

Shamrocks Crush A. R. Nine 17-1; Geyer Homers

Greenbelt routed a demoralized Armstrong-Rooney team in a wild exhibition of baseball at Braden Field last Sunday. The score was 17 to 1. The Largo, Md., nine was operating without the services of three of its key players.

Boggs' Win

Ernie Boggs won his fourth straight victory with little effort. After the second inning it was a coast-in job. The Shamrocks crossed the plate, six, two, and nine times in the second, third, and fourth innings. By mutual agreement the melee was called off before Greenbelt took its batting turn in the seventh.

Batting Practice

Bob Lewis, Julie Andrus, Joe Todd, Boggs, Wayne Davis, Vince Holochwest, and Bill Zerwick all banged out more than one hit, and the last three named had perfect three for threes.

To Jerry Geyer goes the honor of smacking out the first Shamrock home run of the year.

New Method of Garbage Collection Given Study

A letter from the Prince Georges County Commission regarding a new method of garbage collection being studied for communities in the county was read at the meeting of Town Council held Monday evening.

According to the new plan, farmers in this county would collect the garbage and feed it to their hogs. This would free for other maintenance work the community employees now making garbage collections.

A hearing on the proposal will be held June 16 at which time communities interested in the project may be represented. Twenty-three communities have already indicated their desire to be present at that time and the Council decided to have this town represented, too.

If Greenbelt should adopt such a plan, citizens would be required to be more careful in the disposal of their garbage. Such items as razor blades, glass particles and other articles which would be harmful to the hogs could not be discarded in the same container as the garbage.

Our Celebration Of July 4 Here May Be July 5

The coming Fourth of July celebration is of special significance because of the War. To observe this notable day of our history, plans are being made along the lines followed last year. Last year's program drew the largest crowd ever assembled in Greenbelt. This year, because of the increase in the population and the interest shown by outsiders in the elaborateness of our plans, a new record attendance is expected.

The committee in charge of the celebration is composed of representatives of various town organizations and has already held two meetings to discuss the problems and formulate plans.

The contemplated activities include a gigantic parade. Prizes will be given for the best decorated baby carriage, wagon float, boys' and girls' bicycles and tricycles. It is hoped that a contest can be held to select the best patriotic costume worn by a child.

Plans are also being made to have the various branches of the Greenbelt Civilian Defense Corps take part in the parade.

It is yet to be decided whether the celebration will be held on Saturday, July 5, as many residents of the town are now working all day Saturday and might be deprived of activity in the day's events if they are held on that day.

Greenbelt Elementary School Graduation Exercises Held

With joyful dignity the graduating class of Greenbelt Elementary School held its closing exercises June 9 in the auditorium. After a background of well harmonized group and solo singing the graduates received their diplomas from Mrs. Catherine T. Reed.

Special awards were given to Teddy Fox and Patsy Sherentz for the best all-around boy and girl by Dr. James McCarl, in behalf of the American Legion. Donald Grimm received a trophy from Officer "Buddy" Attick awarded to the best patrol boy, the choice being made by his fellow patrol boys. Mrs. Doris Armstrong awarded Joan Shroeb the trophy from the girl's Sportsman's Club for her work in promoting better sportsmanship and wholesome recreational activities. Curt Barker awarded a second trophy to Teddy Fox, based on athletic ability 50 per cent, leadership 25 per cent, and scholarship 25 per cent.

Reverend Johnston gave the opening invocation and, in the absence of Father Fealy, the benediction. Doris Lehman announced the selection of awards. Musical selections on the program included "Salute to the Flag", "God of Our Fathers", "Mighty Lak a Rose", "A Merry Life", and "Prayer For Peace". The members of the graduating class chose the songs that were sung on the program.

The graduating class has been under the leadership of Mrs. Ann Michaelis, Mrs. Sara Walton, and Mrs. Dorothy East. It numbered 48 pupils, the largest class yet to graduate from the elementary school.

Other features of the closing week of school were a Maypole dance and program of dance and song given by the kindergarten and groups 1 and 2 on June 3. An amateur hour given June 8 by Group B displayed a wide range of talent.

Epidemic Continues, 61 Measles Cases Reported

The long epidemic of measles in Greenbelt continued during May with 61 cases, a report of the Department of Public Health revealed this week. There were two cases each of chicken pox and whooping cough.

During the month 100 absences from elementary school were reported for poison ivy infection.

G. C. A. Dance June 20 To Greet Newcomers

Saturday, June 20, is the date set for the next dance of the Greenbelt Citizens Association, the ways and means committee of the organization announced this week. The community event is something of an innovation in being scheduled for so late in the spring season.

The end of May has usually marked the end of the dance season in Greenbelt, but James Smith, chairman of the ways and means committee, said that he felt gas and tire rationing made more local entertainment necessary. "This dance is being arranged with our new residents particularly in mind," Mr. Smith said. "We want them to know that good entertainment is available locally, and this will give them an opportunity to become better acquainted with others in town."

