Heater Explodes At 25 Ridge Road

Greenbelters need feel no general alarm as a result of the blow-up of a hot water heater, in the 25 court of Ridge road, last Sunday morning at 3 a. m., according to FPHA manager Charles M. Cormack.

Residents of the house were awakened by sounds from the basement where the heater is located, and called police officer Johnny Belton. The heater blew up after Mr. Belton had arrived, thrown off the switch and left again to summon maintenance engineer Charles T. McDonald. Officer Belton's departure may have saved him from severe injury. Water from the heater was flowing onto the basement floor.

Mr. Cormack attributed the accident to a failure of the aquastat which turns off the burner. No damage was done, except to the heater which is being replaced, since a reinforced concrete floor separates the heater from the other part of the dwelling. Mr. Cormack stated that the accident is being thoroughly studied, but that in any project which involves over 200 heating plants the possibility of such a failure exists. He added that it is unlikely that a similar breakdown will occur.

Sidewalk Repairs

A contractor began work on Wednesday, July 9, on a project to repair sidewalks and steps in the town's defense area, FPHA manager Charles M. Cormack announced on Wednesday. The job will cost in the neighborhood of \$7500 and will consume a good part of the summer.

Painting of the defense homes is going along rapidly, Mr. Cormack commented. He stated that two coats will be applied, and that the second coat will be finished in the area being painted rather than applying a first coat to the whole project, and returning to each area for the second coat.

Kids' Talent Show Saturday Morning

Together with the presentation Saturday morning of "Five Little Peppers", a film from the Children's Library, the adult advisory council on children's films has arranged a children's variety show at the Greenbelt Theater which will precede the showing of the picture and begins at 10 a. m.

All local talent, the performers will be in costume for their acts. Four girls, Jana Lee Andrusic, Mary Michael Ruppert, Arletta Chesley, and Helen Pleitner, will present a dance called "Clambake." Donna Pleitner will do an acrobatic dance. Colleen O'Leary a Hawaiian, and Wally Sherertz will sing.

Mrs. William J. Andrusic, representing the Brownie Scouts, is this month's chairman of the council, which includes Mrs. Thomas Freeman, for the Woman's Club; Mrs. Hilbert Kurth, Girl Scouts; Mrs. James Lynch, Greenbelt schools; Mrs. Clyde Stripling, Cub Scout pack 202; Mrs. William Therrel, Cub Scout pack 229; Mrs. Horace Turner, Boy Scouts; and Mrs. Clifford Woodward, PTA.

July 4 Celebration Draws Crowds; Woman's Club Float Wins First Prize

A notably safe Fourth of July celebration began here in Greenbelt last Friday morning with a parade which drew crowds of spectators to the center and along the route of march. Led by Police Officers Buddy Attick and Johnny Belton on horseback, the American Legion color guard, the Greenbelt community band, the Cub Scouts, Boy Scouts, Rescue Squad, police car carrying Chief Panagoulis and Mayor Bauer, and the town's fire engines polished up for the occasion, the floats passed before the judge and were followed by children's displays.

GMHA Discusses Housing Disposal Wednesday Night

The annual meeting of the Greenbelt Mutual Housing Association will be held Wednesday night, July 16, at 8:15 p. m. in the Center School Auditorium.

President Sherrod East urged all Greenbelters to return the housing questionnaire recently sent to every resident. He stated that the association is making the study as a public service and that the information to be gained will be open to everybody. While the information sought is very important and will be extremely useful, a poor response on the part of Greenbelt residents will considerably impair its value, he said.

At the present moment Congress is considering two bills for the disposal of FPHA housing that will soon affect the fortunes of every resident of Greenbelt. Because of the importance of the housing question and the critical nature of the present situation, it is hoped that Greenbelters will crowd the auditorium to capacity.

Nine members of the board of directors will be elected from among the eighteen members selected by the nominating committee. Other nominees endorsed by four or more members may submit their names to the secretary at least four days before the date of the meeting.

Up for election are Abraham Chasanow, Vladimir Chavrid, Ralph Cox, Wesley Darling, Sherrod East, A. J. Granger, Wells Harrington, Carrie Harper, Sigurgeir Leifur, Paul Linson, Robert Morrow, Waldo Mott, Cyrilla O'Connor, Tom Ritchie, Max Salzmann, George Sheaffer, Bob Volckhausen and Adelaide Weidberg.

