

Election Capsule

The five incumbents elected Tuesday have had a total of 52 years of council service. For Gil Weidenfeld it was his tenth consecutive win; for Thomas X. White, his ninth; for Edward Putens, his fifth; for Antoinette Bram, her fourth; and for Joseph Isaacs, his third.

AN INDEPENDENT NEWSPAPER

Volume 52, Number 51 P.O. Box 68, Greenbelt, Maryland 20770 Thurs., Nov. 9, 1989

..And Also Rnning

Write-in votes were cast for Betty Timer, Keith Cherkoff, Barbara Simon, Richard Bates, Bill Morrison, Rick Meetre, Bob Rashkin, David Moran, Judith Davis, Joe Spivach, Clifford Evans, Jeanette Gordy, Dick Pilski and Bill Ayers.

Five Incumbents Knock Out Challengers

Weidenfeld and White Lead Field in Record Turnout

by Pat Scully

The highest turnout ever—65 percent of registered voters—returned the five incumbents to Greenbelt city council in the November 7 election. Six candidates received more than 40 percent of the vote, with challenger Ruth Kastner finishing sixth.

Gil Weidenfeld was the top vote-getter with 1,560 votes and, if tradition is upheld, will again be mayor. Thomas X. White, with 1,471 votes, was the second finisher and is the probable mayor pro tem. Joseph Isaacs (1,374), Edward Putens (1,340 votes) and Antoinette Bram (1,256 votes) were the other winning candidates.

Kastner led the challengers, with 1,101 votes. Herling, with 884 votes, Roberts, 617, and Dahl, 559, rounded out the field.

Because the successful candidates each received more than 40 percent of the vote, no runoff election will be necessary. The council will be sworn in and will elect the mayor and mayor pro tem on Monday, November 13 at 7:30 p.m. in the council chambers. The meeting will be broadcast live on channel B-10.

By Precinct

The vote count from precinct 13 (Greenbelt East), which reported in last made the difference in the victors and order of finish. With Springhill Lake and the core of Greenbelt reporting earlier, White led the field, followed by Weidenfeld, Isaacs, Bram, Kastner and Putens. Weidenfeld's 463 votes in Greenbelt East allowed him to overtake White, who drew 310 votes in that precinct. Putens' 465 votes in the East, leading all candidates, pushed him past Bram and Kastner.

Weidenfeld did not lead in any precinct but finished second in all four. White led in precincts 3 and 6, Isaacs in 8, and Putens in 13. Isaacs ran third in precincts 6 and 13 and fourth in precinct 3. Kastner made her strongest showing in old Greenbelt, running

third in precinct 3 and fifth in precinct 6.

High Turnout

More voters and a higher percentage of voters took part in this year's election than any election since 1973. Of 3,636 registered voters, 2,363 cast votes—65 percent. The number registered and number voting increased in all precincts except Springhill Lake, where, as in the others, the percentage voting increased, compared to the 1987 council election.

The highest increase in voters—numbers, percentage and registered—occurred in Greenbelt East. Of 1,082 registered voters, 597 (55.2%) voted in 1989. In 1987, 333 (40%) of the 831 registered voted. The two precincts in the core of Greenbelt made their typically strong showing. Precinct 6, the North End, cast the largest number and highest percentage of votes, with 865 of the 1,239 eligible voting (69.8%), up from 663 (65%) of 1,033 registered who voted in 1987. In precinct 3, the center, 755 (65.1%) of the 1,159 registered voted; in 1987, 609 (60%) of 1,018 voted.

In Springhill Lake the number of registered voters declined to 156, from the 224 registered in 1987, and the number of those voting to 58 from 65. This does represent a higher percentage, however, 37.2% compared to 29%.

Potpourri

Voters cast ballots for an average of 4.3 candidates in all precincts, meaning that while some voters did not vote for five candidates, "bullet voting" was not a factor.

The five incumbents elected have a combined total of 52 years of council service. This will be their third term together.

(See more voting information on page 3)

Council to Discuss New School Layout

A City Council work session to review the site layout for the new elementary school planned for the North End site will be held on Tuesday, November 14 at 8 p.m. in the Center School Media Center. In attendance will be city council members; Suzanne Plogman, school board representative, and R. C. Garcia, the school board's architect. Alternative possibilities will be presented for review and discussion.

UNOFFICIAL COUNCIL ELECTION RESULTS

	Total	Absentee	Precinct 3 Center	Precinct 6 North End	Precinct 8 Springhill Lake	Precinct 13 Greenbelt East
Weidenfeld	1560	53	480	519	45	463
White	1471	44	514	572	31	310
Isaacs	1374	49	411	491	46	377
Putens	1340	53	385	401	36	465
Bram	1256	52	376	473	41	314
Kastner	1101	35	427	440	20	179
Herling	884	34	331	342	17	160

North End Trees & Sunrise Apts. Are Among Term's Final Topics

by Diane Oberg

The Greenbelt city council held its last regular meeting of the 1987-1989 term on October 30. They heard a report on the city's efforts to minimize loss of woodlands at the new elementary school, opposed a variance for the proposed apartment complex on the Sunrise Property and directed staff to develop a plan to provide space for senior citizen programs.

Elementary School

City Manager James K. Giese reported on a meeting he and council member Antoinette M. Bram held with school officials concerning the site plan for the new elementary school on the old North End School site. At issue were ways to minimize tree loss, particularly around the soccer field. Architect R. C. Garcia presented two alternative plans, one with retaining walls, the other with a "radical relocation" of the soccer field. The latter option, which was the most expensive, decreased the woodland by .8 acre.

Giese said that all options retained a "fair degree" of wooded buffer, some on homeowners' lots. He asked the architect to consider a less severe shifting of the field. Garcia agreed to do so and will present his proposals at a November 14 city council work session.

As part of the consent agenda council received Advisory Planning Board (APB) Report 89-30, in which APB recommended that council authorize the city's consulting engineer to meet with Garcia to review options for the soccer field. The report will be placed on the agenda of the next regular council meeting.

Parkway Parking

In September council received a petition from Jerome Logsdon and 152 others asking that Park-

way be restriped to permit angle parking on one side and parallel on the other. To permit this, the petition asked that Parkway be made one-way. The petitioners calculated that 57 additional spaces could be created.

At the October 30 meeting, Giese said that Parkway is not wide enough for the plan as presented. However, approximately 15 additional spaces could be provided by converting Parkway to one-way and putting single parking on one side, with no parking on the other. Giese recommended that this change not be done until the reconstruction of Centerway is completed, tentatively scheduled for late next summer. During the construction period, the only access to parking lots in the Roosevelt Center will be from Parkway.

