Woman Murdered, 2nd Shot

A Greenbelt woman was bludgeoned and shot to death in a Springhill Lake apartment, and another woman was shot in the face nearby, apparently by the same suspect, on Thursday, December 1, police said. The suspect, a 35-year-old Capitol Heights man, is being sought by police.

The murder victim, Ann Marie Odum, age 28, was found dead in her apartment after a police search. Police said she was a native of St. Croix, Virgin Islands, a U.S. territory.

The identity of the second victim is being withheld because she is a witness in the case. She was hospitalized for a gunshot wound to the jaw. No other information was available about her condition.

Police have released no information about the motive for the attacks, but said that Odum was a former girlfriend of the suspect. She was the niece of the second victim, a 34-year-old woman, police said.

The second victim was shot while sitting in a vehicle in the 5900 block of Cherrywood Terrace, around 5:20 p.m. after being approached by a man with a handgun. She ran about a block and a half to the 5800 block of Cherrywood Lane, where she began knocking on apartment doors asking for help.

Information from witnesses led officers to believe that the suspect may have run into a nearby apartment on Cherrywood Terrace. Greenbelt Police cordoned off the area and evacuated dozens of people from nearby apartments, said police spokesman Officer George Mathews.

Many more people seeking access to their apartments were turned away, he said. The inci-

dent took place while many were returning from work.

Greenbelt Police called county police for assistance, said Mathews. They sent in their Emergency Services Team to search the apartment. At this time, the body of the victim, lying face down, was discovered.

While the apartment was being cordoned off and searched, a command post was set up nearby at Springhill Lake Elementary School, said Mathews. A Christmas play was allowed to continue after security concerns—related not to the search but to extra traffic generated by police activities—were allayed.

Mathews said it had been several years since the Springhill Lake area had experienced a homicide.

A warrant has been issued for Ralph Herring, age 35, of Capitol Heights, Md. for first degree murder and other charges. He is described as a black male, 5'10", with a thin build and a potbelly. He is also said to have "a bounce in his walk." He may be in possession of a silver handgun. His vehicle is described as a 1986 bluish gray Ford van with windows on all sides, bearing Virginia tags ABV-5454.

Anyone with information that may be relevant to the case is urged to call the Greenbelt Police Criminal Investigations Unit at 507-6530. Such information is strictly confidential and informants need not identify themselves, said Mathews.

GHI May Hold Special Meeting on Three Petitions

by Mary Moien

At the December 1 meeting of the Greenbelt Homes, Inc. Board of Directors, GHI member Sherry Garten presented three petitions signed by approximately 50 GHI members. Two of the petitions concerned a desire for no budget increases in 1995 and in 1996 - 1998. The third petition called for the removal of the President of the Board of Directors.

According to GHI bylaws, a special membership meeting must be called within 45 days of the filing of a petition signed by at least 50 members. A petition was filed last year calling for no increases in the 1994 budget. Following a special membership meeting in December, the 1994 budget was adjusted to keep member charges at the 1993 level.

Petitions on Budget

The petition on the 1995 budget was circulated under the title "Just Say No! to GHI Monthly Fee Increases for 1995." The specific motion that the members would be asked to vote on is: "That the 1995 membership fee be kept at or below the total 1994 membership fees." The 1995 budget, as just passed, calls

for an average increase in member's monthly charges of approximately 1.6%. The changes from 1994 to 1995 charges range from basically no change for the masonry homes to 2.8% increase for the frame homes.

A second petition was filed entitled "Just Say No! to GHI Monthly Fee Increases for 1996, 1997, 1998 (EXCEPT TAXES)." The text referred to increased fees discouraging home sales. The specific motion to be voted on at a membership meeting is: "That—for 1996, 1997, and 1998—any increase in the membership fee be limited to what is required to cover projected tax increases."

Petition on President Freas

Council Doggedly Attacks Agenda

by Diane Oberg

The November 29 meeting of the Greenbelt City Council went to the dogs early in the evening with the presentation of the city's award winning police canine and his handler. Later council dealt with a dog of a ventilation system at the police station, moved to put teeth in city election laws and received reports on a proposed dog park. In other issues council agreed to appeal a county zoning decision regarding Capital Office Park.

Gus Busses Mayor

City Police Officer Michael Lanier and his dog Gus won two awards at the National Field Trials of Canine Units. Gus placed fifth in the overall competition and took first place in the outdoor field trials. Lt. John Lann proudly told council that Gus was the first dog in the three year history of the competition to get a perfect score.

Gus apparently was not convinced that the councilmembers were outstanding citizens. Lanier explained that the dog was jumpy because usually when he enters a new building it is to do a search. However, when taken up to the council table, Gus hammed it up, putting his front

MAILBOX STUFFERS ALERT!

As a result of new regulations posted in the west parking lot at Roosevelt Center, motorists using the drop-off mailbox to send their Christmas greetings have only one hour to do so. If it takes longer than that, the Greenbelt police or code enforcement officers could give you a parking ticket. (Note: Some of our staffers do not agree with this interpretation of the sign. One staffer thinks it means no parking in the entire parking lot. Another thinks it is for parking in the parking aisle which is entered to the right of the sign. Still a third thinks it applies to only the parking row closest to the sign. Whatever happened to standard parking regulation signs with arrows? The reader who can provide us with the best interpretation for this new regulation will be honored by getting her or his explanation published in this great newspaper.)

paws up and giving Mayor Antoinette Bram a sloppy kiss.

