

The Police Blotter

Police were called when the three-week-old baby of Mrs. Arthur Baxter, 50-F Ridge, threw up, turned pale, passed out and stopped breathing. Officer Al Nuzzo responded, after calling a physician and the Rescue Squad. Upon arrival, Officer Nuzzo applied artificial respiration, and the baby began normal breathing again. When the doctor arrived, he examined the child and determined that the baby had been choking, but was free from any more difficulty.

There were two reports of suspicious men. One proved unfounded; the other proved to be a derelict that had been seen talking to several young children. He was escorted to the Branchville street car.

A total of twenty-four pairs of women's "unmentionables" were stolen this past week from wash lines, plus three pairs of children's underwear. There were six pair stolen from a line in the 13 Court of Ridge, eight from a line in the 7 Court of Southway, and eight from a basement line in an apartment on Crescent.

Money was stolen from the cash box of a newspaper stand placed in front of the cigar store.

Fire apparatus responded to fire calls in the areas of Crescent Road to put out a brush fire, in the 4 Court of Gardenway to extinguish a burning play hut, and to control a fire in the town dump.

Complaints about boys playing ball totaled three this week.

An auto accident involving the cars belonging to David Daniels, 21-C Ridge, and Martin McBride, Berwyn, occurred on the Greenbelt Road near the bridge. Total damage to the cars were estimated at \$100. There were no personal injuries.

A youngster living on Gardenway was brought to the Police Station for examination, after she ran into the side of a moving vehicle. She was determined to be unharmed.

A snake in the town maintenance garage was killed after a complaint was received.

Two complaints about "peeping toms" were received.

A resident informed police that her son had been trapped on a tree and that youngsters were throwing rocks at him.

Several words were scratched with a nail on the side of an automobile belonging to a Greenbelt resident, according to a complaint received by the police.

The three-year-old son of Willard Wilson was taken to a hospital by the police after he caught his hand in a washing machine wringer. Transportation home was provided for a student at the Center school when she became ill.

There were two complaints about stray dogs, one about a stray cat, and another about a bird caught in a tree with an injured leg.

A water pipe was broken when a washing machine was being installed in the home of a Greenbelt resident. The pipe broke in the wall, below the valve, and water flooded the kitchen. Maintenance men were called to remedy the situation.

A complain about a boy cutting trees was received.

A stray horse was captured near the Wayside Inn. It was later found to be owned by Donald Polz, 10-M Parkway. The horse was boarding in Berwyn Heights.

Rummage Tomorrow Night

The North End PTA will hold a rummage sale tomorrow, Friday, April 29, in the North End school auditorium, beginning at 7 p.m. In addition to clothing for all the family, mystery books and toys will be sold.

Double Shift Strike Averted By Principal

Upon the arrival of the quonset hut material at the high school last Friday, students of the 11th grade approached Principal W. E. Herrick for permission to call a meeting of the student body to determine what they could do to request the Board of Education to permit them to have the double shift instead of quonset hut classrooms.

The High School PTA has gone on record as opposing the double shift and favoring quonset huts. The students stated that, inasmuch as the new high school was scheduled to be completed before September 1950, they felt they would rather go on a double shift for the one year. They also stated they would prefer to have the quonset huts used as a gym and auditorium, which wouldn't cost as much to equip as would classrooms.

The students were given permission to meet outdoors and elect a committee of eight to represent them at a meeting with Superintendent of School G. G. Shugart, and Assistant Superintendent R. W. Schmidt. A letter was written to Mr. Shugart requesting an appointment and the students returned to their classes.

GHS Honor Society Inducts New Members

The Junior Honor Society of Greenbelt High School, sponsored by Mrs. Ida Chesney, and the Glee Club, under the direction of Miss Ellen Beckman, went to Upper Marlboro last Monday in county school buses to induct the junior honor society members at the new Frederick Sasseer High School there.

Greenbelt High students who were speakers at the ceremony included Roy Armiger, Eleanor Bogan, Ann Dindlebeck, Norma Evans, Stanley Simmons and Joan Zimmet. Soloists with the glee club were Clara Arroyo, Jack Darling and George Hanna.

New members of the Senior Honor Society of Greenbelt High were inducted at ceremonies at Laurel High School on March 23. Newly inducted members are Barbara David, Joyce Green, Rosemary Hennessey, Tillie Thomas and William Wiley.

The high school honor society is a national organization with local chapters in every school. Students who are outstanding in character, citizenship, scholarship, and leadership are selected for membership by the faculty and by members of the honor society.