Council member Thomas X. White urged that planning for the parking changes be done now, so that work can begin as soon as Centerway is finished. Bram also supported the change. She saw no problem with making Parkway one-way, given the short length of the road.

Weidenfeld asked staff to make specific recommendations to the new council. After residents have had a chance to comment on the plan, council could direct staff on what to do and when.

Logsdon questioned Giese's contention that the street is not wide enough for his proposal. He noted that some female residents of apartments on Parkway are concerned for their safety at night when they have to park far from their residences.

Sunrise Apartments

Council unanimously opposed a request by the owners of the Sunrise Property for a variance from strict compliance with coverage requirements for the garage for the apartment complex. The property is located at the end of Hanover Drive, adjacent to the Capital Beltway between Greenway Village Apartments

and the Holiday Inn. In her written comments, City Planning and Development Coordinator Celia Wilson noted that the site plan represents the maximum density allowed. She said variances are normally granted only when strict enforcements of regulations would make the property undevelopable. Wilson estimated that strict enforcement of county code would require reducing the number of apartments by no more than 20 percent.

Michelle LaRocca, representing the property owners, said that recent changes in county regulations have "vastly increased" the parking requirements for the project. In return for the variance, the owners agreed to increase the buffering between the Sunrise project and the adjacent apartments. Council learned from LaRocca that county council member Richard Castaldi had recommended—and the District Council accepted—the modification of the Langley Park-College Park-Greenbelt Master Plan to permit either the current high-density residential zoning or commercial-office. (The city council's request in July to reduce the residential density of the tract in the Master Plan was not accepted by the Prince Georges County Planning Board.)

City Solicitor Robert Manzi said that this change would have little immediate effect. Dual zoning would require the Park and Planning staff to treat the property both ways and would permit the zoning change without an additional public hearing at See COUNCIL, page 5

Seniors Tour Universe

by Pearl Siegel

Dr. David Thompson, an astrophysicist at Goddard Space Flight Center was the guest presenter for Explorations Unlimited on October 27.

Under his expert guidance and without leaving the safety and comfort of their chairs, the participants traveled the byways of outer space on film. They visited the stars and planets and viewed the Milky Way. Along the way they got daringly close to the moon, the cloud cover of Venus, and viewed Saturn and its rings as well as Saturn's satellite Titan.

After the group returned to earth they bombarded Dr. Thompson with questions. He told them about some current NASA projects, including the Hubble Space Telescope.

This telescope will be in orbit 370 miles above the earth, beyond the atmosphere, and will give a picture window view of the universe. It sees 10 times better than the best optical telescopes on earth. This space observatory is named after American astronomer Edwin P. Hubble.

"Little Shop of Horrors" Is on at Tawes Theatre

The University Theater of the University of Maryland presents "Little Shop of Horrors" at the Tawes Theater on campus.

The show runs November 10, 11, 16-18 at 8 p.m. and November 12 at 2 p.m. Information and reservations are obtainable by calling 454-2201. There is a fee.

Artist Competition Opens To Lease Montpelier Space

The Montpelier Cultural Arts Center in Laurel rents studio space to qualified artists. Eligibility to rent space is determined by jury selection.

The next juried competition for studio space at Montpelier is scheduled for Wednesday, November 15. Call 953-1993 for an application form or for more information.

Applicants must bring a completed application form and up to five examples of their work to Montpelier on Tuesday, November 14, between 9 a.m. and 8 p.m. The work must be picked up on Thursday, November 16.

BIG APPLE HAPPY HOUR AT FOUNTAIN LODGE

The Fountain Lodge in Springhill Lake is sponsoring a New York, New York Happy Hour on Thursday, November 16 from 6:30 to 8:30 p.m. The event will feature food from Subway of Beltway Plaza, beer, wine, and music from the Pros D.J.'s. There will be dancing, movies and a Best New "Yawk" Accent Contest. All former New Yorkers (with proof of New York residency) get in free. There is a fee.

Springhill Lake residents over 21 should register in advance of the event by calling the Fountain Lodge at 474-4555.

Veterans Day Observance

Veterans Day will be observed by the American Legion at the Greenbelt War Memorial on Centerway. The ceremony, held on the anniversary of the signing of the Armistice that ended the First World War, commemorates the servicemen and women who fought in that and subsequent conflicts. Greenbelters are invited to join the Legion on Saturday, November 11, promptly at 10 a.m.

The speaker will be retired Brigadier General William Neal Mang, whose theme will be "Glasnost: Shall our nation, as it did in the thirties, once again beat our swords into ploughshares." The program will include patriotic music and the presentation of colors.

In case of inclement weather, the observance will be held at the American Legion Post on Greenbelt Road. After the ceremony, participants and guests are invited to a buffet at the Legion.

Seniors "Explore" Poetry

Ed J. Cox from Washington, D.C. will be presenting a poetry workshop at the Youth Center from 1-3 p.m. Friday, November 17. Cox has published two books, and his poems have appeared in several anthologies and periodicals. He has been teaching poetry workshops to senior citizens since 1976.

The workshop will consist of reading, teaching, and some experiential writing, possibly a group poem. Anyone interested in participating must call 474-6878 to register. There is no fee.

Cox's poetry workshop is the fourth presentation of the "Explorations Unlimited" series.

Greenbelt Police to Give Crime Prevention Training

The Greenbelt Police Department will conduct a Crime Prevention Training Session on Wednesday, November 15, 7 p.m. in the Springhill Lake Fountain Lodge. All Greenbelt residents are urged to attend.

Training focuses on recognition of suspicious behavior and situations and how to handle them, protection of self, property, families and emphasis on the importance of Neighborhood Watch programs.

A question and answer period will follow.

Gray Panthers Meet

Gray Panthers will have their annual meeting Saturday, November 18 at 1:30 p.m. at the Greenbelt Library. Frances Humphreys, Acting National Gray Panthers Director, will speak and answer questions about the National Gray Panthers, their program and activities. Elections will be held. All are invited to come and learn more about this organization.

Modern Dance Companies At Publick Playhouse

The Publick Playhouse will present "Artists Collaborative: Dancers from Jubilation! Dance Company, Philadanco, and D. C. Contemporary Dance Theatre" at the Publick Playhouse in Hyattsville on November 17 and 18 at 8 p.m. For reservations or information, call Playhouse Box Office at 277-1710 (Voice/TTD).

Golden Age Club

by Mary Gardner

The Golden Age Club's annual Thanksgiving Dinner will be held at the Greenbelt American Legion on November 15 at 12:30 p.m.