Jack Morton, well-known producer of orchestras and entertainment in Washington, will feature Jack King and his orchestra for this dance.

The Auditorium will be open for dancing from 10 p. m. until 1 a. m. Tickets will sell for 45 cents each in the advanced sales, or 50 cents at the door. This includes the tax.

Tickets are now on sale and may be purchased from:

Joseph D. Comproni, 3-G Crescent Road; William R. Melton, 18-F Crescent Road; Murray Krazner, 14-K Ridge Road; Ed Meredith, 6 Woodlandway; Mrs. Herbert Hall, Sr., 7-C Parkway; Mrs. Henry Brautigan, 3-B Parkway; R. F. Stuart, 14-C Ridge Road; John Marshall, 20-F Parkway; Robert C. Howey, 4-F Hillside Road; J. N. Wolfe, 4-D Ridge Road; Thomas R. Freeman, 23-G Ridge Road; Abraham Chasanow, 11-T Ridge Road; James C. Smith, 4-H Southway; John Teel, 2-H Northway; Harold Uhrig, 16-C Parkway; Ralph Sauls, 28-A Ridge Road; Al Selby, 1-E Northway; Stanley Ostler, 18-E Parkway; Dr. James McCarl, 7-D Crescent Road and Joseph Sheriff, 5-E Parkway.

Wild Dogs In Woods Police Report States

An additional hazard has appeared to those Greenbelt citizens who, singly or in small groups, like to wander through the woods and the less populated surrounding territory. The new danger is that of being attacked by wild dogs, but there is no cause for alarm. Originally, these domesticated dogs that had become wild had been five in number. Two weeks ago the local Police Department destroyed two of them. The remaining three will probably be killed shortly. Until that time, it is suggested that Greenbelters, and children in particular, do not expose themselves to danger by walking through the woods in groups of less than four.

Director of Public Safety George Panagoulis reported Monday night at Town Council meeting that 16 arrests had been made during the month of May. Disorderly conduct, use of fire works and fire arms, violation of the shorts ordinance, reckless driving and driving without a license were the violations for which the arrests were made. Mr. Panagoulis also stated that the "Peeping Tom" menace had been effectively handled. There has been an epidemic of "BB" gun users in Greenbelt. The Police Department states as a policy that since the parents of children owning these air rifles fail to properly supervise their use the law must take the necessary measures.

It has been noted that a dozen strangers have appeared recently in the shopping center wearing shorts with halter tops. "There is no excuse for any violation of the 'shorts' ordinance, since all Greenbelters have been informed of it," Panagoulis stated. One citizen present suggested that a policeman be stationed at the center permanently to enforce the "shorts" ordinance.

Injunction Hinted To Keep Families From Moving Into Defense Homes As FWA Still Holds Back Funds

Finding any discussion of the Federal Works Agency's refusal to advance sums in lieu of taxes halted momentarily by lack of agreement, the Town Council at its regular meeting Monday night came to grips instead with other problems. Confronting the town and discussed by the councilmen was the delay in starting construction of a new school, and a controversy over a pending ordinance governing use of the town cemetery.

Town Manager Roy Braden in reporting on the FWA situation, said, "We were informed tonight (Monday) through representatives of the Federal Public Housing Agency that an agreement is being drafted to present to Council at a very early date." He added that any agreement accepted by Council must be agreeable in all respects. It was hinted that an injunction might be taken out prohibiting the moving in of any more families to the Defense homes if the payment was not made soon.

School Plans Revised

The most outstanding problem arising out of the delay on the building of the new school and additions to the high school which has been caused by constant revising of the architectural plans, what will be the facilities available for kindergarten children, of which at least 200 are expected, according to Mr. Braden. Revisions in the construction plans include the elimination of the originally planned auditoriums in both Elementary and High Schools and steel window casements and reinforcements. If bids are asked for this week as anticipated, said Mr. Braden, two weeks must be allowed for contractors to figure and bid; two more weeks for contracts to be signed; and two additional weeks for successful bidders to get equipment here and start construction. Since at least five months will be required to complete the work, said Mr. Braden, the school construction could not possibly be completed before January 1. Therefore, he said, with the limited Elementary School facilities now available, it is doubted that any provision can be made for kindergarten classes. New teachers cannot now be contracted for, since it is not known at this date whether or not their services could be used; and next fall, when such knowledge will be available, it may be impossible to secure the services of teachers. Several suggestions—including the use of apartment house basements, the old and new Athletic Clubhouse, and the importation of abandoned CCC buildings—were eliminated because of inadequacy or limited funds. Councilman George Bauer suggested that a small amount of additional space might be gained by determining just how many out-of-town students attend the Greenbelt schools who might receive their education elsewhere.