Boat Ride Tickets Available July 14

Last Saturday's collection of newspaper for the Community Church boat ride totaled 15,000 pounds. To date 24,470 pounds of paper have been collected. The next pick-up day will be tomorrow, July 12, and the truck will start its rounds at 10 a. m. Last day for turning in paper will be Friday, July 25.

The boat trip will take place on July 26, the boat leaving the wharf at 10 a. m. and returning at 5:30 p. m. Tickets will go on sale July 14 for those not participating in the paper drive. Special arrangements have been made to obtain the tickets at the price of 40 cents for the round trip for children 5 to 12, and 70 cents for all over 12. Children under 5 may go free. By calling 5381, the name of a ticket salesman living in the vicinity may be obtained.

Tickets for the Greenbelt Band members, who are to be guests on the trip, will be delivered at band practice the night of July 21. Those who have collected paper will receive tickets from the church treasurer, George Sheaffer, after he returns from his vacation. The amount due each child above the price of his round trip ticket will be paid in cash on the boat.

According to Allen D. Morrison, chairman of the drive, indications are that over 500 children, possibly as many as 750, will be making the trip, and a number of parents intend to go along too.

The second-prize cup was taken by "U. S. Navy," a torpedo, entered by the American Legion. Winning honorable mentions were "Camping Scene," by the Izaak Walton League; "Baseball Scene," by the Athletic Club; "United Nations," by the American Legion Auxiliary, and "Co-op Camp" by Greenbelt Consumer Services.

The only decorated car, from the Prince Georges Bank and Trust Co., was not entered for a prize. The Co-op Pantry bus was also in the parade.

Vol. 11 Friday, July 11, 1947 No. 46

To The Editor:

They Got Gypped!

To The Editor: This letter is
written at the insistence of my
two sons, ages five and eight, re-
spectively, who, until last week
were the scourge of Japanese
beetles in our neighborhood.

It seems that in prior years the
town, in the person of Mr. Mc-
Gregor, official gardener, paid a
bounty of 25 cents for each pint
of beetles turned in by the
younger citizens. For some reason,
and apparently without any
notice, this bounty has been dis-
continued this year. This circum-
stance, that of non-payment for
the captured pests, is bad enough,
but the failure to publicize the
bounty cut-off is, in the eyes of
our junior pest destroyers, a ne-
farious trick, of the blackest sort.
Consequently, hours of diligent
hunting for the winged plague
has gone unrewarded, and the
anticipation, justified by the pre-
cedent of prior reward, has been
cruelly crushed by disappoint-
ment.

Now 75 cents (the bounty for
three pints of beetles) is still a lot
of money for a little boy. So the
trek to Mr. McGregor's head-
quarters by my two sons, was a
most enjoyable exercise, with the
soda counter and the toy depart-
ment of the variety store, the im-
portant destination of the long
jaunt. The sound of the beetles
striking against the jars in which
they were imprisoned (how many
beetles in three pint jars?) was
so much music to the little boys'
ears. The rest is too sad to re-
late. I don't know Mr. McGregor,
but there are two little boys a-
round our house who think of him
along the same lines as a certain
behorned dweller of hotter re-
gions.

I wonder what Mr. McGregor
would have thought if he had
seen three jarsful of Japanese
beetles suddenly released from
their crowded jail. It may be that
this method of completing the
broken contract indicates a lack of
public spirit on the part of my

youngsters, but I don't believe that
they violated any statute. I don't
know what is behind the end of
the bounty for Japanese beetles.
But have you ever seen One Jap-
anese beetle working on a rose-
bush? Well, Mr. McGregor how
many beetles in three pints?

To whoever is responsible for
this state of affairs I want to say,
on behalf of two non-voting resi-
dents, "We got gypped!"