On Wednesday, November 22 at 11 a.m. Cruises Only, Inc. will present a video-tape of Holland-American cruises for 1990. There will be door prizes and refreshments. Guests are welcome, as always.

At the Wednesday, November 29 meeting, Julie Rich from Prince Georges Community College will discuss course offerings for seniors.

GREENBELT COMETS PLAY ELITE SOCCER TEAM

By Nancy Boarman

On Sunday, November 12 at 2 p.m. at Braden Field, the '76 Greenbelt Comets soccer team will take on one of the metro area's finest girls soccer teams, the Springfield, Virginia '76 Elite team. The Elite squad has been together for 9 seasons, and competes in the first division of the Washington Area Girls Soccer League (WAGS). The team has participated in international and national tournament play from Maine to Florida.

The public is invited to this exhibition match. Greenbelt's support is greatly appreciated.

Greenbelt Gray Panthers To Participate in Rally

Gray Panthers, along with leading women's organizations, will participate in the Mobilization for Women's Lives Sunday, November 12 at 11 a.m. at the Lincoln Memorial. Seats up front at the Lincoln Memorial will be reserved for Gray Panthers and a free shuttle bus will be run from Foggy Bottom Metro to 22nd and Constitution, starting at 10:30 a.m. All persons, men and women, wishing to participate, should call Ann Pisano (474-7841) for reservations and meet in Greenbelt at the Sovran Bank at 10:15 a.m. November 12.

AGENDA

Special Charter Meeting of City Council

Monday

November 13, 1989

7:30 P.M.

1. Meeting Called to Order - Outgoing Mayor Gil Weidenfeld
2. Meditation
Pledge of Allegiance to the Flag
3. Certificate of Election Count
4. Oath of Office - New Elected Council.
5. Election of Temporary Chairman
6. Election of Mayor
7. Administration of Oath of Office to Newly Elected Mayor - by Norman Pritchett, Clerk of the Circuit Court of Prince George's County
8. Statement by Mayor
9. Election of Mayor Pro Tem and Members of Council
11. Other Business
12. Adjournment

CITY LEAF COLLECTION PROGRAM

The city's fall leaf collection program started October 30, and will continue for six to eight weeks depending on the need.

Collections are being done on an area basis with proximate neighborhoods or subdivisions collected at the same time. During the week of October 30 through November 3, the neighborhoods of Lakeside, Crescent and Ridge Roads above Westway, Forestway, Woodland Way and Northway were collected. This week, November 6 through 9, the area of Boxwood, Lakewood, Research Road and Ridge Road from Lastner Lane to Laurel Hill will be collected. During the week of November 13, the remainder of the Greenbelt Homes, Inc., (GHI) neighborhood will be collected. Then the rotation will begin again.

Residents in GHI MUST bag their leaves and keep them in their yards on the service side. Other residents may either rake their leaves to the curb or bag them and place them at the curb.

Temporary signs announcing when leaves will be collected will be placed at major entrances to each area. As much as possible advance notice will be provided.

Please remember, once the leaf collection crew has been in your neighborhood, they will not be back for two to three weeks. Thanks for your cooperation.

Greenbelt Connection Schedule

Because of the Veterans Day Holiday, Friday, November 10, the city's dial-a-ride service, the GREENBELT CONNECTION, WILL NOT OPERATE ON THAT DAY. Service will be resumed on Sunday, November 12, 1989.

CHANNEL B-10

presents:

Ask The Energy Doctor

A thirteen part series full of energy saving tips and ideas. To be aired on Tuesdays and Thursdays at 2PM and 7PM beginning this week.

Featured on November 14 & 16 is:

"Low Cost/No Cost Energy Conservation Techniques" and
 "Implementing Low Cost/No Cost Energy Conservation Techniques"

Large Turnout Needed

To the Editor:

Are you concerned about the increasing amount of traffic? Have you recently complained to a friend or neighbor about the startling rate of tree loss due to development? For most residents of Prince Georges County, the answer is a resounding YES!

Four bills are currently pending before the county council which, if enacted, will result in sweeping reforms in the areas of road adequacy and tree preservation. I predict—no—I guarantee that those opposed to the legislation will turn out in large numbers to express their sentiments. It will take the active involvement of all citizens to ensure that the council members hear two points of view.

The first bill, CB-100-89, will require that adequate public facilities (including roads, police, fire, rescue services, etc.) be present or fully funded prior to subdivision approval. The current law permits development approval provided that as little as \$1 is included in the six-year Capital Improvement Plan. We cannot drive on paper roads!

CB-73, 74 and 75-89 are designed to adopt and implement a tree preservation policy. If enacted, the law will apply to lots of 40,000 square feet or more which have at least 10,000 square feet of existing woodland. Passage of the bills would ensure an inventory of existing woodland prior to development, a conservation plan protecting existing trees, and a reforestation plan following development. Further, a developer would have to save between 10% and 50% of the existing trees (depending on the zone) and would face stiff penalties for illegal tree removal. Currently, 2,500 acres of trees are lost every year in the county! This bill has been drafted as a compromise with developers. If you think the bill should be stronger—we need to hear from you!

The tree preservation bills have been scheduled for public hearing at 6:30 p.m. on November 14, in the County Administration Building, Upper Marlboro.

The adequate public facilities bill is scheduled for public hearing November 28 at 1:30 p.m. in the County Administration Building. Since this is the last day

Metro Offers Free Rides

Beginning Monday, November 13 the Washington Metropolitan Area Transit Authority (WMATA) will offer free one-way rides on Metrobus Routes R11 and R15 serving Greenbelt, Board chairman Richard J. Castaldi announced.

Coupons good for a week's worth of one-way rides to the New Carrollton Station during the morning rush hour will be mailed to nearly 10,000 Greenbelt residents early in the week of November 6. Castaldi urged residents to try Metrobus and Metrorail for the full week to save time, money and hassles.

A handy timetable and map of the bus route will be included with the coupons to orient new passengers to the bus service.

Currently, the Greenbelt routes are underutilized, and may be in jeopardy. "Hopefully, this promotion will encourage more Greenbelters to take advantage of Metrobus service, ensuring continuation of the line," Castaldi stated.

Classical Japanese Dance

Kotobuki Kai will present MOSO-DREAM, an evening of classical Japanese dance, at the Publick Playhouse on November 10 and 11 at 8 p.m.

Distinguished by authentic traditional costuming, scenery and special effects, the program of fully staged Japanese dance features four new works by artistic director Yoko Harada King and three by Hideko Richardson. A narrator will introduce each piece.