Bicycle Ordinance Read
An ordinance governing the use of bicycles—published elsewhere in this issue—was presented for the first reading, with only one change. Where formerly it stated that bicycles could be ridden on the sidewalks between the hours of midnight and 7 a. m., it now reads "except between the hours of 3 a. m. and 7 a. m." The exception to the general rule of no riding on the sidewalk, according to Mr. Bauer who offered the clause, is to allow newspaper distributors to deliver their papers as quickly as possible. Inasmuch as no children are on the streets at that time, he said, all danger is practically eliminated.

Cemetery Markers Start Row
Another ordinance prepared to govern the use of the town cemetery, started a minor controversy between the councilmen. Councilmen Thomas Ricker and Frank Lastner suggested that people buying plots in the cemetery be allowed to decide the size and type of marker they wished to use. They were voted down, however, when Mr. Braden pointed out that the maintenance cost would be prohibitive if this were allowed. Explained Mr. Braden, care of the lawns would be much simpler and less expensive if the markers are

'Honor' Graduates Presented Awards At G. H. S. Exercises

Joanne Provost and James Bobbitt were given the American Legion awards to graduating seniors of Greenbelt High School this year, at last Friday's graduation exercises. Mrs. Lewis Hedges and Dr. James McCarl made the presentations.

The Kiwanis Club awards went to Louise Burke and James Bobbitt. Helen Zoellner won the D. A. R. award. Basketball awards were also made as part of the program.

Fifty-eight graduating students received diplomas from Town Manager Roy Braden. The speaker for the evening, Dr. R. G. Steinmeyer, associate professor of political science at the University of Maryland, was introduced by C. Paul Barnhart, high school principal.

Holochwest Gets Navy Commission

Vincent C. Holochwest, local recreation director, leaves Greenbelt Monday for the Naval Academy at Annapolis for a month of basic officer's training. In Commander Tom Hamilton's Department of Aeronautics physical fitness program "Holly" will fit nicely with his brand new lieutenant (J. G.) rating.

Mr. Holochwest came to Greenbelt in September, 1938, well equipped to set up recreational activities here. He graduated from the Savage School of Physical Education, obtained his B. S. Degree in education at Columbia, and his Master of Arts in education at George Washington University.

The big fellow played one year of Rep softball, three years of Rep basketball, and three seasons on the Shamrock nine.

To quote Vince, "I want my last official act to be playing baseball with my Shamrocks." So, this Sunday at Magruder Park, Hyattsville, Holly will toe the slab against the Police Boys' Club in an effort to bring home the Shamrocks' fifth straight league victory.

Library Summer Schedule Announced

Retroactive to Monday, June 8, the Greenbelt Library, under the direction of Mrs. Reba Harris, has entered into its new summer program, with a change in schedule as follows: Monday, Wednesday, and Friday, the hours are from 9 a. m. to noon, and 7 p. m. to 9 p. m.; Tuesday and Thursday, from 9 a. m. to noon, and 1 p. m. to 5 p. m.

To The Editor

Dear Editor,

So you're leaving Greenbelt. So the Government believes your services will be more valuable to them in Denver, Colorado than in Washington, D. C. Well, no one can say that you didn't have one grand time while you were here. You enjoyed every minute of it. I know that at times the attitude of Greenbelt residents must have jarred your firm belief in cooperatives to the foundation. I know that at times the petty publicity-invoking antics of certain persons in town must have made you wonder the purpose of a paper. I know that the small political groups infiltrated in each organization for the sole purpose of causing trouble have made you wish to throw all decent journalistic experience down the hatch and come out swinging. As a matter of fact, you have at least taken off your gloves on a few occasions. I know that your repeated efforts to keep peace in the official and unofficial families in Greenbelt have made you more than one enemy. But all in all, I'll bet you wouldn't exchange your two years on the Cooperator for anything and I'll bet that after four years in Greenbelt, a large lump comes in your throat when you take your last look at what you hold to be the finest example of housing, public or private anywhere—Greenbelt.

Very truly yours,
 Francis C. Fosnight

Editor's Note:

For once in my life I cannot find enough words to thank my staff for their untiring efforts in the past two years to keep the paper in existence. I wish to thank especially that small group of constant workers around whom the staff has been drawn and who are entirely responsible for the success of the paper. Thanks to them, your editor can leave, unlike some of the former administrators, with the knowledge that the paper is in better working and financial condition than it ever has been in its history. Thanks.

—F. C. F.

The Editor Leaves

Francis Fosnight has left for Denver, Colorado this week, after serving longer as editor of the Cooperator than anyone before him. Previous editors had a habit of leaving Greenbelt's newspaper on the downgrade as they left the editorship. In December, 1940 Editor Fosnight found himself in charge of a dwindling staff and hazardous finances.

