

Bloodmobile To Visit Hyattsville Again

The Bloodmobile will again visit Prince Georges County Chapter, American Red Cross, on Thursday, July 29, at the Hyattsville Elementary school from 10 a.m. to 4 p.m. Blood donation can be made in 30 minutes and is safe and painless. Prince Georges County Chapter needs 100 pints of blood at every visit of the Bloodmobile for both military and civilian needs and there is no charge made to the patient for Red Cross blood other than the doctor's administration fee.

To make an appointment to give a pint of blood in the American Red Cross blood bank program call Mrs. Ralph Neumann, Greenbelt 6416. Transportation to Hyattsville and back will be arranged if necessary.

This is an opportunity for the residents of Greenbelt to participate in a program which is part of the vast national program of the Red Cross for collecting blood to be used in the nation's hospitals wherever needed. It is planned to have the Bloodmobile at Hyattsville every few weeks, on a Thursday in order to meet the continuing needs of the community. Mrs. Neumann may be called for an appointment and will answer calls for information.

On June 24, when the Bloodmobile made its first appearance at Hyattsville two Greenbelt women gave a pint of blood each. They are Mrs. Eric T. Braund and Mrs. Joseph C. Macchio. 73 pints were donated that day. They hope to get 100 each time.

Gobbel Leave Pay Okayed By Council In 4-1 Decision

At a special meeting last Friday night, the Greenbelt town council voted, four to one, to pay departing town manager James T. Gobbel for leave accrued during his entire town employment, including the period when he was also employed by the federal government.

Of the \$2300 total leave check, \$1400 was for 56 days of leave accrued during the controversial double-duty period. The balance of \$900 represented 36 days accrued since Gobbel became full-time town manager in June, 1946.

One Votes No

Opposing the majority vote was Councilwoman Elizabeth Harrington, who initiated the inquiry into Gobbel's accrued leave with a request for a statement last winter. The statement was presented at the April 19 council meeting. It included a claim for 24 days annual leave per year for the period when Gobbel also received 26 days annual leave per year from the federal government. Mrs. Harrington's refusal to accept a former council's action in retroactive approval of the double leave led to postponement of council decision, pending a legal opinion from John White, town solicitor, who was town solicitor when the action was taken.

White's decision, presented by Gobbel in White's absence at the July 12 council meeting, found the former council's action legal. Final council decision was postponed until Friday night, so that complete records could be studied.

Reads Preliminary Decision

At the insistence of Mrs. Harrington, Gobbel, at Friday's meeting, read to council for the first time a preliminary decision he had received from White soon after it was requested. Missing from the solicitor's final opinion was "grave concern" he expressed in the preliminary report over two questions: whether Gobbel could be considered a full-time employee while dually employed; and whether Maryland statutes prohibiting municipal employees from receiving leave or salary retroactively applies to Greenbelt town employees.

Although the attorney's opinion made no reference to White's concern over the two questions, he still refused to pass upon the "wisdom" of granting pay for the leave authorized by the former council.

Gobbel's resignation took effect Monday, July 19.

Room Still Left in Adult Swimming Classes

There is still plenty of room to register for a month's instruction in the adult swimming classes for all who are interested.

Registration is in the lobby of the swimming pool. You may register by signing the proper list on the bulletin board. However, registration will close at 9 p.m., July 25. Instruction periods will be: adult beginners 9 a.m., adult intermediates, 9 a.m., and adult swimmers 11 a.m.

Jewish Appeal Drive Still \$500 Short of Quota

The United Jewish Appeal drive in Greenbelt has raised \$2,000, according to David Fisher, chairman of the Greenbelt drive. This amount is \$500 short of the Greenbelt quota, but the drive will continue until the quota is reached.

The only persons approached by volunteers for contributions have been people of the Jewish faith. Anyone wishing to make a contribution should telephone Mrs. Harold Tenenbaum, 6654.

Greenbelt Swimmers Win County Meet

Paced by Pat Redd and Jack Darling in the senior division and Gene Kelleher and Richie Ward in the juniors, Greenbelt literally swam away from all competitors in the Prince Georges county swim meet. When the totals had been summed up Greenbelt had amassed a total of 150 points. The nearest competitor, University Park, was second with 45.

