## Committee Wanted To Study Problem Of Juvenile Thefts

Invitations to serve on the committee to study the problem of juvenile thefts from the GCS Variety store were sent to key figures in the community last week, it was disclosed at the December 12 GCS board of directors meeting.

Letters were sent to the local clergy, to leaders in the Boy Scouts, Girls Scouts, and PTA, to the school principals, and to the town recreation and public welfare departments.

The board set 5 p. m., January 17, 1948, as the deadline for turning in GCS patronage slips. It also passed the necessary motion recommending that patronage refunds be declared for 1947, up to the full percentage of the earnings of the year, the exact percentage to be determined by the membership at its regular meeting in February.

### Enlarge Bakery Shop

Sam Ashelman, general manager, announced the inauguration of an enlarged bakery department. New display cases have been obtained and were moved in this week. Arrangements have been made, he said, to secure a new source of supply from a nearby bakery. It was expected, he said, that deliveries would be made this next weekend. The first few weeks of operation will be a "test run," Bassett Ferguson, assistant manager, later said, "with a little of everything for sale. What people buy will determine the lines we will carry."

The board moved that Greenbelt Consumer Services serve as sponsor for Girl Scout Troop 85.

Election of a director to fill the vacancy created by Elise East's resignation was postponed until the next regular board meeting, January 9, 1948.

## Town Tops Quota In Chest Campaign

At the conclusion of the drive, Mrs. Fleisher stated: "I would like to correct a rumor that has been circulating in Greenbelt. The money for the Community Chest drive collected by Greenbelt Consumer Services was picked up by Mrs. Fred Tuemmler, a county area chairman, at my request, and Greenbelt has unquestionably received the full credit for this donation."

Returns from block captains were: Mrs. Irving Grabel, \$49.00; Mrs. Mathew Fontaine, \$7.75; Mrs. Robert Harrison, \$22.75; Mrs. Lowen Matheny, \$156.25; Mrs. Walter Shine, \$56.50; Mrs. Harold Hufendick, \$16.50; Mrs. Ray Williams, \$35.00; Mrs. N. ## GMHOC Plans New Committees

Michael Salzman, president of the Greenbelt Mutual Home Ownership Corporation, announced that at a meeting of the Board on December 11th, Chairmen were appointed for the following committees:

Development committee, Sherrod East; education, Cyrilla O'Connor; finance, Thomas B. Ritchie; legislative, Wells Harrington; management, Ben Goldfaden; and membership, Charles O'Leary.

### Special Committees

A special Executive Committee to supervise and set up policy with relation to work with the Trans-American Development Corporation, and to negotiate with PHA and other agencies, consists of Michael Salzman, Frank Shea, and Sherrod East, with Wesley Darling, Ben Goldfaden and Thomas Ritchie as alternates. Michael Salzman and Thomas Ritchie are also members of a special committee on appraisal research.

### Elections Committee

A. C. Long, S. J. Ringel and Arthur Wetter were appointed to the Nominations and Elections Committee, to prepare a list of nominations for the Board of Directors to be elected at the annual election meeting held the second Monday in February. This list of nominations must be presented to the secretary of GMHOC 30 days before the election, and must be prominently displayed in order that the entire membership may become acquainted with the names. In addition to preparing a list of nominees, the committee will conduct the election and supervise the tabulation of ballots.

In appointing this committee, Mr. Salzman stressed the fact that nominees should be representative of all of the members of the Corporation as of that date, and that their willingness to serve and qualifications be checked before the list is submitted to the Secretary.

Refreshments will be served by the girls who are working for their hostess badge. The cooking was done last night by the girls at Mrs. Kurth's home on Plateau Place.

## Auditorium Floor To Be Refinished

The floor of the Center School auditorium will be refinished during the Christmas holidays with a special substance supplied by Prince Georges County, according to PHA manager Charles M. Cormack. The new finish will make the floor surface smoother both for basketball and for dancing. Some painting will be done in various parts of the building.