During the months that followed he may have left much to be desired in the eyes of some residents, but he put out a paper each week. He worked out a formula for changing over from a photo-offset process to a regular printed paper. He cooperated with Business Manager William R. Stewart in building up a relative stability for the publication's finances. And this month, just before leaving, he enjoyed the return of sports news to our columns.

It has been a long full term of community service, one filled with bickering, threats of lawsuit, threats of organized boycott, petty politics, enmity, and non-cooperation by several individuals in town. Francis Fosnight deserved something better for his work, but no amateur editor of a voluntary small-town newspaper expects much. He does his job because he likes the work—or maybe because he is just a darn fool.

We are sorry to lose Mr. Fosnight from the community—we have lost many outstanding civic leaders in recent months and can ill-afford more. We can only hope for replacements. C'est la guerre!

Learn To Swim

Registration for swimming lessons opened Thursday—free for the kids, and only the regular swimming fee for adults. This comes as a real treat at a time when our Washington neighbors face a ration of one hour per swim in the District pools. Our morning swimming, diving, and life saving classes should relieve afternoon crowding in the local pool.

With a naval war taking a toll of life each passing day the necessity of learning to swim well becomes more apparent than ever. The classes should be packed to capacity.

*American Legion Post No. 136—Legion Auxiliary

Greenbelt Post No. 136, American Legion, held its first regular meeting February 17, 1938, with 21 members present. Since that time it has known regular growth, now numbering 61 members. The large house on the north side of Southway-extended is the Legion Home. It was made the attractive place it now is largely through the cooperative efforts of the Legionnaires who spent many weekends wielding paint brush and hammer. The local Post has sponsored crab feasts and banquets, held in the winter inside the home and in the summer under the trees in the grove. The tank which stands outside the home was driven from Fort Meade to Greenbelt by Judge Freeman, and according to him, it shook around so much that he lost the engine and had to go back 11 miles for it the next day.

When asked to outline the purposes for which the Post was organized, one Legionnaire offered the list which is quoted below just as he gave it to us.

1. To uphold and defend the Constitution of the United States of America.
2. To maintain law and order.
3. To foster and perpetuate 100% Americanism.
4. To preserve the memories and incidents of their association in the Great War.
5. To inculcate a sense of individual obligation to the community, state and nation.
6. To combat the autocracy of both the classes and masses.
7. To make right the master of might.
8. To promote peace and goodwill on earth.
9. To safeguard and transmit to posterity the principles of justice, freedom and democracy.
10. To consecrate and sanctify their comradeship by their devotion to mutual helpfulness.

Further purposes, made necessary by the times, have added to the purposes above a new group of ambitions. Again quoting our Legionnaire, they are as follows:

1. To sponsor and keep operating efficiently our air observation post.
2. To form and operate a company of Minute Men for the welfare of Greenbelt.
3. To cooperate and take an active part in any civic activity for the good of the community.
4. To foster 100% Americanism in the schools.

Working hand in hand with the Legion, the Auxiliary was formed for the purpose of aiding the Legion in carrying out a peace and wartime service to America, to which the Legion is dedicated. All of its activities are designed to promote the work of the Legion and to help the Legion reach its objectives. Although often working independently on projects of its own, the Auxiliary has no purposes that are apart from the aims of the Legion. It is in every sense an "auxiliary" to the Legion and its members serve with the members of the Legion in a spirit of devotion to the well-being of the American republic.

Your Mail Delivery

Home delivery for our mail is within reach this year, but we will have to stand on our tiptoes to get it. Each year has seen the total revenue of our post office boosted a little higher. For the current year ending June 30, 1942, we are within several hundred dollars of the figure required by the Government as a prerequisite to home delivery.

Postmaster Bryant has done his best with a cheerful smile, efficient organization of his staff, and a willingness to go out of his way to provide the service demanded of him by Greenbelters. Leaving the postoffice door open after 8 p. m. for late mail-gatherers even though regulations required that he turn off the lights at that time is typical of his efforts to make this an effective town institution.

The rest is up to us, and we have but two weeks left. Individuals, by buying stamps for some time in advance can boost the sales towards the goal. The slack can be taken up by local organizations if they will act now. The Cooperator is buying its summer supply of stamps now, because we believe home delivery to be a worth while advantage in a community growing as fast as this one.

Community Church

"The Kind of a Dad I'd Like" will be the theme of the Reverend Wilmer Pierce Johnston's sermon Sunday morning at the Community Church.

Every father in the community is asked to attend church this Sunday with his child. A registry will be placed at the door for each father to register with his child.

A committee consisting of children from the graduating class of the Elementary School will provide a boutonniere for each father who attends with his child.

The second Sunday in June is the date of Children's Day and the third Sunday in June is Fathers' Day. In order to accommodate the committee which is preparing the Children's Day program to be held at 8 p. m. June 21 the days will be observed at the Community Church in reverse order. Hence Fathers' Day will be observed this Sunday.