Eight teams in the county participated and representatives from such widespread areas as Lanham, Bradley Heights, Capitol Heights, Colmar Manor, Riverdale and Edmonston were entered.

Individual Honors

Individual honors in the senior division should go to Jack Darling, who swam the last leg of the 160 yard relay to finish first for Greenbelt. He also managed to finish in a strong first place in the 40 yard dash. Similarly, Pat Redd won his laurel wreath for his efforts in winning the individual diving event and being a member of the 160 yard relay.

Among the juniors, "Genie" Kelleher swam as a member of the 160 yard relay team and won the junior division diving event. "Richie" Ward also figured as holder of second place in the diving event and as a member of the 160 yard relay team.

A bake sale, sponsored by the Lutheran Lydia Guild, will be held tomorrow at 10 a.m. in the Greenbelt Theater lobby.

Charles T. McDonald Appointed As The New Town Manager

Charles T. McDonald will be Greenbelt's third town manager. Unanimously accepting Mr. McDonald's application at a special meeting Tuesday night, the town council indicated that his extensive experience in town government and in dealing with Public Housing Administration were the deciding factors in his favor.

Experience Cited

At present the general housing manager of a 1960 unit housing project at Middle River, Maryland, Mr. McDonald was until several months ago Greenbelt's maintenance engineer. His experience also includes two years as community manager and three years as maintenance engineer at Greenhills, Ohio; and a special assignment to assist the community manager at Greendale, Wisconsin, in a study of proposed expansion.

Mayor Thomas Canning, in endorsing Mr. McDonald, said that a total of six out of 27 applicants had been interviewed, and that from those six, final choice had rested between three "top notch" men. The clincher for McDonald, according to Canning, was his association with PHA.

Will Make Good Manager

Councilman Granahan issued a statement to the effect that while one of the other three men had been his preference, he was certain that McDonald would make a "good manager" and "live up to the expectations of the council majority." He added that he would give the new town manager the "fullest cooperation."

McDonald follows in the footsteps of Roy S. Braden, who served as town-community manager from 1937 to 1943; and James T. Gobbel, town-community manager from 1943 to 1946 and town manager from 1946 until last Monday. A resident of Greenbelt, McDonald is 53 years old.

The town council will hold its next regular meeting August 15.

Two Greenbelters Hit By Cars On Monday

Two Greenbelters were struck by cars Monday evening, but both are reported nearly recovered.

Reverend C. R. Strausburg, 11-Q Laurel Hill, was knocked down by an ice cream truck operated by Bernard G. Osten. The accident occurred when Osten was backing out of the court and did not see the retired minister standing in his path. Fortunately Strausburg's injuries were limited to small cuts and bruises.

The second accident occurred at the gas station where eight-year-old Tommy Yeatts was putting air in his bicycle tires. A car started up from in front of the gasoline pumps and the right wheel hit Tommy's foot. The driver of the car, Leslie Dameron, Jr., did not see the boy, who was immediately in front of the right wheel. The boy had three stitches taken in his foot and is improving rapidly.

Hillside Road Paving Starts As Center Work is Finished

PHA Manager Charles M. Cormack announced on Tuesday that concrete work at the Center has been completed and that work is beginning on the proposed paving and curb on Hillside Road.

Repairs in the pavements have been made at the bus stop, at the drug store street entrance, and at the entrance to the food store. Bicycle racks have been placed by the food store and also will be located next to the barber shop. Town police have been enforcing the prohibition against bike-riding at the center, giving warning tickets to violators, Cormack said.

New Town Engineer And Head Accountant Picked

Patrick A. Crony has been appointed maintenance engineer for Greenbelt, according to PHA Manager Charles M. Cormack. Crony replaces Charles T. McDonald, who left the Greenbelt position for one in Baltimore, and who is now to return to Greenbelt as town manager.

Crony has been with the PHA New York regional office, and is planning to make a careful engineering study of Greenbelt's heating system with a view to establishing a more uniform heating program.