## Town Council Passes Budget Estimate; Limits Manager To Straight Salary

By IRVING ROTHCHILD

The Town Council, with the help of an unusually small audience, last Monday night passed three ordinances: one for an estimated town budget of \$177,045; one increasing the salary of the town treasurer and accountant to \$3200, and that of the kindergarten supervisor to \$2100, effective January 1, 1948; and one setting the salary of the town manager at \$6500, with the specific stipulation that bonuses, increases in pay, or other additional compensation granted other town employees shall not apply to his salary, "past resolutions and ordinances notwithstanding."

## Christmas Message For Greenbelt

By LUCILE FONDA

Rev. Eric T. Braund this week received a letter of thanks from the people of Haseldorf, Germany, to the people of Greenbelt. The food and clothing received in the recent drive here in Greenbelt, with Mrs. Elise East as chairman, reached Germany and were distributed among the needy. A town that has so very little writes its thanks to a town that has so much, as follows:

(24b) Haseldorf near Uetersen, Germany  
October 7th, 1947

Dear Brethren and Sisters in USA!

Even if the ocean, the bounds between nations, and other language and different history part us, we are tied together by our common belief in Jesus Christ, and you show by your will to help that this peoples and continents encircling faith in Christianity is firmer than all national separatism.

You have heard of the fearful distress here in Germany and you sent us much food and warm clothing. All that reached us I dealt out to the poorest of the poor in my community. I told everyone "it is a gift from the Christians in America". The old and the feeble, those unable to work, the children who know nothing of politics and are guiltless of their wrongs, the homeless refugees from the East and the wretches disabled by war—they all partook of your beneficence. Believe me: you gave them new faith and a fresh hold on life. They all thank you with all their heart!

## House Painting To Start Again

About 50 homes in D block of old Greenbelt have been painted so far, in a program about to be resumed by PHA administration, according to Charles M. Cormack, PHA manager. Working under contract to the town's federal landlords, the crew will continue in the same section of the community, painting homes in accordance with their priority. Priority in this case means that the homes longest unpainted will be done first. Accordingly, those homes still occupied by their original tenants are being painted first.

Mr. Cormack added that he hopes to be able to start a similar program to paint the interiors of the defense homes, possibly next spring.

## Road Shoulders Get 'New Look'

Town maintenance crews are busy filling in ruts in road shoulders, hoping to get most of the necessary repairs completed before bad weather comes, according to Town Manager James T. Gobbel.

The grading of the roads and filling in of the ruts will make driving safer. Roads drained properly help prevent ice formation, Mr. Gobbel said.

## AVC Meets Dec. 21

The next meeting of the Greenbelt Chapter, American Veterans Committee, will be held on December 21 at 11:30 a. m., at 13-J Hillside Road.

### Clear Up Questions

Some discussion took place on the town manager's salary, the main point being whether or not the passage of this ordinance would imply that the town manager's salary for the past year was less than that to which he was entitled. Mr. Gobbel, however, stated that his main interest in seeing this ordinance passed was to clear up any question existing in people's minds about what his salary should be.

### Ordinance Rulings

The rules regarding a two-week period between first and second reading of ordinances were suspended in the case of the ones mentioned above; but one offered by Mr. Gobbel, to classify positions of town employees and set up uniform rates of compensation for each class of workers, was given first reading only last Monday. Suspension in this case was opposed by Councilwoman Harrington, who stated that a good deal more work should go into the classification set-up offered by Mr. Gobbel before she could be sure that she approved it. She cited as examples of apparent discrepancies in compensation the following: the head librarian and the second assistant recreation director's annual salaries were practically equal, and those of the kindergarten teacher and of a clerk-typist are actually equal.

Mrs. Harrington added that not only are educational and experience requirements much greater for both the head librarian and kindergarten teacher than they were for either the assistant recreation director and clerk-typist, but the kind and amount of responsibilities involved are also very different. Mr. Gobbel replied that, at least in the case of the kindergarten teacher, the discrepancy between compensation and responsibility is not as great as might be imagined, since the teacher's salary is on a 10-month basis, while that of the clerk-typist is on a 12-month basis.