The Church School will meet at 9:30 a. m. Classes are provided for all ages and parents and children are cordially invited to attend. Persons willing and prepared to teach in the Church School are invited to attend. Persons willing and prepared to teach in the Church School are invited to contact Tracey Fenby at Sunday School, Sunday morning or call him by phone at 5471. The spiritual and social welfare committee will meet Sunday evening at 8 p. m., at 1-C Eastway, the home of William Blews.

The Junior Choir will meet for rehearsal at 10 a. m. Saturday in the music room. The Senior Choir will not meet this week.

The junior department of the Church School will meet for the Children's Day rehearsal Sunday at 7 p. m. in the Elementary School.

Hebrew Congregation

Refreshments will be served tonight following Hebrew Congregation services. Services will begin at 9 p. m. in the music room of the Elementary School.

Greenbelt Band To Play For Field Opening

The Greenbelt Band has been asked to play at the opening of the new athletic field at Mt. Rainier on Sunday. Opening ceremonies will also include an exhibition game between the Greenbelt and Mt. Rainier softball teams, the winner to receive a trophy.

The Mayor of Mt. Rainier will throw out the first ball and will present the trophy.

The athletic field is located at the northern end of 34th Street. Transportation to and from the field will be provided for the band by Mt. Rainier.

Mrs. Kinzer Leads Library Discussion

Mrs. Mary Jane Kinzer, head of Greenbelt's adult education program, lead discussion Saturday morning at a meeting of the Maryland Library Association, having as a topic "Public Relations, Publicity, and Exhibits."

The meeting—which last from 10 a. m. to 7 p. m. Friday and from 10 a. m. to 4 p. m. Saturday—drew approximately 150 interested members, according to Mrs. Kinzer, who added that previous meetings, before gas rationing, had drawn a much larger attendance.

Other Greenbelters attending the meeting were Carl Hintz, who presided, and Greenbelt's librarian, Mrs. Reba Harris.

It was disclosed in the May library report to Town Council Monday that 3103 visits were made to the library during the month—1352 adults and 1751 children. Also reported was the fact that only 20 per cent of books borrowed were non-fiction. Previously non-fiction lending had gone as high as 35 per cent.

Classified Ads

LOST—New Taylortot taken from entrance to Swimming Pool Friday about 3:30. Please return to Mrs. Rosenkrantz, 42-B Ridge Road, or notify the Cooperator.

WANTED—Daily ride to Baltimore. 20-A Parkway, or phone 4192 after 8 p. m.

OUR NEIGHBORS

By SALLY MEREDITH

Hello, Greenbelt:
Some old friends of a lot of you were or are in town this week. Fred Wilde, whom, most of you will remember, left Greenbelt for Scarsdale, New York—arrived in Greenbelt last Thursday with his daughter, Janet. Fred returned home Friday, but Janet, I hear, plans to spend the summer here. —You'll have to dig back a little further in your memories to recall Mrs. Harold Melsness, who used to live on Woodland Way. Those who do remember her will be interested to know that they have returned to this vicinity—in fact, are now living in Washington. They've been out visiting the Frank H. Donoghues, their old neighbors at 2-A Woodland Way, over several week-ends. Which reminds me—June Donoghue, who graduated from high school last week, was given a party Friday night by her family and close friends. Over the week-end she joined Miss Rose Nudo and Miss Catherine Councell in a trip to Philadelphia and Ocean City.

Official Mother's Day passed over a month ago, but off the record it's always mother's day. This week two mothers of Greenbelt residence were visiting here—John Wood's mother from Erie, Pennsylvania; and Arthur Dickerman's from New York City. Mrs. Wood will return Monday, Mrs. Dickerman next week. Mrs. Wood's son and daughter-in-law will return to Erie with her for a visit and vacation.

Our Neighbors in the Sports World: Beginning Thursday, June 11, girls' softball practice will be held Tuesday and Thursday afternoons at 3 p. m., instead of Monday evenings. High School girls, 7th grade girls and any women interested in playing in the summer league to be formed are asked to come out. Practice is held in the girls' field by the tennis courts. —Women's volley-ball practice, which has been taking place on Friday evenings will be cancelled temporarily. This practice was held primarily for women working in the day. However, since few of the women were able to attend, the practices will be halted. There will be archery swimming, softball and tennis for adults to take the place of this class.—The first session of swimming classes will begin Monday, June 15. All children taking lessons must have registered on either Thursday, Friday or Saturday of this week for the classes. It will not be necessary for adults to register. Their first lesson will be Tuesday, June 16, at 11 a. m. Junior Life Saving will also get under way next week. For further details read the bulletin board in the lobby of the pool.

Mrs. Harriet Olson, 52-A Crescent Road, was guest of honor at a lovely farewell party given at the home of Mrs. Thelma Hyde, 52-E Crescent Road, Friday night. Delicious refreshments were served and Mrs. Olson received a lovely gift of remembrance from the many friends attending the party. Mr. and Mrs. Samuel J. Rolph announced the engagement of their daughter, Katherine L. Rolph, to Roland A. Ebner, son of Mr. and Mrs. Roy A. Ebner.