To make reservations, or for additional information, call the Playhouse Box Office at 277-1710 (Voice/TDD).

of the legislative year, the bill will be voted on immediately following the public hearing.

A large contingent will undoubtedly be present to testify in opposition to these bills. Only your voice can counteract their protests.

If you would like copies of the bills or any further information, call my office at 952-3094. Please take the time to help protect our community. Many thanks!

Richard J. Castaldi
Councilman 4th District

Builder, Spare that Tree – 2001 - The Design Shape

by Allegra Tasaki

On Tuesday, November 14, at 6:30 p.m., the Prince Georges County Council will hold a public hearing to discuss proposed tree conservation legislation at the County Administration Building in Upper Marlboro.

The Greenbelt City Council supports the proposed legislation. In addition, the Citizens for Greenbelt Board of Directors voted to endorse the bill.

Three bills, CB-73, 74, and 75-89, have been introduced and are designed to implement a policy to save the trees. If enacted, the laws would require conservation on lots of 40,000 square feet with at least 10,000 square feet of woodland.

Passage of the bill would ensure an inventory of forest land prior to development, a conservation plan to save existing trees and a reforestation plan immediately following construction.

Besides these requirements, a developer must conserve between 10 and 50 percent of the existing trees on site and will face penalties for illegal tree removal.

A fine of \$1.20 per square foot will be imposed upon those who begin development without a county permit or approval of the Tree Conservation Plan.

Under this program, certain areas would have priority for conservation. Wooded 100-year floodplains, wooded nontidal wetlands, wooded stream corridors with drainage areas greater than 50 acres and 50 ft. wide buffer wooded slopes and having a contiguous coverage of more than 10,000 square feet would be under consideration.

Those wishing to speak may register by calling 952-3600 or by signing up at the hearing.

Choral Workshop Held

Con Viva Musica is presenting a free choral workshop on vocal techniques, featuring Nyla Alexander, soprano and a reading session on the Faure Requiem on November 18, at 6:30 p.m. The workshop will be held at the Church of the Redeemer on Bowie Race-Track Road, Bowie.

Registration will begin at 6:30. Auditions for Con Viva Musica will be held after the reading session.

The Greenbelt Extension Homemakers Club will meet at the home of Martha Sinden on Wednesday, November 15 at 8 p.m. The co-hostess will be Fay Anderson. A program on discount travel is being presented.

Membership in the club is open to all, regardless of race, color, religion, national origin, sex, or handicap. For information, please call Sylvia Kyle at 474-2705.

Homemaker Club to Meet

Memberships in the club is open to all, regardless of race, color, religion, national origin, sex, or handicap. For information, please call Sylvia Kyle at 474-2705.

Energy Tips and Other Tidbits Are on B-10

The city's cable TV channel, B-10, will feature programs on Monday, Tuesday, Wednesday and Thursday next week. On Monday, the new city council will be sworn in and this will be seen live on B-10 at 7:30 p.m. The "Ask the Energy Doctor" series will begin next week on Tuesday and Thursday at 2 and 7 p.m. each day. This 13-part series is full of energy saving suggestions and methods on how to winterize houses. It will run over a six-week period. This week's shows are "Low Cost/No Cost Energy Conservation Techniques" and "Implementing Low Cost/No Cost Energy Conservation Techniques."

On Wednesday at 2 and 7 p.m. excerpts of the Super Dance held at the Springhill Lake Recreation Center on October 22 to benefit Muscular Dystrophy research will be shown.

Beltway Plaza Wins Design Waivers

On October 26, the Prince Georges County Planning Board approved a departure from design standards and a departure from sign design standards for the Beltway Plaza, according to information received from city manager James Giese. These actions were taken over the objections of the city. The city had raised legal questions relating to the continued use of a 1970 waiver of requiring parking. Although the departure for parking and landscaping was approved, the city's recommendation to require landscaping along Cherrywood Lane and Breezewood Drive was included.

The request for sign departure was also approved, but for only two instead of three signs. The approval will only allow signage for the new Sports Authority.

Lillian D. Parker

November 3, 1989

celebrated her 90th birthday at the home of her daughter and son-in-law, Tom and Norma Norris, in Seabrook, Maryland. Mrs. Parker's sons, Lewis S. Parker and his wife Nell of Hyattsville, Md. and Raymond C. Parker and his wife, Linda Lee, of Arlington, Texas came to be with their mother. Her daughter, Doris Parker Utz of California flew in. Mrs. Parker's grandson, Bob L. Utz, Jr. and his wife Winda from California came to help celebrate along with other grandchildren, Kathleen D. Finney, Ray D. Norris, his wife Janet, Tommy R. Norris, Dorothy, Kathy Parker and George Hutton, along with many of her great-grandchildren. Jason, Stephen and Esther Finney, Tommy R., Jr., Jennifer Lynn and Steven Alan Norris, Kasey and Kelly Redmond were among them.

Charles Batch, one of Mrs. Parker's oldest and dearest friends who just celebrated his 90th birthday and his daughter Arden of Virginia were there, as well as Charles and Bill Oliver Parker, nephews, and Jim Finney.

This was a happy time for all and we're eagerly looking forward to getting together for Lillian's 91st birthday.

PLAN NOW FOR DECEMBER'S FESTIVAL OF LIGHTS

The Greenbelt Recreation Department announces that the city's 18th Annual Festival of Lights is scheduled to begin Friday, December 1st. Mark your calendars now as that time is rapidly approaching. Preparations are well underway for a variety of programs, old and new, for Greenbelters and guests to celebrate. Share in your community's holiday season spirit for 1989.

Santa will visit Greenbelt Friday evening, Dec. 1st, for the annual tree lighting ceremony. The evergreen, located between the Sovran Bank and the city's Municipal Building, will be adorned with decorations and beautiful lights. Then at the Youth Center, Saturday and Sunday, 2nd and 3rd, over 50 craftspeople will be exhibiting a full complement of handicrafts for your gift giving season at the Annual Craft Show and Sale. Operating a concession stand during the show is the Greenbelt Boys and Girls Club, with the Greenbelt Arts Center holding a bake sale to benefit their programs.

Saturday morning, 7:00 a.m. - 12 noon, St. Hugh's Grenoble Hall hosts a Community Pancake and Sausage Breakfast with Santa. The event will benefit the St. Hugh's School Restoration Fund and is sponsored by the Greenbelt Lions Club and St. Hugh's School Committee in cooperation with the Greenbelt American Legion Post 136 and the 69th Military Intelligence Battalion of the Maryland Army National Guard of Greenbelt.