### Job Classification

Milton William suggested that a study be undertaken on the initiative of the town manager, with the volunteer help of several qualified experts in the field of job classification who are residents of Greenbelt. After discussion, Mrs. Harrington moved that a long-term study be undertaken of town employee job classifications, and a preliminary report made at the next council meeting, set by Council for January 12, 1948.

Discussion ensued on the progress of the town management investigation. Mr. William, as a committee member; Abraham Chasanow, as counsel for two of the principals involved; and members of the Council expressed a desire to see the hearings terminated as quickly as possible. Mayor Canning pointed out that a great many difficulties had beset the investigation committee, principally getting everyone together at a meeting. It was decided to call a meeting of the committee for Thursday night, December 18, to work out a plan for uniform meeting dates and notification of the parties involved.

### Better Patrolling

Need for adequate patrolling of roads near the schools was emphasized by John Brunjes, who stated that the roads leading to the Greenbelt schools lacked even such minimum warning signs as "School—Slow." Mayor Canning, as councilman, See COUNCIL, Page 4

(Space limitations prohibit the publication in one issue of all letters to the editors received on this subject, in answer to Mrs. Ashelman's letter of last week. Instead of cutting them to our 150-word limit—our usual practice when space is short—we selected the following reply from the National Guard Committee to represent this side of the issue. The COOPERATOR, however, still reserves the right to cut any letter to the editor to the 150-word maximum.)

## To The Editor: "Wrong Emphasis"

To the Editor:

As members of the National Guard Committee appointed under a resolution of the Town Council, we feel it is our duty to reply to Mrs. Margaret Ashelman's letter, published in last week's Cooperator under the headline "Wrong Emphasis?" While we respect the sincerity of her convictions we believe that there are sound answers to the questions raised in her letter which should be published in the public interest.

The organization of Battery A of the 224th F. A. Bn. in Greenbelt, of course, is not a panacea for the chaotic conditions in the world today. We believe that all political efforts to achieve peace and security should be continued by the responsible authorities of our government and by citizens' organizations.

Our National Guard unit does provide many answers to the needs of individuals in our community. It provides a constructive activity for a considerable group of young men for whom the social, recreational and athletic facilities in our community are not adequate. In addition to military and physical training, educational training in such fields as motor mechanics, radio and telephone communication, map reading and mathematics will be offered. The pay and allowances, which will exceed \$15,000 per year, will provide a substantial source of income to members of the unit.

In the field of community needs, we have been assured of the construction with state funds of an adequate armory to house the unit. This building will provide much needed space for athletic, recreational and civic affairs for the entire community without direct cost to local citizens.

The provision of additional school buildings is the responsibility of the Prince Georges County Board of Education and will not be interfered with by the National Guard Program. These needs can only be met through the intelligent exercise by the citizens of Greenbelt of their rights as citizens and voters in this county.

Construction of adequate church buildings in Greenbelt is definitely the responsibility of the various religious organizations. Under our existing laws, no county, state or federal funds could possibly be used for this purpose.

A local National Guard unit provides a very real security to the community. In the event of any peace time disaster such as floods, forest fires, severe storms, or explosions, the presence in our community of a military organization with transportation, equipment and trained personnel would prove of the greatest value in protecting and preserving the lives and prop-

erty of our citizens.

In the event of sudden attack by an aggressor nation, it is obvious that the Washington area would be a principal target. In addition to the known atomic weapons, new gases and bacteriological agents may be used against civilian populations. Small but highly trained groups of airborne enemy troops could easily be dropped from planes in a surprise attack with the mission of destroying power lines, transportation, reservoirs and governmental and industrial centers with the object of paralyzing our ability to resist. Such attacks could only be met by instant mobilization of small local defense forces of the National Guard.

We have read with interest the article by Hanson W. Baldwin in the December issue of Harper's Magazine entitled "The Military Move In." This article is concerned with the influence of professional military officers and Defense Agencies in our national government. It does not contain one word of criticism of the citizen soldiers who comprise our National Guard and are the guardians of our democracy. As to our need for the National Guard, Mr. Baldwin says, "We need military strength in this uncertain world; appeasement and weakness certainly mean war."