Shmoos Ask Schmoes To Dance April 29

The Girl's Leaders Club of Greenbelt High School will sponsor a Shmoo dance at the high school on Friday, April 29. The Club, feeling that spring called for an extra social event on the teenage calendar, has announced that the Hyattsville Canteen orchestra will be on hand from 8:30 to 12. The Shmoo dance will be a turnabout affair. That is, the girls will buy the tickets (at 50c per person), and at the same time purchase for themselves, for once in the year, the right to ask the boy of their choice. The girls may call for the boys if it is so agreed, and, although the dance is informal, a dandelion or vegetable boutonniere given by a shmoo to schmoe—just to show him how special he is—may not be amiss.

Any proceeds from the dance will go into the club treasury to be used for intramurals and other school projects.

Mass Rent Rally To Get Answers

The why, what, where, and when of the Greenbelt rent increase and the chances for getting reconsideration will be explained tomorrow night at the Center auditorium by members of the Greenbelt Rent Protest Committee, according to its chairman, Mayor Thomas J. Canning.

Protest Lack of Hearing

In calling all citizens to attend the meeting, Canning said that the committee would report to the citizens what it had done to date, and seek approval of future plans. A resolution will be presented for endorsement by those in attendance, protesting the action of the Office of the Housing Expediter in approving the new rent schedules without notification to tenants, and without a hearing. He pointed out that the Expediter, as well as the area controller, had promised the committee a hearing, and that under the rent control law as amended March 31, 1949, tenants are guaranteed the right to a hearing.

Landlord Services

Also to be presented to those at the meeting will be questionnaires regarding landlord services presently received. The answers, according to Canning, will be used by the Committee if it is decided to follow prescribed procedure and appeal for mass decreases in Greenbelt rents.

Drop-Inn Planning "Alley" Parties

The response to the Drop-Inn bowling party two weeks ago has led the boys and girls to set aside the second Saturday of each month as bowling night. Jerry Brittingham has been appointed chairman of the activity and any one interested in this should get in touch with him. Bowling will be open to both the junior and senior high boys and girls. Captains and teams will be selected at a meeting to be held at the youth center on Saturday, May 7, at 7:30 p.m. with the first games to be rolled the following Saturday, May 14.

Six teams of six members each plus one team of parents took part in the first bowling gathering, with Billy Dove's team holding the highest total pin fall and Ann Cashfan's team coming in second.

Another successful activity held recently by the center was the picnic on April 19 at the lake. Approximately fifty boys and girls, accompanied by Mrs. Freeland Ramsdell and Mrs. Willard Ehrhardt, hiked to the lake, and enjoyed lunch and softball games.

Snack Shack

Clyde Eanes, snack bar proprietor at the Drop-Inn, has decided his place of business needs a name and is running a contest among the members. Suggestions can be given to Clyde and the winning name will be selected May 9.

All boys and girls taking part in youth center activities are asked to show their membership cards each time when entering. This decision was made in order to restrict use of the club facilities to members.

At the last meeting of the junior high officers, the following applicants were accepted as new members in the club: Beverly Barron, Jackie Snead, Donald Hannahs, Jay Heizer, Larry Leforte, Donald Patterson, Ralph Townshend, Dorothy Marshall, Clifford Lung, Mike Redd, Margie Michaud, Charles Cherry, Anne Smith, Marian Rueth, Billy Higgins Richard White and George Hook.

Largest Families Get Most Breaks In Adjustments From Raised Rents

Under the system of adjustments to be used in conjunction with the revised Greenbelt rent schedules, great emphasis is placed on the size of the family as well as on the family income. For example, in the war houses, the two-member family will pay 23% of his income for rent, up to the maximum for his unit. The three-member family will pay 21% in a one-bedroom unit, 22% for two bedrooms; the four-member family 20% for one bedroom; 20½% for two bedrooms, 21% for 2½ bedrooms; five members, 19½% for two bedrooms, 20% for 2½ bedrooms; six persons, 18½% for two bedrooms, 19% for 2½ bedrooms; and the seven-member family, 18% regardless of the size of the unit.

War Housers Receive "Moving" Applications

Nearly 1000 families in Greenbelt's war project received applications for continued occupancy and applications for transfer to the original Greenbelt project, last Thursday. The applications constituted formal notification to the defense area families of the new rent schedules together with the new schedules for rent adjustments.

Over 600 of the applications had been returned to the PHA offices by late Tuesday, according to PHA Manager Charles M. Cormack. About 60 of the defense area families applied for transfer to "old" Greenbelt, Mr. Cormack added.

In the original Greenbelt project, 885 tenants were scheduled to receive their applications for continued occupancy, together with the statements of the maximum and minimum rents for their units, in the latter part of this week. Applications for transfer to the war project will not be included in their applications, since conditions for transfer from the original project are much more of an individual matter.

Tenants from the war project desiring a transfer to the original project will go on a list which will be one of three lists of tenants eligible for the original project. The other two will be, as before, a list of outstanding applicants and one of residents in the original project who are eligible for a different-sized unit.