David Kane has recently taken over the duties of maintenance superintendent.

New Accountant Named

Simultaneously, Cormack announced that Harold G. Kessner will replace Mr. John S. Kenestruck, 1-B Crescent Road, as chief accountant for the community office. Kenestruck has been promoted and transferred to the PHA Washington office, Cormack stated, and added that Ktnestruck "has done a splendid job here."

The new chief accountant will assume his duties here July 28 and will reside at 2-G Westway. He has been with the PHA central office in the finance and accounts division, is married, and has two children.

Rained Out Hunters To Prowl Saturday

The Jr. High age scavenger hunt which was rained out last Saturday will be held this coming Saturday night, July 24. Just as before, the boys and girls are to meet at the Drop-Inn at 7:30 at which time they will be divided into teams of five members each. At 9:30 all teams will report back to the canteen whether or not they have completed collecting the necessary items and a prize will be given at this time for the team displaying the most correct articles. The remainder of the evening will be spent dancing and playing the games available at the canteen.

Kids Hydrated?

Although the boys and girls were somewhat dampened by the cloudburst last Saturday, those who braved the rain enjoyed open house at the canteen. Richard Ward and Gene Kelleher took turns jiggering the girls around and Mike Cockill and Paul Reamy took over behind the snack bar. A crew of girls helped clean out the closet.

The records now boast sixty regular attendants at the Jr. High night.

Employees and Friends Give Gobbel Send-off Dinner

Town employees and friends of former Town Manager James T. Gobbel entertained in his honor at a picnic dinner last Thursday night at the Greenbelt Lake, according to acting Town Manager George Panagoulis. About 59 people ate fried chicken and watched the presentation to Gobbel of a golf set, complete with clubs and irons.

No. 48

WHY? WHY? WHY?

Compounding the mistake in judgment made by their predecessors, the town council last Friday night voted four to one to give the departing town manager a lump sum payment for accrued leave, including 56 days from the period when he was dually employed by the federal and the town governments.

Many questions still remain unanswered. Why did Mr. Gobbel wait until Friday night to acquaint the council members with John White's preliminary decision, made immediately following the council's request for it? Why did the final decision, read at the July 12 council meeting, skip all reference to the "very grave concern" Mr. White felt in his preliminary decision as to whether Mr. Gobbel was actually a full-time employee of the town at the time in question, as to whether he was considered a "municipal employee" in the Maryland state legislative provision that municipal employees cannot receive retroactive pay? Was it because Mr. Gobbel didn't like the sound of it? Why was there a lapse of nearly three months between preliminary and final decision? Why were council members not given a copy of the final decision prior to the July 12 meeting (supposedly the last meeting before Gobbel's resignation took effect)? Was the delay and abrupt presentation planned, so that council would have no time to consider the decision and act wisely?

Mrs. Harrington was the only member to maintain the position that the action of the Bauer council in granting the leave in the first place was wrong, and should be rescinded. Mr. Granahan, however, expressed the concern that so many others have expressed, over and over again: that the town solicitor, in direct violation of the Town Charter, was not present to be questioned on his decision. It was with obvious reluctance that Mr. Granahan concurred in the majority action giving Mr. Gobbel the \$1400 involved.

The town council has the right to expect the solicitor—who above all others should be familiar with charter provisions—to appear at council meetings, as the charter states he shall. His repeated non-compliance with this provision, with few exceptions over a period of years, gives them ample right to exercise another power vested in council: to fire John White and hire a town solicitor who will do his job.

Snug Harbor Beat Greenbelt 5-0

Greenbelt lost its first game of the second half to Snug Harbor 5 to 0. The score was deadlocked to the sixth inning, when the first man doubled down the third base line, and an infield single sent the man to third with no outs. Loomis struck the next two out and Johnston tried to pick off the man at first, but the ball hit Randolph on the fingers and got away. The man from third scored. In the top of the seventh Greenbelt came to life, Lynch leading off with a double. He slid past second only to be tagged out. Lynch was the leading slugger with a perfect day, three for three.