I want to devote the rest of this column to our new friends in Greenbelt. There are a lot of you—and we're very glad to have you for neighbors. May I presume on a very short acquaintance and ask a favor of you? This is a column for "Our Neighbors." Naturally, I don't begin to know even a small percentage of the residents here. The news I do have comes to me either directly or indirectly through those I know and see about town. You can see what a poor coverage results from such hit-or-miss contacts. The favor I would like granted is this: If you, or a neighbor of yours, has guests from out of town, goes on a vacation, attends a party, becomes engaged to be married—in short, does anything that would interest the rest of us—let me know. You can mail me a card just addressed to "Sally Meredith, Greenbelt Cooperator," or you can drop a note in the Cooperator box, which is just behind the door that opens off the court into the drug store. C'mon! Let me know what's cooking!

Thought for the Week Department: You'd better buy your Citizens' Association dance tickets now, because if you wait to buy them at the door they cost more! That's all until next week.

Pool, Tennis Courts Jammed As Old Sol 'Turns On the Heat'

A sweltering weekend insured the successful opening of the Greenbelt pool this summer for the first time in 4 years. Many residents and their friends enjoyed Decoration Day at the lake: fishing, boating, and picnicking. Approximately 1500 people cooled themselves at the pool and about 70 persons hired boats at the lake. The shortage of rubber had no deterring effect upon the many who dared the hot sun to play tennis (the tennis courts were in use 24 days in May) for many rubber soles received a good beating by the 454 patrons who played on the courts and the many who loosened up their joints by playing handball. According to one advocate of handball, Town Manager, Roy Braden has assured players that a netting will be placed over the handball courts in the near future. This will eliminate the unfortunate procedure of waiting until someone gets into the pool in order to recover a ball hit over the walls.

Town Employees To Hold Annual Picnic Tomorrow

The annual picnic for all employees of the Town of Greenbelt will be held tomorrow at the Lake. The day's activities will begin at 2:30 p. m. and will include volleyball, horseshoe pitching and softball. All town employees are encouraged to attend and bring their families, girl or boy friends. One dollar will be charged for couples, 65 cents for single persons, and 25 cents for children under 12.

Nancy McNamara R. Snyder Married

Miss Nancy McNamara became the bride of Roger W. Snyder, Saturday, June 6, at 2:30 p. m. The ceremony was performed by the Rev. Leo J. Fealy, at Holy Redeemer Church in Berwyn.

The bride was dressed in a white crepe dress and carried an old fashioned bouquet. Her maid of honor was her sister, Mary McNamara and the best man was Philip Harvey, of Hyattsville.

After the reception, attended by about 50 guests, the couple left the bride's home for a short wedding trip.

High School Chatter

By LOUISE BURKE

This is the final appearance of this column in the Cooperator in connection with the recently closed term. With graduation last Friday I am no longer eligible to bring the high school news to you. —By the way it certainly was crowded over at graduation, wasn't it? —Everyone who attended said that he enjoyed the program, especially the address by Dr. Steinmeyer on the very timely subject, "Remember Pearl Harbor." Say, how did you like the caps and gowns? —Among those in the audience was Lt. Sliker, our former principal, and his wife (of just a few weeks). Guess he hasn't forgotten us.

We welcomed Janet Wilde back into the old home town last week. You will remember, she left us at the beginning of this year to attend school in Rhode Island. She has graduated and is now back to fill a position at the Agriculture Department while she is stopping over at Southway.

Tonight the Greenbelt Band will receive a group of new recruits into their fold from the Feeder Band. Quite a few members of the regular band have left due to working and going to college. Jimmy Bobbitt is one of those. He plans to move to Greencastle, Indiana, where he will attend DePauw University.

Edith Walker, who graduated from Greenbelt High last Friday, was married on Saturday. She and her husband are now residing in Beltsville.

Well! That's about all the coverageable news to the present moment, so I will say goodbye for my part this year. "High School Chatter" will undoubtedly appear next year and I hope that your new columnist will enjoy her duties as much as I have.

FBI Downs Reps Trumbule 7-3 Loser

The Reps lost their second game in a row Tuesday when the strong F.B.I. ten hopped on Eddie Trumbule for 11 hits, winning 7 to 3. Third baseman Anna bashed out four straight singles to lead his team at bat.

The Reps salvaged a little glory when Curt Barker batted a long triple with Murray Krasnor and Ben Goldfaden on base. Barker scored on a wild pitch.

Tonight the Reps take on Mt. Rainier in a grudge battle. Most of the "Mounts" played on Carr Brothers and Boswell toughies last year.