Also on Saturday morning weather permitting, 10:00 a.m. - 12 noon, you can enjoy a hot air balloon ride at Braden Field. This program is sponsored by the Re/Max Suburban Properties. Saturday evening, 7:00 p.m., everyone is invited to Greenbelt East for their tree lighting at the Greenbriar Community House.

Sunday, December 3rd, the Greenbelt Combined Choir is in concert at the Greenbelt Community Church, 7:30 p.m. Members of all the Greenbelt churches join together annually for this memorable evening of song.

Donations for needy children, "Toys for Tots" will be in progress throughout the month of December. Collections are to be held at various locations throughout the city.

Watch for details in future issues of the NEWS REVIEW and on the city cable Channel B-10 as they feature all of December's Festival of Lights programs and special events. Plan to attend the events of your choice and share in the city's holiday spirit.

(Continued from page one)

the time of the Sectional Map Amendment.

Wilson commented that the county has made several other changes to the master plan, in accordance with the city's wishes. It had returned the Greenhorne and O'Mara property, near Westchester Park, to its residential zoning with a Comprehensive Design Zone overlay, rather than allowing the commercial zoning recommended by the Planning Board. In addition, the Metro property had been left with the existing I-2 zoning in the MXT overlay. She said that in making this change, the county had accepted the city's reasoning that this would permit more control in future rezoning requests.

Senior Programming

In response to Park and Recreation Advisory Board (PRAB) Report 13-89, council directed staff to develop specific plans and space needs for senior programming over the next few years. These plans will then be sent for review and recommendations to the newly created Senior Citizen Advisory Commit-

tee. PRAB's concern was that the need for special programming for senior citizens and the handicapped is a growing need and that little space is available to offer these programs. The board said it was "unacceptable" to postpone these programs until the community center is opened in the Center School building, in approximately three years.

In his written comments, Giese said that Special Population Supervisor Karen Haseley plans to operate a drop-in center in the Youth Center's Morrison Lounge. The lounge will be available for this and other senior activities whenever it is not being used by the Golden Age Club or other current users.

PRAB had suggested that the city lease space in Roosevelt Center or a trailer for senior programs. Giese said that neither of these options would provide space for exercise programs, which he said was the major unmet need. He noted that the city will soon go to bid on a new addition to the Youth Center, which will make a small

amount of additional space available.

If the city were to lease additional space, Giese said that his top priority would be for office space for Haseley, who currently shares an office with two other recreation supervisors. The office was constructed in what previously had been a coatroom closet. Betty Timer said that the cramped conditions make it impossible for Haseley to discuss confidential information with seniors with whom she is working.

Ann Pisano urged council to obtain additional program space, either in the center or a trailer. She said that seniors need a space to socialize with other seniors. She rejected suggestions for using space in Green Ridge House or the Jaycees clubhouse, saying that seniors need a separate place they can go at any time, without having to say "Mother, may I?" to arrange a time.

Attention Prospective Home Buyers

Greenbelt Homes, Inc. (GHI), one of the largest and most established housing cooperatives in the country, is offering brief and informative presentations designed to introduce GHI to you. The presentation will explain what a cooperative is, how GHI operates, what services are provided to GHI members under the monthly charges, and the financing sources which are available. This information will be useful to you whether or not you purchase a GHI home. This is an ideal opportunity for persons who are considering homeownership to learn about GHI and to ask questions in a relaxed atmosphere. Let us introduce you to the cooperative lifestyle BEFORE you look for a home. The next presentations will be held on:

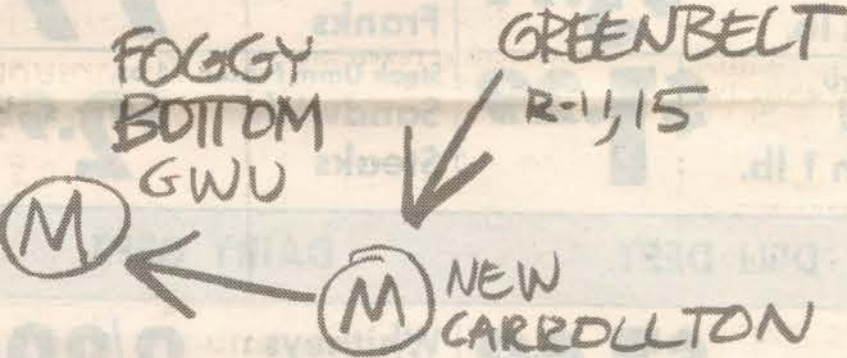

Saturday, November 18	11:00 a.m.
Tuesday, November 28	7:15 p.m.

Please call Louise at 474-4161 for reservations and information. The sessions are free, and there is no obligation.

Bus & Train Geometry.

Greenbelt to Foggy Bottom-GWU.

Does getting to Foggy Bottom-GWU from Greenbelt throw you a curve? Well, consider this angle. Metrobus to Metrorail. We can get you where you want to go with no geometry problems. All you have to do is catch the R-11 or R-15 Metrobus. That will get you into the New Carrollton Metro station in no time flat. From there, it's just a few minutes on the Orange Line and you are at Foggy Bottom-GWU. It's that simple. And when you take Metrobus to Metrorail, you can leave the parking cost and worry behind. You'll also save wear and tear on your car. So next time you're wondering how to get around, no matter where you're headed, remember this simple axiom. Sometimes the shortest and most convenient distance between two points is Metrobus.

One of these buses will get you there in no time flat:

R-11	Beltway Plaza/New Carrollton Metro (60¢)
R-15	Greenbelt/New Carrollton Metro (60¢)

For other buses to the New Carrollton Metro station or anywhere else, call **637-7000 (TDD 638-3780).**

If You Can't Take The Traffic, Take Metro.

Park Group Meets

The Committee to Save the Green Belt will meet on Wed., Nov. 15 at the library at 7 p.m.

ADULT CARE AVAILABLE AT HOLY CROSS HOSPITAL

Holy Cross Hospital's Adult Day Care Center has openings for new participants. The Center is located in the Holy Cross Resource Institute, 9805 Dameron Drive in Silver Spring, and provides daytime care for elderly persons and mentally-handicapped adults in a nurturing group setting. While at the Center, participants can receive nursing services based on an individual plan of care; counseling for participants and family members; leisure and recreational activities; exercise instruction; physical occupational and speech therapy (if needed); nutritious lunch and snacks; and limited transportation.

Call Marjorie Grossman at 565-1878 for more information.