Athletic Club Gets Softball Rolling

George Bauer, who is in charge of the Athletic Club softball league, has invited the various religious organizations in Greenbelt to enter teams in the eight-team league. It is planned to play two games a night, the first at 7 p.m. and the second at 9 p.m. on Mondays, Wednesdays and Fridays. A trophy will be awarded the winning team, in addition to prizes for the individual players on the winning team.

An organizational meeting is scheduled for this Saturday, April 30, at 3 p.m. at the Club House. For the benefit of newcomers to Greenbelt the Athletic Club is at the far end of the athletic field just beyond the tennis courts.

Every resident of Greenbelt who is 18 years of age or over and interested in softball is asked to attend. New players who are not already on some team's roster will be assigned to teams. All questions on league operations and activities will be explained at the meeting. Those unable to attend are requested to drop a postal card to George Bauer, club secretary, Box 174, or call him at 4931.

In the original section of town, one person will pay 24% of his income for rent up to the maximum for his house; two persons, 21% for one room, 23% for two; three persons, 21% for 1 bedroom, 22% for 1½, and 22½% for 2; four persons, 20% for 1½ bedrooms, 20½% for 2 bedrooms, 21% for 2½, and 21½% for 3; five persons, 19½% for 2 bedrooms, 20% for 2½; 20½% for 3; six persons, 18½% for 2½ bedrooms, 19% for 3, and 19½ for 3 bedrooms, with basement; seven persons, 17½% for 2½ bedrooms and 18% for 3; eight persons, any unit, 17%.

Adjustments will not be made which exceed the maximum adjustments for each type of unit as published in last week's *Cooperator*.

Few Cuts In War Units

While graded rents will be applied to both sections of Greenbelt under the revised rent schedules, it is expected that few families in the war houses have incomes low enough to make them eligible for reductions.

Two-member families will get no reduction unless their income is \$2030 or less; three persons, \$2230 or less for a 1-bedroom unit, \$2509 or less for 2 bedrooms; four persons, \$2340 for 1 bedroom, \$2693 for 2 bedrooms, \$2914 for 2½ bedrooms; five persons, \$2830 for 2 bedrooms, \$3055 for 2½ bedrooms; six persons, \$2980 for 2 bedrooms, \$3215 for 2½ bedrooms. The seven-member family will get a reduction, regardless of the size unit occupied, if the income is \$3400 or less.

For the family size, income, and unit size, shown above, there is a rent reduction of one dollar. Greater reductions, ranging as high as \$27 in some instances, will be made for smaller incomes. For example, the two-member family can get a reduction of as much as \$15 from his maximum rent, provided the income is a low as \$1250. The three-member family in a two-bedroom unit can get a reduction of \$23, if the income is \$1299 or less. The same reduction will be allowed the five-member family in a two-bedroom unit, if the income is \$1466 or less. A \$27 reduction will be made for the six member family in a 2½-bedroom unit, with an income of \$1577 or less, as well as for the seven-member family, in any unit, with an income of \$1638 or less.

In no case, however, will the total rent for a war house be less than \$25 for a one-bedroom unit; \$26 for a two-bedroom unit; or \$27 for a 2½-bedroom unit. These figures include all utilities.

Pays To Be 'Original'

Even the \$5000 income group in the original section of town will pay less than their maximum rents, provided the family consists of seven or more persons. For example, the eight-member family, regardless of unit type, will get an adjustment of \$1 if income is \$5500 or less. Seven-member families will get the same adjustment with an income of \$5070 in a 3-bedroom unit, \$5000 in a 2½-bedroom unit.

ON PETS

To the Editor:

My children would be delighted to have a pet. In deciding the question, that will probably come before the town soon, each resident will have to consider the fact that his dog may annoy or distress fifty of his neighbors.

Even the most friendly dog is a potential harbinger or carrier of germs, parasites, and poisons that endanger us—especially in times of ticks.

"Filth" or "littering the premises" is not half of the story connected with canine waste. Contrary to the belief of the public, several varieties of worms that commonly infest dogs produce seed or eggs which easily find their way from the contaminated ground to inflict persons (especially children) with the ailment or disease. Check this statement with the Public Health Service bulletin.

In the country, where there is free range for animals, such alarm is not necessary. But in Greenbelt, with many children but with limited space, dogs would certainly be a great hazard.

In considering the question let's bear in mind the safety of our children as well as their pleasure.

M. M. Fontaine.

THANKS RESCUE SQUAD

To the Editor:

I never realized how important was the work of the rescue squad until I needed their services two weeks ago to get me to the hospital in a hurry. That was when I realized the great service they are performing to this community.

Ann Richard

Attention!

ALL INTERESTED: We have been told that several residents have criticized our publication of the Police Blotter. It is alleged that people are reluctant to make plain be omitted from the Blotter, when calling the police.