Thanks, Folks

To the Editor:

May I use your pages to express
a hearty thanks to every one of
the good folks who helped us of
the Council in making the Fourth a
glorious (but safe) success. I hope
everyone enjoyed themselves thor-
oughly—I did. Harry Rhodes, Cap.
Sines, and Charlie Lowe with the
fireworks; Ben Goldfaden, Eileen
Mudd and others in athletics; Pop
Bell and P. M. Jim Wolfe and
others with the shoes; Lew Gerstel,
Lucille Fonda, Waldo Mott, Sam
Ashelman, Doc Pearson, George
and the Force, Buddy Fox, the con-
cessionaires, and everyone else who
lent a hand in doing a bang-up job.
Mayor Bauer, Jack Cain and I had
our hands full most of the time
but it was fun. The girls in the
office, builders of floats, everybody
—thanks a million! The Scouts
were wonderful with traffic and
delivering the flyers, the Rescue
Squad and Volunteer Fire Depart-
ment—gee—I wish I could name
each one but it just isn't possible.
Even Patsy helped. Thanks, every-
body.

"Unpretty" Paint

To the Editor:

We have seen the color-jobs on
some of the defense housing in the
North End, and consider them very
unpretty. The colored paint gives
the buildings the effect of being
chopped-up, and they look cheap
and garish. Let's have the quiet
freshness of white trim on the rest
of our buildings.

20 YEARS AGO -

The "Ohio revolution" in the auto insurance business oc-
curred. A group of farmers, tired of their requests for special
low rates for rural areas (where accident risks are lower) being
refused by regular insurance companies, banded together and
formed their own company—the Ohio Farm Bureau Mutual
Auto Insurance Co.

Their first published rates were 40% below the regular rates
in existence at that time. From that day to this, the same
spirit guides all Farm Bureau insurance operations. Farm
Bureau was organized and financed by economy minded farmers,
not for profit, but to provide necessary insurance services at the
most economical rates possible.

This spirit, plus the fact that the great bulk of Farm
Bureau policyholders are in the comparatively accident safe
rural areas, accounts in large measure for the economical in-
surance rates paid by the policyholders, and is one of the main
reasons for Farm Bureau's strong financial position today.

Shamrocks Defeat

Cissel-Saxons 1-0

The Greenbelt Shamrocks nosed out a fighting Cissel Saxon nine, 1-0, in eleven innings, Sunday, July 6, at Braden Field.

The visitors could muster only 2 hits off the Shamrock hurler Alexander, in seven innings. However, Alex had to be lifted in the Shamrock half of the eighth when he sprained his ankle trying to tag up on Don Wolfe's infield fly.

Harry Crouthamel took over the pitching chores in the eighth for Greenbelt and held the visitors to no hits and nothing across. Going into the local half of the eleventh, Lou Tierney came up with two out and nobody on, and very determinedly smacked a 3-bagger into right center field, which after Dick Cleveland's Texas leaguer, proved to be the winning marker for the Greenbelt nine.

In Cissel-Saxon's half of the eleventh, little Harry Courtland set the visitors down 1, 2, 3, to end a long ball game.

Sunday, the Shamrock nine will play their second rain-out game against the Morningside Laundry Team. Time: 3 p. m., Braden Field.

Aquacade Tryouts

The Recreation Department is beginning aquacade practice for their August 2nd show. Anyone interested in trying out—whether married or single, young or old—report to the pool Tuesday at 12 noon. If unable to come at that time, contact the Recreation Department, Greenbelt 6966, and other arrangements will be made. Anyone interested in working on costumes, scenery, or helping with the formation swimming should also contact the Recreation Department.

Greenbelt Gun Club Holds Shooting Match

L. L. Woodman, president of the Greenbelt Gun Club, announced that the club has received three new Garand .30 calibre Army rifles from the War Department. They will be used at Fort Meade by the members of the Club when they have their next all-day shooting excursion at the Fort on July 27.

Six clubs from the nearby towns composing the Maryland Rifle League will meet in competition this Sunday, July 13, on the Greenbelt Target Range at 10 a. m.

Danger Notice!

The Recreation Department wishes to urge parents to limit the amount of time their children spend in the swimming pool. The life guards report that most of their near drowning cases this year have been from mere fatigue among the younger children, because they have been in the water for 4 or 5 hours at a time.

Legion Jrs. Defeat Nine Old Men, 4-3

The Legion Jr. Baseball Team was to play the Costello Post of Washington last Saturday afternoon at Braden Field, but the manager of their team found it impossible to get his boys together, because of the holiday.