Recycling Center Has Temporary Location

Reynolds Aluminum Recycling Company has temporarily relocated its Prince Georges County aluminum recycling center. The center is now located in the parking lot of the Giant Food store at Glenridge Shopping Center, 7546 Annapolis Road.

The Reynolds Aluminum center is open every Tuesday through Saturday from 9:30 a.m. to noon.

In addition to aluminum cans, Reynolds purchases used aluminum such as pie plates, foil, frozen food and dinner trays, and dip, pudding and meat containers. Reynolds also purchases items such as siding, gutters, storm door and window frames, and lawn furniture tubing. Such aluminum must be cut into manageable lengths. Aluminum castings including pots and pans, power lawn mower housings and barbecue grills also are purch-

ased by the company. For information about aluminum recycling, such as the location of the nearest center, current prices, etc., consumers can call toll free 1-800-228-2525.

Vijaya Kumar, M.D.

Infectious Mononucleosis

"Mono" is an acute infectious disease caused by a virus. It affects mainly youngsters of college age, but even infants can get it. Mono is only mildly contagious, hence its nickname: "kissing disease." People acquire it only after close contact. Its incubation period is about one to two weeks. It usually lasts several weeks, and recovery is gradual. It is most contagious from a few days before the onset of symptoms, to a week or two after onset.

Clinical factors: The onset is insidious: fatigue, weakness, headache, fever, chills, malaise, and sore throat. Children have a shorter course than adolescents. Often it is misdiagnosed as strep throat, but, of course, throat cultures are negative, and penicillin treatment ineffective. Physical findings consist of large lymph nodes (all over but mainly in the neck), swollen, red, purulent throat and tonsils, enlarged, tender spleen, and an occasional measles-like rash, especially in children who are treated with penicillin or aspirin. Occasionally the liver is involved resulting in confusion with hepatitis. Even less frequently there may be reversible brain involvement resulting in stupor or coma. Even the most severe cases will usually fully recover.

Diagnosis: A routine CBC ("complete blood count") will show many "Atypical Lymphocytes" on smear, and a "Heterophile or Mono Test" will be positive. In younger children, however, all these tests may be negative, and diagnosis must be made entirely on clinical grounds.

Treatment: This is a viral illness, hence antibiotics are totally ineffective, and may be counterproductive. The patient must rest, eat a nourishing diet with lots of liquids, and take acetaminophen (Tylenol) for fever (not aspirin). As the patient recovers, activity may gradually return to normal. How soon a patient may return to school and to a normal way of life is decided upon strictly clinical grounds (i.e. using common sense). Repeat blood tests are not useful in determining when the disease is over. They should be ordered only if there is liver involvement.

A few patients become very ill with this disease: Their tonsils become so enlarged that they are in danger of choking; or they lapse into a coma because of brain involvement. Corticosteroids will often alleviate these symptoms, but because steroids can have dangerous side-effects, they should only be used in life-threatening situations.

Outcome: In almost all cases there is full recovery. Teenagers tend to be ill longer (weeks and months) than younger children. Strenuous activities may cause rupture of the spleen.

The existence of "chronic mononucleosis" is being hotly debated. Most doctors now feel that the E-B virus (the chief cause of mononucleosis) can remain active in a person for many years, and can cause flare-ups of the disease. Symptoms of recurrence consist mainly of chronic fatigue, vague aches and pains, and enlarged lymph nodes. These symptoms are often attributed to laziness and hypochondriasis (faking).

A person can get mono more than once, because more than one micro-organism can cause a mono-like disease (E-B virus, cytomegalovirus, toxoplasma).

Summary: Mono is chiefly a prolonged nuisance that requires old-fashioned nursing care mostly. Rest is mandatory until recovery is complete. When the acute phase is over, activity must be limited for at least a month (i.e. no sports, etc.) There is no test that will tell us when the patient has fully recovered, therefore the patient's recovery must be judged on clinical grounds only. In most cases doctors, hospitals, laboratories and medications play no part in this disease.

SOFTWARE ENGINEERS

OPEN HOUSE

Nov. 13 and 14
Monday and Tuesday
from 4:00 p.m. to 8:00 p.m. both days
at the Ford Aerospace Facility in
Seabrook, MD - 1.5 miles east of Goddard
Space Flight Center on Greenbelt Road,
across from the "Basics" Shopping Center.

Ford Aerospace has created a legacy of technical excellence in space science systems engineering. This expertise has resulted in our selection to provide support for some of the most challenging projects of our nation's space program.

Opportunities are available in all areas of engineering at Ford Aerospace, with a special need for Software Engineers to work on the Space Telescope Programs which include Control Center Software, and Data Archiving Systems. Individuals with VAX/FORTRAN, VAX/ADA, and artificial intelligence experience are encouraged to inquire.

If unable to attend the Open House, please send your resumé and salary history to Joe Poplawski, Ford Aerospace, Department GN-9, 7375 Executive Place, Suite 400, Seabrook, Maryland 20706.

An Equal Opportunity Employer M/F/H/V.

Ford Aerospace

Police Blotter

Based on Information Released by the Greenbelt Police Department

On October 28 a resident reported a burglary in the 9100 block of Springhill Lane that occurred during the hours of 12:05 a.m. and 4:10 a.m. Entry was gained by forcing open a second-floor sliding glass door. Miscellaneous property, including cash, jewelry and stereo equipment, was reported stolen.

On October 29, a 38-year-old male resident was arrested for disorderly intoxication by Officer Robert Dowling, who was dispersing a crowd gathered at a bonfire at North End ballfield early Sunday morning. The arrested man was released pending trial.

While a resident was walking his dog in the 400 block of Ridge Road on the night of October 31, he was hit in the face with a bottle, apparently thrown by someone described as a white male, 6'1", 180 lbs. with blond hair and unknown type of clothing. After throwing the bottle, the suspect fled.

On November 3 at Kangaroo Katie's, the doorman of that establishment ordered an intoxicated 26-year-old non-resident

woman to leave. She thereupon began kicking and punching the doorman, and burned him on his upper lip with a lit cigarette. The woman was arrested for common law battery and trespassing. She appeared before the District Court Commissioner, where she was incarcerated in lieu of a \$1500 bond, pending trial.

After stopping a vehicle for a traffic violation in the 6800 block of Hanover Parkway on October 28, Officer Ronald Walter discovered that the license plates displayed on the vehicle were stolen from Laurel and arrested the 27-year-old non-resident driver. The arrested man was charged with theft and appeared before a District Court Commissioner, where he was held on \$500 bond.