This paper has never intended to embarrass people through publication of their names, or to discourage residents from securing rightful protection and services from the Police Department. The Blotter is intended to inform Greenbelt citizens of the activities of the Police Department; and we believe it is one of the most popular features in the paper.

We are sure that it came as a surprise to many residents that our police were busy with such problems as juvenile delinquency, stuck bathroom doors, stray animals, and providing ambulance service. The lead story in this week's Blotter demonstrates dramatically the competence of our Police Force; yet is just one action of a single complaint. It may be that Greenbelt residents are convinced that the Police Department is functioning properly and are accustomed to the number and variety of complaints.

We would appreciate our readers' opinion of the Police Blotter.—I.J.

Greenbelters Square Up

Among those participating in the fourth annual Prince George's County Folk Festival in Marlboro last Saturday night were Mr. and Mrs. William Rajala and Mr. and Mrs. Burton A. Francis, all of the 55 Court of Ridge Road. They took a part in two squares which demonstrated the square dance, "Right Hand Up and Left Hand Under."

RENT—from page 1

The six-member family in old Greenbelt will get a \$1 adjustment with an income of \$4800 in a three-bedroom unit, \$4730 with 2½ bedrooms. The same adjustment will be given five-member families with an income of \$4440 in a three-bedroom unit, \$4370 in a 2½-bedroom unit, or \$4060, two bedrooms; four persons, \$4240 income in three-bedroom units, \$4170 with 2½ bedrooms, \$3860 in 2 bedrooms, and \$3600 with 1½ bedrooms; three persons with an income of \$3520 in a two-bedrooms unit, \$3275 with 1½ bedrooms; or \$2800 with one bedroom; two persons, \$2550 with two rooms, \$2000 with one; and one person, living alone, would get a \$1 adjustment if his income was \$1750.

\$30 Maximum Cut

As in the war housing project, the amount of adjustment in the original houses increases as family income decreases, so that one person can get as much as \$14 cut from his maximum rent if his income is \$1100 or less. The seven-member family can get a \$30 cut with an income of \$2999 with 2½ bedrooms, \$3127 with three; and the eight-member family gets the same reduction in any unit.

\$54 Buys Either

One curious result of this system is that a seven-member family with an income of \$3600 per year might pay the same rent for a 2½-bedroom unit in the war housing section as he would for a three-bedroom-with-basement house in the original project. There would be no adjustment in the war house rent, so that the maximum rent would be paid which for a 2½-bedroom unit, with choice location, at the end of the row, is \$47 plus \$7 utilities, or a total of \$54. A three-bedroom, basement house in old Greenbelt, flat-roofed, middle of the row, has a maximum rent of \$68, plus utilities \$8, totaling \$76. With an income of \$3600, the seven-member family would be entitled to an adjustment of \$22—bringing his rent to \$54.

With an income of \$3127 or less, the seven-member family would pay from \$46 to \$53 for the three-bedrooms-with-basement house. The same family would pay from \$45 to \$49 for a 2½-bedroom war house.

Smaller families would find that it would pay to move to a war house. For example, the five-member family living in the three-bedroom-with-basement house, with an income of \$3555 or less, can get an adjustment of \$16, thus paying from \$60 to \$67 for that unit. If he moved to a 2½-bedroom war house, he would get no adjustment, and pay the maximum of from \$45 to \$49. If the same family was at present living in a 2½-bedroom original unit, type 15, there would be an adjustment of \$14, bringing the rent to a range of \$60 to \$67, so that the move might save him from \$6 to \$17.

Can You Afford Social Security?

At present thousands of people who are eligible for Social Security benefits are not drawing them. Why?

Because the majority of these people need more income to live on than their Social Security benefit provides. And the law says if you earn more than \$15 a month in a covered occupation, your Social Security payment stops.

Don't let this happen to you! I can show you how to plan ahead—how to draw your Social Security income and have enough to live on. Just call

Anne Lawler called this morning about next week's church supper. She wanted each of us on the committee to call a list of people so we'll know how many to expect.

After I'd finished the breakfast dishes, I sat down at the telephone and started calling one person right after another. I was down to the fourth name on my list before I stopped to think of the other folks on my party line. Here I'd tied up the line for fifteen minutes without a break. Supposing someone else on the line wanted to make a call!

Needless to say, I ended my "calling marathon" right then and there. I'll make the rest of those calls later on in the day, one by one and spaced several minutes apart. The Chesapeake & Potomac Telephone Company of Baltimore City.

PICKLED PINE IS FINE

Many people like to refinish old furniture. The WTOP Handy Gal has some fine suggestions. For instance, that pickled pine finish is most attractive, and not hard to get.

Sand the bare wood satin smooth. Apply coat of flat white paint. Wipe paint off almost at once with clean old rags. You should fill only the pores and grain with paint. Allow couple of days for drying, then sand smooth again. Finish with coat of wax.