Boys Baseball News

The boys' baseball league will go through a revision next week to form better and stronger teams for the summer schedule. All high school boys and boys in the seventh grade in the elementary school are invited to come out and play baseball on Monday, Wednesday and Friday afternoons. Teams will be chosen on Monday, June 15, at 2:30 p. m. All games will be played at this same time throughout the summer.

Greenbelt Kindergarten Graduation Exercises

Wearing mortar boards and badges, the children of Greenbelt Kindergarten graduated last Tuesday. The proceedings were conducted by the resourceful teachers of the children, Miss Hitchcock and Miss York.

Other features of the program included a Maypole Dance and a parade with colored balloons which were witnessed by the members of the primary grades. The children were also shown through the school and promised a picnic at the Lake. Rain forced the picnic indoors, however.

New Sales Record Set By Local Food Store

A new record was established by the local food store last week when total sales for the week amounted to \$7,196, it was announced Monday by Thomas B. Ricker, manager of Greenbelt Consumer Services Inc.

Reps Drop Close Tilt To Surf Club, 3 to 2

The Greenbelt Reps lost their first game of the 1942 season to the defending champs of 1941. This team played as the Surf Club, but were formerly known as the Senate Beer Team. The score was 3-2. Each team received five hits, but Hughes of the Surf Club hit a home run with one man on, for the margin of the victory. For Greenbelt Beale and Goldfaden, scored the runs.

Graduation Exercises

Given Auxiliary Firemen

Auxiliary firemen of the Greenbelt Defense Council had graduation exercises in the Auditorium of the Elementary School Tuesday evening.

Fire Coordinator Just, of the State of Maryland, spoke on the merits of the auxiliary firemen in the state. Roy S. Braden and Arthur Rysticken also gave short talks.

Diplomas were given to the men and the meeting was closed with the singing of the national anthem led by Mrs. Lydalu Palmer.

Following the graduation exercises the men were sworn in as full fledged auxiliary firemen.

Leathernecks Outlast Shamrocks, Win 5-2; Jim Breed Injured

Quantico, Va., June 6—The Shamrocks battled along even at 2 to 2 with the Marines until the eighth inning, when the Leathernecks "landed" on Lanny Birch for three runs, and "had the situation well in hand", winning 5 to 2. It was the first Irish loss since May 10.

Especially tough on Jim Breed was the loss. The big chicker was going great guns until he was struck on the left elbow while at bat in the seventh round. The Marines were not making very merry with Breed's pitching, and with better support from the infield he'd have had a two run lead on retiring.

Burly Francis X. Reagan was a pain in Greenbelt's neck with his base running antics. The former Pennsylvania All-American footballer was on base four straight times, scored once and got as far as third every time.

First Aid Certificates

Given To 9 Local Women

Nine local women have recently received certificates for having successfully completed the Standard First Aid Course given under the instruction of Mrs. Lois Bowman.

Mrs. Barbara Bonnar, Mrs. Ina Ford, Mrs. Mary Hanlan, Mrs. Myrtis Martin, Mrs. Doris Neblitt, Mrs. Eloda Slusser, Mrs. Carrie Trinko, Mrs. Kathryn Turner, and Miss Violet Younger.

Please DO NOT ask "Information" for numbers which ARE listed in the directory

THE demands of war on the telephone system in and around Washington can only be met by using every trained operator and all available telephone facilities to handle today's volume of calls. It is important, therefore, that our "Information" service be limited to supply numbers which can not be found in the directory.

Our records show that more than half of the calls to "Information" are unnecessary. They are requests for numbers which are listed in the telephone directory. This is a preventable waste of telephone time and telephone facilities. May we have your cooperation?

Thank you.

Town Ordinance

(Given first reading June 8)
AN ORDINANCE TO CREATE SECTIONS 8.61-8.67 INCLUSIVE OF THE GREENBELT MUNICIPAL CODE OF 1942 LICENSING AND REGULATING THE USE OF BICYCLES

BE IT ORDAINED by the Council of the Town of Greenbelt, Maryland, the following ordinance is hereby adopted.

PART I—There are hereby created seven new sections of the Greenbelt Code of 1942 to read as follows:

SECTION 8.61—The term "bicycle" shall mean and include a vehicle having two tandem wheels, none of which shall be less than 20 inches in diameter, with inflated rubber tires, having handlebars, a seat or seats, and propelled by the feet acting on treadles connected with cranks or levers.

SECTION 8.62—All bicycles owned by residents of the Town of Greenbelt and operated within the corporate limits of the Town shall be registered and licensed. Application for such license shall be made with the Department of Public Safety and shall be affixed to the bicycles in a manner prescribed by the Director of Public Safety. The Department of Public Safety is hereby authorized to issue and keep records of all license tags. No bicycle shall be licensed unless (a) it is in good mechanical condition (b) has adequate braking and signaling devices (c) a serial or identifying number stamped on the frame. Any bicycle which has no such serial or identifying number shall be assigned such number by the Department of Public Safety and such number shall be stamped permanently on the bicycle by the Department. (d) Payment of original license fee of 35c. The loss or defacement of license tags shall be reported to the Department of Public Safety within 48 hours of the discovery of such loss or defacement and new license tags shall be obtained at an additional cost of 25c.