In her letter, Mrs. Ashelman asks, "Should we be complacent about a National Guard in Greenbelt?" We urge instead a real community enthusiasm and pride that Greenbelt is assuming the duty of "providing for the common defense" and that its citizens are performing the obligations of citizenship as well as enjoying the privileges and benefits.

To the Editor:

In your last issue of the Cooperator it was stated that the American Legion, through myself, appealed to the town for funds to assist in next year's Legion Junior Baseball and Football Programs. This statement is false. I requested the Mayor to consider more satisfactory arrangement in the allocation of funds in the Recreation Department Budget so that the teen age boys could be provided the same opportunities and equipment as the adults. At no time did I lead anyone to believe that any money, materials or equipment was to be given to the American Legion, but my main purpose was to provide a good program with coaching and equipment for all the boys who are not always able to participate in the athletic programs of the American Legion. The teen age recreation program has been neglected by the town. What they had to offer the teen agers in the past were not the type athletics programs that appealed to these teen age boys. The Junior Athletic Programs of the American Legion will continue as they have in the past.

Joint funeral services were held in Ohio, and Mr. Carey's body was brought to Washington for services here and interment at Arlington National Cemetery.

## Brownie Troop Has Christmas Party

Brownie troop number 42 under the leadership of Mrs. Phil Crofford held a Christmas party Tuesday evening, December 16, for mothers, fathers, and Brownies of that troop.

Mrs. Bernard Feig was invested as assistant leader. New girls were invested and received their pins as a Christmas gift from Mrs. Crofford and Mrs. Feig. Rosettes were given to the girls who have been in the troop for one year or more. That night was Mrs. Crofford's birthday and she was surprised with a birthday cake made by Mrs. Feig. Gifts were exchanged by the girls. After refreshments were served, the girls entertained with Christmas carols.

## Community Chorus Plans Concert

The Greenbelt Community Chorus will meet for rehearsal Monday night, December 22, in the Center School. This will be the last rehearsal in December. All members are urged to attend this rehearsal, as the program for the concert to be held January 19 is under preparation.

Anyone interested in becoming a member of the Chorus should contact membership chairman, Mrs. Charles Cormack, at 3746, or Fred Pfeiffer, president, at 8711.

## High School Opens Basketball Season Against Alumni Tomorrow Night

Greenbelt will have an opportunity to witness its boys and girls in action tomorrow night when the High School boys and girls will play the alumni. This will be the opening game of what promises to be a very busy season. Jack Zeldin, high school coach, has a complete green team with no holdovers from last year's State Championship team. However, the boys show promise and should make a good showing as the season progresses.

The girls' team, coached by Emma Ruth Eley, is a little more fortunate with several of last year's first team returning this season.

The team rosters are as follows:

## Schrom's Airport Used By French

Since August, the French tricolor has flown over Greenbelt on the wings of the glider flown by Colonel Albert La Dousse, assistant air attache of the French Embassy. Colonel La Dousse, in common with many other Washingtonians, has chosen Schrom's airport as his base of operations since it is the only airport near Washington having towing facilities.

On Monday, Mademoiselle Suzanne Melk, famous French aviatrix, took Colonel La Dousse's glider up for a practice flight. Mlle. Melk, commander of the first French WASP squadron and possessor of the French Legion of Honor Medal and the Croix de Guerre with 2 palms, plans to make a try at the flight record of 24 hours now held by a Russian glider pilot.

Colonel La Dousse stated that Mademoiselle Melk plans to enter glider contests while she is in this country. She hopes to enter the southeast states contest in Florida in January and possibly another in Southern California in May.

Although he has not taken part in any United States contest himself, Colonel La Dousse stated that his glider, a mono-cycle job, was flown by Don Pollard in the contest of the northeast states at Elmira, New York. Mr. Pollard won the contest, which was held from August 28 to September 1.

Pilots H. P. Little, P. M. Sudreth and F. M. Schrom operate the towing plane, a P-T 17 Stearman which tows the glider aloft before releasing it. The Washington Soaring Club also makes use of soaring facilities at Schrom's.