Vehicles, Stolen, Recovered

While on patrol in the 7700 block of Hanover Parkway on October 25, Pfc. Robert Musterman observed a suspicious male standing next to a 1981 Datsun 230ZX. As Musterman investigated, the subject fled into the wooded area toward the parkway. A computer check revealed that the vehicle was reported stolen from Hyattsville on October 24. After an extensive search by K-9 Sergeant Danny

Love and "Sonny", a 23-year-old non-resident man was captured in the woods, arrested, and charged with auto theft. He appeared before a District Court Commissioner, where he was held on \$7,500 bond.

After stopping a vehicle in the 6000 block of Greenbelt Road on October 28, Officer Thomas Moreland arrested an 18-year-old non-resident man after it was found that the license plate displayed on the vehicle was reported stolen from Lanham on August 13, 1988. The arrested man was charged with theft and appeared before a District Court Commissioner, where he was released pending trial.

On October 30 two residents

Paid Volunteers Needed

Healthy, nonsmoking men aged 30-59 are needed for a controlled diet study. The study is being conducted by the Vitamin and Mineral Laboratory, USDA and the National Cancer Institute to study biological effects of diets in which the vitamin C is obtained from different food sources. The study will begin in January and last for 17 weeks. During this time, volunteers will receive all of their food and will, in addition, be paid \$1500 upon completion of the study. Subjects must eat morning and evening meals at the Beltsville Human Nutrition Research Center and will be provided with lunch and weekend meals. No other food or drink will be permitted. The study facility is located near Powdermill and Research Roads in Beltsville. If interested, please call 344-3683.

reported the theft of their respective vehicles from the area of 6000 block Cherrywood Court. One vehicle is described as a green 1988 Jeep Wrangler, Md. registration 180276M. The other vehicle is a red 1987 Datsun, Md. registration SKG 187.

While investigating a report of an attempted theft of a vehicle in the 5800 block of Cherrywood Lane on October 31, Officer Barry Byers located a red 1989 Jeep Cherokee that was reported stolen from Hyattsville. No arrests were made.

On November 1, a Riverdale

resident reported the theft of her vehicle from the parking lot of Beltway Plaza. The vehicle is described as a white 1981 Volkswagen Rabbit, Md. registration WLY 780.

Vandalism to, thefts from and attempted thefts of autos were reported in the following areas: 7800 block Emilys Way, 7900 block of Mandan Rd., 8200 block Canning Ter., Beltway Plaza parking lot, 23 Ct. Ridge Rd., 5800 block Cherrywood La., 6000 block Springhill Dr., 9100 block Springhill Ln., and 9100 bl Edmonston Ct.

Planning Ahead.

Life today is so fast paced, sometimes it's difficult to find enough time to plan everything out in advance. That's why we've prepared a special booklet entitled, "Planning Ahead," covering such important subjects as the advantages of planning ahead, the importance of a will, and the purpose of a funeral. There are even sections to organize personal biographical, financial and legal information for your family. If you would like a complimentary copy of "Planning Ahead," please contact our funeral home or simply return the coupon below.

Please send me your free planning guide entitled, "PLANNING AHEAD."

Frank Pisciotta, M.D., Gastroenterology/Internal Medicine

Advertisement

Listening To Your Body's Language

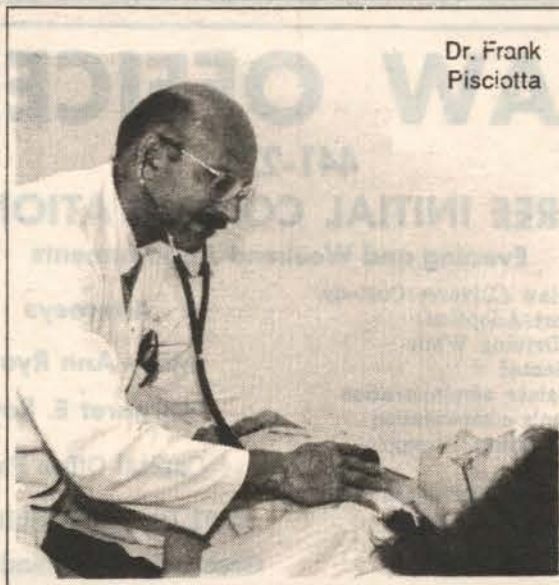

The human body is often likened to a machine, but there is no other machine that functions so effectively and efficiently. Even the seemingly simple act of eating requires enormous coordination of systems within. When something goes wrong, the body often sends out signals to warn us.

According to Dr. Frank Pisciotta, symptoms are the body's way of telling us that something needs attention. He states, "There are many signs that can give one a head start on potentially serious medical problems. The key is to be aware of what your body is trying to tell you."

"Common-sense preventive measures are extremely important to one's health. Eat slowly and chew your food well. Have plenty of high-fiber foods in your diet, drink alcohol only in moderation, don't smoke cigarettes and be aware of changes. If you have doubts, don't take chances. See your doctor. Ignoring symptoms for long periods of time may wind up to be very costly in terms of your health. Listen when your body talks to you."

Health Screening Questionnaire

This questionnaire is an educational guide and is not meant to substitute for a visit to your doctor. For additional information, check with your doctor, or call Dr. Pisciotta's office at 345-4111.

Dr. Frank Pisciotta

- Do you smoke, drink, or chew tobacco?
- Do you work? What do you do, or have you done?
- Are you exposed to any unusual chemicals, insecticides, asbestos, dyes, etc.?
- Do you have headaches?
- Do you ever see double or get blurred vision?
- Do you suffer from ringing or popping noises in your ears?
- Do you have difficulty hearing or do you have dizzy spells?
- Do you have sores, bumps or swellings in your mouth, or on your tongue or neck?
- Do you have a cough? Do you ever cough up blood? Has your cough changed recently?
- Do you suffer from increasing shortness of breath?
- Does your heart sometimes beat slowly, fast, or skip beats?
- Do you ever have chest pain, neck pain, pain in your jaw or mouth?
- Do you have nausea, vomiting or abdominal pain?
- Have you lost your appetite or had unexplained weight loss?
- Do you get full easily?
- Does your abdomen ever swell?
- Have you ever been anemic?
- Have you ever been jaundiced?
- Are your bowel movements dark?
- Have your bowel habits changed recently?
- Do you have mucus or blood in your stools?
- Do you feel relief following a bowel movement?
- Do you suffer from rectal urgency?
- Has your stool caliber decreased?
- Do you have diarrhea or constipation?
- Do you have problems urinating?
- Is your urine bloody or dark?
- Do your bones or joints ever hurt?
- Do you bruise easily or bleed excessively when cut?
- Do you have back pain?
- Have you had pneumonia in the past year?
- Have any moles changed in size or color?
- Have any skin sores failed to heal?
- Do you have a vaginal discharge?
- Do you suffer from altered menses or bleeding between periods?
- Have you had any surgical procedures performed in the past?