Manager Foster and Coach Mullin wanted the boys to have some practice, so a team of men got together and opposed the Legion Boys, calling themselves The Nine Old Men. The Old Men led the Legion team until the fourth inning, and went ahead in the sixth, but the boys tied the score in the seventh and went on to win in the eighth. The final score was the Legion Boys 4, Old Men 3.

The only county game Greenbelt has lost was to My Maryland Post. There is still a decision to be rendered that may give the game to the local boys.

Sports Stuff

By JOHN COSTA

The Greenbelt Shamrocks have been known as a mediocre ball club throughout the season, but as the first half of the Montgomery County Baseball League comes to an end, they have gained in every department. As I witnessed Sunday's game with Cissel-Saxon, they showed plenty of hustle and determination. Twice they stretched singles into doubles, when opposing outfielders loafed on the ball.

Donnie Wolfe, speedy shortstop, gave the crowd a goodly portion of the thrills, including a dash to the plate from third base as the pitcher was winding up. The ump called him out, much to everyone's surprise. It was a tough decision to take and after futile argument, the umpire won as usual. Regardless of the decision, the final standings show that the Shamrocks have come to life. Crouthamel, LaValley, Lynch, Wolfe and the others, keep the zip going. It looks good to the fans and makes for a better ball club.

Kerlin, junior vice commander; Nevelle Torbert, chaplain; Chester Tucker, historian; Wayne Roberts, finance officer, and Reuben Barrick, sergeant at arms. The new Executive Committee members are Frank Lastner, Edward Timmons and James Summers, Sr.

The newly-elected officers will be installed in the center school, Thursday, July 17, at 8:30 p. m. The national guard of honor will be in attendance and refreshments will be served at the Legion Home following the installation.

Rec Dept. Needs Archers, Batters

The summer recreation classes offered by the Recreation Department began Jun 30 with overflowing registration for nearly all classes. The swimming instructors are handling 295 boys and girls and adults in the July classes, while the tennis classes are bulging with 80 registered. The tumbling and arts and crafts classes are likewise very popular, and because of the large number some of these classes have had to be divided.

The archery classes, however, still have room for more and because the registration was not as large as expected the teen-age archery previously scheduled to be held at the Northend school was combined with the Center class. All teen-agers interested in archery now meet from 9 to 11 on Tuesday and Thursday on Braden Field.

The boys' baseball group has been divided into four teams and plays a league game every Wednesday on Braden Field while the midget softball is likewise on its way for league play. The older boys' softball, however, needs recruits. Boys 14 through 16 are urged to come down to Braden Field on Tuesdays and Thursdays at 2:30 to help fill out the teams. A representative softball team from both age groups has been invited to join the county playground league.

The nine baby playgrounds located throughout the town also opened on June 30 under the supervision of local high school girls with an enthusiastic response from the little ones. Already parades and other special affairs have been held and more planned for this coming week. These playgrounds average 35 children per morning with about the same amount per afternoon.

Center Hosts Hold Meeting

Adults serving as host and hostess for the Youth Center met in the Center Monday night. Miss Eileen Mudd, who presided, stated that the present system of sending each host or hostess a letter at the beginning of the month stating time of service was working very well. Substitutes are being called upon less frequently, and people are serving without recourse to much last-minute calling. The group was reminded to call their substitutes themselves, thus relieving the recreation department of a tiresome task.

The opinion of the group was that the Youth Center has been very orderly, and that cooperation between members and hosts and hostesses has been excellent. Miss Mudd expressed disappointment that more people did not attend the meetings, but felt it would help if the group would remember to reserve the first Monday night of each month unless otherwise notified.

A drawing was held for the Weave-It Doll for which tickets had been sold on July 4. Mrs. Herbert Hall, Sr. was holder of the lucky draw.

Tomato Blight

To the Editor:

Many people have asked me why the lower leaves of their tomato plants turn yellow with brown spots, which seems to spread upward on the plants. This is, Early Tomato Blight, Alternaria, a fungus disease which ordinarily does not trouble us much, but the wet weather and cold nights have favored the spread of the disease.

Some control can be had by dusting with a copper lime dust every 5 to 7 days or spraying with a Bordeaux mixture every 7 to 10 days. However, hot and dry weather will do more to check the disease.