Police Station

Council authorized spending up to \$7,500 to hire a registered professional mechanical engineer to design modifications to the heating/ventilating/air conditioning system at the police station. According to Celia Wilson, director of the city's department of planning and community development, "there have been recurring problems with proper and adequate control of interior building temperatures" since the building was opened in 1989. The city has already spent more than \$35,000 on various system fixes, Wilson and City Manager Daniel Hobbs are now convinced that more extensive review and modifications are required.

Council also authorized City Solicitor Robert Manzi to explore possible legal action to attempt to recover the cost of the required repairs.

Capital Office Park

The county Planning Board in October approved Capital Office Park's preliminary plan of subdivision for three additional buildings. The board did not incorporate any of the proposed conditions requested by the city. The conditions included steps to ensure that necessary road improvements are completed before the buildings are occupied, contributions by the developer to

fund additional police officers and requirements for city site plan review and bicycle related improvements. The city's appeal will be based upon the timeliness of needed transportation improvements and the interpretation of the county's adequate public facilities ordinance.

Dog Park

Both the Advisory Planning Board (APB) and the Park and Recreation Advisory Board (PRAB) reviewed a citizen proposal for a dog park within the city. Both boards recommended council approval of the concept of the dog park, but both also identified issues needing further consideration.

APB asked that site plans for both proposed locations (Schrom Hills Park and a city-owned parcel on Hanover Drive) and cost estimates be prepared. In addition, the members asked that city staff draft maintenance guidelines and rules of use.

PRAB identified a number of issues including liability, funding, parking, disposal of waste and park appearance.

Council accepted the reports without discussion as part of the consent agenda. The proposal will be considered by council at the January 9 regular meeting.

Election Laws

Two ordinances were introduced. See COUNCIL, p. 4

Letters to the Editor

Thanks

I would like to take this opportunity to thank Mrs. Bonnie Shields for being such a good, kind, and caring neighbor. She has come to our house daily for many months to take our two dogs for a walk, a walk which they really need and appreciate. We are physically unable to do so.

She is a wonderful person showing kindness to us that we will always remember and appreciate more than any words can ever say.

Honoring Millie

Millie Stephenson, a first grade teacher at Springhill Lake Elementary School, will be retiring in June, 1995. She will be 80 years old in March, 1995. We want to honor her this spring by presenting her with letters, anecdotes, and remembrances. She has been a truly dedicated educator at Springhill Lake for 25 years, and has inspired many lives. We hope Millie's friends among News Review readers, will send their remembrances by January 20 to me at Springhill Lake Elementary School, 6060 Springhill Drive, Greenbelt, MD 20770.

A Family Affair

Last Saturday's community breakfast at St. Hugh's Church was a fantastic event. The long lines of people waiting to be served were a welcome sight. It was definitely a family affair and heartwarming to see so many children. After breakfast, Santa Claus took over. Also it was a chance to renew old friendships and make new friends.

The many volunteer workers were helpful and gracious as they hustled to serve everyone a delicious breakfast of sausage, pancakes, juice, coffee, milk, etc.

One very busy volunteer carrying sausage and pancakes from the kitchen all morning was Mayor "Toni" Bram. Thank you, Mayor Bram, for setting a fine example of volunteerism to all of us. As I watched the activities and friendly people conversing with each other, I was reminded why I've lived in Greenbelt all of these years. We are a family; the people care about each other. Greenbelt is Great.

ed permitting the city to remove candidates from the council ballot if they fail to file either the required certification of residency or interim contribution reports. Final approval of the ordinances is expected at the December 12 regular meeting.

Schrom Hills Park

Council also accepted a PRAB report on the Greenspring Home-

owners Association's request that closing times at Schrom Hills Park be changed. After meeting with the association, and consulting with the Greenbelt East Advisory Committee, which did not support the change, PRAB recommended that the park's hour of operations be left unchanged.

The report will be considered at the December - regular council meeting .

Bicycle Route
The Bicycle Task Force's report recommending establishment of a cross-Greenbelt bicycle route was accepted by council. The report will be considered further at a future council meeting.

Pension Change
Council gave final approval to establishment of a 401 (a) plan for the city's contributions to employee's deferred compensation programs. City Manager Daniel Hobbs told council that the plan

will reduce, not increase, city costs by permitting the contributions to be made with pre-tax payments, eliminating both the employer and employee Social Security taxes.

Boards and Committees

Council appointed Joseph Griffith to the Employee Relations Board and accepted the resignations of Linda Milo from the Senior Citizens Advisory Committee, Larry White from the Employee Relations Board and

James Lawrence of the Recycling Advisory Committee. An additional vacancy has been created on PRAB due to the death of Dial Silvers.

Protest Planned

Friends of Greenbelt National Park invite residents to help protest a new housing development in the park. The meeting will be held on Saturday, December 10, at noon at 5910 Goodluck Road.