JOE'S TIPS OF THE WEEK

Hello Again:

Every day we deal with different questions that people have. The best question is: what is preventative maintenance? It's a program or schedule. On a lighter side, it is as far as you're willing to walk when your vehicle breaks down.

On a serious side, 40-60% of failures can be prevented. The rest no one can control.

Preventive maintenance schedules are scheduled intervals of vehicle inspection and scheduled services (like oil filters changed and belts and hoses) at predetermined time and mileage settings. For example oil, filter, and lubrication should be done every 4 months or 4000 miles whichever comes first. A 4 wheel brake inspection should be done annually. Once you start your maintenance schedule, you will see results in dollars and dependability.

One might think: "My vehicle doesn't get but 5,000 miles a year, so I don't have to have scheduled maintenance." On the contrary, when vehicles sit around, the rubber components become dry rotted, and fluids become stale and chemically break down. This is as much a problem as higher mileage producing vehicles have.

Till next time
Think Preventive Maintenance

by Dorrie Bates

Our condolences to the family of Charles Patterson, who died on November 2.

Congratulations to Najmaldin O. Karim who was admitted to the American College of Surgeons on October 19.

Our newest neighbors include Nikhil Madhu Gola, daughter of Madhu and Anil Gola of Jacobs Drive. Nikhil was born at Holy Cross Hospital on October 26. She weighed 7 lbs. 10 ozs. and has a brother, Akhil.

Sara McAndrew and Michael Jasinski are pleased to announce the arrival of their first child. Matthew James Jasinski. Young Matthew was born at Holy Cross on October 20, weighing 8 lbs. He joins his family on Canning Terrace—Aunt Jeanie McAndrew lives just down the road.

Kenneth Khoaphong Nguyen was born on October 27 at Holy Cross Hospital. He weighed 6 lbs. 14 ozs. and is the first-born of Eileen and Phong Nguyen. The new family lives on Frankfort Court.

It's a girl for Linda Capel-Galiber and Andre Galiber of Mandan Road. Amanda Andrea Galiber arrived on October 22 at Holy Cross and weighed 6 lbs. 4 ozs.

Sarah Lynn Lewis arrived at Holy Cross on November 3. Parents: Mark and Ann Lewis of Greenbrook. Joins: Daniel, who is 6. Grandparents: Jack and

Carol Lewis of Greenbelt and Virginia Smith of College Park

And finally, Santosh and Sunil Sapra are enjoying the company of their first child, Aditi Sapra. Aditi was also born at Holy Cross on October 26. She weighed 6 lbs. 2 1/2 ozs. The Saprass live on Hanover Parkway.

Congratulations of another sort are in order for former Greenbelter Alice Plaster. Her works are on display at the Maryland-National Capital Park and Planning Commission on Kenilworth Avenue. Her large scale oil paintings represent classic cars and cluttered shop windows with keen precision. Some may remember Alice as a former Miss Greenbelt. In addition to her artwork, she also creates promotional material, publications and special exhibits for the PG Library system.

Greenbelter Dr. Caril Price has been named as a member of the county's Substance Abuse Advisory Council by county executive Parris Glendening. The 85-member council will help the executive create additional policies and practices in the war on drugs.

Congratulations to Alice and Bob, who each took first place in the female and male divisions of the Montgomery County SPCA Pet Fair's Cat Photo Contest last Sunday. Alice and Bob live with Tom Bartlett in the 56 Court of Crescent Road.

4. Your Contact with the City

Residents come in contact with or observe city employees in a variety of ways: trash collection, recreation programs, police calls, or calls to city offices. The following questions are to determine the quality of those contacts.

A. How many times have you had contact with a city employee or office in the past year?

1. None	<input type="checkbox"/>	4. 6 - 10	<input type="checkbox"/>
2. 1 - 2	<input type="checkbox"/>	5. 11+	<input type="checkbox"/>
3. 3 - 5	<input type="checkbox"/>		

B. How would you rate your contact with city employees? Excellent - 4, Good - 3, Fair - 2, Poor - 1.

1. Greeting by Employee

2. Listening by Employee

3. Acting on your Request

4. Getting back to you with a response?

C. If you rated any of the above items "fair (2) or "poor" (1) please explain why.

5. Attick Park Uses

Attick Park is the city's largest park and includes Greenbelt Lake. A Master Plan has been much discussed for Attick Park but a final plan has not been approved.

Which facilities would you like to REMAIN or INCLUDE in Attick Park?

Hiking trails

Open space/left in natural state

Formal gardens

More picnic tables

Concession stand

Children's playground

Basketball court

Tennis court

Paved trails

Natural trails

Interpretive nature signs

Restrooms/comfort station

Lighting to illuminate park areas at night

Handball courts

Small recreation building

Additional parking

Concert band shell

Rental boats

Ornamental fixtures such as fountains, statues, gazebos

Other (Please specify)

How would you characterize your use of Attick Park/Greenbelt Lake?

DAILY WEEKLY MONTHLY RARELY NEVER

6. Senior Cooperative Housing

A proposal from the Housing Committee of Greenbelt Consumer Cooperative (Co-op) has been presented to the city for the construc-

tion of a 100 unit cooperatively owned senior housing apartment building to be located upon approximately three acres of city owned property leased from the city for a nominal sum such as \$1 per year. City property taxes would be paid on the building. Any Greenbelt senior citizen would be eligible to purchase a limited equity cooperative apartment.

Should the city enter a long-term lease for the use of city property for a nominal fee for use as a cooperatively owned senior apartment building?

YES NO

Two sites have been proposed as the location for the apartment building, Parcel 12 and Parcel 2. Parcel 12 is located on the southside of Crescent Road between its intersection with Greenhill Road and St. Hugh's Church (where the Jaycee clubhouse is located) and is a part of Buddy Attick Park, Parcel 2 is opposite the GHI offices on Hamilton Place on land recently purchased by the city as parkland. Since these properties are designated parklands acquired with city bond funds and grants, there may be legal problems in converting these lands to another use such as is proposed.

Would you favor using either of these sites for the above proposal? (Please check one)

Attick Park (Parcel 12)

Hamilton Place (Parcel 2)

Neither

FOR ADDITIONAL BACKGROUND, SEE "SENIOR CO-OP HOUSING PROPOSAL FACT SHEET".