## Youth Center Extends Services

At the meeting of the Drop-Inn Advisory Board on Monday, Nov. 24, it was voted to extend the eligibility for membership to all Greenbelt High School students and alumni, provided they come within the required age limit. Previously membership was limited to residents of Greenbelt. This revision will make it possible for young people from other nearby communities who now attend or have attended the high school to make application for membership. The Board also voted to set aside Monday and Tuesday evenings for youth organization meetings, if members come within the age limits and if parents will be responsible hosts and hostesses. Reservations for these special meetings can be made through Miss Mudd. The limitations are that the boys and girls be single, and between the ages of 14, (or in 9th grade), through 25.

The board voted its thanks to Angus MacGregor, to the members of the Woman's Club, and to others who made possible the landscaping of the grounds adjacent to the Drop-Inn.

Mrs. Leon Benefiel, president, presided at the meeting which was attended by Paul Rynnion, Richard Lewis and Jack Snoddy of the Executive Board; Rev. Eric Mrs. Rose Sansome, Miss Eileen Mudd, James Wolfe, Charles Cornack and John Speicher, principal of the Greenbelt High School, were present.

After a converted National Service Life Insurance policy has been in effect for one year, the insured veteran may apply for a loan or for the cash surrender, Veterans Administration said.

A veteran who withdraws a claim for compensation or pension against Veterans Administration does not lose his right to file another claim at a future date under existing laws, VA announced.

## Fox Squad Beats O'Connell Five In 22-16 Upset

Two of the three scheduled games were played Thursday, December 11, but Linderman's team was forced to forfeit their game because only three members of the team showed up. Those who are interested in getting a workout are urged to turn out and strengthen the league.

In the first game played at 8:20, Provost's team showed their might by defeating Kollar's team to the tune of 39-30. Mothershead tossed in 17 points for the losers, while Ward led the victors with 14. The second game was full of excitement as Fox's team upset last year's champ 22-16. This low scoring game was slowed down by many fouls. O'Connell's team had 16 fouls called against them, while Fox's team caused Referee Tierney to blow the whistle 17 times.

## North End School Hears 'Birds Talk'

Last week the sixth grade of the North End School presented a play, "The Talking Bird, the Singing Tree and the Laughing Water," before the entire student body. The play, an adaptation of the story from the "Arabian Nights," tells of two jealous sisters who kidnap the three children of their pretty sister, the queen. In the final scene, the children are reunited with their parents and the two sisters are punished.

Nancy Kurth played the part of the Queen, and Bill Higgins the King. Jerelyn Dilno and Zoe Fuls were the two evil sisters, while their husbands were played by Bill Frenar and Bobby Dove. The three children were played by Donnae Rae Rogers, Stuart Knott and Bobby Gross. Other characters were: Dancer, Sonya Friedman; Singer, Barbara Loria; Jester, Joanne Wallace; Old Lady, Mary Barret; Teacher, Jimmy Newton; A Mother, Rita Lawton; Old Man, Stapler Shields; the King's guards, Edwin Barber, Bill Nelligar, Howard Wilson and Tommy Bowen; Vizier, Albert Schmitz; the Bird, Rhodova Nelligar; the Priest, Harry Merryman; the Maid, Nancy Ellis. The announcing was done by Jim Stripling and Floyd Hawkins. Bobby Dove, Bobby Miller, Edward Laikin, and Harry Merryman made the scenery. Bobby Miller did make-up.

This play was presented as one of the studies on Arabia. The class had been studying the *Arabian Nights* in preparation for the Book Fair in November and they decided to dramatize a story from this famous book of tales.

## Volleyball Wins Women's Favor

While the men of the town favor basketball, volleyball has drawn the most interest to date from the women attending Women's Gym. For the past month and a half they have been engaged in an exciting volleyball league. Due to interruptions in the weekly schedule, only the first half of the league has been completed, resulting in a three-way tie between Catherine Brady's team, Judy Fallon's girls, and Dorothy Palmerton's girls.