SECTION 8.63—It shall be unlawful for any resident to operate a bicycle upon the streets or roads within the corporate limits of the Town of Greenbelt, Maryland, unless such bicycle shall have been registered and licensed in accordance with the provisions of the Municipal Code. No person shall operate a bicycle within the limits of the Town of Greenbelt between ½ hour after sunset and ½ hour before sunrise unless such bicycle shall have a headlamp or light firmly attached to the front of the bicycle giving a clear white light visible not less than 300 feet, and a tail light or suitable reflector on the rear of the bicycle visible at a distance of not less than 200 feet.

SECTION 8.64—It shall be unlawful to:

- Remove, deface or change any identification mark or number or license tag on any bicycle.
- Take or operate any bicycle without the permission of the owner.
- Operate any bicycle not in good mechanical condition.
- Have more than one person riding on a bicycle at the same time, except for tandem bicycles.
- Ride 2 or more abreast unless unavoidable.
- Operate any bicycle in any manner contrary to existing regulations governing the operation of motor vehicles in the Town of Greenbelt, Maryland.
- Remove both hands from the handlebars at the same time, or perform trick riding.
- Fail to keep on the right hand side and give way to motor vehicles at all times.
- Operate or park any bicycle without due regard for the safety of the operator or any other person or vehicle.
- Ride upon any public walk except between 3:00 A. M. and 7:00 A. M.
- No bicycle shall be parked anywhere within the limits of Greenbelt in such a manner as to injure or endanger any trees, shrubbery, or property and no bicycle shall be parked in the mercantile center except in the bicycle racks provided by the Town of Greenbelt.

SECTION 8.65—The Director of Public Safety shall have authority to suspend the registration and remove the license tag from any bicycle operating contrary to any of the provisions of this ordinance, for a period of 10 days in addition to any other penalties hereinafter provided.

SECTION 8.66—Any person violating any provisions of this ordinance shall upon conviction be subject to a fine or not more than five (\$5) dollars.

SECTION 8.67—All bicycles

shall be inspected during the month of July each year by the Department of Public Safety at specified locations as designated by the Director of Public Safety. PART II—This ordinance shall take effect ten (10) days after passage.

Injunction Hinted

(Continued from Page 1)
of uniform size and design than if various types were used. He added that several sizes are available within the "uniform" range. The only restrictions are the maximum size, and the prohibiting of vertical markers.

Reporting on the progress of the fingerprint system locally, Chief of Police George Panagoulis said that 87 persons had been fingerprinted last week. Stressing the fact that the service is voluntary, he said that the fingerprint files might prove of value for identification purposes in future emergency situations.

Paper Changes Editors As Fosnight Leaves

The resignation of Francis Fosnight as editor of the Cooperator was accepted Sunday by the board of directors of the Greenbelt Cooperative Publishing Association, Inc., and Donald H. Cooper was appointed to fill the editorship until the end of June. Mr. Fosnight, an Interior Department employee, is being transferred to Denver, Colorado.

At the board meeting election of new directors was announced for the first week of July. The new board will then select an editor.

The resignation of Jack Schaeffer as copy editor was also submitted and accepted.

Let freedom ring on Uncle Sam's cash register! Buy U. S. Defense Bonds and Stamps.

Members of Feeder Band Are Advanced

The feeder band that was organized in September 1941 has completed a successful term by "graduating" the majority of its members to the Greenbelt Community Band.

The beginners had been working for nine months, often inconvenienced by lack of space and time. At the end of this period a test was given by a committee under the supervision of Paul T. Garrett.

The chosen participants will have their first rehearsal with the Greenbelt Band on Friday, June 12, in the Auditorium.

It is hoped that a beginners' band will begin to function again in September as it will be necessary to maintain a training school from which to fill the vacancies made by graduation, transfer and other withdrawals.

Softball Schedule

The Rep's softball games for the coming week are: Friday, June 12, Greenbelt vs. Mt. Rainier at Greenbelt 8:30 p. m. Sunday, June 14, Greenbelt vs. Mt. Rainier at Mt. Rainier 3 p. m. Tuesday, June 16, Franey and Annadale vs. Manhattan Auto 8:30 p. m.

Medical Service Needs Afternoon Volunteers

The medical service is calling for volunteers for afternoon duty during mid-day air-raid alarms and drills. The last afternoon "alarm" proved the necessity of having more men and women who are available during the day for this service. All those who have taken a first-aid course, or expect to take one in the near future, are requested to register their names with Mrs. Ruth Tepper, 44-E Crescent Road.