Police Blotter

**Based on Information
Released by the Greenbelt
Police Department**

Officers responded to the report of an assault on Sunday, Nov. 27 at around 1 p.m. following an altercation involving a traffic incident. The victim was driving east on Greenbelt Rd. when another motorist began yelling at him. He was then followed to Greenbelt Rd. and Hanover Parkway where both vehicles were forced to stop for a traffic light. One of the two suspects then got out of his car and punched the victim, who was still

sitting in the driver's seat. He was later treated at the scene for a laceration behind his ear.

In the meantime, the suspects fled in a 1986 Honda Acura, license BWD 258, heading south on Hanover Parkway. The occupants of the vehicles are described as 1) black male, about 25 years old, 6.3", 200 pounds and wearing jeans; 2) black male, about 22 years old, 5'8", 220 pounds, with black hair and brown eyes.

A report of domestic violence also drew officers to a home on Cherrywood Lane, where they

learned from the victim that she had been choked and pushed into a wall during an argument. Although the attacker, a 24-year-old resident, had already left the scene, he was stopped by another officer in the vicinity of Kenilworth Ave. and Crescent Rd., where he was placed under arrest and charged with battery. He appeared before the District Commissioner and then was released pending trial.

Armed Robberies

An armed robbery occurred in the rear parking lot at Eleanor Roosevelt High School around 2 p.m. on November 23. According to the victim, he was approached by two suspects while he was walking. When one of the suspects displayed what appeared to be a small semiautomatic handgun, the victim turned over the money he was carrying. Both suspects then fled the scene. They are described as a black male, about 19 years old, 6 feet tall, 180 pounds, with braided hair

pulled back and wearing a black "flight-type" jacket, gray baggy sweatpants, black Nike tennis shoes and a white Nike visor; and a black male, about 17 years old, 5'9", 160 pounds with black hair, and wearing a large blue varsity jacket with blue leather sleeves and blue jeans.

A second armed robbery took place near the Safeway store shortly after midnight on Dec. 1. The victim was walking to his car when he was approached from behind. After he turned over his money, two suspects fled on foot then entered a vehicle which exited onto Hanover Parkway. Both were black males in their early twenties. One, 5'7", 190 pounds, wore a ski mask and dark clothing. He carried a gray short-barreled revolver. The other, 5'9", 170 pounds, wore a dark jacket and dark clothing.

Burglaries

Seven burglaries were reported in Greenbelt during the week between November 22 and De-

ember 2; three in the center city, two in Springhill Lake and two in Greenbelt East. Of these, three involved private residences and four, local businesses.

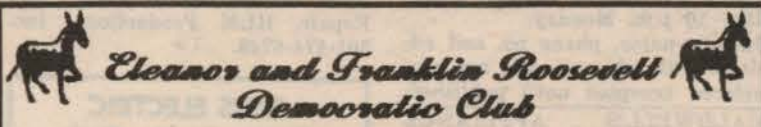

Although it is unknown whether anything was taken, entry was gained to a home in the 10 block of Lakeside Dr. when a window was broken. On Plateau Pl. a back door was forced open and money taken. A 12 gauge shotgun was stolen from a residence in the 6100 block of Breezewood Dr., although the method of entry was undetermined.

The four businesses affected included the Beijing Restaurant on Centerway, where money was taken; an office in the 8900 block of Edmonston Rd., which lost a television and a microwave oven; and two offices on Hanover Parkway from both of which office equipment was taken.

Other Incidents

Two young men, one 18 and one juvenile, were arrested by the School Resource Officer for trespassing on the grounds of Eleanor Roosevelt High School after both had been warned, separately, not to come onto the school grounds. The adult, a non-resident, was released pending trial. The juvenile was released to his mother, also pending trial.

When an officer stopped a vehicle on Greenbelt Rd. for an equipment violation on Wednesday, Nov. 30 he discovered through a computer check that the driver had a suspended license. The officer then located a Glock 10 mm semiautomatic handgun in the car. The driver, a non-resident, was charged with transporting a handgun in a motor vehicle. He appeared before the District Commissioner, where he was held on \$2500 bond pending trial.

GHI

(Continued from page one)

titled: "Remove Alan Freas from the GHI Board of Directors." The specific motion to be voted on would be: "That Alan Freas be removed from the GHI Board of Directors effective immediately." There are specific bylaws related to the removal of a director. A two-thirds vote by the membership is required for removal. The notice of the meeting must include an announcement of the proposed action and the reasons for it. A response to the allegations shall be included in the meeting notice if the director chooses to respond and provides the response within 35 days of the meeting. At the meeting, both sides shall be given full opportunity to present their point of view prior to any membership action. It was not clear that valid specific reasons for wanting Freas removed were included in the petition. The petition states in part that "He just doesn't get it," and alleged he had a "dictatorial style" at last year's special membership meeting.

Later at the same meeting, Freas read a letter dated two days prior to the meeting announcing his intention to step down effective December 15 as president but remain on the Board of Directors.

A special meeting of the board to discuss these issues was scheduled for Thursday, December 8.