The second half will begin on the first Wednesday night session after the holidays, January 7, 1948. The women of the town are encouraged to save their Wednesday nights of the new year for Women's Gym and come down and join in with the exercises, table tennis, volleyball and basketball.

## Grade School Gals Start 3rd Tourney

The Elementary school girls finished their second tournament in their program of after-school active games, and are now organizing teams for their third sport, basketball.

Members of the winning team are Grace Wolfe, captain; Blakely Littleton, Laurie Maffey, Betty Hurt, Barbara Colliver, Carol Fredin, Barbara Heidey, Helen Horstman and Virginia Davenport.

The basketball tournament will begin on January 6 and is open to girls in the 4th, 5th and 6th grades from Center school, Northend and Holy Redeemer.

## PTA Xmas Party

The Greenbelt High School PTA held a Christmas party on Wednesday, December 10, in the high school auditorium, with the high school chorus and soloists presenting a Christmas choral program. The five parts were The Prophecy, The Birth, The Adoration, The Rejoicing, and The Exultation. The audience joined the chorus in singing the "Hallelujah Chorus." Refreshments were served.

## Message

From Page 1

May I tell you about the lot of only one of those you helped? It is typical for that of many others. She is the mother of several children. The father and supporter of the family is still prisoner in Russia. His wife does not know whether he is still alive or dead. So her heart flickers day by day between fear and hope. When the war was over, she had to flee with her children from their native town in Eastern Prussia the Poles overran. All they had she must leave behind, but what they could carry about them or in their valises they took along. Their clothes are now ragged and torn. New clothing is not to be had. So she must let her children run about barefooted and without a coat or underwear. She must see how they fall sick under such conditions without being able to help. And she is unable to give them enough to eat, so they look pale and starved and fall away. No wonder then that many a mother despairs under such circumstances!

But you, dear brethren and sisters, now helped many of these outcasts we ourselves can do but very little for. Many of them have found their way back to Jesus Christ thanks to your help, and many were so moved by your high-mindedness in their indescribable misery that they thanked me with tears in their eyes, asking me to write you their heartfelt thanks. This I am herewith doing.

May the Lord requite you hundredfold the good you have done the poorest of our brethren and sisters of this community!

May I concludingly ask for one more favour? I want it not for myself but only for our Divine Service. We should like so much to have two candles burn during the Holy Service on Sundays on the altar. This has always been the custom in our Lutheran Service and our people are used to that. But our altar candles were used up already during the war and new ones cannot be had. So if you could let us have two candles, you would procure us a great pleasure. I would then in the service when they burn the first time make known the name of the giver and thank him for his gift. But in reality he would make this gift not alone to us but to the Lord and we serve. These candles shall burn above all in His reverence, but also as token of your love

## Range Officers Off Duty Now

With the approach of winter, the Greenbelt Gun Club has discontinued its regular week-end service of providing range officers to supervise firing at the target range. Until further notice, persons not affiliated with the Club who wish to use the range will have to make special arrangements with individual club members or with the police.

Attention is drawn to the provision of law which prohibits anyone from firing on Greenbelt property except at the range. The law also requires that a range officer be present when the range is used.

cil member of the public safety committee, promised to give this matter serious consideration.

Mr. Gobel announced that the town Christmas tree will be lighted in the center at 4 p. m. on Sunday, December 21, by Mayor Canning. The usual Christmas carol program might not be broadcast from the center this year, he said, since the record player previously used is in a bad state of repair, but he promised to see if another player and loudspeaker could be used for the program.

### CTC Protest

Mr. Lastner reported that Mr. Gobel and he had requested the Maryland Public Service Commission to postpone the request of the Capital Transit Company for an increase in fares. Several other towns in the area affected had been represented at the hearings on the request, and as a result of the opposition, the PSC had postponed any action until April 3, 1948. Mr. Lastner pointed out that hearings on the abandonment of the Beltsville run will be held on January 6, and that he plans to attend as a member of the council.

The council also passed a resolution of thanks for the work on the estimated town budget by Mrs. McCamy, Mrs. Dove, Miss Kandler, Mr. Gobel and the department heads.
