PTA Wife". Ah, yes, behind every successful man is a woman!

Donald W. Engle, 17 Empire

has joined the Business and Labor Reports Division of Prentice-Hall, Englewood Cliffs, New Jersey. He will represent the publisher of books and business services in Washington, D.C. A get-well-quick to Betty Cormack, 35-H Ridge, who is in Leland Hospital.

# We're always "digging" into coal!

In the face of increased costs of the ingredients that make up "Matchless Service," PEPCO research has led to greater efficiency, resulting in low cost Electric Service to all our customers.

One example is PEPCO's day-by-day research into coal. We're constantly "digging" into this power-packed mineral, analyzing its chemical content and combustion qualities. We're continually searching for newer and better ways to get more Electricity from fewer tons.

One result: The unit cost of Electricity for your home is substantially less today than it was 25 years ago.

It's all part of PEPCO's ever increasing efforts at improving efficiency, so that you receive Electric Service in abundance, at the lowest practicable cost.
